THE UNITED STATES-CHILE FREE TRADE AGREEMENT

MESSAGE

FROM

THE PRESIDENT OF THE UNITED STATES

TRANSMITTING

A DRAFT OF PROPOSED LEGISLATION AND SUPPORTING DOCUMENTS TO IMPLEMENT THE UNITED STATES-CHILE FREE TRADE AGREEMENT (FTA), PURSUANT TO 19 U.S.C. 3805 (a)(1)(A) AND (B)

JULY 16, 2003.—Message and accompanying papers referred to the Committees on Ways and Means and the Judiciary, and ordered to be printed

---

U.S. GOVERNMENT PRINTING OFFICE

88–352 WASHINGTON : 2003

To the Congress of the United States:

I am pleased to transmit legislation and supporting documents to implement the United States-Chile Free Trade Agreement (FTA). The Agreement will further open Chile's markets for U.S. manufactured goods, agricultural products, services, and investors. It will increase competition and consumer choice. The FTA will enhance prosperity in the United States and Chile, serve the interest of expanding U.S. commerce, and advance our overall national interest.

The U.S.-Chile FTA is the first United States free trade agreement with a South American country. We hope the FTA will add momentum to Chile's continued implementation of the free market economic policies that have made Chile a model for its Latin American neighbors. This Agreement will also encourage other countries in the Western Hemisphere to follow Chile's path, furthering our efforts to establish a Free Trade Area of the Americas.

My Administration is strongly committed to securing a level playing field for America's workers, farmers, and businesses. The Congress helped advance that policy by passing Trade Promotion Authority in the Trade Act of 2002 (the "Trade Act"). The Congress can help us take another important step by approving this Agreement and the implementing legislation. United States workers and businesses are currently at a competitive disadvantage in the Chilean market. Chile is an associate member in Mercosur and has FTAs with many other countries, including Canada, Mexico, and the 15 members of the European Union. Securing an FTA with Chile will ensure that U.S. workers and businesses will receive treatment in the Chilean market that is as good as or better than their competitors.

In negotiating this FTA, my Administration was guided by the negotiating objectives set out in the Trade Act. More than 85 percent of trade in consumer and industrial goods between the United States and Chile will be free of duties immediately upon implementation, and most remaining tariffs on U.S. exports to Chile will be eliminated within 4 years after that. More than three-quarters of U.S. farm goods will enter Chile duty free within 4 years and all duties on such goods will be phased out over 12 years. At the same time, the Agreement includes measures to ensure that U.S. firms and farmers have an opportunity to adjust to imports from Chile.

This Agreement opens opportunities for our services businesses, which now account for nearly 65 percent of our gross domestic product and more than 80 percent of employment in the United States. Chile will grant substantial market access to U.S. firms across nearly the entire spectrum of services, including banking, insurance, securities and related financial services, express delivery services, professional services, and telecommunications.

This Agreement provides for state-of-the-art intellectual property protection and recognizes the importance of trade in the digital age

by including significant commitments on trade in digital products. In addition, it ensures that electronic commerce will stay free of duties and discriminatory rules.

United States citizens and businesses that invest in Chile will have significant increased protections. This Agreement promotes rule of law and enhances transparency and openness in order to foster a more secure environment for trade and investment. Furthermore, Chile will provide U.S. investors with important substantive protections that Chilean investors already enjoy in the United States.

The United States and Chile have also agreed to cooperate on environment and labor issues and to establish mechanisms to support those efforts. A number of important cooperative projects that will promote environmental protection are identified for future work. The FTA encourages the adoption of high labor and environmental standards, obligates each country to enforce its own labor and environmental laws, and makes clear that domestic labor and environmental protections may not be reduced in order to encourage trade or investment. The Agreement also preserves our right to pursue other legitimate domestic objectives, including the protection of health and safety, consumer interests, and national security.

Trade and openness contribute to development, the rule of law, economic growth, and international cooperation. Chile is a close partner of the United States, and this Agreement will strengthen those ties.

With the approval of this Agreement and passage of the implementing legislation by the Congress, we will advance U.S. economic and political interests, while encouraging others to work with us to expand free trade around the world.

GEORGE W. BUSH.

THE WHITE HOUSE, *July 15, 2003.*

THE UNITED STATES-CHILE FREE TRADE AGREEMENT,
IMPLEMENTING LEGISLATION, AND
SUPPORTING DOCUMENTATION

Consistent with the provisions of section 2105 (a)(1)(A) and (B) of the Trade Act of 2002 (19 U.S.C. § 3805(a)(1)(A) and (B)) ("the Act"):

- On January 29, 2003, the President notified the House of Representatives and the Senate of the President's intention to enter into the United States-Chile Free Trade Agreement ("the Agreement") (39 Wkly. Comp. of Pres. Doc. 127 (2003)).

- On January 29, 2003, the President published in the Federal Register a notice of the President's intention to enter into the Agreement (68 Fed. Reg. 5201 (2003)).

- On June 6, 2003, the United States Trade Representative entered into the Agreement.

- On July 3, 2003, the President transmitted a description of changes in existing U.S. laws required to comply with the Agreement.

The following documents are submitted to the Congress under section 2105 of the Act for the Agreement. Submitted herewith or within these documents are:

- a copy of the final legal text of the Agreement (Tab 1);

- a draft of an implementing bill described in section 2103(b)(3) of the Act (Tab 2);

- a statement of any administrative action proposed to implement the Agreement, which includes an explanation as to how the implementing bill and proposed administrative action will change or affect existing law, whether and how the Agreement changes provisions of an agreement previously negotiated, and how the implementing bill meets the standards set forth in section 2103(b)(3) of the Act (Tab 3);

- a statement setting forth the reasons of the President regarding how and to what extent the Agreement makes progress in achieving the applicable policies, purposes, priorities and objectives of the Act (Tab 4); and

- a statement setting forth the reasons of the President regarding how the Agreement serves the interest of U.S. commerce (Tab 5).

Additionally, a summary of the Agreement (Tab 6) as required by section 162 of the Trade Act of 1974 (19 U.S.C. § 2212), and six letters (Tab 7) related to the Agreement that the Governments of the United States and Chile have exchanged, are submitted herewith to the Congress.

U.S. - Chile Free Trade Agreement

Text of the Agreement

June, 2003

UNITED STATES – CHILE FREE TRADE AGREEMENT

The Government of the United States of America and the Government of the Republic of Chile, resolved to:

STRENGTHEN the special bonds of friendship and cooperation between their nations;

CONTRIBUTE to the harmonious development and expansion of world trade and provide a catalyst to broader international cooperation;

CREATE an expanded and secure market for the goods and services produced in their territories;

AVOID distortions in their reciprocal trade;

ESTABLISH clear and mutually advantageous rules governing their trade;

ENSURE a predictable commercial framework for business planning and investment;

BUILD on their respective rights and obligations under the *Marrakesh Agreement establishing the World Trade Organization* and other multilateral and bilateral instruments of cooperation;

ENHANCE the competitiveness of their firms in global markets;

FOSTER creativity and innovation, and promote trade in goods and services that are the subject of intellectual property rights;

CREATE new employment opportunities and improve working conditions and living standards in their respective territories;

BUILD on their respective international commitments and strengthen their cooperation on labor matters;

PROTECT, enhance, and enforce basic workers' rights;

IMPLEMENT this Agreement in a manner consistent with environmental protection and conservation;

PROMOTE sustainable development;

CONSERVE, protect, and improve the environment, including through managing natural resources in their respective territories and through multilateral environmental agreements to which they are both parties;

PRESERVE their flexibility to safeguard the public welfare; and

CONTRIBUTE to hemispheric integration and the fulfillment of the objectives of the *Free Trade Area of the Americas*;

HAVE AGREED as follows:

Chapter One

Initial Provisions

Article 1.1: Establishment of a Free Trade Area

The Parties to this Agreement, consistent with Article XXIV of the *General Agreement on Tariffs and Trade 1994* and Article V of the *General Agreement on Trade in Services*, hereby establish a free trade area.

Article 1.2: Objectives

1. The objectives of this Agreement, as elaborated more specifically through its principles and rules, including national treatment, most-favored-nation treatment, and transparency, are to:

(a) encourage expansion and diversification of trade between the Parties;

(b) eliminate barriers to trade in, and facilitate the cross-border movement of, goods and services between the Parties;

(c) promote conditions of fair competition in the free trade area;

(d) substantially increase investment opportunities in the territories of the Parties;

(e) provide adequate and effective protection and enforcement of intellectual property rights in each Party's territory;

(f) create effective procedures for the implementation and application of this Agreement, for its joint administration, and for the resolution of disputes; and

(g) establish a framework for further bilateral, regional, and multilateral cooperation to expand and enhance the benefits of this Agreement.

2. The Parties shall interpret and apply the provisions of this Agreement in the light of its objectives set out in paragraph 1 and in accordance with applicable rules of international law.

Article 1.3: Relation to Other Agreements

The Parties affirm their existing rights and obligations with respect to each other under the WTO Agreement and other agreements to which both Parties are party.

Article 1.4: Extent of Obligations

The Parties shall ensure that all necessary measures are taken in order to give effect to the provisions of this Agreement, including their observance, except as otherwise provided in this Agreement, by state governments.

Chapter Two

(i) the customs territory of the United States, which includes the 50 states, the District of Columbia, and Puerto Rico,

(ii) the foreign trade zones located in the United States and Puerto Rico, and

(iii) any areas beyond the territorial seas of the United States within which, in accordance with international law and its domestic law, the United States may exercise rights with respect to the seabed and subsoil and their natural resources.

Chapter Three

National Treatment and Market Access for Goods

Article 3.1: Scope and Coverage

Except as otherwise provided, this Chapter applies to trade in goods of a Party.

Section A - National Treatment

Article 3.2: National Treatment

1. Each Party shall accord national treatment to the goods of the other Party in accordance with Article III of GATT 1994, including its interpretative notes, and to this end Article III of GATT 1994, and its interpretative notes, are incorporated into and made part of this Agreement, *mutatis mutandis*.

2. The provisions of paragraph 1 regarding national treatment shall mean, with respect to a regional level of government, treatment no less favorable than the most favorable treatment that regional level of government accords to any like, directly competitive, or substitutable goods, as the case may be, of the Party of which it forms a part.[1]

3. Paragraphs 1 and 2 shall not apply to the measures set out in Annex 3.2.

Section B - Tariff Elimination

Article 3.3: Tariff Elimination

1. Except as otherwise provided in this Agreement, neither Party may increase any existing customs duty, or adopt any customs duty, on an originating good.

2. Except as otherwise provided in this Agreement, each Party shall progressively eliminate its customs duties on originating goods in accordance with Annex 3.3.

3. The United States shall eliminate customs duties on any non-agricultural originating goods that, after the date of entry into force of this Agreement, are designated as articles eligible for duty-free treatment under the U.S. *Generalized System of Preferences*, effective from the date of such designation.

4. On the request of either Party, the Parties shall consult to consider accelerating the elimination of customs duties set out in their Schedules to Annex 3.3. An agreement between the Parties to accelerate the elimination of a customs duty on a good shall

[1] For greater certainty, "goods of the Party" includes goods produced in a state or region of that Party.

supercede any duty rate or staging category determined pursuant to their Schedules to Annex 3.3 for such good when approved by each Party in accordance with Article 21.1(3)(b) (The Free Trade Commission) and its applicable legal procedures.

5. For greater certainty, a Party may:

(a) raise a customs duty back to the level established in its Schedule to Annex 3.3 following a unilateral reduction; or

(b) maintain or increase a customs duty as authorized by the Dispute Settlement Body of the WTO.

Article 3.4: Used Goods

On entry into force of this Agreement, Chile shall cease applying the 50 percent surcharge established in the *Regla General Complementaria N° 3* of *Arancel Aduanero* with respect to originating goods of the other Party that benefit from preferential tariff treatment.

Article 3.5: Customs Valuation of Carrier Media

1. For purposes of determining the customs value of carrier media bearing content, each Party shall base its determination on the cost or value of the carrier media alone.

2. For purposes of the effective imposition of any internal taxes, direct or indirect, each Party shall determine the tax basis according to its domestic law.

Section C - Special Regimes

Article 3.6: Waiver of Customs Duties

1. Neither Party may adopt any new waiver of customs duties, or expand with respect to existing recipients or extend to any new recipient the application of an existing waiver of customs duties, where the waiver is conditioned, explicitly or implicitly, on the fulfillment of a performance requirement.

2. Neither Party may, explicitly or implicitly, condition on the fulfillment of a performance requirement the continuation of any existing waiver of customs duties.

3. This Article shall not apply to measures subject to Article 3.8.

Article 3.7: Temporary Admission of Goods

1. Each Party shall grant duty-free temporary admission for:

(a) professional equipment, including equipment for the press or television, software and broadcasting and cinematographic equipment, necessary for

carrying out the business activity, trade or profession of a business person who qualifies for temporary entry pursuant to the laws of the importing Party;

(b) goods intended for display or demonstration;

(c) commercial samples and advertising films and recordings; and

(d) goods admitted for sports purposes,

regardless of their origin.

2. Each Party shall, at the request of the person concerned and for reasons deemed valid by its customs authority, extend the time limit for temporary admission beyond the period initially fixed.

3. Neither Party may condition the duty-free temporary admission of goods referred to in paragraph 1, other than to require that such goods:

(a) be used solely by or under the personal supervision of a national or resident of the other Party in the exercise of the business activity, trade, profession, or sport of that person;

(b) not be sold or leased while in its territory;

(c) be accompanied by a security in an amount no greater than the charges that would otherwise be owed on entry or final importation, releasable on exportation of the good;

(d) be capable of identification when exported;

(e) be exported on the departure of the person referenced in subparagraph (a), or within such other period, related to the purpose of the temporary admission, as the Party may establish, or within one year, unless extended;

(f) be admitted in no greater quantity than is reasonable for their intended use; and

(g) be otherwise admissible into the Party's territory under its laws.

4. If any condition that a Party imposes under paragraph 3 has not been fulfilled, the Party may apply the customs duty and any other charge that would normally be owed on the good plus any other charges or penalities provided for under its domestic law.

5. Each Party, through its customs authority, shall adopt procedures providing for the expeditious release of goods admitted under this Article. To the extent possible, such procedures shall provide that when such a good accompanies a national or resident of the

other Party who is seeking temporary entry, the good shall be released simultaneously with the entry of that national or resident.

6. Each Party shall permit a good temporarily admitted under this Article to be exported through a customs port other than that through which it was admitted.

7. Each Party, through its customs authority, consistent with domestic law, shall relieve the importer or other person responsible for a good admitted under this Article from any liability for failure to export the good on presentation of satisfactory proof to customs authorities that the good has been destroyed within the original period fixed for temporary admission or any lawful extension.

8. Subject to Chapters Ten (Investment) and Eleven (Cross-Border Trade in Services):

(a) each Party shall allow a vehicle or container used in international traffic that enters its territory from the territory of the other Party to exit its territory on any route that is reasonably related to the economic and prompt departure of such vehicle or container;

(b) neither Party may require any bond or impose any penalty or charge solely by reason of any difference between the port of entry and the port of departure of a vehicle or container;

(c) neither Party may condition the release of any obligation, including any bond, that it imposes in respect of the entry of a vehicle or container into its territory on its exit through any particular port of departure; and

(d) neither Party may require that the vehicle or carrier bringing a container from the territory of the other Party into its territory be the same vehicle or carrier that takes such container to the territory of the other Party.

9. For purposes of paragraph 8, **vehicle** means a truck, a truck tractor, tractor, trailer unit or trailer, a locomotive, or a railway car or other railroad equipment.

Article 3.8: Drawback and Duty Deferral Programs

1. Except as otherwise provided in this Article, neither Party may refund the amount of customs duties paid, or waive or reduce the amount of customs duties owed, on a good imported into its territory, on condition that the good is:

(a) subsequently exported to the territory of the other Party;

(b) used as a material in the production of another good that is subsequently exported to the territory of the other Party; or

(c) substituted by an identical or similar good used as a material in the production of another good that is subsequently exported to the territory of the other Party.

2. Neither Party may, on condition of export, refund, waive, or reduce:

(a) an antidumping or countervailing duty;

(b) a premium offered or collected on an imported good arising out of any tendering system in respect of the administration of quantitative import restrictions, tariff rate quotas, or tariff preference levels; or

(c) customs duties paid or owed on a good imported into its territory and substituted by an identical or similar good that is subsequently exported to the territory of the other Party.

3. Where a good is imported into the territory of a Party pursuant to a duty deferral program and is subsequently exported to the territory of the other Party, or is used as a material in the production of another good that is subsequently exported to the territory of the other Party, or is substituted by an identical or similar good used as a material in the production of another good that is subsequently exported to the territory of the other Party, the Party from whose territory the good is exported shall assess the customs duties as if the exported good had been withdrawn for domestic consumption.

4. This Article does not apply to:

(a) a good entered under bond for transportation and exportation to the territory of the other Party;

(b) a good exported to the territory of the other Party in the same condition as when imported into the territory of the Party from which the good was exported (testing, cleaning, repacking, inspecting, sorting, marking, or preserving a good shall not be considered to change the good's condition). Where such a good has been commingled with fungible goods and exported in the same condition, its origin for purposes of this subparagraph may be determined on the basis of such inventory management methods as first-in, first-out or last-in, first-out. Nothing in this subparagraph shall be construed to permit a Party to waive, refund, or reduce a customs duty contrary to paragraph 2(c);

(c) a good imported into the territory of a Party that is deemed to be exported from its territory, or used as a material in the production of another good that is deemed to be exported to the territory of the other Party, or is substituted by an identical or similar good used as a material in the production of another good that is deemed to be exported to the territory of the other Party, by reason of

(i) delivery to a duty-free shop,

(ii) delivery for ship's stores or supplies for ships or aircraft, or

(iii) delivery for use in joint undertakings of the Parties and that will subsequently become the property of the Party into whose territory the good was deemed to be exported;

(d) a refund of customs duties by a Party on a particular good imported into its territory and subsequently exported to the territory of the other Party, where that refund is granted by reason of the failure of such good to conform to sample or specification, or by reason of the shipment of such good without the consent of the consignee; or

(e) an originating good that is imported into the territory of a Party and is subsequently exported to the territory of the other Party, or used as a material in the production of another good that is subsequently exported to the territory of the other Party, or is substituted by an identical or similar good used as a material in the production of another good that is subsequently exported to the territory of the other Party.

5. This Article shall take effect beginning eight years after the date of entry into force of this Agreement, and thereafter a Party may refund, waive, or reduce duties paid or owed under the Party's duty drawback or deferral programs according to the following schedule:

(a) no more than 75 percent in year nine;

(b) no more than 50 percent in year 10;

(c) no more than 25 percent in year 11; and

(d) zero in year 12 and thereafter.

6. For purposes of this Article:

good means "good" as defined in Article 4.18 (Definitions);

identical or similar goods means "identical goods" and "similar goods", respectively, as defined in the Customs Valuation Agreement;

material means "material" as defined in Article 4.18 (Definitions); and

used means used or consumed in the production of goods.

Article 3.9: Goods Re-entered after Repair or Alteration

1. Neither Party may apply a customs duty to a good, regardless of its origin, that re-enters its territory after that good has been temporarily exported from its territory to the territory of the other Party for repair or alteration, regardless of whether such repair or alteration could be performed in its territory.

2. Neither Party may apply a customs duty to a good, regardless of its origin, admitted temporarily from the territory of the other Party for repair or alteration.

3. For purposes of this Article, **repair or alteration** does not include an operation or process that:

(a) destroys a good's essential characteristics or creates a new or commercially different good; or

(b) transforms an unfinished good into a finished good.

Article 3.10: Duty-Free Entry of Commercial Samples of Negligible Value and Printed Advertising Materials

Each Party shall grant duty-free entry to commercial samples of negligible value, and to printed advertising materials, imported from the territory of the other Party, regardless of their origin, but may require that:

(a) such samples be imported solely for the solicitation of orders for goods, or services provided from the territory, of the other Party or a non-Party; or

(b) such advertising materials be imported in packets that each contain no more than one copy of each such material and that neither such materials nor packets form part of a larger consignment.

Section D - Non-Tariff Measures

Article 3.11: Import and Export Restrictions

1. Except as otherwise provided in this Agreement, neither Party may adopt or maintain any prohibition or restriction on the importation of any good of the other Party or on the exportation or sale for export of any good destined for the territory of the other Party, except in accordance with Article XI of GATT 1994 and its interpretative notes and to this end Article XI of GATT 1994 and its interpretative notes are incorporated into and made a part of this Agreement, *mutatis mutandis*.

2. The Parties understand that the GATT rights and obligations incorporated by paragraph 1 prohibit, in any circumstances in which any other form of restriction is prohibited, a Party from adopting or maintaining:

(a) export and import price requirements, except as permitted in enforcement of countervailing and antidumping orders and undertakings;

(b) import licensing conditioned on the fulfilment of a performance requirement; or

(c) voluntary export restraints not consistent with Article VI of GATT 1994, as implemented under Article 18 of the SCM Agreement and Article 8.1 of the AD Agreement.

3. In the event that a Party adopts or maintains a prohibition or restriction on the importation from or exportation to a non-Party of a good, nothing in this Agreement shall be construed to prevent the Party from:

(a) limiting or prohibiting the importation from the territory of the other Party of such good of that non-Party; or

(b) requiring as a condition of export of such good of the Party to the territory of the other Party, that the good not be re-exported to the non-Party, directly or indirectly, without being consumed in the territory of the other Party.

4. In the event that a Party adopts or maintains a prohibition or restriction on the importation of a good from a non-Party, the Parties, on the request of either Party, shall consult with a view to avoiding undue interference with or distortion of pricing, marketing, and distribution arrangements in the other Party.

5. Paragraphs 1 through 4 shall not apply to the measures set out in Annex 3.2.

Article 3.12: Administrative Fees and Formalities

1. Each Party shall ensure, in accordance with Article VIII:1 of GATT 1994 and its interpretive notes, that all fees and charges of whatever character (other than customs duties, charges equivalent to an internal tax or other internal charge applied consistently with Article III:2 of GATT 1994, and antidumping and countervailing duties) imposed on or in connection with importation or exportation are limited in amount to the approximate cost of services rendered and do not represent an indirect protection to domestic goods or a taxation of imports or exports for fiscal purposes.

2. Neither Party may require consular transactions, including related fees and charges, in connection with the importation of any good of the other Party.

3. Each Party shall make available through the Internet or a comparable computer-based telecommunications network a current list of the fees and charges it imposes in connection with importation or exportation.

4. The United States shall eliminate its merchandise processing fee on originating goods of Chile.

Article 3.13: Export Taxes

Neither Party may adopt or maintain any duty, tax, or other charge on the export of any good to the territory of the other Party, unless such duty, tax, or charge is adopted or maintained on any such good when destined for domestic consumption.

Article 3.14: Luxury Tax

Chile shall eliminate the Luxury Tax established in Article 46 of *Decreto Ley 825* of 1974, according to the schedule set out in Annex 3.14.

Section E - Other Measures

Article 3.15: Distinctive Products

1. Chile shall recognize Bourbon Whiskey and Tennessee Whiskey, which is a straight Bourbon Whisky authorized to be produced only in the State of Tennessee, as distinctive products of the United States. Accordingly, Chile shall not permit the sale of any product as Bourbon Whiskey or Tennessee Whiskey, unless it has been manufactured in the United States in accordance with the laws and regulations of the United States governing the manufacture of Bourbon Whiskey and Tennessee Whiskey.

2. The United States shall recognize *Pisco Chileno* (Chilean Pisco), *Pajarete*, and *Vino Asoleado*, which is authorized in Chile to be produced only in Chile, as distinctive products of Chile. Accordingly, the United States shall not permit the sale of any product as *Pisco Chileno* (Chilean Pisco), *Pajarete*, or *Vino Asoleado*, unless it has been manufactured in Chile in accordance with the laws and regulations of Chile governing the manufacture of *Pisco*, *Pajarete*, and *Vino Asoleado*.

Section F - Agriculture

Article 3.16: Agricultural Export Subsidies

1. The Parties share the objective of the multilateral elimination of export subsidies for agricultural goods and shall work together toward an agreement in the World Trade Organization to eliminate those subsidies and prevent their reintroduction in any form.

2. Except as provided in paragraph 3, neither Party shall introduce or maintain any export subsidy on any agricultural good destined for the territory of the other Party.

3. Where an exporting Party considers that a non-Party is exporting an agricultural good to the territory of the other Party with the benefit of export subsidies, the importing Party shall, on written request of the exporting Party, consult with the exporting Party with a view to agreeing on specific measures that the importing Party may adopt to counter the effect of such subsidized imports. If the importing Party adopts the agreed-upon measures, the exporting Party shall refrain from applying any export subsidy to exports of such good to the territory of the importing Party.

Article 3.17: Agricultural Marketing and Grading Standards

1. Where a Party adopts or maintains a measure respecting the classification, grading, or marketing of a domestic agricultural good, or a measure to expand, maintain, or develop its domestic market for an agricultural good, it shall accord treatment to a like good of the other Party that is no less favorable than it accords under the measure to the domestic agricultural good, regardless of whether the good is intended for direct consumption or for processing.

2. Paragraph 1 shall be without prejudice to the rights of either Party under the WTO Agreement or under this Agreement regarding measures respecting the classification, grading, or marketing of an agricultural good.

3. The Parties hereby establish a Working Group on Agricultural Trade, comprising representatives of the Parties, which shall meet annually or as otherwise agreed. The Working Group shall review, in coordination with the Committee on Technical Barriers to Trade established in Article 7.8 (Committee on Technical Barriers to Trade), the operation of agricultural grade and quality standards and programs of expansion and development that affect trade between the Parties, and shall resolve any issues that may arise regarding the operation of those standards and programs. The Group shall report to the Committee on Trade in Goods established in Article 3.23.

4. Each Party shall recognize the other Party's grading programs for beef, as set out in Annex 3.17.

Article 3.18: Agricultural Safeguard Measures

1. Notwithstanding Article 3.3(2), each Party may impose a safeguard measure in the form of additional import duties, consistent with paragraphs 2 through 7, on an originating agricultural good listed in its section of Annex 3.18. The sum of any such additional duty and any import duties or other charges applied pursuant to Article 3.3(2) shall not exceed the lesser of:

(a) the prevailing most-favored-nation (MFN) applied rate; or

(b) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement.

2. A Party may impose a safeguard measure only if the unit import price of the good enters the Party's customs territory at a level below a trigger price for that good as set out in that Party's section of Annex 3.18.

(a) The unit import price shall be determined on the basis of the C.I.F. import price of the good in U.S. dollars for goods entering Chile, and on the basis of the F.O.B. import price of the good in U.S. dollars for goods entering the United States.

(b) The trigger prices for the goods eligible for a safeguard measure, which reflect historic unit import values for the products concerned, are listed in Annex 3.18. The Parties may mutually agree to periodically evaluate and update the trigger prices.

3. The additional duties under paragraph 2 shall be set in accordance with the following schedule:

(a) if the difference between the unit import price of the item expressed in terms of domestic currency (the "import price") and the trigger price as defined under paragraph 2(b) is less than or equal to 10 percent of the trigger price, no additional duty shall be imposed;

(b) if the difference between the import price and the trigger price is greater than 10 percent but less than or equal to 40 percent of the trigger price, the additional duty shall equal 30 percent of the difference between the MFN rate applicable under paragraph 1 and the preferential tariff rate;

(c) if the difference between the import price and the trigger price is greater than 40 percent but less than or equal to 60 percent of the trigger price, the additional duty shall equal 50 percent of the difference between the MFN rate applicable under paragraph 1 and the preferential tariff rate;

(d) if the difference between the import price and the trigger price is greater than 60 percent but less than or equal to 75 percent, the additional duty shall equal 70 percent of the difference between the MFN rate applicable under paragraph 1 and the preferential tariff rate; and

(e) if the difference between the import price and the trigger price is greater than 75 percent of the trigger price, the additional duty shall equal 100 percent of the difference between the MFN rate applicable under paragraph 1 and the preferential tariff rate.

4. Neither Party may, with respect to the same good, at the same time:

(a) impose a safeguard measure under this Article; and

(b) take a safeguard action under Section A of Chapter Eight (Trade Remedies).

5. Neither Party may impose a safeguard measure on a good that is subject to a measure that the Party has imposed pursuant to Article XIX of GATT 1994 and the Safeguards Agreement, and neither Party may continue maintaining a safeguard measure on a good that becomes subject to a measure that the Party imposes pursuant to Article XIX of GATT 1994 and the Safeguards Agreement.

6. A Party may impose a safeguard measure only during the 12-year period beginning on the date of entry into force of this Agreement. Neither Party may impose a safeguard measure on a good once the good achieves duty-free status under this Agreement. Neither Party may impose a safeguard measure that increases a zero in-quota duty on a good subject to a tariff-rate quota.

7. Each Party shall implement any safeguard measure in a transparent manner. Within 60 days after imposing a measure, a Party shall notify the other Party, in writing, and shall provide it relevant data concerning the measure. On request, the Party imposing the measure shall consult with the other Party with respect to the conditions of application of the measure.

8. The general operation of the agricultural safeguard provisions and the trigger prices for their implementation may be the subject of discussion and review in the Committee on Trade in Goods.

9. For purposes of this Article, **safeguard measure** means an agricultural safeguard measure described in paragraph 1.

Section G - Textiles and Apparel

Article 3.19: Bilateral Emergency Actions

1. If, as a result of the elimination of a duty provided for in this Agreement, a textile or apparel good benefiting from preferential tariff treatment under this Agreement is being imported into the territory of a Party in such increased quantities, in absolute terms or relative to the domestic market for that good, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing a like or directly competitive good, the importing Party may, to the extent and for such time as may be necessary to prevent or remedy such damage and to facilitate adjustment, take emergency action, consisting of an increase in the rate of duty on the good to a level not to exceed the lesser of:

(a) the most-favored-nation (MFN) applied rate of duty in effect at the time the action is taken; and

(b) the MFN applied rate of duty in effect on the date of entry into force of this Agreement.

2. In determining serious damage, or actual threat thereof, the importing Party:

(a) shall examine the effect of increased imports from the other Party on the particular industry, as reflected in changes in such relevant economic variables as output, productivity, utilization of capacity, inventories, market share, exports, wages, employment, domestic prices, profits and investment, none of which is necessarily decisive; and

(b) shall not consider changes in technology or consumer preference as factors supporting a determination of serious damage or actual threat thereof.

3. The importing Party may take an emergency action under this Article only following an investigation by its competent authorities.

4. The importing Party shall deliver to the other Party, without delay, written notice of its intent to take emergency action, and, on request of the other Party, shall enter into consultations with that Party.

5. The following conditions and limitations shall apply to any emergency action taken under this Article:

(a) no emergency action may be maintained for a period exceeding three years;

(b) no emergency action may be taken or maintained beyond the period ending eight years after duties on a good have been eliminated pursuant to this Agreement;

(c) no emergency action may be taken by an importing Party against any particular good of the other Party more than once; and

(d) on termination of the action, the good will return to duty-free status.

6. The Party taking an emergency action under this Article shall provide to the Party against whose good the action is taken mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the emergency action. Such concessions shall be limited to textile and apparel goods, unless the Parties otherwise agree. If the Parties are unable to agree on compensation, the Party against whose good the emergency action is taken may take tariff action having trade effects substantially equivalent to the trade effects of the emergency action taken under this Article. Such tariff action may be taken against any goods of the Party taking the emergency action. The Party taking the

tariff action shall apply such action only for the minimum period necessary to achieve the substantially equivalent trade effects. The importing Party's obligation to provide trade compensation and the exporting Party's right to take tariff action shall terminate when the emergency action terminates.

7. Nothing in this Agreement shall be construed to limit a Party's right to restrain imports of textile and apparel goods in a manner consistent with the Agreement on Textiles and Clothing or the Safeguards Agreement. However, a Party may not take or maintain an emergency action under this Article against a textile or apparel good that is subject, or becomes subject, to a safeguard measure that a Party takes pursuant to either such WTO agreement.

Article 3.20: Rules of Origin and Related Matters

Application of Chapter Four

1. Except as provided in this Section, Chapter Four (Rules of Origin and Origin Procedures) applies to textile and apparel goods.

2. The rules of origin set forth in this Agreement shall not apply in determining the country of origin of a textile or apparel good for non-preferential purposes.

Consultations

3. On the request of either Party, the Parties shall consult to consider whether the rules of origin applicable to particular textile and apparel goods should be revised to address issues of availability of supply of fibers, yarns or fabrics in the territories of the Parties.

4. In the consultations referred to in paragraph 3, each Party shall consider all data presented by the other Party showing substantial production in its territory of the particular good. The Parties shall consider that substantial production has been shown if a Party demonstrates that its domestic producers are capable of supplying commercial quantities of the good in a timely manner.

5. The Parties shall endeavor to conclude consultations within 60 days of a request. An agreement between the Parties resulting from the consultations shall supersede any prior rule of origin for such good when approved by the Parties in accordance with Article 24.2 (Amendments).

De Minimis

6. A textile or apparel good provided for in Chapters 50 through 63 of the Harmonized System that is not an originating good, because certain fibers or yarns used in the production of the component of the good that determines the tariff classification of the good do not undergo an applicable change in tariff classification set out in Annex 4.1 (Specific Rules of Origin), shall nonetheless be considered to be an originating good if the total weight of all

such fibers or yarns in that component is not more than seven percent of the total weight of that component. Notwithstanding the preceding sentence, a good containing elastomeric yarns in the component of the good that determines the tariff classification of the good shall be considered to be an originating good only if such yarns are wholly formed in the territory of a Party.

Treatment of Sets

7. Notwithstanding the good specific rules in Annex 4.1 (Specific Rules of Origin), textile and apparel goods classifiable as goods put up in sets for retail sale as provided for in General Rule of Interpretation 3 of the Harmonized System shall not be regarded as originating goods unless each of the goods in the set is an originating good or the total value of the non-originating goods in the set does not exceed 10 percent of the customs value of the set.

Preferential Tariff Treatment for Non-Originating Cotton and Man-made Fiber Fabric Goods (Tariff Preference Levels)

8. Subject to paragraph 9, the following goods, if they meet the applicable conditions for preferential tariff treatment under this Agreement other than the condition that they be originating goods, shall be accorded preferential tariff treatment as if they were originating goods:

(a) cotton or man-made fiber fabric goods provided for in Chapters 52, 54, 55, 58, and 60 of the Harmonized System that are wholly formed in the territory of a Party from yarn produced or obtained outside the territory of a Party; and

(b) cotton or man-made fiber fabric goods provided for in Annex 4.1 (Specific Rules of Origin) that are wholly formed in the territory of a Party from yarn spun in the territory of a Party from fiber produced or obtained outside the territory of a Party.

9. The treatment described in paragraph 8 shall be limited to goods imported into the territory of a Party up to an annual total quantity of 1,000,000 SME.

Preferential Tariff Treatment for Non-Originating Cotton and Man-made Fiber Apparel Goods (Tariff Preference Levels)

10. Subject to paragraph 11, cotton or man-made fiber apparel goods provided for in Chapters 61 and 62 of the Harmonized System that are both cut (or knit to shape) and sewn or otherwise assembled in the territory of a Party from fabric or yarn produced or obtained outside the territory of a Party, and that meet the applicable conditions for preferential tariff treatment under this Agreement other than the condition that they be originating goods, shall be accorded preferential tariff treatment as if they were originating goods.

11. The treatment described in paragraph 10 shall be limited as follows:

(a) in each of the first 10 years after the date of entry into force of this Agreement, the treatment shall apply to goods described in that paragraph imported into the territory of a Party up to a quantity of 2,000,000 SME; and

(b) in the eleventh year, and for each year thereafter, the treatment shall apply to goods described in that paragraph imported into the territory of a Party up to a quantity of 1,000,000 SME.

Certification for Tariff Preference Level

12. A Party, through its competent authorities, may require that an importer claiming preferential tariff treatment for a textile or apparel good under paragraph 8 or 10 present to such competent authorities at the time of importation a certification of eligibility for preferential tariff treatment under such paragraph. A certification of eligibility shall be prepared by the importer and shall consist of information demonstrating that the good satisfies the requirements for preferential tariff treatment under paragraph 8 or 10.

Article 3.21: Customs Cooperation

1. The Parties shall cooperate for purposes of:

(a) enforcing or assisting in the enforcement of their laws, regulations, and procedures implementing this Agreement affecting trade in textile and apparel goods;

(b) ensuring the accuracy of claims of origin; and

(c) preventing circumvention of laws, regulations, and procedures of either Party or international agreements affecting trade in textile and apparel goods.

2. On the request of the importing Party, the exporting Party shall conduct a verification for purposes of enabling the importing Party to determine that a claim of origin for a textile or apparel good is accurate. The exporting Party shall conduct such a verification, regardless of whether an importer claims preferential tariff treatment for the good. The exporting Party also may conduct such a verification on its own initiative.

3. Where the importing Party has a reasonable suspicion that an exporter or producer of the exporting Party is engaging in unlawful activity relating to trade in textile and apparel goods, the importing Party may request the exporting Party to conduct a verification for purposes of enabling the importing Party to determine that the exporter or producer is complying with applicable customs laws, regulations, and procedures regarding trade in textile and apparel goods, including laws, regulations, and procedures that the exporting Party adopts and maintains pursuant to this Agreement and laws, regulations, and procedures of either Party implementing other international agreements regarding trade in textile and apparel goods, and to determine that claims of origin regarding textile or apparel

goods exported or produced by that person are accurate. For purposes of this paragraph, a reasonable suspicion of unlawful activity shall be based on factors including relevant factual information of the type set forth in Article 5.5 (Cooperation) or that, with respect to a particular shipment, indicates circumvention by the exporter or producer of applicable customs laws, regulations, or procedures regarding trade in textile and apparel goods, including laws, regulations, or procedures adopted to implement this Agreement, or international agreements affecting trade in textile and apparel goods.

4. The importing Party, through its competent authorities, may undertake or assist in a verification conducted pursuant to paragraph 2 or 3, including by conducting, along with the competent authorities of the exporting Party, visits in the territory of the exporting Party to the premises of an exporter, producer, or any other enterprise involved in the movement of textile or apparel goods from the territory of the exporting Party to the territory of the importing Party.

5. Each Party shall provide to the other Party, consistent with its laws, regulations, and procedures, production, trade, and transit documents and other information necessary to conduct verifications under paragraphs 2 and 3. Any documents or information exchanged between the Parties in the course of such a verification shall be considered confidential, as provided for in Article 5.6 (Confidentiality).

6. While a verification is being conducted, the importing Party may take appropriate action, which may include suspending the application of preferential tariff treatment to:

(a) the textile or apparel good for which a claim of origin has been made, in the case of a verification under paragraph 2; or

(b) the textile and apparel goods exported or produced by the person subject to a verification under paragraph 3, where the reasonable suspicion of unlawful activity relates to those goods.

7. The Party conducting a verification under paragraph 2 or 3 shall provide the other Party with a written report on the results of the verification, which shall include all documents and facts supporting any conclusion that the Party reaches.

8. (a) If the importing Party is unable to make the determination described in paragraph 2 within 12 months after its request for a verification, it may take action as permitted under its law with respect to the textile and apparel good subject to the verification, and with respect to similar goods exported or produced by the person that exported or produced the good.

(b) If the importing Party is unable to make the determinations described in paragraph 3 within 12 months after its request for a verification, it may take action as permitted under its law with respect to any textile or apparel goods exported or produced by the person subject to the verification.

9. Prior to commencing appropriate action under paragraph 8, the importing Party shall notify the other Party. The importing Party may continue to take appropriate action under paragraph 8 until it receives information sufficient to enable it to make the determination described in paragraph 2 or 3, as the case may be.

10. Chile shall implement its obligations under paragraphs 2, 3, 6, 7, 8, and 9 no later than two years after the date of entry into force of this Agreement. Before Chile fully implements those provisions, if the importing Party requests a verification, the verification shall be conducted principally by that Party, including through means described in paragraph 4. Nothing in this paragraph shall be construed to waive or limit the importing Party's rights under paragraphs 6 and 8.

