Directory Guide

This directory provides the names, working titles, and phone numbers for Rocky Mountain Research Station (RMRS) personnel and others co-located in our facilities. The address and FAX number is listed for each location. The Science Programs section also includes the title of each unit.

To locate an individual, use the alphabetical index in the back of the directory. You may also locate specific staffs, Science Programs, and Experimental Areas in the Table of Contents on the following pages.

Internet / Intranet Addresses

The RMRS has both an Internet (*for external customers*) and Intranet (*internal*) Web site. The addresses are:

Internet: <http://www.fs.fed.us/rmrs>

Intranet: <http://fsweb.rmrs.fs.fed.us>

In addition, several locations have listed their unit's Internet or Intranet address at the top of their page/section in this directory.

Electronic version of this directory is available at:
http://www.fs.fed.us/rm/rmrs_directory.pdf

Rocky Mountain Research Station

The Rocky Mountain Research Station develops scientific information and technology to improve management, protection, and use of the forests and rangelands. Research is designed to meet the needs of the National Forest managers, Federal and State agencies, public and private organizations, academic institutions, industry, and individuals. Studies accelerate solutions to problems involving ecosystems, range, forests, water, recreation, fire, resource inventory, land reclamation, community sustainability, forest engineering technology, multiple use economics, wildlife and fish habitat, and forest insects and diseases. Studies are conducted cooperatively, and applications may be found worldwide. For more information, please visit the RMRS web site at: www.fs.fed.us/rmrs.
