Family Involvement in Education

Families play an indispensable role in education, and teachers can help them become involved. This issue provides advice to teachers for engaging families in math and science education and advice to families to help them become comfortable with the subjects.

Welcome to the electronic version of the *ENC Focus* issue on the topic Family Involvement in Education.

This page provides access to the full text of all articles in the print version of the magazine. Some articles have been enhanced for this electronic version.

This electronic version has other benefits. Live links are provided for all web sites mentioned. [Focus on the Collection](#) links to complete catalog records of resources selected from ENC's vast collection.

You will also find theme articles from this issue in the Topic area [Family and Community](#). That area will grow as new content is added and links are made to related resources in other areas of ENC Online.

Focus On Family Involvement in Education

Articles listed describe how families can become involved in education and how teachers can foster such involvement.