11. On the request of either Party, the Parties shall enter into consultations to resolve any technical or interpretive difficulties that may arise under this Article or to discuss ways to improve the effectiveness of their cooperative efforts. In addition, either Party may request technical or other assistance from the other Party in implementing this Article. The Party receiving such a request shall make every effort to respond favorably and promptly to it.

Article 3.22: Definitions

For purposes of this Section:

claim of origin means a claim that a textile or apparel good is an originating good or a good of a Party;

exporting Party means the Party from whose territory a textile or apparel good is exported;

importing Party means the Party into whose territory a textile or apparel good is imported;

SME means square meter equivalents, as calculated in accordance with the conversion factors set out in the *Correlation: Textile and Apparel Categories with the Harmonized Tariff Schedule of the United States, 2002* (or successor publication), published by the United States Department of Commerce, International Trade Administration, Office of Textiles and Apparel, Trade and Data Division, Washington, D.C.; and

textile or apparel good means a good listed in the Annex to the Agreement on Textiles and Clothing.

Section H - Institutional Provisions

Article 3.23: Committee on Trade in Goods

1. The Parties hereby establish a Committee on Trade in Goods, comprising representatives of each Party.

2. The Committee shall meet on the request of either Party or the Commission to consider any matter arising under this Chapter, Chapter Four (Rules of Origin and Origin Procedures), or Chapter Five (Customs Administration).

3. The Committee's functions shall include:

(a) promoting trade in goods between the Parties, including through consultations on accelerating tariff elimination under this Agreement and other issues as appropriate; and

(b) addressing barriers to trade in goods between the Parties, especially those related to the application of non-tariff measures, and, if appropriate, referring such matters to the Commission for its consideration.

Section I - Definitions

Article 3.24: Definitions

goods temporarily admitted for sports purposes means sports requisites for use in sports contests, demonstrations, or training in the territory of the Party into whose territory such goods are admitted;

import licensing means an administrative procedure requiring the submission of an application or other documentation (other than that generally required for customs clearance purposes) to the relevant administrative body as a prior condition for importation into the territory of the importing Party;

performance requirement means a requirement that:

(a) a given level or percentage of goods or services be exported;

(b) domestic goods or services of the Party granting a waiver of customs duties or an import license be substituted for imported goods or services;

(c) a person benefitting from a waiver of customs duties or an import license purchase other goods or services in the territory of the Party granting the

waiver of customs duties or the import license, or accord a preference to domestically produced goods or services;

(d) a person benefitting from a waiver of customs duties or an import license produce goods or supply services, in the territory of the Party granting the waiver of customs duties or the import license, with a given level or percentage of domestic content; or

(e) relates in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows.

printed advertising materials means those goods classified in Chapter 49 of the Harmonized System, including brochures, pamphlets, leaflets, trade catalogues, yearbooks published by trade associations, tourist promotional materials, and posters, that are used to promote, publicize, or advertise a good or service, are essentially intended to advertise a good or service, and are supplied free of charge; and

SCM Agreement means the *Agreement on Subsidies and Countervailing Measures*, which is part of the WTO Agreement.

Annex 3.2

National Treatment and Import and Export Restrictions

Section A - Measures of the United States

Article 3.2 and Article 3.11 shall not apply to:

(a) controls by the United States on the export of logs of all species;

(b) (i) measures under existing provisions of the *Merchant Marine Act of 1920*, 46 App. U.S.C. § 883; the *Passenger Vessel Act*, 46 App. U.S.C. §§ 289, 292 and 316; and 46 U.S.C. § 12108, to the extent that such measures were mandatory legislation at the time of the United States accession to the General Agreement on Tariffs and Trade 1947 and have not been amended so as to decrease their conformity with Part II of GATT 1947;

(ii) the continuation or prompt renewal of a non-conforming provision of any statute referred to in clause (i); and

(iii) the amendment to a non-conforming provision of any statute referred to in clause (i) to the extent that the amendment does not decrease the conformity of the provision with Articles 3.2 and 3.11;

(c) actions by the United States authorized by the Dispute Settlement Body of the WTO; and

(d) actions by the United States authorized by the Agreement on Textiles and Clothing.

Section B - Measures of Chile

1. Article 3.2 and Article 3.11 shall not apply to actions by Chile authorized by the Dispute Settlement Body of the WTO.

2. Article 3.11 shall not apply to measures of Chile relating to imports of used vehicles.

Annex 3.3

Tariff Elimination

1. Except as otherwise provided in a Party's Schedule attached to this Annex, the following staging categories apply to the elimination of customs duties by each Party pursuant to Article 3.3(2):

(a) duties on goods provided for in the items in staging category A in a Party's Schedule shall be eliminated entirely and such goods shall be duty-free on the date this Agreement enters into force;

(b) duties on goods provided for in the items in staging category B in a Party's Schedule shall be removed in four equal annual stages beginning on the date this Agreement enters into force, and such goods shall be duty-free, effective January 1 of year four;

(c) duties on goods provided for in the items in staging category C in a Party's Schedule shall be removed in eight equal annual stages beginning on the date this Agreement enters into force, and such goods shall be duty-free, effective January 1 of year eight;

(d) duties on goods provided for in the items in staging category D in a Party's Schedule shall be removed in ten equal annual stages beginning on the date this Agreement enters into force, and such goods shall be duty-free, effective January 1 of year ten;

(e) duties on goods provided for in the items in staging category E in a Party's schedule shall be removed in twelve equal annual stages beginning on the date this Agreement enters into force, and such goods shall be duty-free, effective January 1 of year twelve;

(f) goods provided for in the items in staging category F in a Party's schedule shall continue to receive duty-free treatment;

(g) duties on goods provided for in the items in staging category G shall remain at base rates during years one through four. Duties on these goods shall be reduced by 8.3 percent of the base rate on January 1 of year five, and by an additional 8.3 percent of the base rate each year thereafter though year eight. Beginning January 1 of year nine, duties on these goods shall be reduced by an additional 16.7 percent of the base rate annually through year twelve and shall be duty-free effective January 1 of year twelve; and

(h) duties on goods provided for in the items in staging category H shall remain at base rates during years one and two. Beginning January 1 of year three, duties on these goods shall be removed in eight equal annual stages, and such goods shall be duty-free effective January 1 of year ten.

2. The base rate of customs duty and staging category for determining the interim rate of customs duty at each stage of reduction for an item are indicated for the item in each Party's Schedule attached to this Annex.

3. For the purpose of the elimination of customs duties in accordance with Article 3.3, interim staged rates shall be rounded down, at least to the nearest tenth of a percentage point or, if the rate of duty is expressed in monetary units, at least to the nearest 0.001 of the official monetary unit of the Party.

Annex 3.14

Luxury Tax

1. Chile shall eliminate the Luxury Tax established in Article 46 of *Decreto Ley* 825 of 1974 according to the following schedule:

Year	Tax Rate
1	63.75%
2	42.50%
3	21.25%
4	0.00%

2. Upon the date of entry into force of this Agreement, Chile shall increase the threshold at which the tax is applied to US$2,500 above the level provided for that year under Article 46 of *Decreto Ley* 825, and increase the threshold each subsequent year by an additional US$2,500 until the tax is eliminated.

Annex 3.17

Mutual Recognition of Grading Programs
For the Purpose of Marketing Beef

Further to Article 3.17(4), this Annex sets out commitments of each Party to recognize the other Party's grading programs for beef.

Background on the Chilean and U.S. Grading Programs

The Official Chilean "Norms" for grading beef (*Norma Chilena* 1306-2002) provide for five categories (*V, C, U, N,* and *O*) that differentiate the beef carcass population based on a combination of yield and palatability characteristics. Those characteristics include sex class, maturity as determined by dentition, and a subjective overall fat covering score. The "*V*" and "*C*" classifications are perceived as highest in "value," while the "*U*" and "*N*" classifications are considered the lowest in "value." The "*O*" classification applies only to calves. Bulls in Chile are only eligible for the "*U*" and "*N*" categories.

The Official United States *Standards for Grades of Carcass Beef* outline two distinct types of beef grades for use in the United States – quality grades and yield grades. Beef carcasses may carry a quality grade, a yield grade, both a quality and a yield grade, or may be left ungraded. USDA quality grades indicate expected palatability or eating satisfaction of the meat and USDA yield grades are estimates of the percentage of a carcass that yields boneless, closely trimmed retail cuts from the round, loin, rib and chuck.

USDA beef quality grades are *USDA Prime, USDA Choice, USDA Select, USDA Standard, USDA Commercial, USDA Utility, USDA Cutter,* and *USDA Canner*. Beef steers and heifers are eligible for all the quality grade designations. Cows are eligible for all but the *USDA Prime* grade. Bullocks may only be graded *USDA Prime*, *USDA Choice*, *USDA Select*, *USDA Standard,* and *USDA Utility*. Bulls may not be quality graded.

Because grading is voluntary in the United States, not all carcasses are quality graded. Beef products merchandised as ungraded in the United States usually originate from those carcasses that did not qualify for one of the highest three grades (*USDA Prime, USDA Choice, and USDA Select*). The U.S. industry generally terms ungraded beef carcasses and their resulting cuts as "No Roll" beef, because a grade stamp has not been rolled on the carcass. For the USDA quality grade standards, maturity and marbling are the major considerations in beef quality grading.

Because most beef that packers market in the United States is not in carcass form, but instead is in the form of vacuum packaged subprimal cuts, only the quality grade is routinely used as a value determining trait in the marketing of beef products in the United States and ultimately passed on to the consumer. Accordingly, Article 3.17 and this Annex do not apply to USDA yield grades.

Commitments Regarding Mutual Recognition of the Chilean and U.S. Grading Programs

The Parties confirm their shared understanding that:

1. Chile acknowledges that USDA's Agricultural Marketing Service (AMS) is a competent entity of grading quality, certifying all materials referred to in Article No. 5 of Regulation No. 19.162, with respect to meats exported to Chile from the United States.

2. The United States recognizes the competency of certification entities inscribed in the *Registro de Certificadores de Carne* division of the *Servicio Agrícola y Ganadero* of Chile (SAG) to certify Chilean meats destined toward that market.

3. AMS and SAG shall recognize each other's respective beef grading systems for the purposes of:

(a) the marketing of USDA graded beef in Chile;[2] and

(b) the marketing of beef classified by SAG to Chilean norms in the United States.

4. The comparative beef cut nomenclature table set out in Appendix 3.17-A shall serve as a reference for the labeling of beef traded between the two markets under the terms of Article 3.17 and this Annex.

5. The standards of grading systems employed by Chile and the United States are described in Appendix 3.17-B. The Parties may modify Appendix 3.17-B by means of exchanges of letters between the USDA, AMS and the SAG. Furthermore, by means of written communications, the USDA, AMS, and the SAG may institute and modify standards of Chilean meat cuts and North American meat cuts.

6. USDA graded beef (*e.g., USDA Prime, USDA Choice, and USDA Select*) produced in the United States may be exported to Chile provided that a label indicates its Chilean equivalent and its country of origin.

7. Beef produced in Chile may be exported to the United States provided that the label or sticker indicates the applicable Chilean norm and country of origin.

8. AMS and SAG shall work cooperatively to assist the beef industries of the United States and Chile in following these procedures.

---

[2] The table comparing Chilean beef norms and USDA quality grades is intended to serve as a reference for consumers in Chile by describing USDA beef quality grade names in terms that are easily and already understood. However, this comparison is not intended to denote equivalency between the two grading systems for the purposes of reciprocal grading or the marketing of SAG classified beef under USDA grade names in the United States.

Comparison of Chilean Beef Norms and USDA Beef Quality Grades

Chilean Beef Norm	USDA Beef Quality Grade
V. • Young bulls with milk teeth (10-24 months); Fat Score 1, 2, and 3. • Steers, heifers, and young cows with 4 permanent teeth (10-34 months); Fat Score 1, 2, and 3.	*USDA Prime, USDA Choice,* and *USDA Select.* • Young beef (steers and heifers) less than 42 months. Slight and above marbling.
C. • Steers and cows with 6 permanent teeth (35-42 months); Fat Score 1, 2, and 3.	*USDA Standard.* • Young beef (steers and heifers) less than 42 months. Practically devoid to small marbling.
U. • Adult and old cows with 8 or leveled permanent teeth (over 43 months); Fat Score 1, 2, and 3. • Bulls and bullocks with 4 permanent teeth and over; Fat Score 1, 2, and 3. • Oxen with 8 permanent teeth (43-58 months); Fat Score 1, 2, and 3.	*USDA Commercial, USDA Utility, USDA Cutter,* and *USDA Canner.* • Mature cows over 42 months. Practically devoid to small marbling.
N. • All classes but calves, no teeth requirements; Fat Score 0. • Third degree bruised carcasses of any class; Fat Score 1, 2, and 3.	• USDA has separate classification and grade system for bullocks (young bulls under 24 months of age) from USDA Utility to USDA Prime. Mature bulls are not eligible for USDA quality grades (eligible for yield grades only).
O. • Male and female calves with milk teeth (up to 9 months); no Fat Score requirements.	*United States Standards for Grades of Veal and Calf Carcasses.* • There are five official USDA grades for veal and calf carcasses: *USDA Prime, USDA Choice, USDA Good,*

	USDA Standard, and *USDA Utility*. These grades are based on conformation, maturity (under 9 months determined mostly by lean color) and feathering and flank fat streaking (quality).

Chapter Four

Rules of Origin and Origin Procedures

Section A - Rules of Origin

Article 4.1: Originating Goods

1. Except as otherwise provided in this Chapter, a good is originating where:

   (a) the good is wholly obtained or produced entirely in the territory of one or both of the Parties;

   (b) the good is produced entirely in the territory of one or both of the Parties and

      (i) each of the non-originating materials used in the production of the good undergoes an applicable change in tariff classification specified in Annex 4.1, or

      (ii) the good otherwise satisfies any applicable regional value content or other requirements specified in Annex 4.1,

      and the good satisfies all other applicable requirements of this Chapter; or

   (c) the good is produced entirely in the territory of one or both of the Parties exclusively from originating materials.

2. A good shall not be considered to be an originating good and a material shall not be considered to be an originating material by virtue of having undergone:

   (a) simple combining or packaging operations; or

   (b) mere dilution with water or with another substance that does not materially alter the characteristics of the good or material.

Article 4.2: Regional Value Content

1. Where Annex 4.1 specifies a regional value content test to determine whether a good is originating, each Party shall provide that the person claiming preferential tariff treatment for the good may calculate regional value content on the basis of one or the other of the following methods:

   (a) Builddown method

$$RVC = \frac{AV - VNM}{AV} \times 100$$

(b) Buildup method

$$RVC = \frac{VOM}{AV} \times 100$$

where RVC is the regional value content, expressed as a percentage;

AV is the adjusted value;

VNM is the value of non-originating materials used by the producer in the production of the good; and

VOM is the value of originating materials used by the producer in the production of the good.

Article 4.3: Value of Materials

1. Each Party shall provide that for purposes of calculating the regional value content of a good, and for purposes of applying the *de minimis* rule, the value of a material:

(a) for a material that is imported by the producer of the good, is the adjusted value of the material with respect to that importation;

(b) for a material acquired in the territory where the good is produced, is the producer's price actually paid or payable for the material, except for materials within the meaning of subparagraph (c);

(c) for a material provided to the producer without charge, or at a price reflecting a discount or similar reduction, is determined by computing the sum of:

(i) all expenses incurred in the growth, production, or manufacture of the material, including general expenses; and

(ii) an amount for profit; and

(d) for a material that is self-produced, is determined by computing the sum of:

(i) all expenses incurred in the production of the material, including general expenses; and

(ii) an amount for profit.

2. Each Party shall provide that the person claiming preferential tariff treatment for a good may adjust the value of materials as follows:

(a) for originating materials, the following expenses may be added to the value of the material where not included under paragraph 1:

(i) the costs of freight, insurance, packing, and all other costs incurred in transporting the material to the location of the producer;

(ii) duties, taxes, and customs brokerage fees on the material paid in the territory of one or both of the Parties, other than duties and taxes that are waived, refunded, refundable, or otherwise recoverable, including credit against duty or tax paid or payable; and

(iii) the cost of waste and spoilage resulting from the use of the material in the production of the good, less the value of renewable scrap or byproduct.

(b) for non-originating materials, the following expenses may be deducted from the value of the material where included under paragraph 1:

(i) the costs of freight, insurance, packing, and all other costs incurred in transporting the material to the location of the producer;

(ii) duties, taxes, and customs brokerage fees on the material paid in the territory of one or both of the Parties, other than duties and taxes that are waived, refunded, refundable, or otherwise recoverable, including credit against duty or tax paid or payable;

(iii) the cost of waste and spoilage resulting from the use of the material in the production of the good, less the value of renewable scrap or byproducts; and

(iv) the cost of originating materials used in the production of the non-originating material in the territory of a Party.

Article 4.4: Accessories, Spare Parts, and Tools

Each Party shall provide that accessories, spare parts, or tools delivered with a good that form part of the good's standard accessories, spare parts, or tools, shall be regarded as a material used in the production of the good, provided that:

(a) the accessories, spare parts, or tools are classified with and not invoiced separately from the good; and

(b) the quantities and value of the accessories, spare parts, or tools are customary for the good.

Article 4.5: Fungible Goods and Materials

1. Each Party shall provide that the person claiming preferential tariff treatment for a good may claim that a fungible good or material is originating based on either the physical segregation of each fungible good or material, or through the use of any inventory management method, such as averaging, last-in, first-out, or first-in, first-out, recognized in the Generally Accepted Accounting Principles of the Party in which the production is performed or otherwise accepted by the Party in which the production is performed.

2. Each Party shall provide that the inventory management method selected under paragraph 1 for particular fungible goods or materials shall continue to be used for those goods or materials throughout the fiscal year of the person that selected the inventory management method.

Article 4.6: Accumulation

1. Each Party shall provide that originating goods or materials of a Party, incorporated into a good in the territory of the other Party, shall be considered to originate in the territory of the other Party.

2. Each Party shall provide that a good is originating where the good is produced in the territory of one or both Parties by one or more producers, provided that the good satisfies the requirements in Article 4.1 and all other applicable requirements in this Chapter.

Article 4.7: De Minimis Rule

1. Each Party shall provide that a good that does not undergo a change in tariff classification pursuant to Annex 4.1 is nonetheless originating if the value of all non-originating materials that are used in the production of the good and that do not undergo the applicable change in tariff classification does not exceed 10 percent of the adjusted value of the good, provided that the value of such non-originating materials shall be included in the value of non-originating materials for any applicable regional value content requirement and that the good meets all other applicable requirements in this Chapter.

2. Paragraph 1 does not apply to:

   (a) a non-originating material provided for in Chapter 4 of the Harmonized System, or a non-originating dairy preparation containing over 10 percent by weight of milk solids provided for in subheadings 1901.90 or 2106.90 of the Harmonized System, that is used in the production of a good provided for in Chapter 4 of the Harmonized System;

   (b) a non-originating material provided for in Chapter 4 of the Harmonized System, or non-originating dairy preparations containing over 10 percent by weight of milk solids provided for in subheading 1901.90 of the Harmonized System, that are used in the production of the following goods: infant preparations containing over 10 percent in weight of milk solids provided for

in subheading 1901.10 of the Harmonized System; mixes and doughs, containing over 25 percent by weight of butterfat, not put up for retail sale, provided for in subheading 1901.20 of the Harmonized System; dairy preparations containing over 10 percent by weight of milk solids provided for in subheadings 1901.90 or 2106.90 of the Harmonized System; goods provided for in heading 2105 of the Harmonized System; beverages containing milk provided for in subheading 2202.90 of the Harmonized System; or animal feeds containing over 10 percent by weight of milk solids provided for in subheading 2309.90 of the Harmonized System;

(c) a non-originating material provided for in heading 0805 of the Harmonized System or subheadings 2009.11 through 2009.30 of the Harmonized System that is used in the production of a good provided for in subheadings 2009.11 through 2009.30 of the Harmonized System, or in fruit or vegetable juice of any single fruit or vegetable, fortified with minerals or vitamins, concentrated or unconcentrated, provided for in subheadings 2106.90 or 2202.90 of the Harmonized System;

(d) a non-originating material provided for in Chapter 15 of the Harmonized System that is used in the production of a good provided for in headings 1501 through 1508, 1512, 1514, or 1515 of the Harmonized System;

(e) a non-originating material provided for in heading 1701 of the Harmonized System that is used in the production of a good provided for in headings 1701 through 1703 of the Harmonized System;

(f) a non-originating material provided for in Chapter 17 or in heading 1805 of the Harmonized System that is used in the production of a good provided for in subheading 1806.10 of the Harmonized System;

(g) a non-originating material provided for in headings 2203 through 2208 of the Harmonized System that is used in the production of a good provided for in heading 2207 or 2208 of the Harmonized System; and

(h) a non-originating material used in the production of a good provided for in Chapters 1 through 21 of the Harmonized System unless the non-originating material is provided for in a different subheading than the good for which origin is being determined under this Article.

3. With respect to a textile and apparel good provided for in Chapters 50 through 63 of the Harmonized System, Article 3.20(6) (Rules of Origin and Related Matters) applies in place of paragraph 1.

Article 4.8: Indirect Materials Used in Production

Each Party shall provide that an indirect material shall be considered to be an originating material without regard to where it is produced.

Article 4.9: Packaging Materials and Containers for Retail Sale

Each Party shall provide that packaging materials and containers in which a good is packaged for retail sale, if classified with the good, shall be disregarded in determining whether all non-originating materials used in the production of the good undergo the applicable change in tariff classification set out in Annex 4.1, and, if the good is subject to a regional value content requirement, the value of such packaging materials and containers shall be taken into account as originating or non-originating materials, as the case may be, in calculating the regional value content of the good.

Article 4.10: Packing Materials and Containers for Shipment

Each Party shall provide that packing materials and containers for shipment shall be disregarded in determining whether:

(a) the non-originating materials used in the production of the good undergo an applicable change in tariff classification set out in Annex 4.1; and

(b) the good satisfies a regional value content requirement.

Article 4.11: Transit and Transshipment

1. Each Party shall provide that a good shall not be considered an originating good if the good undergoes subsequent production or any other operation outside the territories of the Parties, other than unloading, reloading, or any other process necessary to preserve the good in good condition or to transport the good to the territory of a Party.

2. The importing Party may require that a person claiming that a good is originating demonstrate, to the satisfaction of the Party's customs authority, that any subsequent operations on the good performed outside the territories of the Parties comply with the requirements in paragraph 1.

Section B - Origin Procedures

Article 4.12: Claims of Origin

1. Each Party shall require that an importer claiming preferential tariff treatment for a good:

(a) make a written declaration in the importation document that the good qualifies as originating;

(b) be prepared to submit, on the request of the importing Party's customs authority, a certificate of origin or information demonstrating that the good qualifies as originating;

(c) promptly make a corrected declaration and pay any duties owing where the importer has reason to believe that the certificate or other information on which the declaration was based is incorrect.

2. Each Party, where appropriate, may request that an importer claiming preferential tariff treatment for a good demonstrate to the Party's customs authority that the good qualifies as originating under Section A, including that the good satisfies the requirements in Article 4.11.

3. Each Party shall provide that, where an originating good was imported into the territory of that Party but no claim for preferential tariff treatment was made at the time of importation, the importer of the good may, no later than one year after the date on which the good was imported, apply for a refund of any excess duties paid as the result of the good not having been accorded preferential tariff treatment, on presentation of:

(a) a written declaration that the good qualified as originating at the time of importation;

(b) a copy of a certificate of origin or other information demonstrating that the good qualifies as originating; and

(c) such other documentation relating to the importation of the good as the importing Party may require.

Article 4.13: Certificates of Origin

1. Each Party shall provide that an importer may satisfy a request under Article 4.12(1)(b) by providing a certificate of origin that sets forth a valid basis for a claim that a good is originating. Each Party shall provide that the certificate of origin need not be in a prescribed format, and that the certificate may be submitted electronically.

2. Each Party shall provide that a certificate of origin may be issued by the importer, exporter, or producer of the good. Where an exporter or importer is not the producer of the good, each Party shall provide that the exporter or importer may issue a certificate of origin based on:

(a) a certificate of origin issued by the producer; or

(b) knowledge of the exporter or importer that the good qualifies as an originating good.

3. Each Party shall provide that a certificate of origin may cover the importation of one or more goods or several importations of identical goods within a period specified in the certificate.

4. Each Party shall provide that a certificate of origin is valid for four years from the date on which the certificate was issued.

5. A Party may require that a certificate of origin for a good imported into its territory be completed in either Spanish or English.

6. For an originating good that is imported into the territory of a Party on or after the date of entry into force of this Agreement, each Party shall accept a certificate of origin issued by the importer, exporter, or producer of the good prior to that date, unless the Party possesses information indicating that the certificate is invalid.

7. Neither Party may require a certificate of origin or information demonstrating that the good qualifies as originating for:

(a) the importation of goods with a customs value not exceeding US$2,500, or the equivalent amount in Chilean currency, or such higher amount as may be established by the importing Party; or

(b) the importation of other goods as may be identified in the importing Party's laws governing claims of origin under this Agreement,

unless the importation can be considered to have been carried out or planned for the purpose of evading compliance with the Party's laws governing claims of origin under this Agreement.

Article 4.14: Obligations Relating to Importations

1. Each Party shall provide that the importer is responsible for submitting a certificate of origin or other information demonstrating that the good qualifies as originating, for the truthfulness of the information and data contained therein, for submitting any supporting documents requested by the Party's customs authority, and for the truthfulness of the information contained in those documents.

2. Each Party shall provide that the fact that the importer has issued a certificate of origin based on information provided by the exporter or the producer shall not relieve the importer of the responsibility referred to in paragraph 1.

3. Each Party shall provide that an importer claiming preferential tariff treatment for a good imported into the Party's territory shall maintain, for a period of five years after the date of importation of the good, a certificate of origin or other information demonstrating that the good qualifies as originating, and all other documents that the Party may require relating to the importation of the good, including records associated with:

(a) the purchase, cost, value of, and payment for, the good;

(b) where appropriate, the purchase, cost, value of, and payment for, all materials, including recovered goods and indirect materials, used in the production of the good; and

(c) where appropriate, the production of the good in its exported form.

Article 4.15: Obligations Relating to Exportations

1. For purposes of cooperation under Article 5.5 (Cooperation), each Party shall provide that an exporter or producer that issues a certificate of origin for a good exported from the Party's territory shall provide a copy of the certificate to the Party's customs authority upon its request.

2. Each Party shall provide that an exporter or producer that has issued a certificate of origin for a good exported from the Party's territory shall maintain, for a period of at least five years after the date the certificate was issued, all records and supporting documents related to the origin of the good, including:

(a) purchase, cost, value of, and payment for, the good;

(b) where appropriate, the purchase, cost, value of, and payment for, all materials, including recovered goods, used in the production of the good; and

(c) where appropriate, the production of the good in the form in which it was exported.

3. Each Party shall provide that where an exporter or producer has issued a certificate of origin, and has reason to believe that the certificate contains or is based on incorrect information, the exporter or producer shall immediately notify, in writing, every person to whom the exporter or producer issued the certificate of any change that could affect the accuracy or validity of the certificate. Neither Party may impose penalties on an exporter or producer in its territory for issuing an incorrect certificate if it voluntarily provides written notification in conformity with this paragraph.

Article 4.16: Procedures for Verification of Origin

1. Each Party shall grant any claim for preferential tariff treatment made in accordance with this Section, unless the Party possesses information indicating that the importer's claim fails to comply with any requirement under Section A or Article 3.20 (Rules of Origin and Related Matters), except as otherwise provided in Article 3.21 (Customs Cooperation).

2. To determine whether a good imported into its territory qualifies as originating, the importing Party may, through its customs authority, verify the origin in accordance with its customs laws and regulations.

3. Where a Party denies a claim for preferential tariff treatment, it shall issue a written determination containing findings of fact and the legal basis for its determination. The Party shall issue the determination within a period established under its law.

4. A Party shall not subject an importer to penalties where the importer that made an incorrect declaration voluntarily makes a corrected declaration.

5. Where a Party determines through verification that an importer has certified more than once, falsely or without substantiation, that a good qualifies as originating, the Party may suspend preferential tariff treatment to identical goods imported by that person until the importer proves that it has complied with the Party's laws and regulations governing claims of origin under this Agreement.

6. Each Party that carries out a verification of origin in which Generally Accepted Accounting Principles are pertinent shall apply those principles in the manner that they are applied in the territory of the Party from which the good was exported.

Article 4.17: Common Guidelines

By the date of entry into force of this Agreement, the Parties shall agree on and publish common guidelines for the interpretation, application, and administration of this Chapter and the relevant provisions of Chapter Three (National Treatment and Market Access for Goods). As appropriate, the Parties may subsequently agree to modify the common guidelines.

Section C - Definitions

Article 4.18: Definitions

For purposes of this Chapter:

adjusted value means the value determined in accordance with Articles 1 through 8, Article 15, and the corresponding interpretative notes of the Customs Valuation Agreement, adjusted, if necessary, to exclude any costs, charges, or expenses incurred for transportation, insurance, and related services incident to the international shipment of the merchandise from the country of exportation to the place of importation;

Chapter Five

Customs Administration

Article 5.1: Publication

1. Each Party shall publish its customs laws, regulations, and administrative procedures on the Internet or a comparable computer-based telecommunications network.

2. Each Party shall designate one or more inquiry points to address inquiries from interested persons concerning customs matters, and shall make available on the Internet information concerning procedures for making such inquiries.

3. To the extent possible, each Party shall publish in advance any regulations of general application governing customs matters that it proposes to adopt and provide interested persons the opportunity to comment on such proposed regulations prior to their adoption.

Article 5.2: Release of Goods

Each Party shall:

(a) adopt or maintain procedures providing for the release of goods within a period of time no greater than that required to ensure compliance with its customs laws and, to the extent possible, within 48 hours of arrival;

(b) adopt or maintain procedures allowing, to the extent possible, goods to be released at the point of arrival, without temporary transfer to warehouses or other locations;

(c) adopt or maintain procedures allowing the release of goods prior to, and without prejudice to, the final determination by its customs authority of the applicable customs duties, taxes and fees;[1] and

(d) otherwise endeavor to adopt or maintain simplified procedures for the release of goods.

Article 5.3: Automation

Each Party's customs authority shall:

(a) endeavor to use information technology that expedites procedures; and

[1] A Party may require an importer to provide sufficient guarantee in the form of a surety, a deposit, or some other appropriate instrument, covering the ultimate payment of the customs duties for which the goods may be liable.

(b) in deciding on the information technology to be used for this purpose, take into account international standards.

Article 5.4: Risk Assessment

Each Party shall endeavor to adopt or maintain risk management systems that enable its customs authority to concentrate inspection activities on high risk goods and that simplify the clearance and movement of low risk goods.

Article 5.5: Cooperation

1. Each Party shall endeavor to provide the other Party with advance notice of any significant modification of administrative policy regarding the implementation of its customs laws that is likely to substantially affect the operation of this Agreement.

2. The Parties shall cooperate in achieving compliance with their laws and regulations pertaining to:

(a) the implementation and operation of the provisions of this Agreement relating to the importation of goods, including Chapter Three (National Treatment and Market Access for Goods), Chapter Four (Rules of Origin and Origin Procedures), and this Chapter;

(b) the implementation and operation of the Customs Valuation Agreement;

(c) restrictions or prohibitions on imports or exports; or

(d) such other customs matters as the Parties may agree.

3. Where a Party has a reasonable suspicion of unlawful activity related to its laws or regulations governing importations, the Party may request that the other Party provide specific confidential information normally collected by the other Party in association with the importation of goods pertaining to trade transactions relevant to that activity. The Party shall make its request in writing, shall identify the requested information with sufficient specificity for the other Party to locate it, and shall specify the purposes for which the information is sought.

4. The other Party shall respond by providing any information that it has collected that is material to the request.

5. For purposes of paragraph 3, a reasonable suspicion of unlawful activity means a suspicion based on relevant factual information obtained from public or private sources, including:

(a) historical evidence that a specific importer, exporter, producer, or other enterprise involved in the movement of goods from the territory of one Party

to the territory of the other Party has not complied with a Party's laws or regulations governing importations;

(b) historical evidence that some or all of the enterprises involved in the movement from the territory of one Party to the territory of the other Party of goods within a specific product sector have not complied with a Party's laws or regulations governing importations; or

(c) other information that the Parties agree is sufficient in the context of a particular request.

6. Each Party shall endeavor to provide the other Party with any other information that would assist in determining whether imports from or exports to the other Party are in compliance with the other Party's laws or regulations governing importations, in particular those related to the prevention of unlawful activities.

7. Each Party shall endeavor to provide the other with technical advice and assistance for the purpose of improving risk assessment techniques, simplifying and expediting customs procedures, advancing technical skills, and enhancing the use of technologies that can lead to improved compliance with laws and regulations governing importations.

8. Building on the procedures established in this Article, the Parties shall use best efforts to explore additional avenues of cooperation to enhance each Party's ability to enforce its laws and regulations governing importations, including by:

(a) concluding a mutual assistance agreement between their respective customs authorities within six months after the date of entry into force of this Agreement; and

(b) considering whether to establish additional channels of communication to facilitate the secure and rapid exchange of information and to improve coordination on customs issues.

Article 5.6: Confidentiality

1. Where a Party providing information to the other Party in accordance with this Chapter designates the information as confidential, the other Party shall maintain the confidentiality of the information. The Party providing the information may, in accordance with its domestic law, require written assurances from the other Party that the information will be held in confidence, will be used only for the purposes specified in the other Party's request for information, and will not be disclosed without the Party's specific permission.

2. A Party may decline to provide information requested by the other Party where the other Party has failed to act in conformity with assurances provided under paragraph 1.

3. Each Party shall adopt or maintain procedures in which confidential information, including information the disclosure of which could prejudice the competitive position of

the person providing the information, submitted in connection with the Party's administration of its customs laws shall be protected from unauthorized disclosure.

Article 5.7: Express Shipments

Each Party shall adopt or maintain separate, expedited customs procedures for express shipments, while maintaining appropriate customs control and selection, including procedures:

(a) in which the information necessary for the release of an express shipment may be submitted, and processed by the Party's customs authority, prior to the arrival of the shipment;

(b) allowing a shipper to submit a single manifest covering all goods contained in a shipment transported by the express shipment service, through, if possible, electronic means;

(c) that, to the extent possible, minimize the documentation required for the release of express shipments; and

(d) that, under normal circumstances, allow for an express shipment that has arrived at a point of entry to be released no later than six hours after the submission of the information necessary for release.

Article 5.8: Review and Appeal

Each Party shall ensure that with respect to its determinations on customs matters, importers in its territory have access to:

(a) administrative review independent of the official or office that issued the determination; and

(b) judicial review of the determination or decision taken at the final level of administrative review.

Article 5.9: Penalties

Each Party shall adopt or maintain measures that provide for the imposition of civil, administrative, and, where appropriate, criminal sanctions for violations of its customs laws and regulations, including those governing tariff classification, customs valuation, rules of origin, and the entitlement to preferential tariff treatment under this Agreement.

Article 5.10: Advance Rulings

1. Each Party, through its customs authority, shall issue written advance rulings prior to the importation of a good into its territory at the written request of an importer in its

territory, or an exporter or producer in the territory of the other Party, on the basis of the facts and circumstances provided by the requester, concerning:

(a) tariff classification;

(b) the application of customs valuation criteria for a particular case, in accordance with the application of the provisions set forth in the Customs Valuation Agreement;

(c) duty drawback;

(d) whether a good qualifies as an originating good under Chapter Four (Rules of Origin and Origin Procedures); and

(e) whether a good qualifies for duty-free treatment in accordance with Article 3.9 (Goods Re-entered after Repair or Alteration).

2. Each Party shall provide that its customs authority shall issue advance rulings within 150 days of a request, provided that the requester has submitted all necessary information.

3. Each Party shall provide that advance rulings shall be in force from their date of issuance, or such other date specified by the ruling, for at least three years, provided that the facts or circumstances on which the ruling is based remain unchanged.

4. The issuing Party may modify or revoke an advance ruling where facts or circumstances warrant, such as where the information on which the ruling is based is false or inaccurate.

5. Where an importer claims that the treatment accorded to an imported good should be governed by an advance ruling, the customs authority may evaluate whether the facts and circumstances of the importation are consistent with the facts and circumstances upon which the advance ruling was based.

6. Each Party shall make its advance rulings publicly available, subject to confidentiality requirements in its domestic law, for purposes of promoting the consistent application of advance rulings to other goods.

7. If a requester provides false information or omits relevant circumstances or facts in its request for an advance ruling, or does not act in accordance with the ruling's terms and conditions, the importing Party may apply appropriate measures, including civil, criminal, and administrative actions, penalties, or other sanctions.

Article 5.11: Implementation

1. With respect to the obligations of Chile, Articles 5.1(1) and (2), 5.7(b), and 5.10(1)(b) shall enter into force three years after the date of entry into force of this Agreement.

2. Within 120 days after the date of entry into force of this Agreement, the Parties shall consult on the procedures that Chile needs to adopt to implement Article 5.10(1)(b) and on related technical assistance to be provided by the United States, and shall establish a work program outlining the steps needed for Chile to implement Article 5.10(1)(b).

3. Not later than 18 months after the date of entry into force of this Agreement, the Parties shall consult to discuss the progress made by Chile in implementing Article 5.10(1)(b) and to consider whether to engage in further cooperative efforts.

Chapter Six

Sanitary and Phytosanitary Measures

Objectives

The objectives of this Chapter are to protect human, animal, and plant health conditions in the Parties' territories, enhance the Parties' implementation of the SPS Agreement, provide a forum for addressing bilateral sanitary and phytosanitary matters, resolve trade issues, and thereby expand trade opportunities.

Article 6.1: Scope and Coverage

This Chapter applies to all sanitary and phytosanitary measures of a Party that may, directly or indirectly, affect trade between the Parties.

Article 6.2: General Provisions

1. Further to Article 1.3 (Relation to Other Agreements), the Parties affirm their existing rights and obligations with respect to each other under the SPS Agreement.

2. Neither Party may have recourse to dispute settlement under this Agreement for any matter arising under this Chapter.

Article 6.3: Committee on Sanitary and Phytosanitary Matters

1. The Parties hereby agree to establish a Committee on Sanitary and Phytosanitary Matters comprising representatives of each Party who have responsibility for sanitary and phytosanitary matters.

2. The Parties shall establish the Committee not later than 30 days after the date of entry into force of this Agreement through an exchange of letters identifying the primary representative of each Party to the Committee and establishing the Committee's terms of reference.

3. The objectives of the Committee shall be to enhance the implementation by each Party of the SPS Agreement, protect human, animal, and plant life and health, enhance consultation and cooperation on sanitary and phytosanitary matters, and facilitate trade between the Parties.

4. The Committee shall seek to enhance any present or future relationships between the Parties' agencies with responsibility for sanitary and phytosanitary matters.

5. The Committee shall provide a forum for:

(a) enhancing mutual understanding of each Party's sanitary and phytosanitary measures and the regulatory processes that relate to those measures;

(b) consulting on matters related to the development or application of sanitary and phytosanitary measures that affect, or may affect, trade between the Parties;

(c) consulting on issues, positions, and agendas for meetings of the *WTO SPS Committee*, the various *Codex* committees (including the *Codex Alimentarius Commission*), the *International Plant Protection Convention*, the *International Office of Epizootics*, and other international and regional fora on food safety and human, animal, and plant health;

(d) coordinating technical cooperation programs on sanitary and phytosanitary matters;

(e) improving bilateral understanding related to specific implementation issues concerning the SPS Agreement; and

(f) reviewing progress on addressing sanitary and phytosanitary matters that may arise between the Parties' agencies with responsibility for such matters.

6. The Committee shall meet at least once a year unless the Parties otherwise agree.

7. The Committee shall perform its work in accordance with the terms of reference referenced in paragraph 2. The Committee may revise the terms of reference and may develop procedures to guide its operation.

8. Each Party shall ensure that appropriate representatives with responsibility for the development, implementation, and enforcement of sanitary and phytosanitary measures from its relevant trade and regulatory agencies or ministries participate in meetings of the Committee. The official agencies and ministries of each Party responsible for such measures shall be set out in the Committee's terms of reference.

