## **Course Administration for ESOs and Training Officers**

### **Changes to the NRTC Program**

The change in NRTC administration announced by [NAVADMIN 0333/00](#) is complete. NRTCs are no longer available through the supply system. They must be obtained from, and graded by, NETPDTC. All copies of answer keys should be disposed of by burning or shredding since local grading is no longer authorized. Obsolete NRTCs should be discarded. Feedback reports are not necessary.

NAVADMIN 042/00 sets the responsibility for documenting course completion with the member's command. Course completion information can be obtained from the course completion letter issued to the individual by NETPDTC or from the "Command Representative" function at <https://www.courses.cnet.navy.mil/>.

NETPDTC sends course completion information to NRPC New Orleans and to the member's Electronic Training Jacket.

These changes to the NRTC program will assist in removing the administrative burden from commands while ensuring the NRTC program remains responsive to the needs of Sailors and commands.

### **Bulk Ordering Courses**

NRTCs may not be bulk ordered. Commands desiring to stock printed course materials must order the courses on [CD ROM](#), or download from <https://www.advancement.cnet.navy.mil/>, then print the course material locally. The Naval Advancement Center advises against stocking printed course material since these courses frequently change and you risk issuing outdated courses. When Sailors enroll in a course they routinely receive course material within two to three weeks.

### **Command Representative**

**The Naval Advancment Center has developed a "Command Representative" function on <https://www.courses.cnet.navy.mil/> to facilitate commands with the enrollment and tracking of their members' NRTCs. If your command wants to acquire a Command Representative account, or needs to retrieve their password, send a request to the address below. Phone, fax, or e-mail requests will not be accepted.**

<b>NETPDTC N331</b>	<b>COMMANDING OFFICER, NETPDTC N313, 6490 SAUFLEY FIELD ROAD, PENSACOLA FL 32559-5000</b>

**Both messages and letters should include the command's UIC, shipping address, and point of contact information (Name, Rank/Rate,Phone, e-mail).**

## NRTC Terms and Definitions

---

<b>Nonresident Training</b>	Training that takes place outside the institutional (resident) training location.
<b>Special Publications (SP)</b>	SPs are manuals or catalogs that provide information of general benefit to all Navy personnel. SP publications do not have associated course assignments and are not available in print. SPs can be downloaded from <a href="https://www.advancement.cnet.navy.mil/">https://www.advancement.cnet.navy.mil/</a> .
<b>Nonresident Training Course (NRTC)</b>	A self-study package designed to help a student acquire Navy professional or military knowledge in preparation for an advancement exam. The package normally consists of a course text and a set of course assignments, and may be delivered in printed or digital form or both. Some NRTC's require the member to obtain the existing manual, instruction, or an off-the-shelf commercial textbook.
<b>NRTC Content</b>	Some NRTCs are developed for specific ratings (e.g., MN, BM, QM, etc.) or communities of ratings with shared occupational knowledge (e.g., electricity/electronics: ET, EM, AT, STG, etc.). Other courses cover military knowledge information and are applicable to all ratings. Both kinds of NRTCs often refer the learner to other publications for additional or detailed information.
<b>Credit for Course Completion</b>	To receive credit for completing an NRTC, the member must achieve a minimum overall grade of 3.2. Overall grades are calculated by averaging individual course assignments.
<b>Course Enrollment</b>	Members enroll in unclassified courses through <a href="https://www.courses.cnet.navy.mil/">https://www.courses.cnet.navy.mil/</a> much like enrolling in a college course. Classified courses are obtained by local commands for members. Local commands must enroll students by naval message or by command letterhead signed "By Direction". Local commands may also enroll members in unclassified and classified courses by through the Command Representative option at <a href="https://www.courses.cnet.navy.mil/">https://www.courses.cnet.navy.mil/</a> .
<b>Retirement Points</b>	Naval Reservists may earn retirement points for successful course completion as authorized under current directives. Active duty personnel do not receive retirement points. More information on retirement points can be found at <a href="http://www.nrpc.nola.navy.mil/retirement.htm">http://www.nrpc.nola.navy.mil/retirement.htm</a> . The course listing section of this catalog lists retirement points awarded for each course. NETPDTC reports course completions to NRPC New Orleans on the first Monday of each month.

## GENERAL INFORMATION

<b>Course materials</b>	<b>The only way to get course materials is to enroll in a course. We do not provide course materials to create personal or command libraries or to meet the requirements of an instruction or regulation. <a href="#">NRTC CD</a> sets are available to commands these purposes. We provide paper courses to Active Duty Navy and Drilling Reserves ONLY. All others get courses on CD-ROM.</b>
<b>Number of Courses</b>	<b>You may be enrolled in up to four courses at one time.</b>
<b>NRTC completion time limits</b>	<b>A course must be completed within 12 months from the date of enrollment. The 12-month period includes time taken for resubmitting failed assignments.</b>
<b>Grading courses</b>	<b>Assignments may be submitted to our Web site as they are completed, and instant scoring is available. Your completion letter is available as soon as you pass all assignments. To submit assignments go to <a href="https://www.courses.cnet.navy.mil/">https://www.courses.cnet.navy.mil/</a>, log in to Student Services, then click on "View Info/Submit Answers" next to the course you wish to submit answers for.</b>

[Top](#)

<b>Course completion</b>	<b>The course is successfully completed once all assignments are submitted and you have a 3.2 or higher average on all assignments. When you complete the course we will mail you a completion letter, or you can print a completion letter from <a href="https://www.courses.cnet.navy.mil/">https://www.courses.cnet.navy.mil/</a>. Once a course is successfully completed you may not submit more assignments for that course.</b>
<b>Failed assignments</b>	<b>A assignment with an overall score less than 3.2 is considered a failure. Failed assignments may not be resubmitted until all assignments have been submitted and graded. Failed assignments may only be resubmitted once. If your average score for all assignments is 3.2 or higher you will not need to resubmit failed assignments.</b>
<b>Re-enrollment in a failed course</b>	<b>If you fail a course we will dis-enroll you from the course and you may not re-enroll in that course for six months. If you score below a 2.0 on the course you must wait 12 months from the original enrollment date before you can re-enroll in the course and it will continue to count as one of the four courses you may be enrolled in at any one time until the 12 month period elapses. Waivers for this policy will be granted when requested in writing by your Commanding Officer.</b>
<b>Withdrawing from a course</b>	<b>Due to administrative, printing, and distribution costs, we expect you to complete courses you enroll in. You should not enroll in a course just to get the text book. You can get the books by downloading them from <a href="https://www.advancement.cnet.navy.mil/">https://www.advancement.cnet.navy.mil/</a> or from the NRTC CD ROM sets we make available to all commands.</b>
	<b>If you enroll in a course because you plan to change rates, or are in a Striker Selection Program, and you do not change rates, or can not strike for that rate, you must still complete the course. Waivers for this policy will be granted when requested in writing by your Command.</b>
<b>Replacing lost courses</b>	<b>If you lose your course materials you must download the course from <a href="https://www.advancement.cnet.navy.mil/">https://www.advancement.cnet.navy.mil/</a> or get it from the NRTC CD ROM sets we make available to all commands. We will also replace course materials when requested in writing by your Command.</b>