9. The Committee may agree to establish *ad hoc* working groups in accordance with the Committee's terms of reference.

Article 6.4: Definitions

For purposes of this Chapter, sanitary or phytosanitary measure means any measure referred to in Annex A, paragraph 1, of the SPS Agreement.

Chapter Seven

Technical Barriers to Trade

Objectives

The objectives of this Chapter are to increase and facilitate trade through the improvement of the implementation of the TBT Agreement, the elimination of unnecessary technical barriers to trade, and the enhancement of bilateral cooperation.

Article 7.1: Scope and Coverage

1. Except as provided in paragraphs 2 and 3 of this Article, this Chapter applies to all standards, technical regulations, and conformity assessment procedures that may, directly or indirectly, affect trade in goods between the Parties. Notwithstanding Article 1.4 (Extent of Obligations), this Chapter applies only to central government bodies.

2. Technical specifications prepared by governmental bodies for production or consumption requirements of such bodies are not subject to the provisions of this Chapter, but are addressed in Chapter Nine (Government Procurement), according to its coverage.

3. This Chapter does not apply to sanitary and phytosanitary measures as defined in Annex A of the SPS Agreement.

Article 7.2: Affirmation of Agreement on Technical Barriers to Trade

Further to Article 1.3 (Relation to Other Agreements), the Parties affirm their existing rights and obligations with respect to each other under the TBT Agreement.

Article 7.3: International Standards

In determining whether an international standard, guide, or recommendation within the meaning of Articles 2, 5, and Annex 3 of the TBT Agreement exists, each Party shall apply the principles set out in *Decisions and Recommendations adopted by the Committee since 1 January 1995*, G/TBT/1/Rev.7, 28 November 2000, Section IX (*Decision of the Committee on Principles for the Development of International Standards, Guides and Recommendations with relation to Articles 2, 5 and Annex 3 of the Agreement*), issued by the WTO Committee on Technical Barriers to Trade.

Article 7.4: Trade Facilitation

The Parties shall intensify their joint work in the field of standards, technical regulations, and conformity assessment procedures with a view to facilitating access to each other's markets. In particular, the Parties shall seek to identify bilateral initiatives that are appropriate for particular issues or sectors. Such initiatives may include cooperation on regulatory issues, such as convergence or equivalence of technical regulations and standards,

alignment with international standards, reliance on a supplier's declaration of conformity, and use of accreditation to qualify conformity assessment bodies, as well as cooperation through mutual recognition.

Article 7.5: Technical Regulations

1. Where a Party provides for the acceptance of a foreign technical regulation as equivalent to a particular technical regulation of its own, and the Party does not accept a technical regulation of the other Party as equivalent to that technical regulation, it shall, at the request of the other Party, explain the reasons for not accepting the technical regulation of the other Party as equivalent.

2. Where a Party does not provide for the acceptance of foreign technical regulations as equivalent to its own, that Party may, at the request of the other Party, explain the reasons for not accepting the other Party's technical regulations as equivalent.

Article 7.6: Conformity Assessment

1. The Parties recognize that a broad range of mechanisms exists to facilitate the acceptance of conformity assessment results, including:

(a) the importing Party's reliance on a supplier's declaration of conformity;

(b) voluntary arrangements between conformity assessment bodies from each Party's territory;

(c) agreements on mutual acceptance of the results of conformity assessment procedures with respect to specified regulations conducted by bodies located in the territory of the other Party;

(d) accreditation procedures for qualifying conformity assessment bodies;

(e) government designation of conformity assessment bodies; and

(f) recognition by one Party of the results of conformity assessments performed in the other Party's territory.

The Parties shall intensify their exchange of information on the range of mechanisms to facilitate the acceptance of conformity assessment results.

2. Where a Party does not accept the results of a conformity assessment procedure performed in the territory of the other Party, it shall, on request of the other Party, explain its reasons.

3. Each Party shall accredit, approve, license, or otherwise recognize conformity assessment bodies in the territory of the other Party on terms no less favorable than those it accords to conformity assessment bodies in its territory. If a Party accredits, approves,

licenses, or otherwise recognizes a body assessing conformity with a particular technical regulation or standard in its territory and it refuses to accredit, approve, license, or otherwise recognize a body assessing conformity with that technical regulation or standard in the territory of the other Party, it shall, on request, explain the reasons for its refusal.

4. Where a Party declines a request from the other Party to engage in or conclude negotiations to reach agreement on facilitating recognition in its territory of the results of conformity assessment procedures conducted by bodies in the territory of the other Party, it shall, on request, explain its reasons.

Article 7.7: Transparency

1. Further to Article 20.2 (Publication), each Party shall allow persons of the other Party to participate in the development of standards, technical regulations, and conformity assessment procedures. Each Party shall permit persons of the other Party to participate in the development of such measures on terms no less favorable than those accorded to its own persons.

2. Each Party shall recommend that non-governmental standardizing bodies in its territory observe paragraph 1.

3. In order to enhance the opportunity for persons to provide meaningful comments, a Party publishing a notice under Article 2.9 or 5.6 of the TBT Agreement shall:

(a) include in the notice a statement describing the objective of the proposal and the rationale for the approach the Party is proposing; and

(b) transmit the proposal electronically to the other Party through the inquiry point established under Article 10 of the TBT Agreement at the same time as it notifies WTO Members of the proposal pursuant to the TBT Agreement.

Each Party should allow at least 60 days from the transmission under subparagraph (b) for persons and the other Party to make comments in writing on the proposal.

4. Where a Party makes a notification under Article 2.10 or 5.7 of the TBT Agreement, it shall at the same time transmit the notification to the other Party, electronically, through the inquiry point referenced in paragraph 3(b).

5. Each Party shall publish, in print or electronically, or otherwise make available to the public, its responses to significant comments at the same time as the publication of the final technical regulation or conformity assessment procedure.

6. Each Party shall, on request of the other Party, provide information regarding the objective of, and rationale for, a standard, technical regulation, or conformity assessment procedure that the Party has adopted or is proposing to adopt.

7. Each Party shall implement this Article as soon as is practicable and in no event later than five years from the date of entry into force of this Agreement.

Article 7.8: Committee on Technical Barriers to Trade

1. The Parties hereby establish the Committee on Technical Barriers to Trade, comprising representatives of each Party, pursuant to Annex 7.8.

2. The Committee's functions shall include:

(a) monitoring the implementation and administration of this Chapter;

(b) promptly addressing any issue that a Party raises related to the development, adoption, application, or enforcement of standards, technical regulations, or conformity assessment procedures;

(c) enhancing cooperation in the development and improvement of standards, technical regulations, and conformity assessment procedures;

(d) where appropriate, facilitating sectoral cooperation among governmental and non-governmental conformity assessment bodies in the Parties' territories;

(e) exchanging information on developments in non-governmental, regional, and multilateral fora engaged in activities related to standardization, technical regulations, and conformity assessment procedures;

(f) taking any other steps the Parties consider will assist them in implementing the TBT Agreement and in facilitating trade in goods between them;

(g) at a Party's request, consulting on any matter arising under this Chapter;

(h) reviewing this Chapter in light of any developments under the TBT Agreement, and developing recommendations for amendments to this Chapter in light of those developments; and

(i) as it considers appropriate, reporting to the Commission on the implementation of this Chapter.

3. Where the Parties have had recourse to consultations under paragraph 2(g) such consultations shall, on the agreement of the Parties, constitute consultations under Article 22.4 (Consultations).

4. A Party shall, on request, give favorable consideration to any sector-specific proposal the other Party makes for further cooperation under this Chapter.

5. The Committee shall meet at least once a year unless the Parties otherwise agree.

Article 7.9: Information Exchange

Any information or explanation that is provided on request of a Party pursuant to the provisions of this Chapter shall be provided in print or electronically within a reasonable period of time.

Article 7.10: Definitions

For purposes of this Chapter, **technical regulation**, **standard**, **conformity assessment procedures**, and **central government body** shall have the meanings assigned to those terms in Annex 1 of the TBT Agreement.

Annex 7.8

Committee on Technical Barriers to Trade

For purposes of Article 7.8, the Committee shall be coordinated by:

(a) in the case of Chile, the *Ministerio de Economia* through the *Departamento de Comercio Exterior*, or its successor; and

(b) in the case of the United States, the Office of the United States Trade Representative, or its successor.

Chapter Eight

Trade Remedies

Section A - Safeguards

Article 8.1: Imposition of a Safeguard Measure

1. A Party may impose a safeguard measure described in paragraph 2, during the transition period only, if as a result of the reduction or elimination of a duty pursuant to this Agreement,[1] a good originating in the territory of the other Party is being imported into the Party's territory in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to constitute a substantial cause of serious injury, or threat thereof, to a domestic industry producing a like or directly competitive good.

2. If the conditions in paragraph 1 are met, a Party may to the extent as may be necessary to prevent or remedy serious injury, or threat thereof, and facilitate adjustment:

(a) suspend the further reduction of any rate of duty provided for under this Agreement on the good; or

(b) increase the rate of duty on the good to a level not to exceed the lesser of

(i) the most-favored-nation (MFN) applied rate of duty in effect at the time the action is taken, or

(ii) the MFN applied rate of duty in effect on the day immediately preceding the date of entry into force of this Agreement.[2]

Article 8.2: Standards for a Safeguard Measure

1. A Party may apply a safeguard measure, including any extension thereof, for no longer than three years. Regardless of its duration, such measure shall terminate at the end of the transition period.

2. In order to facilitate adjustment in a situation where the expected duration of a safeguard measure is over one year, the Party applying the measure shall progressively liberalize it at regular intervals during the period of application.

3. Neither Party may impose a safeguard measure more than once on the same good.

---

[1] The Parties note that many of Chile's products received duty-free treatment under the U.S. Generalized System of Preferences prior to the entry into force of this Agreement.

[2] The Parties understand that neither tariff rate quotas nor quantitative restrictions would be a permissible form of safeguard measure.

4. Neither Party may impose a safeguard measure on a good that is subject to a measure that the Party has imposed pursuant to Article XIX of GATT 1994 and the Safeguards Agreement, and neither Party may continue maintaining a safeguard measure on a good that becomes subject to a measure that the Party imposes pursuant to Article XIX of GATT 1994 and the Safeguards Agreement.

5. On the termination of a safeguard measure, the rate of duty shall be no higher than the rate that, according to the Party's Schedule to Annex 3.3 (Tariff Elimination), would have been in effect one year after the imposition of the measure. Beginning on January 1 of the year following the termination of the action, the Party that has applied the measure shall:

(a) apply the rate of duty set out in the Party's Schedule to Annex 3.3 (Tariff Elimination) as if the safeguard measure had never been applied; or

(b) eliminate the tariff in equal annual stages ending on the date set out in the Party's Schedule to Annex 3.3 (Tariff Elimination) for the elimination of the tariff.

Article 8.3: Investigation Procedures and Transparency Requirements

1. A Party shall impose a safeguard measure only following an investigation by the Party's competent authorities in accordance with Articles 3 and 4.2(c) of the Safeguards Agreement; and to this end, Articles 3 and 4.2(c) of the Safeguards Agreement are incorporated into and made a part of this Agreement, *mutatis mutandis*.

2. In the investigation described in paragraph 1, a Party shall comply with the requirements of Article 4.2(a) of the Safeguards Agreement; and to this end, Article 4.2(a) of the Safeguards Agreement is incorporated into and made a part of this Agreement, *mutatis mutandis*.

Article 8.4: Notification

1. A Party shall promptly notify the other Party, in writing, on:

(a) initiating an investigation under Article 8.3;

(b) making a finding of serious injury or threat thereof caused by increased imports under Article 8.1;

(c) taking a decision to impose or extend a safeguard measure; and

(d) taking a decision to modify a safeguard measure previously undertaken.

2. A Party shall provide to the other Party a copy of the public version of the report of its competent authorities required under Article 8.3(1).

Article 8.5: Compensation

1. The Party taking a safeguard measure shall, in consultation with the other Party, provide to the other Party mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the measure. Such consultations shall begin within 30 days of the imposition of the measure.

2. If the Parties are unable to reach agreement on compensation within 30 days after the consultations commence, the exporting Party shall be free to suspend the application of substantially equivalent concessions to the trade of the Party applying the safeguard measure.

3. A Party shall notify the other Party in writing at least 30 days before suspending concessions under paragraph 2.

4. The obligation to provide compensation under paragraph 1 and the right to suspend substantially equivalent concessions under paragraph 2 shall terminate on the later of: (a) the termination of the safeguard measure; or (b) the date on which the rate of duty returns to the rate of duty set out in the Party's Schedule to Annex 3.3 (Tariff Elimination).

Article 8.6: Global Actions

1. Each Party retains its rights and obligations under Article XIX of GATT 1994 and the Safeguards Agreement.

2. This Agreement does not confer any additional rights or obligations on the Parties with regard to actions taken pursuant to Article XIX of GATT 1994 and the Safeguards Agreement.

Article 8.7: Definitions

For purposes of this Section:

domestic industry means, with respect to an imported good, the producers as a whole of the like or directly competitive good or those producers whose collective production of the like or directly competitive good constitutes a major proportion of the total domestic production of such good;

safeguard measure means a safeguard measure described in Article 8.1(2);

serious injury means a significant overall impairment in the position of a domestic industry;

substantial cause means a cause which is important and not less than any other cause;

threat of serious injury means serious injury that, on the basis of facts and not merely on allegation, conjecture, or remote possibility, is clearly imminent; and

transition period means the 10-year period beginning on the date of entry into force of this Agreement, except that **transition period** shall mean the 12-year period beginning on the date of entry into force of this Agreement in any case in which a safeguard measure is applied against an agricultural good and the Schedule to Annex 3.3 (Tariff Elimination) of the Party applying the measure provides for the Party to eliminate its tariffs on the good over 12 years.

Section B - Antidumping and Countervailing Duties

Article 8.8: Antidumping and Countervailing Duties

1. Each Party retains its rights and obligations under the WTO Agreement with regard to the application of antidumping and countervailing duties.

2. No provisions of this Agreement, including the provisions of Chapter Twenty-Two (Dispute Settlement), shall be construed as imposing any rights or obligations on the Parties with respect to antidumping or countervailing duty measures.

Chapter Nine

Government Procurement

Objectives

The objectives of this Chapter are to recognize the importance of conducting government procurement in accordance with the fundamental principles of openness, transparency, and due process; and to strive to provide comprehensive coverage of procurement markets by eliminating market access barriers to the supply of goods and services, including construction services.

Article 9.1: Scope and Coverage

1. This Chapter applies to any measure adopted or maintained by a Party relating to procurement by an entity listed in Annex 9.1:

   (a) by any contractual means, including purchase and rental or lease, with or without an option to buy, build-operate-transfer contracts, and public works concession contracts; and

   (b) subject to the conditions specified in Annex 9.1.

2. This Chapter does not apply to:

   (a) non-contractual agreements or any form of assistance provided by a Party or a state enterprise, including grants, loans, equity infusions, fiscal incentives, subsidies, guarantees, cooperative agreements, government provision of goods and services to persons or to a regional or local level of government, and purchases for the direct purpose of providing foreign assistance;

   (b) purchases funded by international grants, loans, or other assistance, where the provision of such assistance is subject to conditions inconsistent with the provisions of this Chapter;

   (c) hiring of government employees and related employment measures; and

   (d) acquisition of fiscal agency or depository services, liquidation and management services for regulated financial institutions, and sale and distribution services for government debt.

3. Each Party shall ensure that its procuring entities listed in Annex 9.1 comply with this Chapter in conducting procurement covered by this Chapter.

4. Where an entity awards a contract that is not covered by this Chapter, nothing in this Chapter shall be construed to cover any good or service component of that contract.

5. No entity may prepare, design, or otherwise structure or divide, in any stage of the procurement, any procurement in order to avoid the obligations of this Chapter.

6. Nothing in this Chapter shall prevent either Party from developing new procurement policies, procedures, or contractual means, provided they are not inconsistent with this Chapter.

Article 9.2: General Principles

National Treatment and Non-Discrimination

1. With respect to any measure governing procurement covered by this Chapter, each Party shall accord to the goods and services of the other Party, and to the suppliers of the other Party of such goods and services, treatment no less favorable than the most favorable treatment the Party accords to its own goods, services, and suppliers.

2. With respect to any measure governing procurement covered by this Chapter, neither Party may:

(a) treat a locally established supplier less favorably than another locally established supplier on the basis of degree of foreign affiliation or ownership; or

(b) discriminate against a locally established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of the other Party.

Determination of Origin

3. For purposes of paragraphs 1 and 2, determination of the origin of goods shall be made on a non-preferential basis.

Offsets

4. An entity shall not consider, seek, or impose offsets at any stage of a procurement.

Measures Not Specific to Procurement

5. Paragraphs 1 and 2 do not apply to measures respecting customs duties or other charges of any kind imposed on or in connection with importation, the method of levying such duties and charges or other import regulations, including restrictions and formalities, or measures affecting trade in services other than measures specifically governing procurement covered by this Chapter.

Article 9.3: Publication of Procurement Measures

Each Party shall promptly publish:

(a) its measures of general application specifically governing procurement covered by this Chapter; and

(b) any changes in such measures in the same manner as the original publication.

Article 9.4: Publication of Notice of Intended Procurement

1. For each procurement covered by this Chapter, an entity shall publish in advance a notice inviting interested suppliers to submit tenders for that procurement ("notice of intended procurement"), except as provided in Article 9.9(2). Each such notice shall be accessible during the entire period established for tendering for the relevant procurement.

2. Each notice of intended procurement shall include a description of the intended procurement, any conditions that suppliers must fulfill to participate in the procurement, the name of the entity issuing the notice, the address where suppliers may obtain all documents relating to the procurement, the time limits for submission of tenders, and the dates for delivery of the goods or services to be procured.

Article 9.5: Time Limits for the Tendering Process

1. An entity shall prescribe time limits for the tendering process that allow sufficient time for suppliers to prepare and submit responsive tenders, taking into account the nature and complexity of the procurement. An entity shall provide no less than 30 days between the date on which it publishes the notice of intended procurement and the deadline for submitting tenders.

2. Notwithstanding paragraph 1, where there are no qualification requirements for suppliers, entities may establish a time limit of less than 30 days, but in no case less than 10 days, in the following circumstances:

(a) where the entity has published a notice containing the information specified in Article 9.4(2) at least 30 days and not more than 12 months in advance;

(b) in the case of the second or subsequent publications of notices for procurement of a recurring nature;

(c) where an entity procures commercial goods or services that are sold or offered for sale to, and customarily purchased and used by, non-governmental buyers for non-governmental purposes; or

(d) where an unforeseen state of urgency duly substantiated by the entity renders impracticable the time limits specified in paragraph 1.

Article 9.6: Information on Intended Procurements

1. An entity shall provide interested suppliers tender documentation that includes all the information necessary to permit suppliers to prepare and submit responsive tenders. The documentation shall include all criteria that the entity will consider in awarding the contract, including all cost factors, and the weights or, where appropriate, the relative values, that the entity will assign to these criteria in evaluating tenders.

2. Where an entity does not publish all the tender documentation by electronic means, the entity shall, on request of any supplier, promptly make the documentation available in written form to the supplier.

3. Where an entity, during the course of a procurement, modifies the criteria referred to in paragraph 1, it shall transmit all such modifications in writing:

(a) to all suppliers that are participating in the procurement at the time the criteria are modified, if the identities of such suppliers are known, and in all other cases, in the same manner as the original information was transmitted; and

(b) in adequate time to allow such suppliers to modify and re-submit their tenders, as appropriate.

Article 9.7: Technical Specifications

1. An entity shall not prepare, adopt, or apply any technical specification with the purpose or the effect of creating unnecessary obstacles to trade between the Parties.

2. Any technical specification prescribed by an entity shall be, where appropriate:

(a) specified in terms of performance requirements rather than design or descriptive characteristics; and

(b) based on international standards, where applicable, otherwise on national technical regulations, recognized national standards, or building codes.

3. An entity shall not prescribe technical specifications that require or refer to a particular trademark or trade name, patent, design or type, specific origin or producer or supplier unless there is no sufficiently precise or intelligible way of otherwise describing the procurement requirements and provided that, in such cases, words such as "or equivalent" are included in the tender documentation.

4. An entity shall not seek or accept, in a manner that would have the effect of precluding competition, advice that may be used in the preparation or adoption of any technical specification for a specific procurement from a person that may have a commercial interest in that procurement.

5. For greater certainty, this Article is not intended to preclude a Party from preparing, adopting, or applying technical specifications to promote the conservation of natural resources.

Article 9.8: Conditions for Participation

1. Where an entity requires suppliers to satisfy registration, qualification, or any other requirements or conditions for participation ("conditions for participation") in order to participate in a procurement, the entity shall publish a notice inviting suppliers to apply for participation. The entity shall publish the notice sufficiently in advance to provide interested suppliers sufficient time to prepare and submit applications and for the entity to evaluate and make its determinations based on such applications.

2. Each entity shall:

(a) limit any conditions for participation in a procurement to those that are essential to ensure that the potential supplier has the legal, technical, and financial capacity to fulfill the requirements and technical specifications of the procurement;

(b) base qualification decisions solely on the conditions for participation that it has specified in advance in notices or tender documentation; and

(c) recognize as qualified all suppliers of the other Party that meet the requisite conditions for participation in a procurement covered by this Chapter.

3. Entities may establish publicly available lists of suppliers qualified to participate in procurements. Where an entity requires suppliers to qualify for such a list in order to participate in a procurement, and a supplier that has not yet qualified applies to be included on the list, the entity shall promptly start the qualification procedures for the supplier and shall allow the supplier to participate in the procurement, provided there is sufficient time to complete the procedures within the time period established for tendering.

4. No entity may impose the condition that, in order for a supplier to participate in a procurement, the supplier has previously been awarded one or more contracts by an entity of that Party or that the supplier has prior work experience in the territory of that Party. An entity shall judge a supplier's financial and technical capacities on the basis of its global business activities including both its activity in the territory of the Party of the supplier, and its activity, if any, in the territory of the Party of the entity.

5. An entity shall promptly communicate to any supplier that has applied for qualification its decision on whether that supplier is qualified. Where an entity rejects an application for qualification or ceases to recognize a supplier as qualified, that entity shall, on request of the supplier, promptly provide it a written explanation of the reasons for its decision.

6. Nothing in this Article shall preclude an entity from excluding a supplier from a procurement on grounds such as bankruptcy or false declarations.

Article 9.9: Tendering Procedures

1. Entities shall award contracts by means of open tendering procedures, in the course of which any interested supplier may submit a tender.

2. Provided that the tendering procedure is not used to avoid competition or to protect domestic suppliers, entities may award contracts by means other than open tendering procedures in the following circumstances, where applicable:

(a) in the absence of tenders that conform to the essential requirements in the tender documentation provided in a prior invitation to tender, including any conditions for participation, on condition that the requirements of the initial procurement are not substantially modified in the contract as awarded;

(b) where, for works of art, or for reasons connected with the protection of exclusive rights, such as patents or copyrights, or proprietary information, or where there is an absence of competition for technical reasons, the goods or services can be supplied only by a particular supplier and no reasonable alternative or substitute exists;

(c) for additional deliveries by the original supplier that are intended either as replacement parts, extensions, or continuing services for existing equipment, software, services or installations, where a change of supplier would compel the entity to procure goods or services not meeting requirements of interchangeability with existing equipment, software, services, or installations;

(d) for goods purchased on a commodity market;

(e) where an entity procures a prototype or a first good or service that is developed at its request in the course of, and for, a particular contract for research, experiment, study, or original development. When such contracts have been fulfilled, subsequent procurements of such goods or services shall be subject to Articles 9.2 through 9.8 and Article 9.17;

(f) where additional construction services that were not included in the initial contract but that were within the objectives of the original tender documentation have, due to unforeseeable circumstances, become necessary to complete the construction services described therein. However, the total value of contracts awarded for additional construction services may not exceed 50 percent of the amount of the initial contract; or

(g) in so far as is strictly necessary where, for reasons of extreme urgency brought about by events unforeseeable by the entity, the goods or services

could not be obtained in time by means of an open tendering procedure and the use of an open tendering procedure would result in serious injury to the entity, or the entity's program responsibilities, or the Party. For purposes of this subparagraph, lack of advance planning by an entity or its concerns relating to the amount of funds available to it within a particular period do not constitute unforeseeable events.

3. An entity shall maintain a record or prepare a written report providing specific justification for any contract awarded by means other than open tendering procedures, as provided in paragraph 2.

Article 9.10: Awarding of Contracts

1. An entity shall require that in order to be considered for award, a tender must be submitted in writing and must, at the time it is submitted:

(a) conform to the essential requirements of the tender documentation; and

(b) be submitted by a supplier that has satisfied the conditions for participation that the entity has provided to all participating suppliers.

2. Unless an entity determines that it is not in the public interest to award a contract, it shall award the contract to the supplier that the entity has determined to be fully capable of undertaking the contract and whose tender is determined to be the most advantageous in terms of the requirements and evaluation criteria set out in the tender documentation.

3. No entity may cancel a procurement, or terminate or modify awarded contracts, in order to avoid the obligations of this Chapter.

Article 9.11: Information on Awards

Information Provided to Suppliers

1. Subject to Article 9.15, an entity shall promptly inform suppliers participating in a tendering procedure of its contract award decision. On request, an entity shall provide a supplier whose tender was not selected for award the reasons for not selecting its tender and the relative advantages of the tender the entity selected.

Publication of Award Information

2. After awarding a contract covered by this Chapter, an entity shall promptly publish a notice that includes at least the following information about the award:

(a) the name of the entity;

(b) a description of the goods or services procured;

(c) the name of the winning supplier;

(d) the value of the contract award; and

(e) where the entity has not used open tendering procedures, an indication of the circumstances justifying the procedures used.

Maintenance of Records

3. An entity shall maintain records and reports relating to tendering procedures and contract awards covered by this Chapter, including the records and reports provided for in Article 9.9(3), for a period of at least three years.

Article 9.12: Ensuring Integrity in Procurement Practices

Each Party shall adopt the necessary legislative or other measures to establish that it is a criminal offense under its law for:

(a) a procurement official of that Party to solicit or accept, directly or indirectly, any article of monetary value or other benefit, for that procurement official or for another person, in exchange for any act or omission in the performance of that procurement official's procurement functions;

(b) any person to offer or grant, directly or indirectly, to a procurement official of that Party, any article of monetary value or other benefit, for that procurement official or for another person, in exchange for any act or omission in the performance of that procurement official's procurement functions; and

(c) any person intentionally to offer, promise or give any undue pecuniary or other advantage, whether directly or through intermediaries, to a foreign procurement official, for that foreign procurement official or for a third party, in order that the foreign procurement official act or refrain from acting in relation to the performance of procurement duties, in order to obtain or retain business or other improper advantage.

Article 9.13: Domestic Review of Supplier Challenges

Independent Review Authorities

1. Each Party shall establish or designate at least one impartial administrative or judicial authority that is independent from its entities to receive and review challenges that suppliers submit relating to the Party's measures implementing this Chapter in connection with a procurement covered by this Chapter and make appropriate findings and recommendations. Where a challenge by a supplier is initially reviewed by a body other than such an impartial authority, the Party shall ensure that the supplier may appeal the

initial decision to an impartial administrative or judicial authority that is independent of the entity that is the subject of the challenge.

2. Each Party shall provide that an authority it establishes or designates under paragraph 1 has authority to take prompt interim measures pending the resolution of a challenge to preserve the supplier's opportunity to participate in the procurement and to ensure that the Party complies with its measures implementing this Chapter, including by suspending the contract award or the performance of a contract that has already been awarded.

3. Each Party shall ensure that its review procedures are published and are timely, transparent, effective, and consistent with due process principles.

4. Each Party shall ensure that all documents related to a challenge to a procurement covered by this Chapter are made available to any authority it establishes or designates under paragraph 1.

5. Notwithstanding other review procedures provided for or developed by each of the Parties, each Party shall ensure that any authority it establishes or designates under paragraph 1 provides at least the following:

(a) an opportunity for the supplier to review relevant documents and to be heard by the authority in a timely manner;

(b) sufficient time for the supplier to prepare and submit written challenges, which in no case shall be less than 10 days from the time when the basis of the complaint became known or reasonably should have become known to the supplier;

(c) a requirement that the entity respond in writing to the supplier's challenge;

(d) an opportunity for the supplier to reply to the entity's response to the challenge; and

(e) prompt delivery in writing of the decisions relating to the challenge, with an explanation of the grounds for each decision.

6. Each Party shall ensure that a supplier's submission of a challenge will not prejudice the supplier's participation in ongoing or future procurements.

Article 9.14: Modifications and Rectifications

1. Either Party may modify its coverage under this Chapter provided that it:

(a) notifies the other Party in writing and the other Party does not object in writing within 30 days of the notification; and

(b) offers within 30 days acceptable compensatory adjustments to the other Party to maintain a level of coverage comparable to that existing prior to the modification, except as provided in paragraphs 2 and 3.

2. Either Party may make rectifications of a purely formal nature to its coverage under this Chapter, or minor amendments to its Schedules to Annex 9.1, Sections (A) through (C), provided that it notifies the other Party in writing and the other Party does not object in writing within 30 days of the notification. A Party that makes such a rectification or minor amendment shall not be required to provide compensatory adjustments.

3. A Party need not provide compensatory adjustments in those circumstances where the Parties agree that the proposed modification covers an entity over which a Party has effectively eliminated its control or influence. Where the Parties do not agree that such government control or influence has been effectively eliminated, the objecting Party may request further information or consultations with a view to clarifying the nature of any government control or influence and reaching agreement on the entity's continued coverage under this Chapter.

4. Where the Parties are in agreement on the proposed modification, rectification, or minor amendment, including where a Party has not objected within 30 days under paragraph 1 or 2, the Commission shall give effect to the agreement by modifying forthwith the relevant Section of Annex 9.1.

Article 9.15: Non-Disclosure of Information

1. The Parties, their entities, and their review authorities shall not disclose confidential information the disclosure of which would prejudice legitimate commercial interests of a particular person or might prejudice fair competition between suppliers, without the formal authorization of the person that provided the information to the Party.

2. Nothing in this Chapter shall be construed as requiring a Party or its entities to disclose confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest.

Article 9.16: Exceptions

Provided that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between Parties where the same conditions prevail or a disguised restriction on trade between the Parties, nothing in this Chapter shall be construed to prevent a Party from adopting or maintaining measures:

(a) necessary to protect public morals, order, or safety;

(b) necessary to protect human, animal, or plant life or health;

(c) necessary to protect intellectual property; or

(d) relating to goods or services of handicapped persons, of philanthropic institutions, or of prison labor.

The Parties understand that subparagraph (b) includes environmental measures necessary to protect human, animal, or plant life or health.

Article 9.17: Public Information

1. In order to facilitate access to information on commercial opportunities under this Chapter, each Party shall ensure that electronic databases that provide current information on all procurements covered by this Chapter that are conducted by entities listed in Annex 9.1(A), including information that can be disaggregated by detailed categories of goods and services, are made available to interested suppliers of the other Party, through the Internet or a comparable computer-based telecommunications network. Each Party shall, on request of the other Party, provide information on:

(a) the classification system used to disaggregate information on procurement of different goods and services in such databases; and

(b) the procedures for obtaining access to such databases.

2. Entities listed in Annex 9.1(A) shall publish notices of intended procurement in a government-wide, single point of entry electronic publication that is accessible through the Internet or a comparable computer-based telecommunications network. For entities listed in Annex 9.1(B), each Party shall facilitate a reasonable means for suppliers of the other Party to easily identify procurement opportunities, which should include a single point of entry.

3. Each Party shall encourage its entities to publish, as early as possible in the fiscal year, information regarding the entity's procurement plans.

Article 9.18: Committee on Procurement

The Parties hereby establish a Committee on Procurement comprising representatives of each Party. On request, the Committee shall meet to address matters related to the implementation of this Chapter, such as:

(a) bilateral cooperation relating to the development and use of electronic communications in government procurement systems, including developments that may lead to reducing the time limits for tendering set out in Article 9.5;

(b) exchange of statistics and other information to assist the Parties in monitoring the implementation and operation of this Chapter;

(c) consideration of further negotiations aimed at broadening the coverage of this Chapter, including with respect to sub-federal or sub-central entities and state-owned enterprises; and

(d) efforts to increase understanding of their respective government procurement systems, with a view to maximizing access to government procurement opportunities for small business suppliers. To that end, either Party may request the other to provide trade-related technical assistance, including training of government personnel or interested suppliers on specific elements of each Party's government procurement system.

Article 9.19: Further Negotiations

On request of either Party, the Parties shall enter into negotiations with a view to extending coverage under this Chapter on a reciprocal basis, if a Party provides, through an international agreement entered into after entry into force of this Agreement, access to its procurement market for suppliers of a non-Party beyond what it provides under this Agreement to suppliers of the other Party.

Article 9.20: Definitions

For purposes of this Chapter:

build-operate-transfer contract and **public works concession contract** mean any contractual arrangement, the primary purpose of which is to provide for the construction or rehabilitation of physical infrastructure, plant, buildings, facilities, or other government-owned works and under which, as consideration for a supplier's execution of a contractual arrangement, the entity grants to the supplier, for a specified period of time, temporary ownership or a right to control and operate, and demand payment for the use of, such works for the duration of the contract;

entity means an entity listed in Annex 9.1;

in writing or **written** means any expression of information in words, numbers, or other symbols, including electronic expressions, that can be read, reproduced, and stored;

international standard means a standard that has been developed in conformity with the document referenced in Article 7.3 (International Standards);

offsets means conditions imposed or considered by an entity prior to, or in the course of, its procurement process that encourage local development or improve a Party's balance of payments accounts by means of requirements of local content, licensing of technology, investment, counter-trade, or similar requirements;

procurement official means a person who performs procurement functions;

publish means to disseminate information in an electronic or paper medium that is distributed widely and is readily accessible to the general public;

supplier means a person that provides or could provide goods or services to an entity; and

technical specification means a specification that lays down the characteristics of goods to be procured or their related processes and production methods, or the characteristics of services to be procured or their related operating methods, including the applicable administrative provisions, and a requirement relating to conformity assessment procedures that an entity prescribes. A technical specification may also include or deal exclusively with terminology, symbols, packaging, marking or labeling requirements, as they apply to a good, process, service or production or operating method.

Annex 9.1

Section A - Central Level of Government Entities

This Agreement applies to procurement by the **Central Level of Government Entities** listed in this Section where the value of the procurement is estimated, in accordance with Section G, to equal or exceed the following relevant threshold. Unless otherwise specified within this Section, all agencies subordinate to those listed are covered by this Agreement.

Thresholds:

For procurement of goods and services

(To be adjusted according to the formula in Section G, paragraph 2): $56,190

For procurement of construction services

(To be adjusted according to the formula in Section G, paragraph 3): $6,481,000

Section F – Construction Services

This Chapter applies to all construction services procured by the Entities listed in Annex 9.1, Sections (A) through (C), subject to the Notes to the respective sections, the General Notes, and the Notes to this Section, except for the construction services set out in the Schedules to this Annex.

Schedule of Chile

No construction services are excluded.

Schedule of the United States

The following construction services are excluded:

Dredging.

U.S. Notes:

In accordance with this Chapter, buy national requirements on articles, supplies and materials acquired for use in construction contracts covered by this Chapter shall not apply to goods of Chile.

Section G – Threshold Adjustment Formulas

1. In calculating the value of a contract for the purpose of ascertaining whether the procurement is covered by this Chapter, an entity shall include the maximum total estimated value of the procurement over its entire duration, taking into account all options, premiums, fees, commissions, interest and other revenue streams or other forms of renumeration provided for in such contracts.

2. The calculations referred to in Annex 9.1, Sections (A) through (C) that specifically referenced this paragraph shall be made in accordance with the following:

(a) the U.S. inflation rate shall be measured by the Producer Price Index for Finished Goods published by the U.S. Bureau of Labor Statistics;

(b) the first adjustment for inflation, to take effect on January 1, 2004, shall be calculated using the period from November 1, 2001 through October 31, 2003;

(c) all subsequent adjustments shall be calculated using two-year periods, each period beginning November 1, and shall take effect on January 1 of the year immediately following the end of the two-year period;

(d) the United States shall notify Chile of the adjusted threshold values no later than November 16 of the year before the adjustment takes effect;

(e) the inflationary adjustment shall be estimated according to the following formula:

$$T_0 \times (1 + p_i) = T_i$$

T_0 = threshold value at base period
p_i = accumulated U.S. inflation rate for the i^{th} two year-period
T_I = new threshold value.

(f) Chile shall calculate and convert the value of the thresholds applicable to this paragraph into Chilean currency using the conversion formula set out in subparagraph (g). Chile shall notify the United States of the value in its currency of the newly calculated thresholds no later than one month before the thresholds take effect; and

(g) Chile shall use for its calculation the official conversion rate of the Central Bank of Chile (*Banco Central de Chile*). Its conversion rate shall be the existing value of the Chilean currency in terms of U.S. dollars as of December 1 and June 1 of each year, or the first working day thereafter. The conversion rate as of December 1 shall apply from January 1 to June 30 of the following year, and as of June 1 shall apply from July 1 to December 31 of that year.

3. The calculations referred to in Annex 9.1, Sections (A) through (C) that specifically referenced this paragraph shall be made in accordance with the following:

(a) Chile shall calculate and convert the value of the thresholds applicable to this paragraph into its national currency using the conversion rates published by the IMF in its monthly "International Financial Statistics". Chile shall notify the United States without delay of the methodology used and the results of its calculations;

(b) the conversion rates shall be the average of the daily values of the respective national currency in terms of the Standard Drawing Right (SDR) over the two-year period preceding October 1 or November 1 of the year prior to the thresholds in national currency becoming effective, which shall be from January 1;

(c) thresholds shall be fixed for two years, i.e. calendar years for all Parties where the fiscal year (1 April-31 March) will be used; and

(d) the Parties agree that if a major change in a national currency vis-a-vis the SDR during a year were to create a significant problem with regard to the application of the Chapter, they shall consult as to whether an interim adjustment is appropriate.

Section H - General Notes

Schedule of Chile

None.

Schedule of the United States

1. This Chapter does not apply to set-asides on behalf of small and minority businesses.

2. This Chapter does not apply to the procurement of transportation services that form a part of, or are incidental to, a procurement contract.

3. Where a contract to be awarded by an entity is not covered by this Chapter, nothing in this Chapter shall be construed to cover any good or service component of that contract.

Chapter Ten

Investment

Section A - Investment

Article 10.1: Scope and Coverage[1]

1. This Chapter applies to measures adopted or maintained by a Party relating to:

   (a) investors of the other Party;

   (b) covered investments; and

   (c) with respect to Articles 10.5 and 10.12, all investments in the territory of the Party.

2. In the event of any inconsistency between this Chapter and another Chapter, the other Chapter shall prevail to the extent of the inconsistency.

3. A requirement by a Party that a service provider of the other Party post a bond or other form of financial security as a condition of providing a service into its territory does not of itself make this Chapter applicable to the provision of that cross-border service. This Chapter applies to that Party's treatment of the posted bond or financial security.

4. This Chapter does not apply to measures adopted or maintained by a Party to the extent that they are covered by Chapter Twelve (Financial Services).

Article 10.2: National Treatment

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

---

[1] For greater certainty, the provisions of this Chapter do not bind either Party in relation to any act or fact that took place or any situation that ceased to exist before the date of entry into force of this Agreement. Also, for greater certainty, this Chapter is subject to and shall be interpreted in accordance with Annexes 10-A through 10-H.

3. The treatment to be accorded by a Party under paragraphs 1 and 2 means, with respect to a regional level of government, treatment no less favorable than the most favorable treatment accorded, in like circumstances, by that regional level of government to investors, and to investments of investors, of the Party of which it forms a part.

Article 10.3: Most-Favored-Nation Treatment

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments in its territory.

2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of investments.

Article 10.4: Minimum Standard of Treatment[2]

1. Each Party shall accord to covered investments treatment in accordance with customary international law, including fair and equitable treatment and full protection and security.

2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of "fair and equitable treatment" and "full protection and security" do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligation in paragraph 1 to provide:

(a) "fair and equitable treatment" includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process embodied in the principal legal systems of the world; and

(b) "full protection and security" requires each Party to provide the level of police protection required under customary international law.

3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

4. Notwithstanding Article 10.7(5)(b), each Party shall accord to investors of the other Party, and to covered investments, non-discriminatory treatment with respect to measures it

[2] For greater certainty, Article 10.4 shall be interpreted in accordance with Annex 10-A.

adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict or civil strife.

5. Notwithstanding paragraph 4, if an investor of a Party, in the situations referred to in that paragraph, suffers a loss in the territory of the other Party resulting from:

(a) requisitioning of its covered investment or part thereof by the latter's forces or authorities; or

(b) destruction of its covered investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation,

the latter Party shall provide the investor restitution or compensation, which in either case shall be prompt, adequate, and effective, and, with respect to compensation, shall be in accordance with Article 10.9(2) through (4).

6. Paragraph 4 does not apply to existing measures relating to subsidies or grants that would be inconsistent with Article 10.2 but for Article 10.7(5)(b).

Article 10.5: Performance Requirements

Mandatory Performance Requirements

1. Neither Party may impose or enforce any of the following requirements, or enforce any commitment or undertaking, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment of an investor of a Party or of a non-Party in its territory:

(a) to export a given level or percentage of goods or services;

(b) to achieve a given level or percentage of domestic content;

(c) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;

(d) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment;

(e) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings;

(f) to transfer a particular technology, a production process, or other proprietary knowledge to a person in its territory; or

(g) to supply exclusively from the territory of the Party the goods that it produces or the services that it supplies to a specific regional market or to the world market.

Advantages Subject to Performance Requirements

2. Neither Party may condition the receipt or continued receipt of an advantage, in connection with the establishment, acquisition, expansion, management, conduct, operation, or sale or other disposition of an investment in its territory of an investor of a Party or of a non-Party, on compliance with any of the following requirements:

(a) to achieve a given level or percentage of domestic content;

(b) to purchase, use, or accord a preference to goods produced in its territory, or to purchase goods from persons in its territory;

(c) to relate in any way the volume or value of imports to the volume or value of exports or to the amount of foreign exchange inflows associated with such investment; or

(d) to restrict sales of goods or services in its territory that such investment produces or supplies by relating such sales in any way to the volume or value of its exports or foreign exchange earnings.

Exceptions and Exclusions

3. (a) Nothing in paragraph 2 shall be construed to prevent a Party from conditioning the receipt or continued receipt of an advantage, in connection with an investment in its territory of an investor of a Party or of a non-Party, on compliance with a requirement to locate production, supply a service, train or employ workers, construct or expand particular facilities, or carry out research and development, in its territory.

(b) Paragraph 1(f) does not apply:

(i) when a Party authorizes use of an intellectual property right in accordance with Article 31[3] of the TRIPS Agreement, or to measures requiring the disclosure of proprietary information that fall within the scope of, and are consistent with, Article 39 of the TRIPS Agreement; or

(ii) when the requirement is imposed or the commitment or undertaking is enforced by a court, administrative tribunal, or competition authority

[3] The reference to "Article 31" includes footnote 7 to Article 31.

to remedy a practice determined after judicial or administrative process to be anticompetitive under the Party's competition laws.[4]

(c) Provided that such measures are not applied in an arbitrary or unjustifiable manner, or do not constitute a disguised restriction on international trade or investment, paragraphs 1(b), (c), and (f), and 2(a) and (b), shall not be construed to prevent a Party from adopting or maintaining measures, including environmental measures:

(i) necessary to secure compliance with laws and regulations that are not inconsistent with this Agreement;

(ii) necessary to protect human, animal, or plant life or health; or

(iii) related to the conservation of living or non-living exhaustible natural resources.

(d) Paragraphs 1(a), (b), and (c), and 2(a) and (b), do not apply to qualification requirements for goods or services with respect to export promotion and foreign aid programs.

(e) Paragraphs 1(b), (c), (f), and (g), and 2(a) and (b), do not apply to procurement.

(f) Paragraphs 2(a) and (b) do not apply to requirements imposed by an importing Party relating to the content of goods necessary to qualify for preferential tariffs or preferential quotas.

4. For greater certainty, paragraphs 1 and 2 do not apply to any requirement other than the requirements set out in those paragraphs.

5. This Article does not preclude enforcement of any commitment, undertaking, or requirement between private parties, where a Party did not impose or require the commitment, undertaking, or requirement.

Article 10.6: Senior Management and Boards of Directors

1. Neither Party may require that an enterprise of that Party that is a covered investment appoint to senior management positions individuals of any particular nationality.

2. A Party may require that a majority of the board of directors, or any committee thereof, of an enterprise of that Party that is a covered investment, be of a particular nationality, or resident in the territory of the Party, provided that the requirement does not materially impair the ability of the investor to exercise control over its investment.

---

[4] The Parties recognize that a patent does not necessarily confer market power.

Article 10.7: Non-Conforming Measures[5]

1. Articles 10.2, 10.3, 10.5, and 10.6 do not apply to:

   (a) any existing non-conforming measure that is maintained by a Party at:

      (i) the central level of government, as set out by that Party in its Schedule to Annex I,

      (ii) a regional level of government, as set out by that Party in its Schedule to Annex I, or

      (iii) a local level of government;

   (b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

   (c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Articles 10.2, 10.3, 10.5, and 10.6.

2. Articles 10.2, 10.3, 10.5, and 10.6 do not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out in its Schedule to Annex II.

3. Neither Party may, under any measure adopted after the date of entry into force of this Agreement and covered by its Schedule to Annex II, require an investor of the other Party, by reason of its nationality, to sell or otherwise dispose of an investment existing at the time the measure becomes effective.

4. Articles 10.2 and 10.3 do not apply to any measure that is an exception to, or derogation from, the obligations under Article 17.1(6) (General Provisions) as specifically provided for in that Article.

5. Articles 10.2, 10.3, and 10.6 do not apply to:

   (a) procurement; or

   (b) subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.

[5] For greater certainty, Article 10.7 is subject to Annex 10-B.

Article 10.8: Transfers[6]

1. Each Party shall permit all transfers relating to a covered investment to be made freely and without delay into and out of its territory. Such transfers include:

(a) contributions to capital;

(b) profits, dividends, interest, capital gains, royalty payments, management fees, and technical assistance and other fees;

(c) proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;

(d) payments made under a contract entered into by the investor, or the covered investment, including payments made pursuant to a loan agreement;

(e) payments made pursuant to Article 10.4(4) and (5) and Article 10.9; and

(f) payments arising under Section B.

2. Each Party shall permit returns in kind relating to a covered investment to be made as authorized or specified in an investment authorization or other written agreement[7] between the Party and a covered investment or an investor of the other Party.

3. Each Party shall permit transfers relating to a covered investment to be made in a freely usable currency at the market rate of exchange prevailing on the date of transfer.

4. Neither Party may require its investors to transfer, or penalize its investors that fail to transfer, the income, earnings, profits, or other amounts derived from, or attributable to, investments in the territory of the other Party.

5. Notwithstanding paragraphs 1 through 3, a Party may prevent a transfer through the equitable, nondiscriminatory, and good faith application of its laws relating to:

(a) bankruptcy, insolvency, or the protection of the rights of creditors;

(b) issuing, trading, or dealing in securities, futures, or derivatives;

(c) criminal or penal offenses;

(d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities; or

---

[6] For greater certainty, Article 10.8 is subject to Annex 10-C.

[7] Notwithstanding any other provision of this Chapter, this paragraph takes effect on the date of entry into force of this Agreement.

(e) ensuring compliance with orders or judgments in judicial or administrative proceedings.

6. Notwithstanding paragraph 2, a Party may restrict transfers of returns in kind in circumstances where it could otherwise restrict such transfers under this Agreement, including as set out in paragraph 5.

Article 10.9: Expropriation and Compensation[8]

1. Neither Party may expropriate or nationalize a covered investment either directly or indirectly through measures equivalent to expropriation or nationalization ("expropriation"), except:

(a) for a public purpose;

(b) in a non-discriminatory manner;

(c) on payment of prompt, adequate, and effective compensation in accordance with paragraphs 2 through 4; and

(d) in accordance with due process of law and Article 10.4(1) through (3).

2. Compensation shall:

(a) be paid without delay;

(b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place ("the date of expropriation");

(c) not reflect any change in value occurring because the intended expropriation had become known earlier; and

(d) be fully realizable and freely transferable.

3. If the fair market value is denominated in a freely usable currency, the compensation paid shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency, accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation paid – converted into the currency of payment at the market rate of exchange prevailing on the date of payment – shall be no less than:

[8] For greater certainty, Article 10.9 shall be interpreted in accordance with Annex 10-A and Annex 10-D.

(a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date, plus

(b) interest, at a commercially reasonable rate for that freely usable currency, accrued from the date of expropriation until the date of payment.

5. This Article does not apply to the issuance of compulsory licenses granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such revocation, limitation, or creation is consistent with Chapter Seventeen (Intellectual Property Rights).

Article 10.10: Special Formalities and Information Requirements

1. Nothing in Article 10.2 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement that investors be residents of the Party or that covered investments be legally constituted under the laws or regulations of the Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and covered investments pursuant to this Chapter.

2. Notwithstanding Articles 10.2 and 10.3, a Party may require an investor of the other Party, or a covered investment, to provide information concerning that investment solely for informational or statistical purposes. The Party shall protect such information that is confidential from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its domestic law.

Article 10.11: Denial of Benefits

1. A Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if an investor of a non-Party owns or controls the enterprise and the denying Party:

(a) does not maintain diplomatic relations with the non-Party; or

(b) adopts or maintains measures with respect to the non-Party or an investor of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise or to its investments.

2. Subject to Article 22.4 (Consultations), a Party may deny the benefits of this Chapter to:

(a) an investor of the other Party that is an enterprise of such other Party and to investments of that investor if an investor of a non-Party owns or controls the

enterprise and the enterprise has no substantial business activities in the territory of the other Party; or

(b) an investor of the other Party that is an enterprise of such other Party and to investments of that investor if an investor of the denying Party owns or controls the enterprise and the enterprise has no substantial business activities in the territory of the other Party.

Article 10.12: Investment and Environment

Nothing in this Chapter shall be construed to prevent a Party from adopting, maintaining, or enforcing any measure otherwise consistent with this Chapter that it considers appropriate to ensure that investment activity in its territory is undertaken in a manner sensitive to environmental concerns.

Article 10.13: Implementation

The Parties shall consult annually, or as otherwise agreed, to review the implementation of this Chapter and consider any investment matter of mutual interest, including consideration of the development of procedures that could contribute to greater transparency of measures described in Article 10.7(1)(c).

Section B - Investor-State Dispute Settlement

Article 10.14: Consultation and Negotiation

In the event of an investment dispute, the claimant and the respondent should initially seek to resolve the dispute through consultation and negotiation, which may include the use of non-binding, third-party procedures.

Article 10.15: Submission of a Claim to Arbitration[9]

1. In the event that a disputing party considers that an investment dispute cannot be settled by consultation and negotiation:

(a) the claimant, on its own behalf, may submit to arbitration under this Section a claim

(i) that the respondent has breached

(A) an obligation under Section A or Annex 10-F,

(B) an investment authorization, or

[9] For greater certainty, Article 10.15 is subject to Annex 10-E.

(C) an investment agreement;

and

(ii) that the claimant has incurred loss or damage by reason of, or arising out of, that breach; and

(b) the claimant, on behalf of an enterprise of the respondent that is a juridical person that the claimant owns or controls directly or indirectly, may submit to arbitration under this Section a claim

(i) that the respondent has breached

(A) an obligation under Section A or Annex 10-F,

(B) an investment authorization, or

(C) an investment agreement;

and

(ii) that the enterprise has incurred loss or damage by reason of, or arising out of, that breach.

2. For greater certainty, a claimant may submit to arbitration under this Section a claim that the respondent has breached an obligation under Section A or Annex 10-F through the actions of a designated monopoly or a state enterprise exercising delegated government authority as described in Article 16.3(3)(a) (Designated Monopolies) and Article 16.4(2) (State Enterprises), respectively.

3. Without prejudice to Article 12.1(2) (Scope and Coverage), no claim may be submitted under this Section that alleges a violation of any provision of this Agreement other than an obligation under Section A or Annex 10-F.

4. At least 90 days before submitting any claim to arbitration under this Section, a claimant shall deliver to the respondent a written notice of its intention to submit the claim to arbitration ("notice of intent"). The notice shall specify:

(a) the name and address of the claimant and, where a claim is submitted on behalf of an enterprise, the name, address, and place of incorporation of the enterprise;

(b) for each claim, the provision of this Agreement, investment authorization, or investment agreement alleged to have been breached and any other relevant provisions;

(c) the legal and factual basis for each claim; and

(d) the relief sought and the approximate amount of damages claimed.

5. Provided that six months have elapsed since the events giving rise to the claim, a claimant may submit a claim referred to in paragraph 1:

(a) under the ICSID Convention, provided that both the non-disputing Party and the respondent are parties to the ICSID Convention;

(b) under the ICSID Additional Facility Rules, provided that either the non-disputing Party or the respondent, but not both, is a party to the ICSID Convention;

(c) under the UNCITRAL Arbitration Rules; or

(d) if the disputing parties agree, to any other arbitration institution or under any other arbitration rules.

6. A claim shall be deemed submitted to arbitration under this Section when the claimant's notice of or request for arbitration ("notice of arbitration"):

(a) referred to in paragraph 1 of Article 36 of the ICSID Convention is received by the Secretary-General;

(b) referred to in Article 2 of Schedule C of the ICSID Additional Facility Rules is received by the Secretary-General;

(c) referred to in Article 3 of the UNCITRAL Arbitration Rules, together with the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules, are received by the respondent; or

(d) referred to under any other arbitral institution or arbitral rules selected under paragraph 5(d) is received by the respondent.

7. The arbitration rules applicable under paragraph 5, and in effect on the date the claim or claims were submitted to arbitration under this Section, shall govern the arbitration except to the extent modified by this Agreement.

8. The claimant shall provide with the notice of arbitration referred to in paragraph 6:

(a) the name of the arbitrator that the claimant appoints; or

(b) the claimant's written consent for the Secretary-General to appoint the claimant's arbitrator.

Article 10.16: Consent of Each Party to Arbitration

1. Each Party consents to the submission of a claim to arbitration under this Section in accordance with this Agreement.

2. The consent under paragraph 1 and the submission of a claim to arbitration under this Section shall satisfy the requirements of:

(a) Chapter II of the ICSID Convention (Jurisdiction of the Centre) and the ICSID Additional Facility Rules for written consent of the parties to the dispute;

(b) Article II of the New York Convention for an "agreement in writing;" and

(c) Article I of the Inter-American Convention for an "agreement."

Article 10.17: Conditions and Limitations on Consent of Each Party

1. No claim may be submitted to arbitration under this Section if more than three years have elapsed from the date on which the claimant first acquired, or should have first acquired, knowledge of the breach alleged under Article 10.15(1) and knowledge that the claimant (for claims brought under Article 10.15(1)(a)) or the enterprise (for claims brought under Article 10.15(1)(b)) has incurred loss or damage.

2. No claim may be submitted to arbitration under this Section unless:

(a) the claimant consents in writing to arbitration in accordance with the procedures set out in this Agreement; and

(b) the notice of arbitration referred to in Article 10.15(6) is accompanied,

(i) for claims submitted to arbitration under Article 10.15(1)(a), by the claimant's written waiver, and

(ii) for claims submitted to arbitration under Article 10.15(1)(b), by the claimant's and the enterprise's written waivers

of any right to initiate or continue before any administrative tribunal or court under the law of either Party, or other dispute settlement procedures, any proceeding with respect to the events alleged to give rise to the claimed breach.

3. Notwithstanding paragraph 2(b), the claimant (for claims brought under Article 10.15(1)(a)) and the claimant or the enterprise (for claims brought under Article 10.15(1)(b)) may initiate or continue an action that seeks interim injunctive relief and does not involve the payment of monetary damages before a judicial or administrative tribunal of the respondent, provided that the action is brought for the sole purpose of preserving the claimant's or the enterprise's rights and interests during the pendency of the arbitration.

Article 10.18: Selection of Arbitrators

1. Unless the disputing parties otherwise agree, the tribunal shall comprise three arbitrators, one arbitrator appointed by each of the disputing parties and the third, who shall be the presiding arbitrator, appointed by agreement of the disputing parties.

2. The Secretary-General shall serve as appointing authority for an arbitration under this Section.

3. If a tribunal has not been constituted within 75 days from the date that a claim is submitted to arbitration under this Section, the Secretary-General, on the request of a disputing party, shall appoint, in his or her discretion, the arbitrator or arbitrators not yet appointed.

4. For purposes of Article 39 of the ICSID Convention and Article 7 of Schedule C to the ICSID Additional Facility Rules, and without prejudice to an objection to an arbitrator on a ground other than nationality:

(a) the respondent agrees to the appointment of each individual member of a tribunal established under the ICSID Convention or the ICSID Additional Facility Rules;

(b) a claimant referred to in Article 10.15(1)(a) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant agrees in writing to the appointment of each individual member of the tribunal; and

(c) a claimant referred to in Article 10.15(1)(b) may submit a claim to arbitration under this Section, or continue a claim, under the ICSID Convention or the ICSID Additional Facility Rules, only on condition that the claimant and the enterprise agree in writing to the appointment of each individual member of the tribunal.

Article 10.19: Conduct of the Arbitration

1. The disputing parties may agree on the legal place of any arbitration under the arbitral rules applicable under Article 10.15(5)(b), (c), or (d). If the disputing parties fail to reach agreement, the tribunal shall determine the place in accordance with the applicable arbitral rules, provided that the place shall be in the territory of a State that is a party to the New York Convention.

2. The non-disputing Party may make oral and written submissions to the tribunal regarding the interpretation of this Agreement.

3. The tribunal shall have the authority to accept and consider *amicus curiae* submissions from a person or entity that is not a disputing party (the "submitter"). The submissions shall be provided in both Spanish and English, and shall identify the submitter

and any Party, other government, person, or organization, other than the submitter, that has provided, or will provide, any financial or other assistance in preparing the submission.

4. Without prejudice to a tribunal's authority to address other objections as a preliminary question, such as an objection that a dispute is not within a tribunal's competence, a tribunal shall address and decide as a preliminary question any objection by the respondent that, as a matter of law, a claim submitted is not a claim for which an award in favor of the claimant may be made under Article 10.25.

(a) Such objection shall be submitted to the tribunal as soon as possible after the tribunal is constituted, and in no event later than the date the tribunal fixes for the respondent to submit its counter-memorial (or, in the case of an amendment to the notice of arbitration referred to in Article 10.15(6), the date the tribunal fixes for the respondent to submit its response to the amendment).

(b) On receipt of an objection under this paragraph, the tribunal shall suspend any proceedings on the merits, establish a schedule for considering the objection consistent with any schedule it has established for considering any other preliminary question, and issue a decision or award on the objection, stating the grounds therefor.

(c) In deciding an objection under this paragraph, the tribunal shall assume to be true claimant's factual allegations in support of any claim in the notice of arbitration (or any amendment thereof) and, in disputes brought under the UNCITRAL Arbitration Rules, the statement of claim referred to in Article 18 of the UNCITRAL Arbitration Rules. The tribunal may also consider any relevant facts not in dispute.

(d) The respondent does not waive any objection as to competence or any argument on the merits merely because the respondent did or did not raise an objection under this paragraph or make use of the expedited procedure set out in the following paragraph.

5. In the event that the respondent so requests within 45 days after the tribunal is constituted, the tribunal shall decide on an expedited basis an objection under paragraph 4 or any objection that the dispute is not within the tribunal's competence. The tribunal shall suspend any proceedings on the merits and issue a decision or award on the objection(s), stating the grounds therefor, no later than 150 days after the date of the request. However, if a disputing party requests a hearing, the tribunal may take an additional 30 days to issue the decision or award. Regardless of whether a hearing is requested, a tribunal may, on a showing of extraordinary cause, delay issuing its decision or award by an additional brief period of time, which may not exceed 30 days.

6. When it decides a respondent's objection under paragraph 4 or 5, the tribunal may, if warranted, award to the prevailing disputing party reasonable costs and attorneys' fees

incurred in submitting or opposing the objection. In determining whether such an award is warranted, the tribunal shall consider whether either the claimant's claim or the respondent's objection was frivolous, and shall provide the disputing parties a reasonable opportunity to comment.

7. A respondent may not assert as a defense, counterclaim, right of set-off, or for any other reason that the claimant has received or will receive indemnification or other compensation for all or part of the alleged damages pursuant to an insurance or guarantee contract.

8. A tribunal may order an interim measure of protection to preserve the rights of a disputing party, or to ensure that the tribunal's jurisdiction is made fully effective, including an order to preserve evidence in the possession or control of a disputing party or to protect the tribunal's jurisdiction. A tribunal may not order attachment or enjoin the application of a measure alleged to constitute a breach referred to in Article 10.15. For purposes of this paragraph, an order includes a recommendation.

9. (a) At the request of a disputing party, a tribunal shall, before issuing an award on liability, transmit its proposed award to the disputing parties and to the non-disputing Party. Within 60 days after the tribunal transmits its proposed award, only the disputing parties may submit written comments to the tribunal concerning any aspect of its proposed award. The tribunal shall consider any such comments and issue its award not later than 45 days after the expiration of the 60-day comment period.

(b) Subparagraph (a) shall not apply in any arbitration for which an appeal has been made available pursuant to paragraph 10.

10. If a separate multilateral agreement enters into force as between the Parties that establishes an appellate body for purposes of reviewing awards rendered by tribunals constituted pursuant to international trade or investment agreements to hear investment disputes, the Parties shall strive to reach an agreement that would have such appellate body review awards rendered under Article 10.25 in arbitrations commenced after the appellate body's establishment.

Article 10.20: Transparency of Arbitral Proceedings

1. Subject to paragraphs 2 and 4, the respondent shall, after receiving the following documents, promptly transmit them to the non-disputing Party and make them available to the public:

(a) the notice of intent referred to in Article 10.15(4);

(b) the notice of arbitration referred to in Article 10.15(6);

(c) pleadings, memorials, and briefs submitted to the tribunal by a disputing party and any written submissions submitted pursuant to Article 10.19(2) and (3) and Article 10.24;

(d) minutes or transcripts of hearings of the tribunal, where available; and

(e) orders, awards, and decisions of the tribunal.

2. The tribunal shall conduct hearings open to the public and shall determine, in consultation with the disputing parties, the appropriate logistical arrangements. However, any disputing party that intends to use information designated as confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law in a hearing shall so advise the tribunal. The tribunal shall make appropriate arrangements to protect the information from disclosure.

3. Nothing in this Section requires a respondent to disclose confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law or to furnish or allow access to information that it may withhold in accordance with Article 23.2 (Essential Security) or Article 23.5 (Disclosure of Information).

4. Confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law shall, if such information is submitted to the tribunal, be protected from disclosure in accordance with the following procedures:

(a) Subject to subparagraph (d), neither the disputing parties nor the tribunal shall disclose to the non-disputing Party or to the public any confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law where the disputing party that provided the information clearly designates it in accordance with subparagraph (b);

(b) Any disputing party claiming that certain information constitutes confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law shall clearly designate the information at the time it is submitted to the tribunal;

(c) A disputing party shall, at the same time that it submits a document containing information claimed to be confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law, submit a redacted version of the document that does not contain the information. Only the redacted version shall be provided to the non-disputing Party and made public in accordance with paragraph 1; and

(d) The tribunal shall decide any objection regarding the designation of information claimed to be confidential business information or information that is privileged or otherwise protected from disclosure under a Party's law. If the tribunal determines that such information was not properly designated, the disputing party that submitted the information may:

(i) withdraw all or part of its submission containing such information; or

(ii) agree to resubmit complete and redacted documents with corrected designations in accordance with the tribunal's determination and subparagraph (c).

In either case, the other disputing party shall, whenever necessary, resubmit complete and redacted documents which either remove the information withdrawn under subparagraph (d)(i) by the disputing party that first submitted the information or redesignate the information consistent with the designation under subparagraph (d)(ii) of the disputing party that first submitted the information.

5. Nothing in this Section authorizes a respondent to withhold from the public information required to be disclosed by its laws.

Article 10.21: Governing Law

1. Subject to paragraph 3, when a claim is submitted under Article 10.15(1)(a)(i)(A) or Article 10.15(1)(b)(i)(A), the tribunal shall decide the issues in dispute in accordance with this Agreement and applicable rules of international law.

2. Subject to paragraph 3, when a claim is submitted under Article 10.15(1)(a)(i)(B) or (C), or Article 10.15(1)(b)(i)(B) or (C), the tribunal shall decide the issues in dispute in accordance with the rules of law specified in the pertinent investment agreement or investment authorization, or as the disputing parties may otherwise agree. If the rules of law have not been specified or otherwise agreed, the tribunal shall apply the law of the respondent (including its rules on the conflict of laws), the terms of the investment agreement or investment authorization, such rules of international law as may be applicable, and this Agreement.

3. A decision of the Commission declaring its interpretation of a provision of this Agreement under Article 21.1 (Free Trade Commission) shall be binding on a tribunal established under this Section, and any award must be consistent with that decision.

Article 10.22: Interpretation of Annexes

1. Where a respondent asserts as a defense that the measure alleged to be a breach is within the scope of a non-conforming measure set out in Annex I or Annex II, the tribunal shall, on request of the respondent, request the interpretation of the Commission on the issue. The Commission shall submit in writing any decision declaring its interpretation under Article 21.1 (Free Trade Commission) to the tribunal within 60 days of delivery of the request.

2. A decision issued by the Commission under paragraph 1 shall be binding on the tribunal, and any award must be consistent with that decision. If the Commission fails to issue such a decision within 60 days, the tribunal shall decide the issue.

Article 10.23: Expert Reports

Without prejudice to the appointment of other kinds of experts where authorized by the applicable arbitration rules, a tribunal, at the request of a disputing party or, unless the disputing parties disapprove, on its own initiative, may appoint one or more experts to report to it in writing on any factual issue concerning environmental, health, safety, or other scientific matters raised by a disputing party in a proceeding, subject to such terms and conditions as the disputing parties may agree.

Article 10.24: Consolidation

1. Where two or more claims have been submitted separately to arbitration under Article 10.15(1) and the claims have a question of law or fact in common and arise out of the same events or circumstances, any disputing party may seek a consolidation order in accordance with the agreement of all the disputing parties sought to be covered by the order or the terms of paragraphs 2 through 10.

2. A disputing party that seeks a consolidation order under this Article shall deliver, in writing, a request to the Secretary-General and to all the disputing parties sought to be covered by the order and shall specify in the request:

(a) the names and addresses of all the disputing parties sought to be covered by the order;

(b) the nature of the order sought; and

(c) the grounds on which the order is sought.

3. Unless the Secretary-General finds within 30 days after receiving a request under paragraph 2 that the request is manifestly unfounded, a tribunal shall be established under this Article.

4. Unless all the disputing parties sought to be covered by the order otherwise agree, a tribunal established under this Article shall comprise three arbitrators:

(a) one arbitrator appointed by agreement of the claimants;

(b) one arbitrator appointed by the respondent; and

(c) the presiding arbitrator appointed by the Secretary-General, provided, however, that the presiding arbitrator shall not be a national of either Party.

5. If, within 60 days after the Secretary-General receives a request made under paragraph 2, the respondent fails or the claimants fail to appoint an arbitrator in accordance with paragraph 4, the Secretary-General, on the request of any disputing party sought to be covered by the order, shall appoint the arbitrator or arbitrators not yet appointed. If the respondent fails to appoint an arbitrator, the Secretary-General shall appoint a national of the

respondent, and if the claimants fail to appoint an arbitrator, the Secretary-General shall appoint a national of the non-disputing Party.

6. Where a tribunal established under this Article is satisfied that two or more claims that have been submitted to arbitration under Article 10.15(1) have a question of law or fact in common, and arise out of the same events or circumstances, the tribunal may, in the interest of fair and efficient resolution of the claims, and after hearing the disputing parties, by order:

(a) assume jurisdiction over, and hear and determine together, all or part of the claims;

(b) assume jurisdiction over, and hear and determine one or more of the claims, the determination of which it believes would assist in the resolution of the others; or

(c) instruct a tribunal previously established under Article 10.18 to assume jurisdiction over, and hear and determine together, all or part of the claims, provided that

(i) that tribunal, at the request of any claimant not previously a disputing party before that tribunal, shall be reconstituted with its original members, except that the arbitrator for the claimants shall be appointed pursuant to paragraphs 4(a) and 5; and

(ii) that tribunal shall decide whether any prior hearing shall be repeated.

7. Where a tribunal has been established under this Article, a claimant that has submitted a claim to arbitration under Article 10.15(1) and that has not been named in a request made under paragraph 2 may make a written request to the tribunal that it be included in any order made under paragraph 6, and shall specify in the request:

(a) the name and address of the claimant;

(b) the nature of the order sought; and

(c) the grounds on which the order is sought.

The claimant shall deliver a copy of its request to the Secretary-General.

8. A tribunal established under this Article shall conduct its proceedings in accordance with the UNCITRAL Arbitration Rules, except as modified by this Section.

9. A tribunal established under Article 10.18 shall not have jurisdiction to decide a claim, or a part of a claim, over which a tribunal established or instructed under this Article has assumed jurisdiction.

10. On application of a disputing party, a tribunal established under this Article, pending its decision under paragraph 6, may order that the proceedings of a tribunal established under Article 10.18 be stayed, unless the latter tribunal has already adjourned its proceedings.

Article 10.25: Awards

1. Where a tribunal makes a final award against a respondent, the tribunal may award, separately or in combination, only:

(a) monetary damages and any applicable interest;

(b) restitution of property, in which case the award shall provide that the respondent may pay monetary damages and any applicable interest in lieu of restitution.

A tribunal may also award costs and attorneys' fees in accordance with this Section and the applicable arbitration rules.

2. Subject to paragraph 1, where a claim is submitted to arbitration under Article 10.15(1)(b):

(a) an award of restitution of property shall provide that restitution be made to the enterprise;

(b) an award of monetary damages and any applicable interest shall provide that the sum be paid to the enterprise; and

(c) the award shall provide that it is made without prejudice to any right that any person may have in the relief under applicable domestic law.

3. A tribunal may not award punitive damages.

4. An award made by a tribunal shall have no binding force except between the disputing parties and in respect of the particular case.

5. Subject to paragraph 6 and the applicable review procedure for an interim award, a disputing party shall abide by and comply with an award without delay.

6. A disputing party may not seek enforcement of a final award until:

(a) in the case of a final award made under the ICSID Convention

(i) 120 days have elapsed from the date the award was rendered and no disputing party has requested revision or annulment of the award; or

(ii) revision or annulment proceedings have been completed; and

(b) in the case of a final award under the ICSID Additional Facility Rules, the UNCITRAL Arbitration Rules, or the rules selected pursuant to Article 10.15(5)(d)

(i) 90 days have elapsed from the date the award was rendered and no disputing party has commenced a proceeding to revise, set aside, or annul the award, or

(ii) a court has dismissed or allowed an application to revise, set aside, or annul the award and there is no further appeal.

7. Each Party shall provide for the enforcement of an award in its territory.

8. If the respondent fails to abide by or comply with a final award, on delivery of a request by the non-disputing Party, a panel shall be established under Article 22.6 (Request for an Arbitral Panel). The requesting Party may seek in such proceedings:

(a) a determination that the failure to abide by or comply with the final award is inconsistent with the obligations of this Agreement; and

(b) if the Parties agree, a recommendation that the respondent abide by or comply with the final award.

9. A disputing party may seek enforcement of an arbitration award under the ICSID Convention, the New York Convention, or the Inter-American Convention regardless of whether proceedings have been taken under paragraph 8.

10. A claim that is submitted to arbitration under this Section shall be considered to arise out of a commercial relationship or transaction for purposes of Article I of the New York Convention and Article I of the Inter-American Convention.

Article 10.26: Service of Documents

Delivery of notice and other documents on a Party shall be made to the place named for that Party in Annex 10-G.

Section C - Definitions

Article 10.27: Definitions

For purposes of this Chapter:

Centre means the International Centre for Settlement of Investment Disputes (ICSID) established by the ICSID Convention;

claimant means an investor of a Party that is a party to an investment dispute with the other Party;

disputing parties means the claimant and the respondent;

disputing party means either the claimant or the respondent;

enterprise means an "enterprise" as defined in Article 2.1 (Definitions of General Application), and a branch of an enterprise;

enterprise of a Party means an enterprise constituted or organized under the law of a Party, and a branch located in the territory of a Party and carrying out business activities there;

freely usable currency means "freely usable currency" as determined by the International Monetary Fund under its *Articles of Agreement*;

ICSID Additional Facility Rules means the *Rules Governing the Additional Facility for the Administration of Proceedings by the Secretariat of the International Centre for Settlement of Investment Disputes*;

ICSID Convention means the Convention on the Settlement of Investment Disputes between States and Nationals of other States, done at Washington, March 18, 1965;

Inter-American Convention means the Inter-American Convention on International Commercial Arbitration, done at Panama, January 30, 1975;

investment means every asset that an investor owns or controls, directly or indirectly, that has the characteristics of an investment, including such characteristics as the commitment of capital or other resources, the expectation of gain or profit, or the assumption of risk. Forms that an investment may take include:

(a) an enterprise;

(b) shares, stock, and other forms of equity participation in an enterprise;

(c) bonds, debentures, loans, and other debt instruments;[10]

(d) futures, options, and other derivatives;

(e) rights under contract, including turnkey, construction, management, production, concession, or revenue-sharing contracts;

(f) intellectual property rights;

---

[10] Some forms of debt, such as bonds, debentures, and long-term notes, are more likely to have the characteristics of an investment, while other forms of debt, such as claims to payment that are immediately due and result from the sale of goods or services, are less likely to have such characteristics.

(g) rights conferred pursuant to domestic law, such as concessions, licenses, authorizations, and permits;[11] and

(h) other tangible or intangible, movable or immovable property, and related property rights, such as leases, mortgages, liens, and pledges;

but investment does not mean an order or judgment entered in a judicial or administrative action;

investment agreement means a written agreement[12] that takes effect at least two years after the date of entry into force of this Agreement between a national authority[13] of a Party and a covered investment or an investor of the other Party:

(a) that grants rights with respect to natural resources or other assets that a national authority controls; and

(b) that the covered investment or the investor relies on in establishing or acquiring a covered investment;

investment authorization means an authorization that the foreign investment authority of a Party grants to a covered investment or an investor of the other Party;[14]

investor of a non-Party means, with respect to a Party, an investor that attempts to make, is making, or has made an investment in the territory of that Party, that is not an investor of either Party;

investor of a Party means a Party or state enterprise thereof, or a national or an enterprise of a Party, that attempts to make, is making, or has made an investment in the territory of the other Party; provided, however, that a natural person who is a dual national shall be deemed to be exclusively a national of the State of his/her dominant and effective nationality;

---

[11] Whether a particular right conferred pursuant to domestic law, as referred to in paragraph (g), has the characteristics of an investment depends on such factors as the nature and extent of the rights that the holder has under the domestic law of the Party. Among such rights that do not have the characteristics of an investment are those that do not create any rights protected under domestic law. For greater certainty, the foregoing is without prejudice to whether any asset associated with such right has the characteristics of an investment.

[12] For purposes of this definition, "written agreement" means an agreement in writing, executed and entered into by both parties or their representatives, which sets forth an exchange of rights and obligations, for value. Neither a unilateral act of an administrative or judicial authority, such as a decree, order, or judgment, nor a consent decree, shall be considered a written agreement.

[13] For purposes of this definition, "national authority" means (a) for the United States, an authority at the central level of government; and (b) for Chile, an authority at the ministerial level of government. "National authority" does not include state enterprises.

[14] The Parties recognize that neither Party has a foreign investment authority, as of the date this Agreement enters into force.

monopoly means "monopoly" as defined in Article 16.9 (Definitions);

New York Convention means the *United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards*, done at New York, June 10, 1958;

non-disputing Party means the Party that is not a party to an investment dispute;

respondent means the Party that is a party to an investment dispute;

Secretary-General means the Secretary-General of ICSID;

tribunal means an arbitration tribunal established under Article 10.18 or 10.24; and

UNCITRAL Arbitration Rules means the arbitration rules of the United Nations Commission on International Trade Law.

Annex 10-A

Customary International Law

The Parties confirm their shared understanding that "customary international law" generally and as specifically referenced in Articles 10.4 and 10.9 results from a general and consistent practice of States that they follow from a sense of legal obligation. With regard to Article 10.4, the customary international law minimum standard of treatment of aliens refers to all customary international law principles that protect the economic rights and interests of aliens.

Annex 10-B

Public Debt

Chile

The rescheduling of the debts of Chile, or of its appropriate institutions owned or controlled through ownership interests by Chile, owed to the United States and the rescheduling of its debts owed to creditors in general are not subject to any provision of Section A other than Articles 10.2 and 10.3.

Annex 10-C

Special Dispute Settlement Provisions

Chile

1. Where a claimant submits a claim alleging that Chile has breached an obligation under Section A, other than Article 10.3, that arises from its imposition of restrictive measures with regard to payments and transfers, Section B shall apply except as modified below:

(a) A claimant may submit any such claim only after one year has elapsed since the events giving rise to the claim;

(b) If the claim is submitted under Article 10.15(1)(b), the claimant may, on behalf of the enterprise, only seek damages with respect to the shares of the enterprise for which the claimant has a beneficial interest;

(c) Loss or damages arising from restrictive measures on capital inflows shall be limited to the reduction in value of the transfers and shall exclude loss of profits or business and any similar consequential or incidental damages;

(d) Paragraph 1(a) shall not apply to claims that arise from restrictions on:

(i) transfers of proceeds of foreign direct investment by investors of the United States, excluding external debt financing covered in subparagraph (d)(ii), and excluding investments designed with the purpose of gaining direct or indirect access to the financial market; or

(ii) payments pursuant to a loan or bond issued in a foreign market, including inter- and intra-company debt financing between affiliated enterprises made exclusively for the conduct, operation, management, or expansion of such affiliated enterprises, provided that these payments are made in accordance with the maturity date agreed on in the loan or bond agreement;

(e) Excluding restrictive measures referred to in paragraph 1(d), Chile shall incur no liability, and shall not be subject to claims, for damages arising from its imposition of restrictive measures with regard to payments and transfers that were incurred within one year from the date on which the restrictions were imposed, provided that such restrictive measures do not substantially impede transfers;

(f) A restrictive measure of Chile with regard to payments and transfers that is consistent with this Annex shall be deemed not to contravene Article 10.2 provided that, as required under existing Chilean law, it does not discriminate among investors that enter into transactions of the same nature; and

(g) Claims arising from Chile's imposition of restrictive measures with regard to payments and transfers shall not be subject to Article 10.24 unless Chile consents.

2. The United States may not request the establishment of an arbitral panel under Chapter Twenty-Two (Dispute Settlement) relating to Chile's imposition of restrictive measures with regard to payments and transfers until one year has elapsed since the events giving rise to the dispute.

3. Restrictive measures on payments and transfers related to claims under this Annex shall otherwise be subject to applicable domestic law.

Annex 10-D

Expropriation

The Parties confirm their shared understanding that:

1. Article 10.9(1) is intended to reflect customary international law concerning the obligation of States with respect to expropriation.

2. An action or a series of actions by a Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest in an investment.

3. Article 10.9(1) addresses two situations. The first is direct expropriation, where an investment is nationalized or otherwise directly expropriated through formal transfer of title or outright seizure.

4. The second situation addressed by Article 10.9(1) is indirect expropriation, where an action or series of actions by a Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

(a) The determination of whether an action or series of actions by a Party, in a specific fact situation, constitutes an indirect expropriation, requires a case-by-case, fact-based inquiry that considers, among other factors:

(i) the economic impact of the government action, although the fact that an action or series of actions by a Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;

(ii) the extent to which the government action interferes with distinct, reasonable investment-backed expectations; and

(iii) the character of the government action.

(b) Except in rare circumstances, nondiscriminatory regulatory actions by a Party that are designed and applied to protect legitimate public welfare objectives, such as public health, safety, and the environment, do not constitute indirect expropriations.

Annex 10-E

Submission of a Claim to Arbitration

Chile

1. An investor of the United States may not submit to arbitration under Section B:

   (a) a claim that Chile has breached an obligation under Section A or Annex 10-F either:

      (i) on its own behalf under Article 10.15(1)(a), or

      (ii) on behalf of an enterprise of Chile that is a juridical person that the investor owns or controls directly or indirectly under Article 10.15(1)(b),

   if the investor or the enterprise, respectively, has alleged that breach of an obligation under Section A or Annex 10-F in proceedings before a court or administrative tribunal of Chile; or

   (b) a claim that Chile has breached an investment agreement or investment authorization either:

      (i) on its own behalf under Article 10.15(1)(a), or

      (ii) on behalf of an enterprise of Chile that is a juridical person that the investor owns or controls directly or indirectly under Article 10.15(1)(b),

   if the investor or the enterprise, respectively, has alleged that breach of an investment agreement or investment authorization in proceedings before a court or administrative tribunal of Chile.

2. For greater certainty, if an investor of the United States elects to submit a claim of the type described in this Annex to a court or administrative tribunal of Chile, that election shall be definitive and the investor may not thereafter submit the claim to arbitration under Section B.

Annex 10-F

DL 600

Chile

1. Without prejudice to paragraphs 3 through 7, Chile shall accord to an investor of the United States or to a covered investment that is a party to an investment contract under *Estatuto de la Inversión Extranjera, Decreto Ley 600 de 1974* (DL 600) the better of the treatment required under this Agreement or the treatment under the investment contract.

2. Without prejudice to paragraphs 3 through 7, Chile shall permit an investor of the United States or a covered investment that has entered into an investment contract under DL 600 to amend the investment contract to make it consistent with Chile's obligations under this Agreement.

3. Subject to paragraph 4, when an investor of the United States or a covered investment has entered into an investment contract under DL 600, an investor, on its own behalf or on behalf of the investment, may only submit a claim against Chile under Section B with regard to the contract if the investor alleges that Chile has breached an obligation under:

(a) Section A in connection with the investment contract; or

(b) this Annex;

provided, however, that such an investor may not submit any claim under Section B on the basis of the equity/debt ratio requirement of an investment contract under DL 600 except for claims that Chile has accorded the investor or its covered investment treatment less favorable than Chile accords under DL 600 to an investor of a non-Party or its investment in like circumstances.

4. When an investor of the United States or a covered investment has entered into an investment contract under DL 600, and the investor, on its own behalf or on behalf of the investment, claims that Chile has breached the tax provisions of that contract, it shall, with regard to that claim, only have recourse to the dispute settlement provisions of the investment contract or the dispute settlement provisions of this Agreement relevant to taxation measures.

5. For greater certainty, execution of an investment contract under DL 600 by an investor of the United States or a covered investment does not create any right on the part of the investor or covered investment to engage in particular activities in Chile.

6. Nothing in this Agreement shall limit the right of Chile's *Comite de Inversiones Extranjeras*, its *Vicepresidencia Ejecutiva*, or their successors to decide whether to authorize an investor of the United States or a covered investment to enter into an investment contract

under DL 600, or to establish conditions in such contract, provided that Chile does so in a manner that is not inconsistent with Chile's obligations under Section A.

7. Notwithstanding any other provision in this Agreement, Chile may prohibit an investor of the United States or a covered investment from transferring from Chile proceeds of the sale of all or any part of an investment made pursuant to a contract under DL 600 for up to one year after the date that the investor or covered investment transferred funds to Chile to establish the investment.

Annex 10-H

Possibility of a Bilateral Appellate Body/Mechanism

Within three years after the date of entry into force of this Agreement, the Parties shall consider whether to establish a bilateral appellate body or similar mechanism to review awards rendered under Article 10.25 in arbitrations commenced after they establish the appellate body or similar mechanism.

Chapter Eleven

Cross-Border Trade in Services

Article 11.1: Scope and Coverage

1. This Chapter applies to measures adopted or maintained by a Party affecting cross-border trade in services by service suppliers of the other Party. Such measures include measures affecting:

(a) the production, distribution, marketing, sale, and delivery of a service;

(b) the purchase or use of, or payment for, a service;

(c) the access to and use of distribution, transport, or telecommunications networks and services in connection with the supply of a service;

(d) the presence in its territory of a service supplier of the other Party; and

(e) the provision of a bond or other form of financial security as a condition for the supply of a service.

2. For purposes of this Chapter, "measures adopted or maintained by a Party" means measures adopted or maintained by:

(a) central, regional, or local governments and authorities; and

(b) non-governmental bodies in the exercise of powers delegated by central, regional, or local governments or authorities.

3. Articles 11.4, 11.7, and 11.8 also apply to measures by a Party affecting the supply of a service in its territory by an investor of the other Party as defined in Article 10.27 (Definitions) or a covered investment.[1]

4. This Chapter does not apply to:

(a) financial services, as defined in Article 12.19 (Definitions), except as provided in paragraph 3;

(b) air services, including domestic and international air transportation services, whether scheduled or non-scheduled, and related services in support of air services, other than:

[1] The Parties understand that nothing in this Chapter, including this paragraph, is subject to investor-state dispute settlement pursuant to Section B of Chapter Ten (Investment).

(i) aircraft repair and maintenance services during which an aircraft is withdrawn from service, and

(ii) specialty air services;

(c) procurement; or

(d) subsidies or grants provided by a Party or a state enterprise, including government-supported loans, guarantees, and insurance.

5. This Chapter does not impose any obligation on a Party with respect to a national of the other Party seeking access to its employment market, or employed on a permanent basis in its territory, and does not confer any right on that national with respect to that access or employment.

6. This Chapter does not apply to services supplied in the exercise of governmental authority. A "service supplied in the exercise of governmental authority" means any service which is supplied neither on a commercial basis, nor in competition with one or more service suppliers.

Article 11.2: National Treatment

1. Each Party shall accord to service suppliers[2] of the other Party treatment no less favorable than that it accords, in like circumstances, to its own service suppliers.

2. The treatment to be accorded by a Party under paragraph 1 means, with respect to a regional level of government, treatment no less favorable than the most favorable treatment accorded, in like circumstances, by that regional level of government to service suppliers of the Party of which it forms a part.

Article 11.3: Most-Favored-Nation Treatment

Each Party shall accord to service suppliers[3] of the other Party treatment no less favorable than that it accords, in like circumstances, to service suppliers of a non-Party.

Article 11.4: Market Access

Neither Party may, either on the basis of a regional subdivision or on the basis of its entire territory, adopt or maintain measures that:

(a) impose limitations on:

---

[2] The Parties understand that "service suppliers" has the same meaning as "services and service suppliers" in Article XVII:1 of GATS.

[3] The Parties understand that "service suppliers" has the same meaning as "services and service suppliers" in Article II:1 of GATS.

(i) the number of service suppliers,[4] whether in the form of numerical quotas, monopolies, exclusive service suppliers, or the requirement of an economic needs test,

(ii) the total value of service transactions or assets in the form of numerical quotas or the requirement of an economic needs test,

(iii) the total number of service operations or on the total quantity of services output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test,[5] or

(iv) the total number of natural persons that may be employed in a particular service sector or that a service supplier may employ and who are necessary for, and directly related to, the supply of a specific service in the form of a numerical quotas or the requirement of an economic needs test; or

(b) restrict or require specific types of legal entity or joint venture through which a service supplier may supply a service.

Article 11.5: Local Presence

Neither Party may require a service supplier of the other Party to establish or maintain a representative office or any form of enterprise, or to be resident, in its territory as a condition for the cross-border supply of a service.

Article 11.6: Non-conforming Measures

1. Articles 11.2, 11.3, 11.4, and 11.5 do not apply to:

(a) any existing non-conforming measure that is maintained by a Party at:

(i) the central level of government, as set out by that Party in its Schedule to Annex I,

(ii) a regional level of government, as set out by that Party in its Schedule to Annex I, or

(iii) a local level of government;

(b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

---

[4] The Parties understand that "service suppliers" has the same meaning as "service and service suppliers" in Article XVI of GATS.

[5] This clause does not cover measures of a Party which limit inputs for the supply of services.

(c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with Articles 11.2, 11.3 , 11.4, or 11.5.

2. Articles 11.2, 11.3, 11.4, and 11.5 do not apply to any measure that a Party adopts or maintains with respect to sectors, sub-sectors, or activities, as set out in its Schedule to Annex II.

3. Annex 11.6 sets out specific commitments by the Parties.

Article 11.7: Transparency in Development and Application of Regulations[6]

Further to Chapter Twenty (Transparency):

(a) each Party shall maintain or establish appropriate mechanisms for responding to inquiries from interested persons regarding their regulations relating to the subject matter of this Chapter;[7]

(b) at the time it adopts final regulations relating to the subject matter of this Chapter, each Party shall, to the extent possible, including upon request, address in writing substantive comments received from interested persons with respect to the proposed regulations; and

(c) to the extent possible, each Party shall allow a reasonable period of time between publication of final regulations and their effective date.

Article 11.8: Domestic Regulation

1. Where a Party requires authorization for the supply of a service, the competent authorities of that Party shall, within a reasonable period of time after the submission of an application considered complete under domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of the Party shall provide, without undue delay, information concerning the status of the application. This obligation shall not apply to authorization requirements that are within the scope of Article 11.6(2).

2. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards, and licensing requirements do not constitute unnecessary barriers to trade in services, each Party shall endeavor to ensure, as appropriate for individual sectors, that any such measures that it adopts or maintains are:

---

[6] For greater certainty, "regulations" includes regulations establishing or applying to licensing authorization or criteria.

[7] Chile's implementation of its obligation to establish appropriate mechanisms for small administrative agencies may need to take into account resource and budget constraints.

(a) based on objective and transparent criteria, such as competence and the ability to supply the service;

(b) not more burdensome than necessary to ensure the quality of the service; and

(c) in the case of licensing procedures, not in themselves a restriction on the supply of the service.

3. If the results of the negotiations related to Article VI:4 of GATS (or the results of any similar negotiations undertaken in other multilateral fora in which both Parties participate) enter into effect, this Article shall be amended, as appropriate, after consultations between the Parties, to bring those results into effect under this Agreement. The Parties agree to coordinate on such negotiations as appropriate.

Article 11.9: Mutual Recognition

1. For the purposes of the fulfillment, in whole or in part, of its standards or criteria for the authorization, licensing, or certification of services suppliers, and subject to the requirements of paragraph 4, a Party may recognize the education or experience obtained, requirements met, or licenses or certifications granted in a particular country. Such recognition, which may be achieved through harmonization or otherwise, may be based upon an agreement or arrangement with the country concerned or may be accorded autonomously.

2. Where a Party recognizes, autonomously or by agreement or arrangement, the education or experience obtained, requirements met, or licenses or certifications granted in the territory of a non-Party, nothing in Article 11.3 shall be construed to require the Party to accord such recognition to the education or experience obtained, requirements met, or licenses or certifications granted in the territory of the other Party.

3. A Party that is a party to an agreement or arrangement of the type referred to in paragraph 1, whether existing or future, shall afford adequate opportunity for the other Party, if the other Party is interested, to negotiate its accession to such an agreement or arrangement or to negotiate comparable ones with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that education, experience, licenses, or certifications obtained or requirements met in that other Party's territory should be recognized.

4. A Party shall not accord recognition in a manner which would constitute a means of discrimination between countries in the application of its standards or criteria for the authorization, licensing, or certification of services suppliers, or a disguised restriction on trade in services.

5. Annex 11.9 applies to measures adopted or maintained by a Party relating to the licensing or certification of professional service suppliers as set out in the provisions of that Annex.

Article 11.10: Implementation

The Parties shall consult annually, or as otherwise agreed, to review the implementation of this Chapter and consider other trade in services issues of mutual interest. Among other issues, the Parties will consult with a view to determining the feasibility of removing any remaining citizenship or permanent residency requirement for the licensing or certification of each other's services suppliers. Such consultations will also include consideration of the development of procedures that could contribute to greater transparency of measures described in Article 11.6(1)(c).

Article 11.11: Denial of Benefits

1. A Party may deny the benefits of this Chapter to a service supplier of the other Party if the service is being supplied by an enterprise owned or controlled by nationals of a non-Party, and the denying Party:

(a) does not maintain diplomatic relations with the non-Party; or

(b) adopts or maintains measures with respect to the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise.

2. Subject to Article 22.4 (Consultations), a Party may deny the benefits of this Chapter to:

(a) service suppliers of the other Party where the service is being supplied by an enterprise that is owned or controlled by persons of a non-Party and the enterprise has no substantial business activities in the territory of the other Party, or

(b) service suppliers of the other Party where the service is being supplied by an enterprise that is owned or controlled by persons of the denying Party and the enterprise has no substantial business activities in the territory of the other Party.

Article 11.12: Definitions

For purposes of this Chapter:

cross-border trade in services or **cross-border supply of services** means the supply of a service:

(a) from the territory of one Party into the territory of the other Party;

(b) in the territory of one Party by a person of that Party to a person of the other Party; or

(c) by a national of a Party in the territory of the other Party,

but does not include the supply of a service in the territory of a Party by an investor of the other Party as defined in Article 10.27 (Investment-Definitions) or a covered investment;

enterprise means an "enterprise" as defined in Article 2.1 (Definitions of General Application), and a branch of an enterprise;

enterprise of a Party means an enterprise constituted or organized under the law of a Party, and a branch located in the territory of a Party and carrying out business activities there;

professional services means services, the provision of which requires specialized post-secondary education, or equivalent training or experience, and for which the right to practice is granted or restricted by a Party, but does not include services provided by trades-persons or vessel and aircraft crew members;

service supplier of a Party means a person of a Party that seeks to supply or supplies a service; and

specialty air services means any non-transportation air services, such as aerial fire-fighting, sightseeing, spraying, surveying, mapping, photography, parachute jumping, glider towing, and helicopter-lift for logging and construction, and other airborne agricultural, industrial, and inspection services.

Annex 11.6

Express Delivery

1. The Parties affirm that measures affecting express delivery services are subject to the provisions of this Agreement.

2. For purposes of this Agreement, express delivery services shall be defined as the expedited collection, transport, delivery, tracking, and maintaining control of documents, printed matter, parcels, and/or other goods throughout the supply of the service.

3. The Parties express their desire to maintain the level of open market access existing on the date this Agreement is signed.

4. Chile agrees that it will not impose any restrictions on express delivery services which are not in existence on the date this Agreement is signed. Chile confirms that it has no intention to direct revenues from its postal monopoly to benefit express delivery services as defined in paragraph 2.

Annex 11.9

Professional Services

Section A - General Provisions

Development of Professional Standards

1. The Parties shall encourage the relevant bodies in their respective territories to develop mutually acceptable standards and criteria for licensing and certification of professional service providers and to provide recommendations on mutual recognition to the Commission.

2. The standards and criteria referred to in paragraph 1 may be developed with regard to the following matters:

(a) education - accreditation of schools or academic programs;

(b) examinations - qualifying examinations for licensing, including alternative methods of assessment such as oral examinations and interviews;

(c) experience - length and nature of experience required for licensing;

(d) conduct and ethics - standards of professional conduct and the nature of disciplinary action for non-conformity with those standards;

(e) professional development and re-certification - continuing education and ongoing requirements to maintain professional certification;

(f) scope of practice - extent of, or limitations on, permissible activities;

(g) local knowledge - requirements for knowledge of such matters as local laws, regulations, language, geography, or climate; and

(h) consumer protection - alternatives to residency requirements, including bonding, professional liability insurance, and client restitution funds, to provide for the protection of consumers.

3. On receipt of a recommendation referred to in paragraph 1, the Commission shall review the recommendation within a reasonable time to determine whether it is consistent with this Agreement. Based on the Commission's review, each Party shall encourage its respective competent authorities, where appropriate, to implement the recommendation within a mutually agreed time.

Temporary Licensing

4. Where the Parties agree, each Party shall encourage the relevant bodies in its territory to develop procedures for the temporary licensing of professional service providers of the other Party.

Review

5. The Commission shall periodically, and at least once every three years, review the implementation of this Section. The Commission shall include within the scope of its review any differences in regulatory approaches between the Parties. Among other issues, a Party may raise issues connected with the development of international standards of relevant international organizations related to professional services.[8]

Section B - Foreign Legal Consultants

1. Each Party shall, in implementing its obligations and commitments regarding foreign legal consultants as set out in its relevant Schedules to Annex I or II and subject to any non-conforming measures therein, ensure that a national of the other Party is permitted to practice or advise on the law of any country in which that national is authorized to practice as a lawyer.

Consultations With Professional Bodies

2. Each Party shall consult with its relevant professional bodies to obtain their recommendations on:

(a) the form of association or partnership between lawyers authorized to practice in its territory and foreign legal consultants;

(b) the development of standards and criteria for the authorization of foreign legal consultants in conformity with Article 11.9; and

(c) other matters relating to the provision of foreign legal consultancy services.

3. Prior to initiation of consultations under paragraph 7, each Party shall encourage its relevant professional bodies to consult with the relevant professional bodies designated by the other Party regarding the development of joint recommendations on the matters referred to in paragraph 2.

[8] The term "relevant international organizations" refers to international bodies whose membership is open to the relevant bodies of at least both Parties.

Future Liberalization

4. Each Party shall establish a work program to develop common procedures throughout its territory for the authorization of foreign legal consultants.

5. Each Party shall promptly review any recommendation referred to in paragraphs 2 and 3 to ensure its consistency with this Agreement. If the recommendation is consistent with this Agreement, each Party shall encourage its competent authorities to implement the recommendation within one year.

6. Each Party shall report to the Commission within one year of the date of entry into force of this Agreement, and each year thereafter, on its progress in implementing the work program referred to in paragraph 4.

7. The Parties shall meet within one year of the date of entry into force of this Agreement with a view to:

(a) assessing the implementation of paragraphs 2 through 5;

(b) amending or removing, where appropriate, non-conforming measures on foreign legal consultancy services; and

(c) assessing further work that may be appropriate regarding foreign legal consultancy services.

Section C - Temporary Licensing of Engineers

1. The Parties shall meet within one year of the date of entry into force of this Agreement to establish a work program to be undertaken by each Party, in conjunction with its relevant professional bodies, to provide for the temporary licensing in its territory of nationals of the other Party who are licensed as engineers in the territory of that other Party.

2. To this end, each Party shall consult with its relevant professional bodies to obtain their recommendations on:

(a) the development of procedures for the temporary licensing of such engineers to permit them to practice their engineering specialties in each jurisdiction in its territory;

(b) the development of model procedures for adoption by the competent authorities throughout its territory to facilitate the temporary licensing of such engineers;

(c) the engineering specialties to which priority should be given in developing temporary licensing procedures; and

(d) other matters relating to the temporary licensing of engineers identified by the Party in such consultations.

3. Each Party shall request its relevant professional bodies to make recommendations on the matters referred to in paragraph 2 within two years of the date of entry into force of this Agreement.

4. Each Party shall encourage its relevant professional bodies to meet at the earliest opportunity with the relevant professional bodies of the other Party with a view to cooperating in the development of joint recommendations on the matters referred to in paragraph 2 within two years of the date of entry into force of this Agreement. Each Party shall request an annual report from its relevant professional bodies on the progress achieved in developing those recommendations.

5. The Parties shall promptly review any recommendation referred to in paragraphs 3 or 4 to ensure its consistency with this Agreement. If the recommendation is consistent with this Agreement, each Party shall encourage its competent authorities to implement the recommendation within one year.

6. The Commission shall review the implementation of this Section within two years of the date of entry into force of this Section.

7. Appendix 11.9-C applies to the Parties specified therein.

Appendix 11.9-C

Civil Engineers

The rights and obligations of Section C of Annex 11.9 apply to Chile with respect to civil engineers ("ingenieros civiles") and to such other engineering specialties that Chile may designate.

Chapter Twelve

Financial Services

Article 12.1: Scope and Coverage

1. This Chapter applies to measures adopted or maintained by a Party relating to:

   (a) financial institutions of the other Party;

   (b) investors of the other Party, and investments of such investors, in financial institutions in the Party's territory; and

   (c) cross-border trade in financial services.

2. Articles 10.8 through 10.12 and 11.11 are hereby incorporated into and made a part of this Chapter. Section B of Chapter Ten (Investment) is hereby incorporated into and made a part of this Chapter solely for breaches by a Party of Articles 10.8 through 10.11, as incorporated into this Chapter.[1] No other provision of Chapter Ten (Investment) or Chapter Eleven (Cross Border Trade in Services) shall apply to a measure described in paragraph 1.

3. This Chapter does not apply to measures adopted or maintained by a Party relating to:

   (a) activities or services forming part of a public retirement plan or statutory system of social security; or

   (b) activities or services conducted for the account or with the guarantee or using the financial resources of the Party, including its public entities,

except that this Chapter shall apply if a Party allows any of the activities or services referred to in subparagraphs (a) or (b) to be conducted by its financial institutions in competition with a public entity or a financial institution.

Article 12.2: National Treatment

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords to its own investors, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments in financial institutions in its territory.

2. Each Party shall accord to financial institutions of the other Party and to investments of investors of the other Party in financial institutions treatment no less favorable than that it

[1] For greater certainty, the provisions of Chapter Ten (Investment) hereby incorporated include, are subject to, and shall be interpreted in conformity with, Annexes 10-A through 10-H of that Chapter, as applicable.

accords to its own financial institutions, and to investments of its own investors in financial institutions, in like circumstances, with respect to the establishment, acquisition, expansion, management, conduct, operation, and sale or other disposition of financial institutions and investments.

3. For purposes of the national treatment obligations in Article 12.5(1), a Party shall accord to cross-border financial service suppliers of the other Party treatment no less favorable than that it accords to its own financial service suppliers, in like circumstances, with respect to the supply of the relevant service.

Article 12.3: Most-Favored-Nation Treatment

1. Each Party shall accord to investors of the other Party, financial institutions of the other Party, investments of investors in financial institutions, and cross-border financial service suppliers of the other Party treatment no less favorable than that it accords to the investors, financial institutions, investments of investors in financial institutions and cross-border financial service suppliers of a non-Party, in like circumstances.

2. A Party may recognize prudential measures of a non-Party in the application of measures covered by this Chapter. Such recognition may be:

(a) accorded unilaterally;

(b) achieved through harmonization or other means; or

(c) based upon an agreement or arrangement with the non-Party.

3. A Party according recognition of prudential measures under paragraph 2 shall provide adequate opportunity to the other Party to demonstrate that circumstances exist in which there are or will be equivalent regulation, oversight, implementation of regulation, and, if appropriate, procedures concerning the sharing of information between the Parties.

4. Where a Party accords recognition of prudential measures under paragraph 2(c) and the circumstances set out in paragraph 3 exist, the Party shall provide adequate opportunity to the other Party to negotiate accession to the agreement or arrangement, or to negotiate a comparable agreement or arrangement.

Article 12.4: Market Access for Financial Institutions

Neither Party may, with respect to investors of the other Party, either on the basis of a regional subdivision or on the basis of its entire territory adopt or maintain measures that:

(a) impose limitations on:

(i) the number of financial institutions whether in the form of numerical quotas, monopolies, exclusive financial service suppliers, or the requirements of an economic needs test,

(ii) the total value of financial service transactions or assets in the form of numerical quotas or the requirement of an economic needs test,

(iii) the total number of financial service operations or on the total quantity of financial services output expressed in terms of designated numerical units in the form of quotas or the requirement of an economic needs test, or

(iv) the total number of natural persons that may be employed in a particular financial service sector or that a financial institution may employ and who are necessary for, and directly related to, the supply of a specific financial service in the form of a numerical quota or the requirement of an economic needs test; or

(b) restrict or require specific types of legal entity or joint venture through which a financial institution may supply a service.

Article 12.5: Cross-Border Trade

1. Each Party shall permit, under terms and conditions that accord national treatment, cross-border financial service suppliers of the other Party to supply the financial services specified in Annex 12.5.

2. Each Party shall permit persons located in its territory, and its nationals wherever located, to purchase financial services from cross-border financial service suppliers of the other Party located in the territory of the other Party. This obligation does not require a Party to permit such suppliers to do business or solicit in its territory. Each Party may define "doing business" and "solicitation" for purposes of this Article as long as such definitions are not inconsistent with the obligations of paragraph 1.

3. Without prejudice to other means of prudential regulation of cross-border trade in financial services, a Party may require the registration of cross-border financial service suppliers of the other Party and of financial instruments.

Article 12.6: New Financial Services[2]

1. Each Party shall permit a financial institution of the other Party, on request or notification to the relevant regulator, where required, to supply any new financial service that the first Party would permit its own financial institutions, in like circumstances, to supply under its domestic law, provided that the introduction of the financial service does not require the Party to adopt a new law or modify an existing law.

---

[2] The Parties understand that nothing in Article 12.6 prevents a financial institution of a Party from applying to the other Party to consider authorizing the supply of a financial service that is supplied within neither Party's territory. Such application shall be subject to the domestic law of the Party to which the application is made and, for greater certainty, shall not be subject to the obligations of Article 12.6.

2. A Party may determine the institutional and juridical form through which the new financial service may be supplied and may require authorization for the supply of the service. Where a Party would permit the new financial service and authorization is required, the decision shall be made within a reasonable time and authorization may only be refused for prudential reasons.

Article 12.7: Treatment of Certain Information

Nothing in this Chapter requires a Party to furnish or allow access to:

(a) information related to the financial affairs and accounts of individual customers of financial institutions or cross-border financial service suppliers; or

(b) any confidential information, the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or prejudice legitimate commercial interests of particular enterprises.

Article 12.8: Senior Management and Boards of Directors

1. Neither Party may require financial institutions of the other Party to engage individuals of any particular nationality as senior managerial or other essential personnel.

2. Neither Party may require that more than a minority of the board of directors of a financial institution of the other Party be composed of nationals of the Party, persons residing in the territory of the Party, or a combination thereof.

Article 12.9: Non-Conforming Measures

1. Articles 12.2 through 12.5 and 12.8 and Section A of Annex 12.9 do not apply to:

(a) any existing non-conforming measure that is maintained by a Party at:

(i) the central level of government, as set out by that Party in its Schedule to Annex III,

(ii) a regional level of government, as set out by that Party in its Schedule to Annex III, or

(iii) a local level of government;

(b) the continuation or prompt renewal of any non-conforming measure referred to in subparagraph (a); or

(c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the

measure, as it existed immediately before the amendment, with Articles 12.2, 12.3, 12.4, and 12.8 and Section A of Annex 12.9.

2. Articles 12.2 through 12.5 and 12.8 and Section A of Annex 12.9 do not apply to any measure that a Party adopts or maintains with respect to sectors, subsectors, or activities, as set out in its Schedule to Annex III.

3. Annex 12.9 sets out certain specific commitments by each Party.

4. Where a Party has set out in its Schedule to Annexes I and II a measure that does not conform to Articles 10.2, 10.3, 11.2, 11.3, or 11.4 pursuant to paragraphs 1 and 2 of Articles 10.7 and 11.6, that measure shall be deemed to constitute a non-conforming measure, pursuant to paragraphs 1 and 2 of this Article, with respect to Article 12.2, Article 12.3, or Article 12.4, or Section A of Annex 12.9, as the case may be, to the extent that the measure, sector, sub-sector, or activity set out in the Schedule of non-conforming measures is covered by this Chapter.

Article 12.10: Exceptions

1. Notwithstanding any other provision of this Chapter or of Chapters Ten (Investment), Eleven (Cross-Border Trade in Services), Thirteen (Telecommunications), Fifteen (Electronic Commerce), and Sixteen (Competition Policy, Designated Monopolies, and State Enterprises), including specifically Article 13.16 (Telecommunications - Relationship to Other Chapters), a Party shall not be prevented from adopting or maintaining measures for prudential reasons,[3] including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial institution or cross-border financial service supplier, or to ensure the integrity and stability of the financial system. Where such measures do not conform with the provisions of this Agreement referred to in this paragraph, they shall not be used as a means of avoiding the Party's commitments or obligations under such provisions.[4]

2. Nothing in this Chapter or Chapters Ten (Investment), Eleven (Cross-Border Trade in Services), Thirteen (Telecommunications), Fifteen (Electronic Commerce), and Sixteen (Competition Policy, Designated Monopolies, and State Enterprises), including specifically Article 13.16 (Telecommunications – Relationship to Other Chapters), applies to non-discriminatory measures of general application taken by any public entity in pursuit of monetary and related credit policies or exchange rate policies. This paragraph shall not affect a Party's obligations under Article 10.5 (Performance Requirements) with respect to measures covered by Chapter Ten (Investment) or Article 10.8 (Transfers).

---

[3] It is understood that the term "prudential reasons" includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or cross-border financial service suppliers.

[4] The Parties understand that a Party may take measures for prudential reasons through regulatory or administrative authorities, in addition to those who have regulatory responsibilities with respect to financial institutions, such as ministries or departments of labor.

3. Notwithstanding Article 10.8 (Transfers), as incorporated into this Chapter, a Party may prevent or limit transfers by a financial institution or cross-border financial service supplier to, or for the benefit of, an affiliate of or person related to such institution or supplier, through the equitable, non-discriminatory and good faith application of measures relating to maintenance of the safety, soundness, integrity, or financial responsibility of financial institutions or cross-border financial service suppliers. This paragraph does not prejudice any other provision of this Agreement that permits a Party to restrict transfers.

4. For greater certainty, nothing in this Chapter shall be construed to prevent the adoption or enforcement by a Party of measures necessary to secure compliance with laws or regulations that are not inconsistent with this Chapter, including those relating to the prevention of deceptive and fraudulent practices or to deal with the effects of a default on financial services contracts, subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on investment in financial institutions or cross-border trade in financial services as covered by this Chapter.

Article 12.11: Transparency

1. The Parties recognize that transparent regulations and policies and reasonable, objective, and impartial administration governing the activities of financial institutions and financial service suppliers are important in facilitating both access of financial institutions and financial service suppliers to, and their operations in, each other's markets.

2. In lieu of Article 20.2 (Publication), each Party shall, to the extent practicable:

   (a) publish in advance any regulations of general application relating to the subject matter of this Chapter that it proposes to adopt; and

   (b) provide interested persons and the other Party a reasonable opportunity to comment on such proposed regulations.

3. Each Party's regulatory authorities shall make available to interested persons their requirements, including any documentation required, for completing applications relating to the supply of financial services.

4. On the request of an applicant, the regulatory authority shall inform the applicant of the status of its application. If such authority requires additional information from the applicant, it shall notify the applicant without undue delay.

5. A regulatory authority shall make an administrative decision on a completed application of an investor in a financial institution, a financial institution, or a cross-border financial service supplier of the other Party relating to the supply of a financial service within 120 days, and shall promptly notify the applicant of the decision. An application shall not be considered complete until all relevant hearings are held and all necessary information is received. Where it is not practicable for a decision to be made within 120

days, the regulatory authority shall notify the applicant without undue delay and shall endeavor to make the decision within a reasonable time thereafter.

6. Each Party shall maintain or establish appropriate mechanisms that will respond to inquiries from interested persons regarding measures of general application covered by this Chapter.

7. Each Party shall ensure that the rules of general application adopted or maintained by self-regulatory organizations of the Party are promptly published or otherwise made available in such a manner as to enable interested persons to become acquainted with them.

8. To the extent practicable, each Party should allow reasonable time between publication of final regulations and their effective date.

9. At the time it adopts final regulations, a Party should, to the extent practicable, address in writing substantive comments received from interested persons with respect to the proposed regulations.

Article 12.12: Self-Regulatory Organizations

Where a Party requires a financial institution or a cross-border financial service supplier of the other Party to be a member of, participate in, or have access to, a self-regulatory organization to provide a financial service in or into the territory of that Party, the Party shall ensure observance of the obligations of Articles 12.2 and 12.3 by such self-regulatory organization.

Article 12.13: Payment and Clearing Systems

Under terms and conditions that accord national treatment, each Party shall grant to financial institutions of the other Party established in its territory access to payment and clearing systems operated by public entities, and to official funding and refinancing facilities available in the normal course of ordinary business. This paragraph is not intended to confer access to the Party's lender of last resort facilities.

Article 12.14: Expedited Availability of Insurance Services

The Parties recognize the importance of maintaining and developing regulatory procedures to expedite the offering of insurance services by licensed suppliers.

Article 12.15: Financial Services Committee

1. The Parties hereby establish the Financial Services Committee. The principal representative of each Party shall be an official of the Party's authority responsible for financial services set out in Annex 12.15.

2. In accordance with Article 21.1(2)(d) (The Free Trade Commission), the Committee shall:

(a) supervise the implementation of this Chapter and its further elaboration;

(b) consider issues regarding financial services that are referred to it by a Party; and

(c) participate in the dispute settlement procedures in accordance with Articles 12.17 and 12.18.

3. The Committee shall meet annually, or as otherwise agreed, to assess the functioning of this Agreement as it applies to financial services. The Committee shall inform the Commission of the results of each meeting.

Article 12.16: Consultations

1. A Party may request in writing consultations with the other Party regarding any matter arising under this Agreement that affects financial services. The other Party shall give sympathetic consideration to the request. The Parties shall report the results of their consultations to the Committee.

2. Officials from the authorities specified in Annex 12.15 shall participate in the consultations under this Article.

3. Nothing in this Article shall be construed to require regulatory authorities participating in consultations under paragraph 1 to disclose information or take any action that would interfere with specific regulatory, supervisory, administrative, or enforcement matters.

4. Nothing in this Article shall be construed to require a Party to derogate from its relevant law regarding sharing of information among financial regulators or the requirements of an agreement or arrangement between financial authorities of the Parties.

Article 12.17: Dispute Settlement

1. Chapter Twenty-Two (Dispute Settlement) applies as modified by this Article to the settlement of disputes arising under this Chapter.

2. For purposes of Article 22.4 (Consultations), consultations held under Article 12.16 with respect to a measure or matter shall be deemed to constitute consultations under Article 22.4(1), unless the Parties otherwise agree. Upon initiation of consultations, the Parties shall provide information and give confidential treatment under Article 22.4(4)(b) to the information exchanged. If the matter has not been resolved within 45 days after commencing consultations under Article 12.16 or 90 days after the delivery of the request for consultations under Article 12.16, whichever is earlier, the complaining Party may request in writing the establishment of an arbitral panel. The Parties shall report the results of their consultations to the Commission.

3. The Parties shall establish by January 1, 2005, and maintain a roster of up to 10 individuals who are willing and able to serve as financial services panelists, up to four of whom shall be non-Party nationals. The roster members shall be appointed by mutual agreement of the Parties, and may be reappointed. Once established, a roster shall remain in effect for a minimum of three years, and shall remain in effect thereafter until the Parties constitute a new roster.

4. Financial services roster members shall:

(a) have expertise or experience in financial services law or practice, which may include the regulation of financial institutions;

(b) be chosen strictly on the basis of objectivity, reliability, and sound judgment;

(c) be independent of, and not affiliated with or take instructions from, either Party; and

(d) comply with a code of conduct to be established by the Commission.

5. Where a Party claims that a dispute arises under this Chapter, Article 22.9 (Panel Selection) shall apply, except that, unless the Parties otherwise agree, the panel shall be composed entirely of panelists meeting the qualifications in paragraph 4.

6. In any dispute where a panel finds a measure to be inconsistent with the obligations of this Agreement and the measure affects:

(a) only the financial services sector, the complaining Party may suspend benefits only in the financial services sector;

(b) the financial services sector and any other sector, the complaining Party may suspend benefits in the financial services sector that have an effect equivalent to the effect of the measure in the Party's financial services sector; or

(c) only a sector other than the financial services sector, the complaining Party may not suspend benefits in the financial services sector.

Article 12.18: Investment Disputes in Financial Services

1. Where an investor of one Party submits a claim under Article 10.15 (Submission of a Claim to Arbitration) to arbitration under Section B of Chapter Ten (Investment) against the other Party and the respondent invokes Article 12.10, on request of the respondent, the tribunal shall refer the matter in writing to the Committee for a decision. The tribunal may not proceed pending receipt of a decision or report under this Article.

2. In a referral pursuant to paragraph 1, the Committee shall decide the issue of whether and to what extent Article 12.10 is a valid defense to the claim of the investor. The

Committee shall transmit a copy of its decision to the tribunal and to the Commission. The decision shall be binding on the tribunal.

3. Where the Committee has not decided the issue within 60 days of the receipt of the referral under paragraph 1, the respondent or the Party of the claimant may request the establishment of an arbitral panel under Article 22.6 (Request for an Arbitral Panel). The panel shall be constituted in accordance with Article 12.17. Further to Article 22.13 (Final Report), the panel shall transmit its final report to the Committee and to the tribunal. The report shall be binding on the tribunal.

4. Where no request for the establishment of a panel pursuant to paragraph 3 has been made within 10 days of the expiration of the 60-day period referred to in paragraph 3, the tribunal may proceed to decide the matter.

Article 12.19: Definitions

For purposes of this Chapter:

cross-border financial service supplier of a Party means a person of a Party that is engaged in the business of supplying a financial service within the territory of the Party and that seeks to supply or supplies a financial service through the cross-border supply of such services;

cross-border trade in financial services or **cross-border supply of financial services** means the supply of a financial service:

(a) from the territory of one Party into the territory of the other Party,

(b) in the territory of a Party by a person of that Party to a person of the other Party, or

(c) by a national of a Party in the territory of the other Party,

but does not include the supply of a service in the territory of a Party by an investment in that territory;

financial institution means any financial intermediary or other enterprise that is authorized to do business and regulated or supervised as a financial institution under the law of the Party in whose territory it is located;

financial institution of the other Party means a financial institution, including a branch, located in the territory of a Party that is controlled by persons of the other Party;

financial service means any service of a financial nature. Financial services include all insurance and insurance-related services, and all banking and other financial services (excluding insurance), as well as services incidental or auxiliary to a service of a financial nature. Financial services include the following activities:

Insurance and insurance-related services

(a) Direct insurance (including co-insurance):

(i) life

(ii) non-life

(b) Reinsurance and retrocession;

(c) Insurance intermediation, such as brokerage and agency;

(d) Service auxiliary to insurance, such as consultancy, actuarial, risk assessment, and claim settlement services.

Banking and other financial services (excluding insurance)

(e) Acceptance of deposits and other repayable funds from the public;

(f) Lending of all types, including consumer credit, mortgage credit, factoring and financing of commercial transactions;

(g) Financial leasing;

(h) All payment and money transmission services, including credit, charge and debit cards, travelers checks, and bankers drafts;

(i) Guarantees and commitments;

(j) Trading for own account or for account of customers, whether on an exchange, in an over-the-counter market, or otherwise, the following:

(i) money market instruments (including checks, bills, certificates of deposits);

(ii) foreign exchange;

(iii) derivative products including, futures and options;

(iv) exchange rate and interest rate instruments, including products such as swaps, forward rate agreements;

(v) transferable securities;

(vi) other negotiable instruments and financial assets, including bullion;

(k) Participation in issues of all kinds of securities, including underwriting and placement as agent (whether publicly or privately) and provision of services related to such issues;

(l) Money broking;

(m) Asset management, such as cash or portfolio management, all forms of collective investment management, pension fund management, custodial, depository, and trust services;

(n) Settlement and clearing services for financial assets, including securities, derivative products, and other negotiable instruments;

(o) Provision and transfer of financial information, and financial data processing and related software by suppliers of other financial services;

(p) Advisory, intermediation, and other auxiliary financial services on all the activities listed in subparagraphs (e) through (o), including credit reference and analysis, investment and portfolio research and advice, advice on acquisitions and on corporate restructuring and strategy;

financial service supplier of a Party means a person of a Party that is engaged in the business of supplying a financial service within the territory of that Party;

investment means "investment" as defined in Article 10.27 (Definitions), except that, with respect to "loans" and "debt instruments" referred to in that Article:

(a) a loan to or debt instrument issued by a financial institution is an investment only where it is treated as regulatory capital by the Party in whose territory the financial institution is located; and

(b) a loan granted by or debt instrument owned by a financial institution, other than a loan to or debt instrument of a financial institution referred to in subparagraph (a), is not an investment;

for greater certainty, a loan granted by or debt instrument owned by a cross-border financial service supplier, other than a loan to or debt instrument issued by a financial institution, is an investment if such loan or debt instrument meets the criteria for investments set out in Article 10.27 (Definitions);

investor of a Party means a Party or state enterprise thereof, or a person of a Party, that attempts to make, is making, or has made an investment in the territory of the other Party; provided, however, that a natural person who is a dual national shall be deemed to be exclusively a national of the State of his/her dominant and effective nationality;

new financial service means a financial service not supplied in the Party's territory that is supplied within the territory of the other Party, and includes any new form of delivery of a financial service or the sale of a financial product that is not sold in the Party's territory;

person of a Party means "person of a Party" as defined in Article 2.1 (General Definitions) and, for greater certainty, does not include a branch of an enterprise of a non-Party;

public entity means a central bank or monetary authority of a Party, or any financial institution owned or controlled by a Party;

self-regulatory organization means any non-governmental body, including any securities or futures exchange or market, clearing agency, other organization or association, that exercises its own or delegated regulatory or supervisory authority over financial service suppliers or financial institutions; and

tribunal means an arbitration tribunal established under Article 10.18 (Selection of Arbitrators).

Annex 12.5

Cross-Border Trade

Insurance and insurance-related services

1. For the United States, Article 12.5(1) applies to the cross-border supply of or trade in financial services as defined in subparagraph (a) of the definition of cross-border supply of financial services in Article 12.19 with respect to:

(a) insurance of risks relating to:

(i) maritime shipping and commercial aviation and space launching and freight (including satellites), with such insurance to cover any or all of the following: the goods being transported, the vehicle transporting the goods, and any liability arising therefrom; and

(ii) goods in international transit;

(b) reinsurance and retrocession, services auxiliary to insurance as described in subparagraph (d) of the definition of financial service, and insurance intermediation such as brokerage and agency as described in subparagraph (c) of the definition of financial service.

2. For the United States, Article 12.5(1) applies to the cross-border supply of or trade in financial services as defined in subparagraph (c) of the definition of cross-border supply of financial services in Article 12.19 with respect to insurance services.

3. For Chile, Article 12.5(1) applies to the cross-border supply of or trade in financial services as defined in subparagraph (a) of the definition of cross-border supply of financial services in Article 12.19 with respect to:

(a) insurance of risk relating to:

(i) international maritime transport and international commercial aviation, with such insurance to cover any or all of the following: the goods being transported, the vehicle transporting the goods, and any liability deriving therefrom; and

(ii) goods in international transit.

(b) brokerage of insurance of risks relating to subparagraph (a)(i) and (a)(ii).

(c) reinsurance and retrocession; reinsurance brokerage; and consultancy, actuarial, and risk assessment.

4. Chile's commitments regarding sale and brokerage of insurance for international maritime transport, international commercial aviation, and goods in international transit shall apply one year after the entry into force of this Agreement or when Chile has made and implemented the necessary amendments to its pertinent legislation, whichever occurs first.

Banking and other financial services (excluding insurance)

5. For the United States, Article 12.5(1) applies with respect to the provision and transfer of financial information and financial data processing as described in subparagraph (o) of the definition of financial service and advisory and other auxiliary financial services, excluding intermediation, relating to banking and other financial services as described in subparagraph (p) of the definition of financial service.

6. For Chile, Article 12.5(1) applies with respect to:

(a) provision and transfer of financial information as described in subparagraph (o) of the definition of financial service.

(b) financial data processing as described in subparagraph (o) of the definition of financial service, subject to prior authorization from the relevant regulator, as required.[5]

(c) advisory and other auxiliary financial services, excluding intermediation and credit reference and analysis, relating to banking and other financial services as described in subparagraph (p) of the definition of financial service.

Notwithstanding subparagraph (c), in the event that after the date of entry into force of this Agreement Chile allows credit reference and analysis to be supplied by cross-border financial service suppliers, it shall accord national treatment (as specified in Article 12.2(3)) to cross-border financial service suppliers of the United States. Nothing in this commitment shall be construed to prevent Chile from subsequently restricting or prohibiting the supply of credit reference and analysis services by cross-border financial service suppliers.

7. It is understood that a Party's commitments on cross-border investment advisory services shall not, in and of themselves, be construed to require the Party to permit the public offering of securities (as defined under its relevant law) in the territory of the Party by cross-border suppliers of the other Party who supply or seek to supply such investment advisory services. A Party may subject the cross-border suppliers of investment advisory services to regulatory and registration requirements.

[5] It is understood that where the financial information or financial data processing referred to in subparagraphs (a) and (b) involve personal data, the treatment of such personal data shall be in accordance with Chilean law regulating the protection of such data.

Annex 12.9

Specific Commitments

Section A: Right of Establishment with Respect to Certain Financial Services

1. In lieu of Article 12.4 with respect to banking and other financial services (excluding insurance):

(a) Each Party shall permit an investor of the other Party

(i) that does not own or control a financial institution in the Party's territory to establish in that territory a financial institution permitted to supply financial services that such an institution may supply under the domestic law of the Party at the time of establishment, without the imposition of numerical restrictions, and

(ii) that owns or controls a financial institution in the Party's territory to establish in that territory such additional financial institutions as may be necessary to permit the supply of the full range of financial services allowed under the domestic law of the Party at the time of establishment of the additional financial institutions.

The right of establishment shall include the acquisition of existing entities.

(b) Neither Party may restrict or require specific types of juridical form with respect to the initial financial institution that the investor seeks to establish pursuant to subparagraph (a)(i).

(c) Except with respect to the imposition of numerical or juridical form restrictions on establishment of the initial financial institution described in subparagraph (a)(i), a Party may, consistent with Article 12.2, impose terms and conditions on establishment of additional financial institutions described in subparagraph (a)(ii) and determine the institutional and juridical form through which particular permitted financial services or activities are supplied.

(d) A Party may, consistent with Article 12.2, prohibit a particular financial service or activity.[6]

[6] The Parties understand that a Party may not prohibit all financial services or a complete financial services subsector such as banking.

2. For purposes of this Annex:

(a) an "investor of the other Party" means an investor of the other Party engaged in the business of providing banking and other financial services (excluding insurance) in the territory of that Party.

(b) "numerical restrictions" means limitations imposed, either on the basis of a regional subdivision or on the basis of the entire territory of the Party, on the number of financial institutions whether in the form of numerical quotas, monopolies, exclusive service suppliers, or the requirements of an economic needs test.

3. Notwithstanding the inclusion of the non-conforming measures of Chile in Annex III, Section II, referring to social services, Chile, with respect to the establishment by an investor of the United States of an *Administradora de Fondos de Pensiones* under *Decreto Ley* 3.500, shall:

(a) apply subparagraph 1(a) of Section A of this Annex, and

(b) not apply an economic needs test.

No other modification of the effect of the non-conforming measures referring to social services is intended or shall be construed under this paragraph.

4. The specific commitments of the United States under paragraph 1 are subject to the headnotes and non-conforming measures set forth in Sections A and B of Annex III with respect to banking and other financial services (excluding insurance).

5. The specific commitments of Chile under paragraphs 1 and 3 are subject to the headnotes and non-conforming measures set forth in Annex III of Chile with respect to banking and other financial services (excluding insurance).

Section B: Voluntary Savings Plans; Non-Discriminatory Treatment of U.S. Investors

1. Notwithstanding the inclusion of the non-conforming measures of Chile in Annex III, Section II, referring to social services, with respect to voluntary savings pension plans established under *Ley* 19.768, Chile shall extend the obligations of Article 12.2(1) and (2) and of Article 12.3 to financial institutions of the United States, investors of the United States, and investments of such investors in financial institutions established in Chile. The specific commitment contained in this paragraph shall enter into force by March 1, 2005.

2. Notwithstanding the inclusion of the nonconforming measures of Chile in Annex III, Section II, referring to social services, Chile, as required by its domestic law, shall not establish arbitrary differences with respect to U.S. investors in *Administradoras de Fondos de Pensiones* under *Decreto Ley* 3.500.

Section C: Portfolio Management

1. Each Party shall allow a financial institution (other than a trust company or insurance company), organized outside its territory, to provide investment advice and portfolio management services, excluding (1) custodial services, (2) trustee services, and (3) execution services that are not related to managing a collective investment scheme, to a collective investment scheme located in the Party's territory. This commitment is subject to Article 12.1 and to the provisions of Article 12.5(3) regarding the right to require registration, without prejudice to other means of prudential regulation.

2. Notwithstanding paragraph 1, a Party may require the collective investment scheme located in the Party's territory to retain ultimate responsibility for the management of the collective investment scheme or the funds that it manages.

3. For purposes of paragraphs 1 and 2, **collective investment scheme** means:

(a) in the United States, an investment company registered with the Securities and Exchange Commission under the *Investment Company Act of 1940*; and

(b) in Chile, the following fund management companies subject to supervision by the *Superintendencia de Valores y Seguros*:

(i) *Compañías Administradoras de Fondos Mutuos* (*Decreto Ley* 1.328 de 1976);

(ii) *Compañías Administradoras de Fondos de Inversión* (*Ley* 18.815 de 1989);

(iii) *Compañías Administradoras de Fondos de Inversión de Capital Extranjero* (*Ley* 18.657 de 1987);

(iv) *Compañías Administradoras de Fondos para la Vivienda* (*Ley* 18.281 de 1993); and

(v) *Compañías Administradoras Generales de Fondos* (*Ley* 18.045 de 1981).

Section D: Expedited Availability of Insurance Services

Each Party should endeavor to maintain existing opportunities or may wish to consider policies or procedures such as: not requiring product approval for insurance other than sold to individuals or compulsory insurance; allowing introduction of products unless those products are disapproved within a reasonable period of time; and not imposing limitations on the number or frequency of product introductions. This Section does not apply to the specific category of Chilean government-supported insurance programs, such as climate insurance.

Section E: Insurance Branching

1. Notwithstanding the inclusion of the nonconforming measures of Chile in Annex III, Section II, referring to insurance market access, excluding any portion of those non-conforming measures referring to financial conglomerates and social services, no later than four years after the date of entry into force of this Agreement, Chile shall allow U.S. insurance suppliers to establish in its territory through branches. Chile may choose how to regulate branches, including their characteristics, structure, relationship to their parent company, capital requirements, technical reserves, and obligations regarding risk patrimony and their investments.[7]

2. Recognizing the principles of federalism under the U.S. Constitution, the history of state regulation of insurance in the United States, and the *McCarran-Ferguson Act*, the United States will work with the National Association of Insurance Commissioners (NAIC) in its review of those states that do not allow initial entry of a non-US insurance company as a branch to supply life, accident, health (excluding worker's compensation) insurance, non-life insurance, or reinsurance and retrocession to determine whether such entry could be provided in the future. Those states are Arkansas, Arizona, Connecticut, Georgia, Hawaii (branching allowed for reinsurance), Kansas, Maryland, Minnesota, Nebraska, New Jersey, North Carolina, Pennsylvania, Tennessee, Vermont, and Wyoming.

---

[7] The Parties understand that for this purpose, Chile may establish the following requirements among others:

(a) that the capital and reserves that foreign insurance companies assign to their branches must be effectively transferred and converted into domestic currency in conformity with Chilean law;

(b) that the increases of capital and reserves that do not come from capitalization of other reserves will have the same treatment as initial capital and reserves;

(c) that in the transactions between a branch and its parent or other related companies each shall be considered as independent entities;

(d) that the branch owners or shareholders meet the solvency and integrity requirements established in Chile's insurance legislation;

(e) that branches of foreign insurance companies that operate in Chile may transfer liquid profits only if they do not have an investment deficit in their technical reserves and risk patrimony, nor a deficit of risk patrimony.

Annex 12.11

The Parties recognize that Chile's implementation of the obligations of paragraphs 2 and 9 of Article 12.11 may require legislative and regulatory changes. Chile shall implement the obligations of these paragraphs no later than two years after the date of entry into force of this Agreement.

Annex 12.15

Authorities Responsible for Financial Services

The authority of each Party responsible for financial services shall be:

(a) for Chile, the *Ministerio de Hacienda*; and

(b) for the United States, the Department of the Treasury for banking and other financial services and the Office of the United States Trade Representative, in coordination with the Department of Commerce and other agencies, for insurance services.

Chapter Thirteen

Telecommunications

Article 13.1: Scope and Coverage

1. This Chapter applies to:

   (a) measures adopted or maintained by a Party relating to access to and use of the public telecommunications network and services;

   (b) measures adopted or maintained by a Party relating to obligations of major suppliers of public telecommunications services;

   (c) measures adopted or maintained by a Party relating to the provision of information services; and

   (d) other measures relating to public telecommunication networks or services.

2. Except to ensure that enterprises operating broadcast stations and cable systems have continued access to and use of public telecommunications networks and services, this Chapter does not apply to any measure adopted or maintained by a Party relating to cable or broadcast distribution of radio or television programming.

3. Nothing in this Chapter shall be construed to:

   (a) require a Party or require a Party to compel any enterprise to establish, construct, acquire, lease, operate, or provide telecommunications networks or telecommunications services, where such networks or services are not offered to the public generally;

   (b) require a Party to compel any enterprise exclusively engaged in the cable or broadcast distribution of radio or television programming to make available its cable or broadcast facilities as a public telecommunications network; or

   (c) prevent a Party from prohibiting persons operating private networks from using their networks to provide public telecommunications networks or services to third persons.

Article 13.2: Access to and Use of Public Telecommunications Networks and Services[1]

1. Each Party shall ensure that enterprises of the other Party have access to and use of any public telecommunications service, including leased circuits, offered in its territory or

[1] For greater certainty, access to unbundled network elements, including access to leased circuits as an unbundled network element, is addressed in Article 13.4(3).

across its borders, on reasonable and non-discriminatory terms and conditions, including as set out in paragraphs 2 through 6.

2. Each Party shall ensure that such enterprises are permitted to:

(a) purchase or lease, and attach terminal or other equipment that interfaces with the public telecommunications network;

(b) provide services to individual or multiple end-users over any leased or owned circuit(s);

(c) connect owned or leased circuits with public telecommunications networks and services in the territory, or across the borders, of that Party or with circuits leased or owned by another person;

(d) perform switching, signaling, processing, and conversion functions; and

(e) use operating protocols of their choice.

3. Each Party shall ensure that enterprises of the other Party may use public telecommunications services for the movement of information in its territory or across its borders and for access to information contained in databases or otherwise stored in machine-readable form in the territory of either Party.

4. Further to Article 23.1 (General Exceptions) and notwithstanding paragraph 3, a Party may take such measures as are necessary to:

(a) ensure the security and confidentiality of messages; or

(b) protect the privacy of non-public personal data of subscribers to public telecommunications services,

subject to the requirement that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination or disguised restriction on trade in services.

5. Each Party shall ensure that no condition is imposed on access to and use of public telecommunications networks or services, other than that necessary to:

(a) safeguard the public service responsibilities of providers of public telecommunications networks or services, in particular their ability to make their networks or services available to the public generally; or

(b) protect the technical integrity of public telecommunications networks or services.

6. Provided that conditions for access to and use of public telecommunications networks or services satisfy the criteria set out in paragraph 5, such conditions may include:

(a) a requirement to use specified technical interfaces, including interface protocols, for interconnection with such networks or services; and

(b) a licensing, permit, registration, or notification procedure which, if adopted or maintained, is transparent and applications filed thereunder are processed expeditiously.

Article 13.3: Obligations Relating to Interconnection with Suppliers of Public Telecommunications Services

1. Each Party shall ensure that suppliers of public telecommunications services in its territory provide, directly or indirectly, interconnection with the suppliers of public telecommunications services of the other Party.

2. In carrying out paragraph 1, each Party shall ensure, in accordance with its domestic law and regulations, that suppliers of public telecommunications services in its territory take reasonable steps to protect the confidentiality of commercially sensitive information of, or relating to, suppliers and end-users of public telecommunications services and only use such information for the purpose of providing those services.

Article 13.4: Additional Obligations Relating to Conduct of Major Suppliers of Public Telecommunications Services[2]

Treatment by Major Suppliers

1. Subject to Annex 13.4(1), each Party shall ensure that major suppliers in its territory accord suppliers of public telecommunications services of the other Party non-discriminatory treatment regarding:

(a) the availability, provisioning, rates, or quality of like public telecommunications services; and

(b) the availability of technical interfaces necessary for interconnection.

Competitive Safeguards

2. (a) Each Party shall maintain appropriate measures for the purpose of preventing suppliers who, alone or together, are a major supplier in its territory from engaging in or continuing anti-competitive practices.

[2] For purposes of this Agreement, this Article does not apply to suppliers of commercial mobile services. Nothing in this Agreement shall be construed to preclude an authority from imposing measures set forth in this Article upon suppliers of commercial mobile services.

(b) For purposes of subparagraph (a), examples of anti-competitive practices include:

(i) engaging in anti-competitive cross-subsidization;

(ii) using information obtained from competitors with anti-competitive results; and

(iii) not making available, on a timely basis, to suppliers of public telecommunications services, technical information about essential facilities and commercially relevant information which are necessary for them to provide public telecommunications services.

Unbundling of Network Elements

3. (a) Each Party shall provide its competent body the authority to require that major suppliers in its territory provide suppliers of public telecommunications services of the other Party access to network elements on an unbundled basis for the supply of those services on terms and conditions and at cost-oriented rates that are reasonable and non-discriminatory.

(b) Which network elements will be required to be made available in its territory, and which suppliers may obtain such elements, will be determined in accordance with national law and regulation(s).

(c) In determining the network elements to be made available, each Party's competent body shall consider, at a minimum, in accordance with national law and regulation:

(i) whether access to such network elements as are proprietary in nature is necessary, and whether the failure to provide access to such network elements would impair the ability of suppliers of public telecommunications services of the other Party to provide the services they seek to offer; or

(ii) other factors as established in national law or regulation,

as that body construes these factors.

Co-Location

4. (a) Each Party shall ensure that major suppliers in its territory provide to suppliers of public telecommunications services of the other Party physical co-location of equipment necessary for interconnection or access to unbundled network elements on terms, conditions, and at cost-oriented rates that are reasonable and non-discriminatory.

(b) Where physical co-location is not practical for technical reasons or because of space limitations, each Party shall ensure that major suppliers in its territory provide:

(i) alternative solutions; or

(ii) facilitate virtual co-location,

on terms, conditions, and at cost-oriented rates that are reasonable and non-discriminatory.

(c) Each Party may determine which premises shall be subject to subparagraphs (a) and (b).

Resale

5. Each Party shall ensure that major suppliers in its territory:

(a) offer for resale, at reasonable rates,[3] to suppliers of public telecommunications services of the other Party, public telecommunications services that such major supplier provides at retail to end users that are not suppliers of public telecommunications services; and

(b) subject to Annex 13.4(5)(b), do not impose unreasonable or discriminatory conditions or limitations on the resale of such services.

Number Portability

6. Each Party shall ensure that major suppliers in its territory provide number portability to the extent technically feasible, on a timely basis, and on reasonable terms and conditions.

Dialing Parity

7. Each Party shall ensure that major suppliers in its territory provide dialing parity to suppliers of public telecommunications services of the other Party and afford suppliers of public telecommunications services of the other Party non-discriminatory access to telephone numbers and related services with no unreasonable dialing delays.

Interconnection

8. (a) General Terms and Conditions

[3] The standard of reasonableness in this paragraph is satisfied, among others, by wholesale rates or cost-oriented rates set pursuant to domestic law and regulations.

Each Party shall ensure that major suppliers in its territory provide interconnection for the facilities and equipment of suppliers of public telecommunications services of the other Party:

(i) at any technically feasible point in the major supplier's network;

(ii) under non-discriminatory terms, conditions (including technical standards and specifications), and rates;

(iii) of a quality no less favorable than that provided by such major supplier for its own like services, or for like services of non-affiliated service suppliers or for like services of its subsidiaries or other affiliates;

(iv) in a timely fashion, on terms, conditions (including technical standards and specifications), and cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the service to be provided; and

(v) on request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

(b) Options for Interconnecting with Major Suppliers

Each Party shall ensure that suppliers of public telecommunications services of the other Party may interconnect their facilities and equipment with those of major suppliers in its territory pursuant to at least one of the following options:

(i) a reference interconnection offer or other standard interconnection offer containing the rates, terms, and conditions that the major supplier offers generally to suppliers of public telecommunications services; or

(ii) the terms and conditions of an existing interconnection agreement or through negotiation of a new interconnection agreement.

(c) Public Availability of Interconnection Offers

Each Party shall require each major supplier in its territory to make publicly available a reference interconnection offer or other standard interconnection offer containing the rates, terms, and conditions that the major supplier offers generally to suppliers of public telecommunications services.

(d) Public Availability of the Procedures for Interconnection

Each Party shall make publicly available the applicable procedures for interconnection negotiations with major suppliers in its territory.

(e) Public Availability of Interconnection Agreements with Major Suppliers

Each Party shall:

(i) require major suppliers in its territory to file all interconnection agreements to which they are party with its telecommunications regulatory body, and

(ii) make publicly available interconnection agreements in force between major suppliers in its territory and other suppliers of public telecommunications services in such territory.

Leased Circuits Services[4]

9. (a) Each Party shall ensure that major suppliers in its territory provide enterprises of the other Party leased circuits services that are public telecommunications services, on terms, conditions, and at rates that are reasonable and non-discriminatory.

(b) In carrying out subparagraph (a), each Party shall provide its telecommunications regulatory body the authority to require major suppliers in its territory to offer leased circuits that are part of the public telecommunications services to enterprises of the other Party at flat-rate prices that are cost-oriented.

Article 13.5: Submarine Cable Systems

1. Each Party shall ensure that enterprises in its territory that operate submarine cable systems accord non-discriminatory treatment for access to submarine cable systems.

2. Whether to apply paragraph 1 may be based on classification by a Party of such submarine cable system within its territory as a public telecommunications service supplier.

Article 13.6: Conditions for Supplying Information Services

1. Neither Party may require an enterprise in its territory that it classifies as a supplier of information services (which supplies such services over facilities that it does not own) to:

(a) supply those services to the public generally;

[4] For greater certainty, access to unbundled network elements, including access to leased circuits as an unbundled network element, is addressed in Article 13.4(3).

(b) cost-justify its rates for such services;

(c) file a tariff for such services;

(d) interconnect its networks with any particular customer for the supply of such services; or

(e) conform with any particular standard or technical regulation for interconnection for the supply of such services other than for interconnection to a public telecommunications network.

2. Notwithstanding paragraph 1, a Party may take appropriate action, including any of the actions described in paragraph 1, to remedy a practice of an information services supplier that the Party has found in a particular case to be anti-competitive under its law or regulation(s), or to otherwise promote competition or safeguard the interests of consumers.

Article 13.7: Independent Telecommunications Regulatory Bodies

1. Each Party shall ensure that its telecommunications regulatory body is separate from, and not accountable to, any supplier of public telecommunications services. To this end, each Party shall ensure that its telecommunications regulatory body does not hold a financial interest or maintain an operating role in any such supplier.

2. Each Party shall ensure that the decisions and procedures of its telecommunications regulatory body are impartial with respect to all interested persons. To this end, each Party shall ensure that any financial interest that it holds in a supplier of public telecommunications services does not influence the decisions and procedures of its telecommunications regulatory body.

Article 13.8: Universal Service

Each Party shall administer any universal service obligation that it maintains or adopts in a transparent, non-discriminatory, and competitively neutral manner and shall ensure that its universal service obligation is not more burdensome than necessary for the kind of universal service that it has defined.

Article 13.9: Licensing Procedures

1. When a Party requires a supplier of public telecommunications services to have a license, the Party shall make publicly available:

(a) the licensing criteria and procedures it applies, and the time it normally requires to act on an application, for issuing a license; and

(b) the terms and conditions of all licenses it has issued.

2. Each Party shall ensure that, upon request, an applicant receives the reasons for the denial of a license.

Article 13.10: Allocation and Use of Scarce Resources

1. Each Party shall administer its procedures for allocating and using scarce telecommunications resources, including frequencies, numbers, and rights of way, in an objective, timely, transparent, and non-discriminatory manner.

2. Each Party shall make publicly available the current state of allocated frequency bands but shall not be required to provide detailed identification of frequencies allocated for specific uses.

3. Decisions on allocating and assigning spectrum and frequency management are not measures that are inconsistent with Article 11.4 (Market Access), which is applied to Chapter Ten (Investment) through Article 11.1(3) (Scope and Coverage). Accordingly, each Party retains the right to exercise its spectrum and frequency management policies, which may affect the number of suppliers of public telecommunications services, provided that this is done in a manner that is consistent with the provisions of this Agreement. The Parties also retain the right to allocate frequency bands taking into account existing and future needs.

Article 13.11: Enforcement

Each Party shall ensure that its competent authority is authorized to enforce domestic measures relating to the obligations set out in Articles 13.2 through 13.5. Such authority shall include the ability to impose effective sanctions, which may include financial penalties, injunctive relief (on an interim or final basis), or the modification, suspension, and revocation of licenses.

Article 13.12: Procedures for Resolving Domestic Telecommunications Disputes

Further to Articles 20.4 (Administrative Proceedings) and 20.5 (Review and Appeal), each Party shall ensure the following:

Recourse to Telecommunications Regulatory Bodies

(a) (i) Each Party shall ensure that enterprises of the other Party may have recourse to a national telecommunications regulatory body or other relevant body to resolve disputes arising under domestic measures addressing a matter set out in Articles 13.2 through 13.5.

(ii) Each Party shall ensure that suppliers of public telecommunications services of the other Party that have requested interconnection with a major supplier in its territory may have recourse, within a reasonable and publicly available period of time after the supplier requests interconnection, to a national telecommunications regulatory body or

other relevant body to resolve disputes regarding the terms, conditions, and rates for interconnection with such major supplier.

Reconsideration

(b) Each Party shall ensure that an enterprise that is aggrieved or whose interests are adversely affected by a determination or decision of a national telecommunications regulatory body or other relevant body may petition the body to reconsider its determination or decision. Neither Party may permit such a petition to constitute grounds for non-compliance with such determination or decision of the telecommunications regulatory body or other relevant body unless an appropriate authority stays such determination or decision.

Judicial Review

(c) Each Party shall ensure that any enterprise aggrieved by a determination or decision of the national telecommunications regulatory body or other relevant body may obtain judicial review of such determination or decision by an impartial and independent judicial authority.

Article 13.13: Transparency

Further to Article 20.2 (Publication), each Party shall make publicly available its measures relating to access to and use of public telecommunications services including its measures relating to:

(a) tariffs and other terms and conditions of service;

(b) specifications for technical interfaces;

(c) bodies responsible for preparing, amending, and adopting standards-related measures affecting access and use;

(d) conditions for attaching terminal or other equipment to the public telecommunications network; and

(e) notification, permit, registration, or licensing requirements, if any.

Article 13.14: Flexibility in the Choice of Technologies

Each Party shall endeavor to not prevent suppliers of public telecommunications services from having the flexibility to choose the technologies that they use to supply their services, including commercial mobile wireless services.

Article 13.15: Forbearance

The Parties recognize the importance of relying on market forces to achieve wide choices in the supply of telecommunications services. To this end, where provided for under domestic law, each Party may forbear from applying regulation to a telecommunication service that the Party classifies as a public telecommunications service if its telecommunications regulatory body determines that:

(a) enforcement of such regulation is not necessary to prevent unreasonable or discriminatory practices;

(b) enforcement of such regulation is not necessary for the protection of consumers; and

(c) forbearance is consistent with the public interest, including promoting and enhancing competition among suppliers of public telecommunications services.

Article 13.16: Relationship to Other Chapters

In the event of any inconsistency between this Chapter and another Chapter, this Chapter shall prevail to the extent of the inconsistency.

Article 13.17: Definitions

For purposes of this Chapter:

commercial mobile services means public telecommunications services supplied through mobile wireless means;

cost-oriented means based on cost, and may include a reasonable profit, and may involve different cost methodologies for different facilities or services;

dialing parity means the ability of a subscriber to use of an equal number of digits to access a public telecommunications service, regardless of the public telecommunications services supplier chosen by such end-user;

enterprise means an "enterprise" as defined in Article 2.1 (Definitions of General Application) and includes a branch of an enterprise;

end-user means a final consumer of or subscriber to a public telecommunications service, including any service supplier other than a supplier of public telecommunications services;

essential facilities means facilities of a public telecommunications network or service that:

(a) are exclusively or predominantly provided by a single or limited number of suppliers, and

(b) cannot feasibly be economically or technically substituted in order to provide a service;

information service means the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications, and includes electronic publishing, but does not include any use of any such capability for the management, control, or operation of a telecommunications system or the management of a telecommunications service;

interconnection means linking with suppliers providing public telecommunications services in order to allow the users of one supplier to communicate with users of another supplier and to access services provided by another supplier;

leased circuit means telecommunications facilities between two or more designated points that are made available solely to, or dedicated exclusively for use by, a particular customer or other users of the customer's choosing;

major supplier means a supplier of public telecommunications services that has the ability to materially affect the terms of participation (having regard to price and supply) in the relevant market for public telecommunications services as a result of:

(a) control over essential facilities; or

(b) use of its position in the market;

network element means a facility or equipment used in supplying a public telecommunications service, including features, functions, and capabilities provided by means of such facility or equipment;

non-discriminatory means treatment no less favorable than that accorded to any other user of like public telecommunications services in like circumstances;

number portability means the ability of end-users of public telecommunications services to retain, at the same location, existing telephone numbers without impairment of quality, reliability, or convenience when switching like suppliers of public telecommunications services;

physical co-location means physical access to and control over space in order to install, maintain, or repair equipment, at premises owned or controlled and used by a major supplier to provide public telecommunications services;

private network means a telecommunications network that is used exclusively for intraenterprise communications;

public telecommunications network means telecommunications infrastructure which a Party requires to provide public telecommunications services between defined network termination points;

public telecommunications service means any telecommunications service which a Party requires, explicitly or in effect, to be offered to the public generally. Such services may include, *inter alia*, telephone and data transmission typically involving customer-supplied information between two or more points without any end-to-end change in the form or content of the customer's information, but does not include the offering of information services;

reference interconnection offer means an interconnection offer that a major supplier extends and that is filed with or approved by a telecommunications regulatory body and that is sufficiently detailed to enable a supplier of public telecommunications services that is willing to accept its rates, terms, and conditions to obtain interconnection without having to engage in negotiations with the major supplier concerned;

telecommunications means the transmission and reception of signals by any electromagnetic means, including by photonic means;

telecommunications regulatory body means a body responsible for the regulation of telecommunications; and

user means an end-user or a supplier of public telecommunications services.

Annex 13.4(1)

Article 13.4 does not apply to rural telephone companies, as defined in section 3(37) of the Communications Act of 1996, unless a state regulatory authority orders otherwise. Moreover, a state regulatory authority may exempt a rural local exchange carrier, as defined in section 251(f)(2) of the Communications Act of 1996, from the obligations contained in Article 13.4.

Annex 13.4(5)(b)

In the United States, a reseller that obtains at wholesale rates a telecommunications service that is available at retail only to a category of subscribers may be prohibited from offering such service to a different category of subscribers.

Chapter Fourteen

Temporary Entry for Business Persons

Article 14.1: General Principles

1. Further to Article 1.2 (Objectives), this Chapter reflects the preferential trading relationship between the Parties, the mutual desire of the Parties to facilitate temporary entry of business persons under the provisions of Annex 14.3 on a reciprocal basis and of establishing transparent criteria and procedures for temporary entry, and the need to ensure border security and to protect the domestic labor force and permanent employment in their respective territories.

2. This Chapter does not apply to measures regarding citizenship, nationality, permanent residence, or employment on a permanent basis.

Article 14.2: General Obligations

1. Each Party shall apply its measures relating to the provisions of this Chapter in accordance with Article 14.1(1) and, in particular, shall apply expeditiously those measures so as to avoid unduly impairing or delaying trade in goods or services or conduct of investment activities under this Agreement.

2. For greater certainty, nothing in this Chapter shall be construed to prevent a Party from applying measures to regulate the entry of natural persons into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across, its borders, provided that such measures are not applied in such a manner as to unduly impair or delay trade in goods or services or conduct of investment activities under this Agreement. The sole fact of requiring a visa for natural persons shall not be regarded as unduly impairing or delaying trade in goods or services or conduct of investment activities under this Agreement.

Article 14.3: Grant of Temporary Entry

1. Each Party shall grant temporary entry to business persons who are otherwise qualified for entry under applicable measures relating to public health and safety and national security, in accordance with this Chapter, including the provisions of Annex 14.3.

2. A Party may refuse to issue an immigration document authorizing employment to a business person where the temporary entry of that person might affect adversely:

(a) the settlement of any labor dispute that is in progress at the place or intended place of employment; or

(b) the employment of any person who is involved in such dispute.

3. When a Party refuses pursuant to paragraph 2 to issue an immigration document authorizing employment, it shall:

(a) inform in writing the business person of the reasons for the refusal; and

(b) promptly notify the other Party in writing of the reasons for the refusal.

4. Each Party shall limit any fees for processing applications for temporary entry of business persons in a manner consistent with Article 14.2(1).

Article 14.4: Provision of Information

1. Further to Article 20.2 (Publication), each Party shall:

(a) provide to the other Party such materials as will enable it to become acquainted with its measures relating to this Chapter; and

(b) no later than six months after the date of entry into force of this Agreement, prepare, publish, and make available in its own territory, and in the territory of the other Party, explanatory material, including references to applicable laws and regulations, in a consolidated document regarding the requirements for temporary entry under this Chapter in such a manner as will enable business persons of the other Party to become acquainted with them.

2. Each Party shall collect and maintain, and make available upon request to the other Party in accordance with its domestic law, data respecting the granting of temporary entry under this Chapter to business persons of the other Party who have been issued immigration documentation, with a view towards including data specific to each occupation, profession, or activity.

Article 14.5: Committee on Temporary Entry

1. The Parties hereby establish a Committee on Temporary Entry, comprising representatives of each Party, including immigration officials.

2. The Committee shall:

(a) establish a schedule for its meetings;

(b) establish procedures to exchange information on measures that affect the temporary entry of business persons under this Chapter;

(c) consider the development of measures to further facilitate temporary entry of business persons on a reciprocal basis under the provisions of Annex 14.3;

(d) consider the implementation and administration of this Chapter; and

(e) consider the development of common criteria and interpretations for the implementation of this Chapter.

Article 14.6: Dispute Settlement

1. A Party may not initiate proceedings under Article 22.5 (Commission – Good Offices, Conciliation, and Mediation) regarding a refusal to grant temporary entry under this Chapter or a particular case arising under Article 14.2 unless:

(a) the matter involves a pattern of practice; and

(b) the business person has exhausted the available administrative remedies regarding the particular matter.

2. The remedies referred to in paragraph (1)(b) shall be deemed to be exhausted if a final determination in the matter has not been issued by the competent authority within one year of the institution of an administrative proceeding, and the failure to issue a determination is not attributable to delay caused by the business person.

Article 14.7: Relation to Other Chapters

1. Except for this Chapter, Chapters One (Initial Provisions), Two (General Definitions), Twenty-One (Administration of the Agreement), Twenty-Two (Dispute Settlement), and Twenty-Four (Final Provisions), and Articles 20.1 (Contact Points), 20.2 (Publication), 20.3 (Notification and Provision of Information), and 20.4 (Administrative Proceedings), no provision of this Agreement shall impose any obligation on a Party regarding its immigration measures.

2. Nothing in this Chapter shall be construed to impose obligations or commitments with respect to other Chapters of this Agreement.

Article 14.8: Transparency in Development and Application of Regulations[1]

1. Further to Chapter Twenty (Transparency), each Party shall establish or maintain appropriate mechanisms to respond to inquiries from interested persons regarding regulations relating to the temporary entry of business persons.

2. Further to Article 20.2 (Publication), to the extent possible, each Party shall, on request, provide to interested persons a concise statement addressing comments received on proposed regulations relating to the temporary entry of business persons at the time that it adopts the final regulations.

---

[1] For greater certainty, "regulations" includes regulations establishing or applying to licensing authorization or criteria.

3. Further to Article 20.2 (Publication), to the extent possible, each Party shall allow a reasonable period of time between the date it publishes final regulations governing entry of business persons and the date they take effect.

4. Each Party shall, within a reasonable period after an application requesting temporary entry is considered complete under its domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the Party shall provide, without undue delay, information concerning the status of the application.

Article 14.9: Definitions

For purposes of this Chapter:

business person means a national of a Party who is engaged in trade in goods, the supply of services, or the conduct of investment activities;

immigration measure means any law, regulation, or procedure affecting the entry and sojourn of aliens;

national has the same meaning as the term "natural person who has the nationality of a Party" as defined in Annex 2.1 (Country-Specific Definitions);

professional means a national of a Party who is engaged in a specialty occupation requiring:

(a) theoretical and practical application of a body of specialized knowledge, and

(b) attainment of a post-secondary degree in the specialty requiring four or more years of study[2] (or the equivalent of such a degree) as a minimum for entry into the occupation; and

temporary entry means entry into the territory of a Party by a business person of the other Party without the intent to establish permanent residence.

[2] Chile recognizes the Baccalaureate Degree, Master's Degree, and the Doctoral Degree conferred by institutions in the United States as such degrees. The United States recognizes the *licenciatura* degree and *titulo profesional* and higher degrees conferred by institutions in Chile as such degrees.

Annex 14.3

Temporary Entry for Business Persons

Section A – Business Visitors

1. Each Party shall grant temporary entry to a business person seeking to engage in a business activity set out in Appendix 14.3(A)(1), without requiring that person to obtain an employment authorization, provided that the business person otherwise complies with immigration measures applicable to temporary entry, on presentation of:

(a) proof of nationality of a Party;

(b) documentation demonstrating that the business person will be so engaged and describing the purpose of entry; and

(c) evidence demonstrating that the proposed business activity is international in scope and that the business person is not seeking to enter the local labor market.

2. Each Party shall provide that a business person may satisfy the requirements of paragraph 1(c) by demonstrating that:

(a) the primary source of remuneration for the proposed business activity is outside the territory of the Party granting temporary entry; and

(b) the business person's principal place of business and the actual place of accrual of profits, at least predominantly, remain outside such territory.

A Party shall normally accept an oral declaration as to the principal place of business and the actual place of accrual of profits. Where the Party requires further proof, it shall normally consider a letter from the employer attesting to these matters as sufficient proof.

3. Neither Party may:

(a) as a condition for temporary entry under paragraph 1, require prior approval procedures, petitions, labor certification tests, or other procedures of similar effect; or

(b) impose or maintain any numerical restriction relating to temporary entry under paragraph 1.

Section B – Traders and Investors

1. Each Party shall grant temporary entry and provide confirming documentation to a business person seeking to:

(a) carry on substantial trade in goods or services principally between the territory of the Party of which the business person is a national and the territory of the other Party into which entry is sought, or

(b) establish, develop, administer, or provide advice or key technical services to the operation of an investment to which the business person or the business person's enterprise has committed, or is in the process of committing, a substantial amount of capital,

in a capacity that is supervisory, executive, or involves essential skills, provided that the business person otherwise complies with immigration measures applicable to temporary entry.

2. Neither Party may:

(a) as a condition for temporary entry under paragraph 1, require labor certification tests or other procedures of similar effect; or

(b) impose or maintain any numerical restriction relating to temporary entry under paragraph 1.

Section C – Intra-Company Transferees

1. Each Party shall grant temporary entry and provide confirming documentation to a business person employed by an enterprise who seeks to render services to that enterprise or a subsidiary or affiliate thereof, in a capacity that is managerial, executive, or involves specialized knowledge, provided that the business person otherwise complies with immigration measures applicable to temporary entry. A Party may require the business person to have been employed continuously by the enterprise for one year within the three-year period immediately preceding the date of the application for admission.

2. Neither Party may:

(a) as a condition for temporary entry under paragraph 1, require labor certification tests or other procedures of similar effect; or

(b) impose or maintain any numerical restriction relating to temporary entry under paragraph 1.

Section D – Professionals

1. Each Party shall grant temporary entry and provide confirming documentation to a business person seeking to engage in a business activity as a professional, or to perform training functions related to a particular profession, including conducting seminars, if the business person otherwise complies with immigration measures applicable to temporary entry, on presentation of:

(a) proof of nationality of a Party;

(b) documentation demonstrating that the business person will be so engaged and describing the purpose of entry; and

(c) documentation demonstrating the attainment of the relevant minimum educational requirements or alternative credentials.

2. Notwithstanding the educational requirements set out in the definition of "professional" in Article 14.9, each Party shall grant temporary entry to a business person seeking to engage in a business activity as a professional in a profession set out in Appendix 14.3(D)(2), provided that the business person possesses the credentials specified in the Appendix and complies with the requirements of paragraph 1 of this Section.

3. To assist in the implementation of this Chapter, the Parties shall exchange by the date of entry into force of this Agreement illustrative lists of professions that meet the definition of professional. To facilitate the evaluation of applications for temporary entry, the Parties shall also exchange information on post-secondary education.

4. Neither Party may:

(a) as a condition for temporary entry under paragraph 1, require prior approval procedures, petitions, labor certification tests, or other procedures of similar effect; or

(b) impose or maintain any numerical restriction relating to temporary entry under paragraph 1.

5. Notwithstanding paragraph 4(a), a Party may require a business person seeking temporary entry under this Section to comply with procedures applicable to temporary entry of professionals, such as an attestation of compliance with the Party's labor and immigration laws.

6. Notwithstanding paragraphs 1 and 4, a Party may establish an annual numerical limit, which shall be set out in Appendix 14.3(D)(6), regarding temporary entry of business persons of the other Party seeking to engage in business activities as a professional.

7. A Party establishing a numerical limit pursuant to paragraph 6, unless the Parties otherwise agree, may, in consultation with the other Party, grant temporary entry under paragraph 1 to a business person who practices in a profession where accreditation, licensing, and certification requirements are mutually recognized by the Parties.

8. Nothing in paragraphs 6 or 7 shall be construed to limit the ability of a business person to seek temporary entry under a Party's applicable immigration measures relating to the entry of professionals other than those adopted or maintained pursuant to paragraph 1.

Appendix 14.3(A)(1)

Definitions

For purposes of this Appendix, **territory of the other Party** means the territory of the Party other than the territory of the Party into which temporary entry is sought.

Appendix 14.3(D)(2)

PROFESSION	**MINIMUM EDUCATION REQUIREMENTS AND ALTERNATIVE CREDENTIALS**
Disaster Relief Claims Adjuster	Baccalaureate or *Licenciatura* degree, or *Titulo Profesional*, and successful completion of training in the appropriate areas of insurance adjustment pertaining to disaster relief claims; or three years experience in claims adjustment and successful completion of training in the appropriate areas of insurance adjustment pertaining to disaster relief claims.
Management Consultant	Baccalaureate or *Licenciatura* degree, or *Titulo Profesional*. If the degree is in a discipline not related to the area of the consulting agreement, then equivalent professional experience as established by statement or professional credential attesting to three years experience in a field or specialty related to the consulting agreement is required.
Agricultural Manager	Baccalaureate or *Licenciatura* degree; or *Titulo Profesional*; or post-secondary certificate[1] requiring three years of study in the specialty and three years experience in the specialty.
Physical Therapist	Baccalaureate or *Licenciatura* degree; or *Titulo Profesional*; or post-secondary certificate requiring three years of study in the specialty and three years experience in the specialty.

[1] **Post-secondary certificate** means a certificate issued on completion of post-secondary study, by an institution recognized by the Government of Chile, or accredited by the relevant competent authority in the United States.

Appendix 14.3(D)(6)

United States

1. Beginning on the date of entry into force of this Agreement, the United States shall annually approve as many as 1,400 initial applications of business persons of Chile seeking temporary entry under Section D of Annex 14.3 to engage in a business activity at a professional level.

2. For purposes of paragraph 1, the United States shall not take into account:

   (a) the renewal of a period of temporary entry;

   (b) the entry of a spouse or children accompanying or following to join the principal business person;

   (c) an admission under section 101(a)(15)(H)(i)(b) of the *Immigration and Nationality Act*, 1952, as may be amended, including the worldwide numerical limit established by section 214(g)(1)(A) of that Act; or

   (d) an admission under any other provision of section 101(a)(15) of that Act relating to the entry of professionals.

Chapter Fifteen

Electronic Commerce

Article 15.1: General Provisions

1. The Parties recognize the economic growth and opportunity provided by electronic commerce and the importance of avoiding unnecessary barriers to its use and development.

2. Nothing in this Chapter shall be construed to prevent a Party from imposing internal taxes, directly or indirectly, on digital products, provided they are imposed in a manner consistent with this Agreement.

3. This Chapter is subject to any other relevant provisions, exceptions, or non-conforming measures set forth in other Chapters or Annexes of this Agreement.

Article 15.2: Electronic Supply of Services

The Parties recognize that the supply of a service using electronic means falls within the scope of the obligations contained in the relevant provisions of Chapter Eleven (Cross-Border Trade in Services) and Chapter Twelve (Financial Services), subject to any non-conforming measures or exceptions applicable to such obligations.[1]

Article 15.3: Customs Duties on Digital Products

Neither Party may apply customs duties on digital products of the other Party.

Article 15.4: Non-Discrimination for Digital Products

1. A Party shall not accord less favorable treatment to a digital product than it accords to other like digital products, on the basis that:

(a) the digital product receiving less favorable treatment is created, produced, published, stored, transmitted, contracted for, commissioned, or first made available on commercial terms in the territory of the other Party; or

(b) the author, performer, producer, developer, or distributor of such digital products is a person of the other Party.[2]

---

[1] For greater certainty, nothing in this Chapter imposes obligations to allow the electronic supply of a service nor the electronic transmission of content associated with those services except in accordance with the provisions of Chapter Eleven (Cross-Border Trade in Services) or Chapter Twelve (Financial Services), including their Annexes (Non-Conforming Measures).

[2] For greater certainty, if one or more of the criteria of paragraph 1(a) or (b) is satisfied, the obligation to accord no less favorable treatment to that digital product applies even if one or more of the activities listed in

2. (a) A Party shall not accord less favorable treatment to a digital product created, produced, published, stored, transmitted, contracted for, commissioned, or first made available on commercial terms in the territory of the other Party than it accords to a like digital product created, produced, published, stored, transmitted, contracted for, commissioned, or first made available on commercial terms in the territory of a non-Party.

(b) A Party shall not accord less favorable treatment to digital products whose author, performer, producer, developer, or distributor is a person of the other Party than it accords to like digital products whose author, performer, producer, developer, or distributor is a person of a non-Party.

3. A Party may maintain an existing measure that does not conform with paragraph 1 or 2 for one year after the date of entry into force of this Agreement. A Party may maintain the measure thereafter, if the treatment the Party accords under the measure is no less favorable than the treatment the Party accorded under the measure on the date of entry into force of this Agreement, and the Party has set out the measure in its Schedule to Annex 15.4. A Party may amend such a measure only to the extent that the amendment does not decrease the conformity of the measure, as it existed immediately before the amendment, with paragraphs 1 and 2.

Article 15.5: Cooperation

Having in mind the global nature of electronic commerce, the Parties recognize the importance of:

(a) working together to overcome obstacles encountered by small and medium enterprises in the use of electronic commerce;

(b) sharing information and experiences on regulations, laws, and programs in the sphere of electronic commerce, including those related to data privacy, consumer confidence, cyber-security, electronic signatures, intellectual property rights, and electronic government;

(c) working to maintain cross-border flows of information as an essential element for a vibrant electronic commerce environment;

(d) encouraging the development by the private sector of methods of self-regulation, including codes of conduct, model contracts, guidelines, and enforcement mechanisms that foster electronic commerce; and

---

paragraph 1(a) occurs outside of the territory of the other Party, or one or more persons listed in paragraph 1(b) are persons of the other Party or a non-Party.

(e) actively participating in international fora, at both a hemispheric and multilateral level, with the purpose of promoting the development of electronic commerce.

Article 15.6: Definitions

For purposes of this Chapter:

digital products means computer programs, text, video, images, sound recordings, and other products that are digitally encoded and transmitted electronically, regardless of whether a Party treats such products as a good or a service under its domestic law;[3]

electronic means means employing computer processing; and

electronic transmission or **transmitted electronically** means the transfer of digital products using any electromagnetic or photonic means.

[3] For greater certainty, digital products do not include digitized representations of financial instruments, including money. The definition of digital products is without prejudice to the on-going WTO discussions on whether trade in digital products transmitted electronically is a good or a service.

Annex 15.4

Non-Discrimination for Digital Products

The Schedule of a Party sets out the non-conforming measures maintained by that Party pursuant to Article 15.4(3).

Chapter Sixteen

Competition Policy, Designated Monopolies, and State Enterprises

Article 16.1: Anticompetitive Business Conduct

1. Each Party shall adopt or maintain competition laws that proscribe anticompetitive business conduct, with the objective of promoting economic efficiency and consumer welfare, and shall take appropriate action with respect to such conduct.

2. Each Party shall maintain an authority responsible for the enforcement of its national competition laws. The enforcement policy of each Party's national competition authorities is not to discriminate on the basis of the nationality of the subjects of their proceedings. Each Party shall ensure that:

(a) before it imposes a sanction or remedy against any person for violating its competition law, it affords the person the right to be heard and to present evidence, except that it may provide for the person to be heard and present evidence within a reasonable time after it imposes an interim sanction or remedy; and

(b) an independent court or tribunal imposes or, at the person's request, reviews any such sanction or remedy.

3. Nothing in this Chapter shall be construed to infringe each Party's autonomy in developing its competition policies or in deciding how to enforce its competition laws.

Article 16.2: Cooperation

The Parties agree to cooperate in the area of competition policy. The Parties recognize the importance of cooperation and coordination between their respective authorities to further effective competition law enforcement in the free trade area. Accordingly, the Parties shall cooperate on issues of competition law enforcement, including notification, consultation, and exchange of information relating to the enforcement of the Parties' competition laws and policies.

Article 16.3: Designated Monopolies

1. Nothing in this Chapter shall be construed to prevent a Party from designating a monopoly.

2. Where a Party designates a monopoly and the designation may affect the interests of persons of the other Party, the Party shall:

(a) at the time of the designation endeavor to introduce such conditions on the operation of the monopoly as will minimize or eliminate any nullification or

impairment of benefits in the sense of Annex 22.2 (Nullification or Impairment); and

(b) provide written notification, in advance wherever possible, to the other Party of the designation and any such conditions.

3. Each Party shall ensure that any privately-owned monopoly that it designates after the date of entry into force of this Agreement and any government monopoly that it designates or has designated:

(a) acts in a manner that is not inconsistent with the Party's obligations under this Agreement wherever such a monopoly exercises any regulatory, administrative, or other governmental authority that the Party has delegated to it in connection with the monopoly good or service, such as the power to grant import or export licenses, approve commercial transactions, or impose quotas, fees, or other charges;

(b) acts solely in accordance with commercial considerations in its purchase or sale of the monopoly good or service in the relevant market, including with regard to price, quality, availability, marketability, transportation, and other terms and conditions of purchase or sale, except to comply with any terms of its designation that are not inconsistent with subparagraph (c) or (d);

(c) provides non-discriminatory treatment to covered investments, to goods of the other Party, and to service suppliers of the other Party in its purchase or sale of the monopoly good or service in the relevant market; and

(d) does not use its monopoly position to engage, either directly or indirectly, including through its dealings with its parent, subsidiaries, or other enterprises with common ownership, in anticompetitive practices in a non-monopolized market in its territory that adversely affect covered investments.

4. This Article does not apply to procurement.

Article 16.4: State Enterprises

1. Nothing in this Agreement shall be construed to prevent a Party from establishing or maintaining a state enterprise.

2. Each Party shall ensure that any state enterprise that it establishes or maintains acts in a manner that is not inconsistent with the Party's obligations under this Agreement wherever such enterprise exercises any regulatory, administrative, or other governmental authority that the Party has delegated to it, such as the power to expropriate, grant licenses, approve commercial transactions, or impose quotas, fees, or other charges.

3. Each Party shall ensure that any state enterprise that it establishes or maintains accords non-discriminatory treatment in the sale of its goods or services to covered investments.

Article 16.5: Differences in Pricing

The charging of different prices in different markets, or within the same market, where such differences are based on normal commercial considerations, such as taking account of supply and demand conditions, is not in itself inconsistent with Articles 16.3 and 16.4.

Article 16.6: Transparency and Information Requests

1. The Parties recognize the value of transparency of government competition policies.

2. On request, each Party shall make available to the other Party public information concerning its:

(a) competition law enforcement activities; and

(b) state enterprises and designated monopolies, public or private, at any level of government.

Requests under subparagraph (b) shall indicate the entities or localities involved, specify the particular products and markets concerned, and include indicia of practices that may restrict trade or investment between the Parties.

3. On request, each Party shall make available to the other Party public information concerning exemptions provided under its competition laws. Requests shall specify the particular goods and markets of interest and include indicia that the exemption may restrict trade or investment between the Parties.

Article 16.7: Consultations

To foster understanding between the Parties, or to address specific matters that arise under this Chapter, each Party shall, on request of the other Party, enter into consultations regarding representations made by the other Party. In its request, the Party shall indicate, if relevant, how the matter affects trade or investment between the Parties. The Party addressed shall accord full and sympathetic consideration to the concerns of the other Party.

Article 16.8: Disputes

Neither Party may have recourse to dispute settlement under this Agreement for any matter arising under Article 16.1, 16.2, or 16.7.

Article 16.9: Definitions

For purposes of this Chapter:

a **delegation** includes a legislative grant, and a government order, directive, or other act, transferring to the monopoly or state enterprise, or authorizing the exercise by the monopoly or state enterprise of, governmental authority;

designate means to establish, designate, or authorize, formally or in effect, a monopoly or to expand the scope of a monopoly to cover an additional good or service;

government monopoly means a monopoly that is owned, or controlled through ownership interests, by the national government of a Party or by another such monopoly;

in accordance with commercial considerations means consistent with normal business practices of privately-held enterprises in the relevant business or industry;

market means the geographic and commercial market for a good or service;

monopoly means an entity, including a consortium or government agency, that in any relevant market in the territory of a Party is designated as the sole provider or purchaser of a good or service, but does not include an entity that has been granted an exclusive intellectual property right solely by reason of such grant; and

non-discriminatory treatment means the better of national treatment and most-favored-nation treatment, as set out in the relevant provisions of this Agreement.

Chapter Seventeen

Intellectual Property Rights

The Parties,

Desiring to reduce distortions and impediments to trade between the Parties;

Desiring to enhance the intellectual property systems of the two Parties to account for the latest technological developments and to ensure that measures and procedures to enforce intellectual property rights do not themselves become barriers to legitimate trade;

Desiring to promote greater efficiency and transparency in the administration of intellectual property systems of the Parties;

Desiring to build on the foundations established in existing international agreements in the field of intellectual property, including the World Trade Organization (WTO) *Agreement on Trade-Related Aspects of Intellectual Property Rights* (TRIPS Agreement) and affirming the rights and obligations set forth in the TRIPS Agreement;

Recognizing the principles set out in the Declaration on the TRIPS Agreement on Public Health, adopted on November 14, 2001, by the WTO at the Fourth WTO Ministerial Conference, held in Doha, Qatar;

Emphasizing that the protection and enforcement of intellectual property rights is a fundamental principle of this Chapter that helps promote technological innovation as well as the transfer and dissemination of technology to the mutual advantage of technology producers and users, and that encourages the development of social and economic well-being;

Convinced of the importance of efforts to encourage private and public investment for research, development, and innovation;

Recognizing that the business community of each Party should be encouraged to participate in programs and initiatives for research, development, innovation, and the transfer of technology implemented by the other Party;

Recognizing the need to achieve a balance between the rights of right holders and the legitimate interests of users and the community with regard to protected works;

Agree as follows:

Article 17.1: General Provisions

1. Each Party shall give effect to the provisions of this Chapter and may, but shall not be obliged to, implement in its domestic law more extensive protection than is required by this Chapter, provided that such protection does not contravene the provisions of this Chapter.

2. Before January 1, 2007, each Party shall ratify or accede to the *Patent Cooperation Treaty* (1984).

3. Before January 1, 2009, each Party shall ratify or accede to:

(a) the *International Convention for the Protection of New Varieties of Plants* (1991);

(b) the *Trademark Law Treaty* (1994); and

(c) the *Convention Relating to the Distribution of Programme-Carrying Signals Transmitted by Satellite* (1974).

4. Each Party shall undertake reasonable efforts to ratify or accede to the following agreements in a manner consistent with its domestic law:

(a) the *Patent Law Treaty* (2000);

(b) the *Hague Agreement Concerning the International Registration of Industrial Designs* (1999); and

(c) the *Protocol Relating to the Madrid Agreement Concerning the International Registration of Marks* (1989).

5. Nothing in this Chapter concerning intellectual property rights shall derogate from the obligations and rights of one Party with respect to the other by virtue of the TRIPS Agreement or multilateral intellectual property agreements concluded or administered under the auspices of the World Intellectual Property Organization (WIPO).

6. In respect of all categories of intellectual property covered in this Chapter, each Party shall accord to persons of the other Party treatment no less favorable than it accords to its own persons with regard to the protection[1] and enjoyment of such intellectual property rights and any benefits derived from such rights. With respect to secondary uses of phonograms by means of analog communications and free over-the-air radio broadcasting,

[1] For purposes of paragraphs 6 and 7, "protection" shall include matters affecting the availability, acquisition, scope, maintenance, and enforcement of intellectual property rights as well as matters affecting the use of intellectual property rights specifically covered by this Chapter. For purposes of paragraphs 6 and 7, "protection" shall also include the prohibition on circumvention of effective technological measures pursuant to Article 17.7(5) and the provisions concerning rights management information pursuant to Article 17.7(6).

however, a Party may limit the rights of the performers and producers of the other Party to the rights its persons are accorded within the jurisdiction of the other Party.

7. Each Party may derogate from paragraph 6 in relation to its judicial and administrative procedures, including the designation of an address for service or the appointment of an agent within the jurisdiction of that Party, only where such derogations are necessary to secure compliance with laws and regulations that are not inconsistent with the provisions of this Chapter and where such practices are not applied in a manner that would constitute a disguised restriction on trade.

8. Paragraphs 6 and 7 do not apply to procedures provided in multilateral agreements concluded under the auspices of WIPO relating to the acquisition or maintenance of intellectual property rights.

9. This Chapter does not give rise to obligations in respect of acts that occurred before the date of entry into force of this Agreement.

10. Except as otherwise provided for in this Chapter, this Chapter gives rise to obligations in respect of all subject matter existing at the date of entry into force of this Agreement, and which is protected by a Party on that date, or which meets or comes subsequently to meet the criteria for protection under the terms of this Chapter. In respect of paragraphs 10 and 11, copyright and related rights obligations with respect to existing works and phonograms shall be determined solely under Article 17.7(7).

11. Neither Party shall be obligated to restore protection to subject matter which on the date of entry into force of this Chapter has fallen into the public domain in that Party.

12. Each Party shall ensure that all laws, regulations, and procedures concerning the protection or enforcement of intellectual property rights, and all final judicial decisions and administrative rulings of general applicability pertaining to the enforcement of such rights, shall be in writing and shall be published,[2] or where such publication is not practicable, made publicly available, in a national language in such a manner as to enable the other Party and right holders to become acquainted with them, with the object of making the protection and enforcement of intellectual property rights transparent. Nothing in this paragraph shall require a Party to disclose confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or would prejudice the legitimate commercial interests of particular enterprises, public or private.

13. Nothing in this Chapter prevents a Party from adopting measures necessary to prevent anticompetitive practices that may result from the abuse of the intellectual property rights set forth in this Chapter.

---

[2] The requirement for publication is satisfied by making the written document available to the public via the Internet.

14. For the purposes of strengthening the development and protection of intellectual property, and implementing the obligations of this Chapter, the Parties will cooperate, on mutually agreed terms and subject to the availability of appropriated funds, by means of:

(a) educational and dissemination projects on the use of intellectual property as a research and innovation tool, as well as on the enforcement of intellectual property;

(b) appropriate coordination, training, specialization courses, and exchange of information between the intellectual property offices and other institutions of the Parties; and

(c) enhancing the knowledge, development, and implementation of the electronic systems used for the management of intellectual property.

Article 17.2: Trademarks

1. Each Party shall provide that trademarks shall include collective, certification, and sound marks, and may include geographical indications[3] and scent marks. Neither Party is obligated to treat certification marks as a separate category in its domestic law, provided that the signs as such are protected.

2. Each Party shall afford an opportunity for interested parties to oppose the application for a trademark.

3. Pursuant to Article 20 of the TRIPS Agreement, each Party shall ensure that any measures mandating the use of the term customary in common language as the common name for a good ("common name") including, *inter alia*, requirements concerning the relative size, placement, or style of use of the trademark in relation to the common name, do not impair the use or effectiveness of trademarks used in relation to such good.

4. Each Party shall provide that the owner of a registered trademark shall have the exclusive right to prevent third parties not having the owner's consent from using in the course of trade identical or similar signs, including subsequent geographical indications, for goods or services that are related to those goods or services in respect of which the trademark is registered, where such use would result in a likelihood of confusion.[4]

5. Each Party may provide limited exceptions to the rights conferred by a trademark, such as fair use of descriptive terms, provided that such exceptions take account of the legitimate interests of the owner of the trademark and of third parties.

---

[3] A geographical indication is capable of constituting a trademark to the extent that the geographical indication consists of any sign, or any combination of signs, capable of identifying a good or service as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation, or other characteristic of the good or service is essentially attributable to its geographical origin.

[4] It is understood that likelihood of confusion is to be determined under the domestic trademark law of each Party.

6. Article 6*bis* of the *Paris Convention for the Protection of Industrial Property* (1967) (Paris Convention) shall apply, *mutatis mutandis*, to goods or services which are not similar to those identified by a well-known trademark, whether registered or not, provided that use of that trademark in relation to those goods or services would indicate a connection between those goods or services and the owner of the trademark and provided that the interests of the owner of the trademark are likely to be damaged by such use.

7. Each Party shall, according to its domestic law, provide for appropriate measures to prohibit or cancel the registration of a trademark identical or similar to a well-known trademark, if the use of that trademark by the registration applicant is likely to cause confusion, or to cause mistake, or to deceive or risk associating the trademark with the owner of the well-known trademark, or constitutes unfair exploitation of the reputation of the trademark. Such measures to prohibit or cancel registration shall not apply when the registration applicant is the owner of the well-known trademark.

8. In determining whether a trademark is well-known, a Party shall not require that the reputation of the trademark extend beyond the sector of the public that normally deals with the relevant goods or services.

9. Each Party recognizes the importance of the *Joint Recommendation Concerning Provisions on the Protection of Well-Known Marks* (1999), adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of WIPO and shall be guided by the principles contained in this Recommendation.

10. Each Party shall provide a system for the registration of trademarks, which shall include:

(a) providing to the applicant a communication in writing, which may be electronic, of the reasons for any refusal to register a trademark;

(b) providing to the applicant an opportunity to respond to communications from the trademark authorities, contest an initial refusal, and appeal judicially any final refusal to register; and

(c) a requirement that decisions in opposition or cancellation proceedings be reasoned and in writing.

11. Each Party shall work to provide, to the maximum degree practical, a system for the electronic application, processing, registration, and maintenance of trademarks.

12. In relation to trademarks, Parties are encouraged to classify goods and services according to the classification of the *Nice Agreement Concerning the International Classification of Goods and Services for the Purposes of the Registration of Marks* (1979). In addition, each Party shall provide that:

(a) each registration or publication which concerns a trademark application or registration and which indicates the relevant goods or services shall indicate the goods or services by their names; and

(b) goods or services may not be considered as being similar to each other simply on the ground that, in any registration or publication, they appear in the same class of any classification system, including the Nice Classification. Conversely, goods or services may not be considered as being dissimilar from each other simply on the ground that, in any registration or publication, they appear in different classes of any classification system, including the Nice Classification.

Article 17.3: Domain Names on the Internet

1. Each Party shall require that the management of its country-code top level domain (ccTLD) provide an appropriate procedure for the settlement of disputes, based on the principles established in the *Uniform Domain-Name Dispute-Resolution Policy* (UDRP), in order to address the problem of trademark cyber-piracy.

2. Each Party shall, in addition, require that the management of its respective ccTLD provide online public access to a reliable and accurate database of contact information for domain-name registrants, in accordance with each Party's law regarding protection of personal data.

Article 17.4: Geographical Indications[5]

1. Geographical indications, for the purposes of this Article, are indications which identify a good as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation, or other characteristic of the good is essentially attributable to its geographical origin. Any sign or combination of signs (such as words, including geographical and personal names, letters, numerals, figurative elements, and colors), in any form whatsoever, shall be eligible for protection or recognition as a geographical indication.

2. Chile shall:

(a) provide the legal means to identify and protect geographical indications of United States persons that meet the criteria in paragraph 1; and

(b) provide to United States geographical indications of wines and spirits the same recognition as Chile accords to wines and spirits under the Chilean geographical indications registration system.

[5] For the purposes of this Article, persons of a Party shall also mean government agencies.

3. The United States shall:

(a) provide the legal means to identify and protect the geographical indications of Chile that meet the criteria in paragraph 1; and

(b) provide to Chilean geographical indications of wines and spirits the same recognition as the United States accords to wines and spirits under the Certificate of Label Approval (COLA) system as administered by the Alcohol and Tobacco Tax and Trade Bureau, Department of Treasury (TTB), or any successor agencies. Names that Chile desires to be included in the regulation set forth in 27 CFR Part 12 (Foreign Nongeneric), or any successor to that regulation, will be governed by paragraph 4 of this Article.

4. Each Party shall provide the means for persons of the other Party to apply for protection or petition for recognition of geographical indications. Each Party shall accept applications or petitions, as the case may be, without the requirement for intercession by a Party on behalf of its persons.

5. Each Party shall process applications or petitions, as the case may be, for geographical indications with a minimum of formalities.

6. Each Party shall make the regulations governing filing of such applications or petitions, as the case may be, available to the public in both printed and electronic form.

7. Each Party shall ensure that applications or petitions, as the case may be, for geographical indications are published for opposition, and shall provide procedures to effect opposition of geographical indications that are the subject of applications or petitions. Each Party shall also provide procedures to cancel any registration resulting from an application or a petition.

8. Each Party shall ensure that measures governing the filing of applications or petitions, as the case may be, for geographical indications set out clearly the procedures for these actions. Such procedures shall include contact information sufficient for applicants or petitioners to obtain specific procedural guidance regarding the processing of applications or petitions.

9. The Parties acknowledge the principle of exclusivity incorporated in the Paris Convention and TRIPS Agreement, with respect to rights in trademarks.

10. After the date of entry into force of this Agreement, each Party shall ensure that grounds for refusing protection or registration of a geographical indication include the following:

(a) the geographical indication is confusingly similar to a pre-existing pending good faith application for a trademark or a pre-existing trademark registered in that Party; or

(b) the geographical indication is confusingly similar to a pre-existing trademark, the rights to which have been acquired through use in good faith in that Party.

11. Within six months of the entry into force of this Agreement, each Party shall communicate to the public the means by which it intends to implement paragraphs 2 through 10.

Article 17.5: Copyright[6]

1. Each Party shall provide that authors[7] of literary and artistic works have the right[8] to authorize or prohibit all reproductions of their works, in any manner or form, permanent or temporary (including temporary storage in electronic form).

2. Without prejudice to the provisions of Articles 11(1)(ii), 11*bis*(1)(i) and (ii), 11*ter*(1)(ii), 14(1)(ii), and 14*bis*(1) of the *Berne Convention for the Protection of Literary and Artistic Works* (1971) (Berne Convention), each Party shall provide to authors of literary and artistic works the right to authorize or prohibit the communication to the public of their works, by wire or wireless means, including the making available to the public of their works in such a way that members of the public may access these works from a place and at a time individually chosen by them.[9]

3. Each Party shall provide to authors of literary and artistic works the right to authorize the making available to the public of the original and copies[10] of their works through sale or other transfer of ownership.

4. Each Party shall provide that where the term of protection of a work (including a photographic work) is calculated:

(a) on the basis of the life of a natural person, the term shall be not less than the life of the author and 70 years after the author's death; and

(b) on a basis other than the life of a natural person, the term shall be

---

[6] Except as provided in Article 17.12(2), each Party shall give effect to this Article upon the date of entry into force of this Agreement.

[7] References to "authors" in this chapter refer also to any successors in interest.

[8] With respect to copyrights and related rights in this Chapter, a right to authorize or prohibit or a right to authorize shall mean an exclusive right.

[9] It is understood that the mere provision of physical facilities for enabling or making a communication does not in itself amount to communication within the meaning of this Chapter or the Berne Convention. It is further understood that nothing in this Article precludes a Party from applying Article 11*bis*(2) of the Berne Convention.

[10] The expressions "copies" and "original and copies", being subject to the right of distribution under this paragraph, refer exclusively to fixed copies that can be put into circulation as tangible objects, *i.e.*, for this purpose, "copies" means physical copies.

(i) not less than 70 years from the end of the calendar year of the first authorized publication of the work, or

(ii) failing such authorized publication within 50 years from the creation of the work, not less than 70 years from the end of the calendar year of the creation of the work.

Article 17.6: Related Rights[11]

1. Each Party shall provide that performers and producers of phonograms[12] have the right to authorize or prohibit all reproductions of their performances or phonograms, in any manner or form, permanent or temporary (including temporary storage in electronic form).

2. Each Party shall provide to performers and producers of phonograms the right to authorize the making available to the public of the original and copies[13] of their performances or phonograms through sale or other transfer of ownership.

3. Each Party shall accord the rights provided under this Chapter to the performers and producers of phonograms who are persons of the other Party and to performances or phonograms first published or first fixed in a Party. A performance or phonogram shall be considered first published in any Party in which it is published within 30 days of its original publication.[14]

4. Each Party shall provide to performers the right to authorize or prohibit:

(a) the broadcasting and communication to the public of their unfixed performances except where the performance is already a broadcast performance, and

(b) the fixation of their unfixed performances.

5. (a) Each Party shall provide to performers and producers of phonograms the right to authorize or prohibit the broadcasting or any communication to the public of their fixed performances or phonograms, by wire or wireless means, including the making available to the public of those performances and phonograms in such a way that members of the public may access them from a place and at a time individually chosen by them.

---

[11] Except as provided in Article 17.12(2), each Party shall give effect to this Article upon the date of entry into force of this Agreement.

[12] References to "performers and producers of phonograms" in this Chapter refer also to any successors in interest.

[13] The expressions "copies" and "original and copies", being subject to the right of distribution under this paragraph, refer exclusively to fixed copies that can be put into circulation as tangible objects, *i.e.*, for this purpose, "copies" means physical copies.

[14] For the application of Article 17.6(3), fixation means the finalization of the master tape or its equivalent.

(b) Notwithstanding paragraph 5(a) and Article 17.7(3), the right to authorize or prohibit the broadcasting or communication to the public of performances or phonograms through analog communication and free over-the-air broadcasting, and the exceptions or limitations to this right for such activities, shall be a matter of domestic law. Each Party may adopt exceptions and limitations, including compulsory licenses, to the right to authorize or prohibit the broadcasting or communication to the public of performances or phonograms in respect of other noninteractive transmissions in accordance with Article 17.7(3). Such compulsory licenses shall not prejudice the right of the performer or producer of a phonogram to obtain equitable remuneration.

6. Neither Party shall subject the enjoyment and exercise of the rights of performers and producers of phonograms provided for in this Chapter to any formality.

7. Each Party shall provide that where the term of protection of a performance or phonogram is to be calculated on a basis other than the life of a natural person, the term shall be:

(a) not less than 70 years from the end of the calendar year of the first authorized publication of the performance or phonogram, or

(b) failing such authorized publication within 50 years from the fixation of the performance or phonogram, not less than 70 years from the end of the calendar year of the fixation of the performance or phonogram.

8. For the purposes of Articles 17.6 and 17.7, the following definitions apply with respect to performers and producers of phonograms:

(a) **performers** means actors, singers, musicians, dancers, and other persons who act, sing, deliver, declaim, play in, interpret, or otherwise perform literary or artistic works or expressions of folklore;

(b) **phonogram** means the fixation of the sounds of a performance or of other sounds, or of a representation of sounds, other than in the form of a fixation incorporated in a cinematographic or other audiovisual work;[15]

(c) **fixation** means the embodiment of sounds, or of the representations thereof, from which they can be perceived, reproduced, or communicated through a device;

[15] It is understood that the definition of phonogram provided in this Chapter does not suggest that rights in the phonogram are in any way affected through their incorporation into a cinematographic or other audiovisual work.

(d) **producer of a phonogram** means the person, or the legal entity, who or which takes the initiative and has the responsibility for the first fixation of the sounds of a performance or other sounds, or the representations of sounds;

(e) **publication** of a fixed performance or a phonogram means the offering of copies of the fixed performance or the phonogram to the public, with the consent of the right holder, and provided that copies are offered to the public in reasonable quantity;

(f) **broadcasting** means the transmission by wireless means for public reception of sounds or of images and sounds or of the representations thereof; such transmission by satellite is also broadcasting; transmission of encrypted signals is broadcasting where the means for decrypting are provided to the public by the broadcasting organization or with its consent; and

(g) **communication to the public** of a performance or a phonogram means the transmission to the public by any medium, otherwise than by broadcasting, of sounds of a performance or the sounds or the representations of sounds fixed in a phonogram. For the purposes of Article 17.6(5) "communication to the public" includes making the sounds or representations of sounds fixed in a phonogram audible to the public.

Article 17.7: Obligations Common to Copyright and Related Rights[16]

1. Each Party shall establish that in cases where authorization is needed from both the author of a work embodied in a phonogram and a performer or producer owning rights in the phonogram, the need for the authorization of the author does not cease to exist because the authorization of the performer and producer is also required. Likewise, each Party shall establish that in cases where authorization is needed from both the author of a work embodied in a phonogram and a performer or producer owning rights in the phonogram, the need for the authorization of the performer or producer does not cease to exist because the authorization of the author is also required.

2. (a) Each Party shall provide that for copyright and related rights:

(i) any person owning any economic right, *i.e.*, not a moral right, may freely and separately transfer such right by contract; and

(ii) any person who has acquired or owns any such economic right by virtue of a contract, including contracts of employment underlying the creation of works and phonograms, shall be permitted to exercise that right in its own name and enjoy fully the benefits derived from that right.

[16] Except as provided in Article 17.12(2), each Party shall give effect to this Article upon the date of entry into force of this Agreement.

(b) Each Party may establish:

(i) which contracts of employment underlying the creation of works or phonograms shall, in the absence of a written agreement, result in a transfer of economic rights by operation of law; and

(ii) reasonable limits to the provisions in paragraph 2(a) to protect the interests of the original right holders, taking into account the legitimate interests of the transferees.

3. Each Party shall confine limitations or exceptions to rights to certain special cases which do not conflict with a normal exploitation of the work, performance, or phonogram, and do not unreasonably prejudice the legitimate interests of the right holder.[17]

4. In order to confirm that all federal or central government agencies use computer software only as authorized, each Party shall issue appropriate laws, orders, regulations, or administrative or executive decrees to actively regulate the acquisition and management of software for such government use. Such measures may take the form of procedures such as preparing and maintaining inventories of software present on agencies' computers and inventories of software licenses.

5. In order to provide adequate legal protection and effective legal remedies against the circumvention of effective technological measures that are used by authors, performers, and producers of phonograms in connection with the exercise of their rights and that restrict unauthorized acts in respect of their works, performances, and phonograms, protected by copyright and related rights:

(a) each Party shall provide that any person who knowingly[18] circumvents without authorization of the right holder or law consistent with this Agreement any effective technological measure that controls access to a protected work, performance, or phonogram shall be civilly liable and, in appropriate circumstances, shall be criminally liable, or said conduct shall be

[17] Article 17.7(3) permits a Party to carry forward and appropriately extend into the digital environment limitations and exceptions in its domestic laws which have been considered acceptable under the Berne Convention. Similarly, these provisions permit a Party to devise new exceptions and limitations that are appropriate in the digital network environment. For works, other than computer software, and other subject-matter, such exceptions and limitations may include temporary acts of reproduction which are transient or incidental and an integral and essential part of a technological process and whose sole purpose is to enable (a) a lawful transmission in a network between third parties by an intermediary; or (b) a lawful use of a work or other subject-matter to be made; and which have no independent economic significance.

Article 17.7(3) neither reduces nor extends the scope of applicability of the limitations and exceptions permitted by the Berne Convention, the *WIPO Copyright Treaty* (1996), and the *WIPO Performances and Phonograms Treaty* (1996).

[18] For purposes of paragraph 5, knowledge may be demonstrated through reasonable evidence taking into account the facts and circumstances surrounding the alleged illegal act.

considered an aggravating circumstance of another offense.[19] No Party is required to impose civil or criminal liability for a person who circumvents any effective technological measure that protects any of the exclusive rights of copyright or related rights in a protected work, but does not control access to such work.

(b) each Party shall also provide administrative or civil measures, and, where the conduct is willful and for prohibited commercial purposes, criminal measures with regard to the manufacture, import, distribution, sale, or rental of devices, products, or components or the provision of services which:

(i) are promoted, advertised, or marketed for the purpose of circumvention of any effective technological measure, or

(ii) do not have a commercially significant purpose or use other than to circumvent any effective technological measure, or

(iii) are primarily designed, produced, adapted, or performed for the purpose of enabling or facilitating the circumvention of any effective technological measures.

Each Party shall ensure that due account is given, *inter alia*, to the scientific or educational purpose of the conduct of the defendant in applying criminal measures under any provisions implementing this subparagraph. A Party may exempt from criminal liability, and if carried out in good faith without knowledge that the conduct is prohibited, from civil liability, acts prohibited under this subparagraph that are carried out in connection with a nonprofit library, archive or educational institution.

(c) Each Party shall ensure that nothing in subparagraphs (a) and (b) affects rights, remedies, limitations, or defenses with respect to copyright or related rights infringement.

(d) Each Party shall confine limitations and exceptions to measures implementing subparagraphs (a) and (b) to certain special cases that do not impair the adequacy of legal protection or the effectiveness of legal remedies against the circumvention of effective technological measures. In particular, each Party may establish exemptions and limitations to address the following situations and activities in accordance with subparagraph (e):

(i) when an actual or likely adverse effect on noninfringing uses with respect to a particular class of works or exceptions or limitation to

[19] Paragraph 5 does not obligate a Party to require that the design of, or the design and selection of parts and components for, a consumer electronics, telecommunications, or computing product provide for a response to any particular technological measure, so long as such product does not otherwise violate any measure implementing paragraph 5(b).

copyright or related rights with respect to a class of users is demonstrated or recognized through a legislative or administrative proceeding established by law, provided that any limitation or exception adopted in reliance upon this subparagraph (d)(i) shall have effect for a period of not more than three years from the date of conclusion of such proceeding;

(ii) noninfringing reverse engineering activities with regard to a lawfully obtained copy of a computer program, carried out in good faith with respect to particular elements of that computer program that have not been readily available to that person,[20] for the sole purpose of achieving interoperability of an independently created computer program with other programs;[21]

(iii) noninfringing good faith activities, carried out by a researcher who has lawfully obtained a copy, performance, or display of a work, and who has made a reasonable attempt to obtain authorization for such activities, to the extent necessary for the sole purpose of identifying and analyzing flaws and vulnerabilities of encryption technologies;[22]

(iv) the inclusion of a component or part for the sole purpose of preventing the access of minors to inappropriate online content in a technology, product, service, or device that does not itself violate any measures implementing subparagraphs (a) and (b);

(v) noninfringing good faith activities that are authorized by the owner of a computer, computer system, or computer network for the sole purpose of testing, investigating, or correcting the security of that computer, computer system, or computer network;

(vi) noninfringing activities for the sole purpose of identifying and disabling a capability to carry out undisclosed collection or dissemination of personally identifying information reflecting the online activities of a natural person in a way that has no other effect on the ability of any person to gain access to any work;

(vii) lawfully authorized activities carried out by government employees, agents, or contractors for the purpose of law enforcement, intelligence, or similar government activities; and

---

[20] For greater certainty, elements of a computer program are not readily available to a person seeking to engage in noninfringing reverse engineering when they cannot be obtained from the literature on the subject, from the copyright holder, or from sources in the public domain.

[21] Such activity occurring in the course of research and development is not excluded from this exception.

[22] Such activity occurring in the course of research and development is not excluded from this exception.

(viii) access by a nonprofit library, archive, or educational institution to a work not otherwise available to it, for the sole purpose of making acquisition decisions.

(e) Each Party may apply the exceptions and limitations for the situations and activities set forth in subparagraph (d) as follows:

(i) any measure implementing subparagraph (a) may be subject to the exceptions and limitations with respect to each situation and activity set forth in subparagraph (d).

(ii) any measure implementing subparagraph (b), as it applies to effective technological measures that control access to a work, may be subject to exceptions and limitations with respect to the activities set forth in subparagraphs (d)(ii), (iii), (iv), (v), and (vii).

(iii) any measure implementing subparagraph (b), as it applies to effective technological measures that protect any copyright or any rights related to copyright, may be subject to exceptions and limitations with respect to the activities set forth in subparagraph (d)(ii) and (vii).

(f) **Effective technological measure** means any technology, device, or component that, in the normal course of its operation, controls access to a work, performance, phonogram, or any other protected material, or that protects any copyright or any rights related to copyright, and cannot, in the usual case, be circumvented accidentally.

6. In order to provide adequate and effective legal remedies to protect rights management information:

(a) each Party shall provide that any person who without authority, and knowing, or, with respect to civil remedies, having reasonable grounds to know, that it will induce, enable, facilitate, or conceal an infringement of any copyright or related right,

(i) knowingly removes or alters any rights management information;

(ii) distributes or imports for distribution rights management information knowing that the rights management information has been altered without authority; or

(iii) distributes, imports for distribution, broadcasts, communicates, or makes available to the public copies of works or phonograms, knowing that rights management information has been removed or altered without authority,

shall be liable, upon the suit of any injured person, and subject to the remedies in Article 17.11(5). Each Party shall provide for application of criminal procedures and remedies at least in cases where acts prohibited in the subparagraph are done willfully and for purposes of commercial advantage. A Party may exempt from criminal liability prohibited acts done in connection with a nonprofit library, archive, educational institution, or broadcasting entity established without a profit-making purpose.

(b) **Rights management information** means:

(i) information which identifies a work, performance, or phonogram; the author of the work, the performer of the performance, or the producer of the phonogram; or the owner of any right in the work, performance, or phonogram;

(ii) information about the terms and conditions of the use of the work, performance, or phonogram; and

(iii) any numbers or codes that represent such information,

when any of these items is attached to a copy of the work, performance, or phonogram or appears in conjunction with the communication or making available of a work, performance, or phonogram to the public. Nothing in paragraph 6(a) requires the owner of any right in the work, performance, or phonogram to attach rights management information to copies of the owner's work, performance, or phonogram or to cause rights management information to appear in connection with a communication of the work, performance, or phonogram to the public.

7. Each Party shall apply Article 18 of the Berne Convention, *mutatis mutandis*, to all the protections of copyright and related rights and effective technological measures and rights management information in Articles 17.5, 17.6, and 17.7.

Article 17.8: Protection of Encrypted Program-Carrying Satellite Signals

1. Each Party shall make it:

(a) a civil or criminal offense to manufacture, assemble, modify, import, export, sell, lease, or otherwise distribute a tangible or intangible device or system, knowing[23] that the device or system's principal function is solely to assist in decoding an encrypted program-carrying satellite signal without the authorization of the lawful distributor of such signal; and

[23] For purposes of paragraph 1, knowledge may be demonstrated through reasonable evidence, taking into account the facts and circumstances surrounding the alleged illegal act.

(b) a civil or criminal offense willfully to receive or further distribute an encrypted program-carrying satellite signal knowing that it has been decoded without the authorization of the lawful distributor of the signal.

2. Each Party shall provide that any person injured by any activity described in subparagraphs 1(a) or 1(b), including any person that holds an interest in the encrypted programming signal or the content of that signal, shall be permitted to initiate a civil action under any measure implementing such subparagraphs.

Article 17.9: Patents

1. Each Party shall make patents available for any invention, whether a product or a process, in all fields of technology, provided that the invention is new, involves an inventive step, and is capable of industrial application. For purposes of this Article, a Party may treat the terms "inventive step" and "capable of industrial application" as being synonymous with the terms "non-obvious" and "useful", respectively.

2. Each Party will undertake reasonable efforts, through a transparent and participatory process, to develop and propose legislation within 4 years from the entry into force of this Agreement that makes available patent protection for plants that are new, involve an inventive step, and are capable of industrial application.

3. Each Party may provide limited exceptions to the exclusive rights conferred by a patent, provided that such exceptions do not unreasonably conflict with a normal exploitation of the patent and do not unreasonably prejudice the legitimate interests of the patent owner, taking account of the legitimate interests of third parties.

4. If a Party permits the use by a third party of the subject matter of a subsisting patent to support an application for marketing approval or sanitary permit of a pharmaceutical product, the Party shall provide that any product produced under such authority shall not be made, used, or sold in the territory of the Party other than for purposes related to meeting requirements for marketing approval or the sanitary permit, and if export is permitted, the product shall only be exported outside the territory of the Party for purposes of meeting requirements for issuing marketing approval or sanitary permits in the exporting Party.

5. A Party may revoke or cancel a patent only when grounds exist that would have justified a refusal to grant the patent.[24]

6. Each Party shall provide for the adjustment of the term of a patent, at the request of the patent owner, to compensate for unreasonable delays that occur in granting the patent. For the purposes of this paragraph, an unreasonable delay shall be understood to include a delay in the issuance of the patent of more than five years from the date of filing of the application in the Party, or three years after a request for examination of the application has

[24] Fraud in obtaining a patent may constitute grounds for revocation or cancellation.

been made, whichever is later, provided that periods of time attributable to actions of the patent applicant need not be included in the determination of such delays.

7. Neither Party shall use a public disclosure to bar patentability based upon a lack of novelty or inventive step if the public disclosure (a) was made or authorized by, or derived from, the patent applicant and (b) occurs within 12 months prior to the date of filing of the application in the Party.

Article 17.10: Measures Related to Certain Regulated Products

1. If a Party requires the submission of undisclosed information concerning the safety and efficacy of a pharmaceutical or agricultural chemical product which utilizes a new chemical entity, which product has not been previously approved, to grant a marketing approval or sanitary permit for such product, the Party shall not permit third parties not having the consent of the person providing the information to market a product based on this new chemical entity, on the basis of the approval granted to the party submitting such information. A Party shall maintain this prohibition for a period of at least five years from the date of approval for a pharmaceutical product and ten years from the date of approval for an agricultural chemical product.[25] Each Party shall protect such information against disclosure except where necessary to protect the public.

2. With respect to pharmaceutical products that are subject to a patent, each Party shall:

(a) make available an extension of the patent term to compensate the patent owner for unreasonable curtailment of the patent term as a result of the marketing approval process;

(b) make available to the patent owner the identity of any third party requesting marketing approval effective during the term of the patent; and

(c) not grant marketing approval to any third party prior to the expiration of the patent term, unless by consent or acquiescence of the patent owner.

Article 17.11: Enforcement of Intellectual Property Rights

General Obligations

1. Each Party shall ensure that procedures and remedies set forth in this Article for enforcement of intellectual property rights are established in accordance with its domestic

[25] Where a Party, on the date of its implementation of the TRIPS Agreement, had in place a system for protecting pharmaceutical or agricultural chemical products not involving new chemical entities from unfair commercial use which conferred a period of protection shorter than that specified in paragraph 1, that Party may retain such system notwithstanding the obligations of paragraph 1.

law.[26] Such administrative and judicial procedures and remedies, both civil and criminal, shall be made available to the holders of such rights in accordance with the principles of due process that each Party recognizes as well as with the foundations of its own legal system.

2. This Article does not create any obligation:

(a) to put in place a judicial system for the enforcement of intellectual property rights distinct from that already existing for the enforcement of law in general, or

(b) with respect to the distribution of resources for the enforcement of intellectual property rights and the enforcement of law in general.

The distribution of resources for the enforcement of intellectual property rights shall not excuse a Party from compliance with the provisions of this Article.

3. Final decisions on the merits of a case of general application shall be in writing and shall state the reasons or the legal basis upon which decisions are based.

4. Each Party shall publicize or make available to the public information that each Party might collect regarding its efforts to provide effective enforcement of intellectual property rights, including statistical information.

5. Each Party shall make available the civil remedies set forth in this Article for the acts described in the Articles 17.7(5) and 17.7(6).

6. In civil, administrative, and criminal proceedings involving copyright or related rights, each Party shall provide that:

(a) the natural person or legal entity whose name is indicated as the author, producer, performer, or publisher of the work, performance, or phonogram in the usual manner,[27] shall, in the absence of proof to the contrary, be presumed to be the designated right holder in such work, performance, or phonogram.

(b) it shall be presumed, in the absence of proof to the contrary, that the copyright or related right subsists in such subject matter. A Party may require, as a condition for according such presumption of subsistence, that the work appear on its face to be original and that it bear a publication date not more than 70 years prior to the date of the alleged infringement.

---

[26] Nothing in this Chapter prevents a Party from establishing or maintaining appropriate judicial or administrative procedural formalities for this purpose that do not impair each Party's rights and obligations under this Agreement.

[27] Each Party may establish the means by which it shall determine what constitutes the "usual manner" for a particular physical support.

Civil and Administrative Procedures[28] *and Remedies*

7. Each Party shall make available to right holders[29] civil judicial procedures concerning the enforcement of any intellectual property right.

8. Each Party shall provide that:

(a) In civil judicial proceedings, the judicial authorities shall have the authority to order the infringer to pay the right holder:

(i) damages adequate to compensate for the injury the right holder has suffered because of an infringement of that person's intellectual property right by an infringer engaged in infringing activity, and

(ii) at least in the case of infringements of trademark, copyright, or related rights, the profits of the infringer that are attributable to the infringement and are not already taken into account in determining injury.

(b) In determining injury to the right holder, the judicial authorities shall, *inter alia*, consider the legitimate retail value of the infringed goods.

9. In civil judicial proceedings, each Party shall, at least with respect to works protected by copyright or related rights and trademark counterfeiting, establish pre-established damages, prescribed by each Party's domestic law, that the judicial authorities deem reasonable in light of the goals of the intellectual property system and the objectives set forth in this Chapter.

10. Each Party shall provide that, except in exceptional circumstances, its judicial authorities have the authority to order, at the conclusion of civil judicial proceedings concerning infringement of copyright or related rights and trademark counterfeiting, that the prevailing right holder shall be paid the court costs or fees and reasonable attorney's fees by the infringing party.

11. In civil judicial proceedings concerning copyright and related rights infringement and trademark counterfeiting, each Party shall provide that its judicial authorities shall have the authority to order the seizure of suspected infringing goods, and of material and implements by means of which such goods are produced where necessary to prevent further infringement.

---

[28] For the purposes of this Article, civil judicial procedures mean those procedures as applied to the protection and enforcement of intellectual property rights.

[29] For the purposes of this Article, the term "right holder" shall include duly authorized licensees as well as federations and associations having legal standing and authorization to assert such rights.

12. In civil judicial proceedings, each Party shall provide that:

(a) its judicial authorities shall have the authority to order, at their discretion, the destruction, except in exceptional cases, of the goods determined to be infringing goods;

(b) the charitable donation of goods that infringe copyright and related rights shall not be ordered by the judicial authorities without the authorization of the right holder other than in special cases that do not conflict with the normal exploitation of the work, performance, or phonogram, and do not unreasonably prejudice the legitimate interests of the right holder;

(c) the judicial authorities shall have the authority to order, at their discretion, that material and implements actually used in the manufacture of the infringing goods be destroyed. In considering such requests, the judicial authorities shall take into account, *inter alia*, the need for proportionality between the gravity of the infringement and remedies ordered, as well as the interests of third parties holding an ownership, possessory, contractual, or secured interest; and

(d) in regard to counterfeited trademarked goods, the simple removal of the trademark unlawfully affixed shall not permit release of the goods into the channels of commerce. However, such goods may be donated to charity when the removal of the trademark eliminates the infringing characteristic of the good and the good is no longer identifiable with the removed trademark.

13. In civil judicial proceedings, each Party shall provide that the judicial authorities shall have the authority to order the infringer to provide any information the infringer may have regarding persons involved in the infringement, and regarding the distribution channels of infringing goods. Judicial authorities shall also have the authority to impose fines or imprisonment on infringers who do not comply with such orders, in accordance with each Party's domestic law.

14. To the extent that any civil remedy can be ordered as a result of administrative procedures on the merits of a case, such procedures shall conform to principles equivalent in substance to those set forth in paragraphs 1 through 13.

Provisional Measures

15. Each Party shall provide that requests for relief *inaudita altera parte* shall be acted upon expeditiously in accordance with the judicial procedural rules of that Party.

16. Each Party shall provide that:

(a) its judicial authorities have the authority to require the applicant for any provisional measure to provide any reasonably available evidence in order to satisfy themselves to a sufficient degree of certainty that the applicant is the

holder of the right in question[30] and that infringement of such right is imminent, and to order the applicant to provide a reasonable security or equivalent assurance in an amount that is sufficient to protect the defendant and prevent abuse, set at a level so as not to unreasonably deter recourse to such procedures.

(b) in the event that judicial or other authorities appoint experts, technical or otherwise, that must be paid by the parties, such costs shall be set at a reasonable level taking into account the work performed, or if applicable, based on standardized fees, and shall not unreasonably deter recourse to provisional relief.

Special Requirements Related to Border Measures

17. Each Party shall provide that any right holder initiating procedures for suspension by the customs authorities of the release of suspected counterfeit trademark or pirated copyright goods[31] into free circulation is required to provide adequate evidence to satisfy the competent authorities that, under the laws of the Party of importation, there is *prima facie* an infringement of the right holder's intellectual property right and to supply sufficient information to make the suspected goods reasonably recognizable to the customs authorities. The sufficient information required shall not unreasonably deter recourse to these procedures.

18. Each Party shall provide the competent authorities with the authority to require an applicant to provide a reasonable security or equivalent assurance sufficient to protect the defendant and the competent authorities and to prevent abuse. Such security or equivalent assurance shall not unreasonably deter recourse to these procedures.

19. Where the competent authorities have made a determination that goods are counterfeit or pirated, a Party shall grant the competent authorities the authority to inform the right holder, at the right holder's request, of the names and addresses of the consignor, the importer, and the consignee, and of the quantity of the goods in question.

20. Each Party shall provide that the competent authorities are permitted to initiate border measures *ex officio*, without the need for a formal complaint from a person or right

---

[30] In accordance with the provisions in paragraph 6(a).

[31] For the purposes of paragraphs 17 through 19:

(a) **counterfeit trademark goods** means any goods, including packaging, bearing without authorization a trademark which is identical to the trademark validly registered in respect of such goods, or which cannot be distinguished in its essential aspects from such a trademark, and which thereby infringes the rights of the owner of the trademark in question under the law of the country of importation;

(b) **pirated copyright goods** means any goods which are copies made without the consent of the right holder or person duly authorized by the right holder in the country of production and which are made directly or indirectly from an article where the making of that copy would have constituted an infringement of a copyright or a related right under the law of the country of importation.

holder. Such measures shall be used when there is reason to believe or suspect that goods being imported, destined for export, or moving in transit are counterfeit or pirated. In case of goods in transit, each Party, in conformity with other international agreements subscribed to by it, may provide that *ex officio* authority shall be exercised prior to sealing the container, or other means of conveyance, with the customs seal, as applicable.[32]

21. Each Party shall provide that:

(a) goods that have been found to be pirated or counterfeit by the competent authorities shall be destroyed, except in exceptional cases.

(b) in regard to counterfeit trademark goods, the simple removal of the trademark unlawfully affixed shall not be sufficient to permit the release of goods into the channels of commerce.

(c) in no event shall the competent authorities engage in, or permit, the re-exportation of counterfeit or pirated goods, nor shall they permit such goods to be subject to other customs procedures.

Criminal Procedures and Remedies

22. Each Party shall provide for application of criminal procedures and penalties at least in cases of willful trademark counterfeiting or piracy, on a commercial scale, of works, performances, or phonograms protected by copyright or related rights. Specifically, each Party shall ensure that:

(a) (i) willfull infringement[33] of copyright and related rights for a commercial advantage or financial gain, is subject to criminal procedures and penalties;[34]

(ii) copyright or related rights piracy on a commercial scale includes the willful infringing reproduction or distribution, including by electronic means, of copies with a significant aggregate monetary value, calculated based on the legitimate retail value of the infringed goods;

(b) available remedies include sentences of imprisonment and/or monetary fines that are sufficient to provide a deterrent to future infringements and present a

---

[32] The Parties recognize their obligations with respect to technological cooperation and other matters set forth in Chapter Five (Customs Administration), concerning, *inter alia*, improved customs enforcement, including with respect to intellectual property rights.

[33] For purposes of paragraph 22, evidence of reproduction or distribution of a copyrighted work, by itself, shall not be sufficient to establish willful infringement.

[34] For purposes of paragraph 22, commercial advantage or financial gain shall be understood to exclude *de minimis* infringements. Nothing in this Agreement prevents prosecutors from exercising any discretion that they may have to decline to pursue cases.

level of punishment consistent with the gravity of the offense, which shall be applied by the judicial authorities in light of, *inter alia*, these criteria;

(c) judicial authorities have the authority to order the seizure of suspected counterfeit or pirated goods, assets legally traceable to the infringing activity, documents and related materials, and implements that constitute evidence of the offense. Each Party shall further provide that its judicial authorities have the authority to seize items in accordance with its domestic law. Items that are subject to seizure pursuant to a search order need not be individually identified so long as they fall within general categories specified in the order;

(d) judicial authorities have the authority to order, among other measures, the forfeiture of any assets legally traceable to the infringing activity, and the forfeiture and destruction of all counterfeit and pirated goods and, at least with respect to copyright and related rights piracy, any related materials and implements actually used in the manufacture of the pirated goods. Parties shall not make compensation available to the infringer for any such forfeiture or destruction; and

(e) Appropriate authorities, as determined by each Party, have the authority, in cases of copyright and related rights piracy and trademark counterfeiting, to exercise legal action *ex officio* without the need for a formal complaint by a person or right holder.

Limitations on Liability for Internet Service Providers

23. (a) For the purpose of providing enforcement procedures that permit effective action against any act of infringement of copyright[35] covered under this Chapter, including expeditious remedies to prevent infringements and criminal and civil remedies, each Party shall provide, consistent with the framework set forth in this Article:

(i) legal incentives for service providers to cooperate with copyright owners in deterring the unauthorized storage and transmission of copyrighted materials; and

(ii) limitations in its law regarding the scope of remedies available against service providers for copyright infringements that they do not control, initiate, or direct, and that take place through systems or networks controlled or operated by them or on their behalf, as set forth below.

(b) These limitations shall preclude monetary relief and provide reasonable limitations on court-ordered relief to compel or restrain certain actions for the following functions and shall be confined to those functions:

[35] For purposes of paragraph 23, "copyright" shall also include related rights.

(i) transmitting, routing, or providing connections for material without modification of its content;[36]

(ii) caching carried out through an automatic process;

(iii) storage at the direction of a user of material residing on a system or network controlled or operated by or for the provider, including e-mails and its attachments stored in the provider's server, and web pages residing on the provider's server; and

(iv) referring or linking users to an online location by using information location tools, including hyperlinks and directories.

These limitations shall apply only where the provider does not initiate the transmission, or select the material or its recipients (except to the extent that a function described in subparagraph (iv) in itself entails some form of selection). This paragraph does not preclude the availability of other defenses to copyright infringement that are of general applicability, and qualification for the limitations as to each function shall be considered separately from qualification for the limitations as to other functions.

(c) With respect to function (b)(ii), the limitations shall be conditioned on the service provider:

(i) complying with conditions on user access and rules regarding the updating of the cached material imposed by the supplier of the material;

(ii) not interfering with technology consistent with widely accepted industry standards lawfully used at the originating site to obtain information about the use of the material, and not modifying its content in transmission to subsequent users; and

(iii) expeditiously removing or disabling access, upon receipt of an effective notification of claimed infringement in accordance with subparagraph (f), to cached material that has been removed or access to which has been disabled at the originating site.

With respect to functions (b)(iii) and (iv), the limitations shall be conditioned on the service provider:

(i) not receiving a financial benefit directly attributable to the infringing activity, in circumstances where it has the right and ability to control such activity;

[36] Modification of the content of material shall not include technological manipulation of material for the purpose of facilitating network transmission, such as division into packets.

(ii) expeditiously removing or disabling access to the material residing on its system or network upon obtaining actual knowledge of the infringement or becoming aware of facts or circumstances from which the infringement was apparent, including through effective notifications of claimed infringement in accordance with subparagraph (f); and

(iii) publicly designating a representative to receive such notifications.

(d) Eligibility for application of the limitations in this paragraph shall be conditioned on the service provider:

(i) adopting and reasonably implementing[37] a policy that provides for termination in appropriate circumstances of the accounts of repeat infringers; and

(ii) accommodating and not interfering with standard technical measures that lawfully protect and identify copyrighted material, that are developed through an open, voluntary process by a broad consensus of interested parties, approved by relevant authorities, as applicable, that are available on reasonable and nondiscriminatory terms, and that do not impose substantial costs on service providers or substantial burdens on their systems or networks.

Eligibility for application of the limitations in this paragraph may not be conditioned on the service provider monitoring its service, or affirmatively seeking facts indicating infringing activity, except to the extent consistent with such technical measures.

(e) If the service provider qualifies for the limitation with respect to function (b)(i), court-ordered relief to compel or restrain certain actions shall be limited to measures to terminate specified accounts, or to take reasonable steps to block access to a specific, non-domestic online location. If the service provider qualifies for the limitations with respect to any other function in subparagraph (b), court-ordered relief to compel or restrain certain actions shall be limited to removing or disabling access to the infringing material, terminating specified accounts, and other remedies that a court may find necessary provided that such other remedies are the least burdensome to the service provider and users or subscribers among comparably effective forms of relief. Any such relief shall be issued with due regard for the relative burden to the service provider, to users or subscribers and harm to the copyright owner, the technical feasibility and effectiveness of the remedy and whether less burdensome, comparably

[37] A Party may determine in its domestic law that "reasonably implementing" entails, *inter alia*, making such policy continuously available to its users of its system or network.

effective enforcement methods are available. Except for orders ensuring the preservation of evidence, or other orders having no material adverse effect on the operation of the service provider's communications network, such relief shall be available only where the service provider has received notice and an opportunity to appear before the judicial authority.

(f) For purposes of the notice and take down process for functions (b)(ii), (iii), and (iv), each Party shall establish appropriate procedures through an open and transparent process which is set forth in domestic law, for effective notifications of claimed infringement, and effective counter-notifications by those whose material is removed or disabled through mistake or misidentification. At a minimum, each Party shall require that an effective notification of claimed infringement be a written communication, physically or electronically[38] signed by a person who represents, under penalty of perjury or other criminal penalty, that he is an authorized representative of a right holder in the material that is claimed to have been infringed, and containing information that is reasonably sufficient to enable the service provider to identify and locate material that the complaining party claims in good faith to be infringing and to contact that complaining party. At a minimum, each Party shall require that an effective counter-notification contain the same information, *mutatis mutandis*, as a notification of claimed infringement, and in addition, contain a statement that the subscriber making the counter-notification consents to the jurisdiction of the courts of the Party. Each Party shall also provide for monetary remedies against any person who makes a knowing material misrepresentation in a notification or counter-notification which causes injury to any interested party as a result of a service provider relying on the misrepresentation.

(g) If the service provider removes or disables access to material in good faith based on claimed or apparent infringement, it shall be exempted from liability for any resulting claims, provided that, in the case of material residing on its system or network, it takes reasonable steps promptly to notify the supplier of the material that it has done so and, if the supplier makes an effective counter-notification and is subject to jurisdiction in an infringement suit, to restore the material online unless the original notifying party seeks judicial relief within a reasonable time.

(h) Each Party shall establish an administrative or judicial procedure enabling copyright owners who have given effective notification of claimed infringement to obtain expeditiously from a service provider information in its possession identifying the alleged infringer.

(i) **Service provider** means, for purposes of function (b)(i), a provider of transmission, routing, or connections for digital online communications

[38] In accordance with domestic law.

without modification of their content between or among points specified by the user of material of the user's choosing, or for purposes of functions (b)(ii) through (iv) a provider or operator of facilities for online services (including in cases where network access is provided by another provider) or network access.

Article 17.12: Final Provisions

1. Except as otherwise provided in this Chapter, each Party shall give effect to the provisions of this Chapter upon the date of entry into force of this Agreement.

2. In those cases in which the full implementation of the obligations contained in this Chapter requires a Party to amend its domestic legislation or additional financial resources, those amendments and financial resources shall be in force or available as soon as practicable, and in no event later than:

(a) two years from the date of entry into force of this Agreement, with respect to the obligations in Article 17.2 on trademarks, Article 17.4(1) through17.4(9) on geographical indications, Article 17.9(1), 17.9(3) through 17.9(7) on patents, and Articles 17.5(1) and 17.6(1) on temporary copies;

(b) four years from the date of entry into force of this Agreement, with respect to the obligations in Article 17.11 on enforcement (including border measures), and Article 17.6(5) with respect to the right of communication to the public, and non-interactive digital transmissions, for performers and producers of phonograms; and

(c) five years from the date of entry into force of this Agreement, with respect to the obligations in Article 17.7(5) on effective technological measures.

Chapter Eighteen

Labor

Article 18.1: Statement of Shared Commitment

1. The Parties reaffirm their obligations as members of the *International Labor Organization* (ILO) and their commitments under the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up (1998)*. Each Party shall strive to ensure that such labor principles and the internationally recognized labor rights set forth in Article 18.8 are recognized and protected by its domestic law.

2. Recognizing the right of each Party to establish its own domestic labor standards, and to adopt or modify accordingly its labor laws, each Party shall strive to ensure that its laws provide for labor standards consistent with the internationally recognized labor rights set forth in Article 18.8 and shall strive to improve those standards in that light.

Article 18.2: Enforcement of Labor Laws

1. (a) A Party shall not fail to effectively enforce its labor laws, through a sustained or recurring course of action or inaction, in a manner affecting trade between the Parties, after the date of entry into force of this Agreement.

   (b) The Parties recognize that each Party retains the right to exercise discretion with respect to investigatory, prosecutorial, regulatory, and compliance matters and to make decisions regarding the allocation of resources to enforcement with respect to other labor matters determined to have higher priorities. Accordingly, the Parties understand that a Party is in compliance with subparagraph (a) where a course of action or inaction reflects a reasonable exercise of such discretion, or results from a *bona fide* decision regarding the allocation of resources.

2. The Parties recognize that it is inappropriate to encourage trade or investment by weakening or reducing the protections afforded in domestic labor laws. Accordingly, each Party shall strive to ensure that it does not waive or otherwise derogate from, or offer to waive or otherwise derogate from, such laws in a manner that weakens or reduces adherence to the internationally recognized labor rights referred to in Article 18.8 as an encouragement for trade with the other Party, or as an encouragement for the establishment, acquisition, expansion, or retention of an investment in its territory.

3. Nothing in this Chapter shall be construed to empower a Party's authorities to undertake labor law enforcement activities in the territory of the other Party.

Article 18.3: Procedural Guarantees and Public Awareness

1. Each Party shall ensure that persons with a legally recognized interest under its law in a particular matter have appropriate access to judicial tribunals of general, labor or other specific jurisdiction, quasi-judicial tribunals, or administrative tribunals, as appropriate, for the enforcement of the Party's labor laws.

2. Each Party shall ensure that its proceedings for the enforcement of its labor laws are fair, equitable, and transparent.

3. Each Party shall provide that the parties to such proceedings may seek remedies to ensure the enforcement of their rights under domestic labor laws.

4. For greater certainty, decisions by each Party's judicial tribunals of general, labor, or other specific jurisdiction, quasi-judicial tribunals, or administrative tribunals, as appropriate, or pending decisions, as well as related proceedings, shall not be subject to revision or reopened under the provisions of this Chapter.

5. Each Party shall promote public awareness of its labor laws.

Article 18.4: Labor Affairs Council

1. The Parties hereby establish a Labor Affairs Council, comprising cabinet-level or equivalent representatives of the Parties, or their designees.

2. The Council shall meet within the first year after the date of entry into force of this Agreement and thereafter as often as it considers necessary to oversee the implementation of and review progress under this Chapter, including the activities of the Labor Cooperation Mechanism established under Article 18.5, and to pursue the labor objectives of this Agreement. Each meeting of the Council shall include a public session, unless the Parties otherwise agree.

3. Each Party shall designate an office within its labor ministry that shall serve as a point of contact with the other Party, and with the public, for purposes of carrying out the work of the Council.

4. The Council shall establish its work program and procedures and may, in carrying out its work, establish governmental working or expert groups and consult with or seek advice of non-governmental organizations or persons, including independent experts.

5. All decisions of the Council shall be taken by mutual agreement of the Parties and shall be made public, unless the Council decides otherwise.

6. Each Party may convene a national consultative or advisory committee, as appropriate, comprising members of its public, including representatives of its labor and business organizations and other persons to provide views regarding the implementation of this Chapter.

7. Each Party's point of contact shall provide for the submission, receipt, and consideration of public communications on matters related to this Chapter, and shall make such communications available to the other Party and the public. Each Party shall review such communications, as appropriate, in accordance with its domestic procedures.

Article 18.5: Labor Cooperation Mechanism

Recognizing that cooperation provides enhanced opportunities for the Parties to promote respect for the principles embodied in the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up (1998)*, compliance with *ILO Convention 182 Concerning the Prohibition and Immediate Action for the Elimination of the Worst Forms of Child Labor (1999)*, and to advance other common commitments, the Parties hereby establish a Labor Cooperation Mechanism, as set out in Annex 18.5.

Article 18.6: Cooperative Consultations

1. A Party may request consultations with the other Party regarding any matter arising under this Chapter by delivering a written request to the point of contact that the other Party has designated under Article 18.4(3).

2. The Parties shall consult promptly after delivery of the request. The requesting Party shall provide specific and sufficient information in the request for the other Party to respond.

3. The Parties shall make every attempt to arrive at a mutually satisfactory resolution of the matter and may seek advice or assistance from any person or body they deem appropriate in order to fully examine the matter at issue.

4. If the Parties fail to resolve a matter through consultations, either Party may request that the Council be convened to consider the matter by delivering a written request to the other Party's point of contact.

5. The Council shall promptly convene and shall endeavor to resolve the matter, including, where appropriate, by consulting outside experts and having recourse to such procedures as good offices, conciliation, or mediation.

6. If the matter concerns whether a Party is conforming to its obligations under Article 18.2(1)(a), and the Parties have failed to resolve the matter within 60 days of a request under paragraph 1, the complaining Party may request consultations under Article 22.4 (Consultations) or a meeting of the Commission under Article 22.5 (Commission – Good Offices, Conciliation, and Mediation) and, as provided in Chapter Twenty-Two (Dispute Settlement), thereafter have recourse to the other provisions of that Chapter.

7. Neither Party may have recourse to dispute settlement under this Agreement for any matter arising under any provision of this Chapter other than Article 18.2(1)(a).

8. Neither Party may have recourse to dispute settlement under this Agreement for a matter arising under Article 18.2(1)(a) without first pursuing resolution of the matter in accordance with this Article.

Article 18.7: Labor Roster

1. The Parties shall establish within six months after the date of entry into force of this Agreement and maintain a roster of up to 12 individuals who are willing and able to serve as panelists in disputes arising under Article 18.2(1)(a). Unless the Parties otherwise agree, four members of the roster shall be selected from among individuals who are non-Party nationals. Labor roster members shall be appointed by mutual agreement of the Parties and may be reappointed. Once established, a roster shall remain in effect for a minimum of three years, and shall remain in effect thereafter until the Parties constitute a new roster.

2. Labor roster members shall:

(a) have expertise or experience in labor law or its enforcement, or in the resolution of disputes arising under international agreements;

(b) be chosen strictly on the basis of objectivity, reliability, and sound judgment;

(c) be independent of, and not affiliated with or take instructions from, either Party; and

(d) comply with a code of conduct to be established by the Commission.

3. Where a Party claims that a dispute arises under Article 18.2(1)(a), Article 22.9 (Panel Selection) shall apply, except that the panel shall be composed entirely of panelists meeting the qualifications in paragraph 2.

Article 18.8: Definitions

For purposes of this Chapter:

labor laws means a Party's statutes or regulations, or provisions thereof, that are directly related to the following internationally recognized labor rights:

(a) the right of association;

(b) the right to organize and bargain collectively;

(c) a prohibition on the use of any form of forced or compulsory labor;

(d) a minimum age for the employment of children and the prohibition and elimination of the worst forms of child labor; and

(e) acceptable conditions of work with respect to minimum wages, hours of work, and occupational safety and health.

For greater certainty, the setting of standards and levels in respect of minimum wages by each Party shall not be subject to obligations under this Chapter. Each Party's obligations under this Chapter pertain to enforcing the level of the general minimum wage established by that Party.

statutes or regulations means:

(a) for the United States, acts of the Congress or regulations promulgated pursuant to acts of the Congress that are enforceable by action of the federal government; and

(b) for Chile, acts or regulations promulgated pursuant to acts that are enforceable by the agency charged with enforcing Chile's labor laws.

ANNEX 18.5

Labor Cooperation Mechanism

Establishment of a Labor Cooperation Mechanism

1. Recognizing that bilateral cooperation on labor matters will provide enhanced opportunities for the Parties to improve labor standards, and to further advance their common commitments, including the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up (1998)*, the Parties have established a Labor Cooperation Mechanism.

Organization and Principal Functions

2. Each Party shall designate an office within its ministry of labor to serve as a point of contact to support the work of the Labor Cooperation Mechanism.

3. The Parties' labor ministries shall carry out the work of the Labor Cooperation Mechanism by developing and pursuing cooperative activities on labor matters, including by working jointly to:

(a) establish priorities for cooperative activities;

(b) develop and periodically revise a work program of specific cooperative activities in accord with such priorities;

(c) exchange information regarding labor policies and the observance and effective application of labor law and practice in the Parties' territories;

(d) exchange information on and encourage best labor practices, including best practices adopted by multinational firms, small and medium enterprises, and other private enterprises, as well as by labor organizations;

(e) advance understanding of, respect for, and effective implementation of the principles reflected in the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up (1998)*;

(f) promote the collection and publication of comparable data on labor standards, labor market indicators, and enforcement activity;

(g) arrange periodic labor cooperation review sessions at the request of either Party, review current cooperative activities, and provide guidance for future cooperative activities between the Parties; and

(h) develop recommendations to their respective governments for their consideration.

Cooperative Activities

4. The Labor Cooperation Mechanism may undertake cooperative activities on any labor matter it considers appropriate, such as on:

(a) *fundamental rights and their effective application*: legislation, practice, and implementation related to the core elements of the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up (1998)* (freedom of association and the effective recognition of the right to collective bargaining, elimination of all forms of forced or compulsory labor, abolition of child labor, including the worst forms of child labor in compliance with the ILO Convention N°182 on the *Worst Forms of Child Labour (1999)*, and elimination of employment discrimination);

(b) *labor relations*: forms of cooperation among workers, management, and governments, including the resolution of labor disputes;

(c) *working conditions*: legislation, practice, and implementation related to occupational safety and health; prevention of and compensation for work-related injuries and illness; and employment conditions;

(d) *issues related to small and medium enterprises*: promotion of fundamental rights at work; improvement of working conditions; forms of cooperation between employers and worker representatives; and social protection services agreed between workers' organizations and employers or their associations;

(e) *social protections*: human resource development and employment training; work benefits; social programs for workers and their families; migrant workers; worker adjustment programs; and social protection, including social security, income security, and health care services;

(f) *technical issues and information exchange*: programs, methodologies, and experiences regarding productivity improvement; labor statistics, including comparable data; current ILO issues and activities; consideration and encouragement of best labor practices; and the effective use of technologies, including those that are Internet-based; and

(g) implications of economic integration between the Parties for advancing each Party's labor objectives.

Implementation of Cooperative Activities

5. The Parties may carry out cooperative activities under this Annex through any form they deem appropriate, including by:

(a) exchanging government delegations, professionals, and specialists, including through study visits;

(b) sharing information, standards, regulations and procedures and best practices, including through the exchange of pertinent publications and monographs;

(c) organizing joint conferences, seminars, workshops, meetings, training sessions, and outreach and education programs;

(d) developing collaborative projects or demonstrations;

(e) undertaking joint research projects, studies, and reports, including by engaging independent experts with relevant expertise;

(f) drawing on the expertise of academic and other institutions in their territories in developing and implementing cooperative programs and by encouraging relationships between such institutions on technical labor issues; and

(g) engaging in technical exchanges and cooperation.

6. In identifying areas for cooperation and carrying out cooperative activities, the Parties shall consider views of their respective worker and employer representatives, as well as other members of civil society.

Chapter Nineteen

Environment

Objectives

The objectives of this Chapter are to contribute to the Parties' efforts to ensure that trade and environmental policies are mutually supportive and to collaboratively promote the optimal use of resources in accordance with the objective of sustainable development; and to strive to strengthen the links between the Parties' trade and environment policies and practices to further the trade expanding goals of this Agreement, including through promoting non-discriminatory measures, avoiding disguised barriers to trade, and eliminating trade distortions where the result can directly benefit both trade and the environment.

Article 19.1: Levels of Protection

Recognizing the right of each Party to establish its own levels of domestic environmental protection and environmental development policies and priorities, and to adopt or modify accordingly its environmental laws, each Party shall ensure that its laws provide for high levels of environmental protection and shall strive to continue to improve those laws.

Article 19.2: Enforcement of Environmental Laws

1. (a) A Party shall not fail to effectively enforce its environmental laws, through a sustained or recurring course of action or inaction, in a manner affecting trade between the Parties, after the date of entry into force of this Agreement.

   (b) The Parties recognize that each Party retains the right to exercise discretion with respect to investigatory, prosecutorial, regulatory, and compliance matters and to make decisions regarding the allocation of resources to enforcement with respect to other environmental matters determined to have higher priorities. Accordingly, the Parties understand that a Party is in compliance with subparagraph (a) where a course of action or inaction reflects a reasonable exercise of such discretion, or results from a *bona fide* decision regarding the allocation of resources.

2. The Parties recognize that it is inappropriate to encourage trade or investment by weakening or reducing the protections afforded in domestic environmental laws. Accordingly, each Party shall strive to ensure that it does not waive or otherwise derogate from, or offer to waive or otherwise derogate from, such laws in a manner that weakens or reduces the protections afforded in those laws as an encouragement for trade with the other Party, or as an encouragement for the establishment, acquisition, expansion, or retention of an investment in its territory.

3. Nothing in this Chapter shall be construed to empower a Party's authorities to undertake environmental law enforcement activities in the territory of the other Party.

Article 19.3: Environment Affairs Council

1. The Parties hereby establish an Environment Affairs Council comprising cabinet-level or equivalent representatives of the Parties, or their designees. The Council shall meet once a year, or more often if the Parties agree, to discuss the implementation of, and progress under, this Chapter. Meetings of the Council shall include a public session, unless the Parties otherwise agree.

2. In order to share innovative approaches for addressing environmental issues of interest to the public, the Council shall ensure a process for promoting public participation in its work, including by seeking advice from the public in developing agendas for Council meetings and by engaging in a dialogue with the public on those issues.

3. The Council shall seek appropriate opportunities for the public to participate in the development and implementation of cooperative environmental activities, including through the United States - Chile Environmental Cooperation Agreement, as set out in Annex 19.3.

4. All decisions of the Council shall be taken by mutual agreement and shall be made public, unless the Council decides otherwise, or as otherwise provided in this Agreement.

Article 19.4: Opportunities for Public Participation

1. Each Party shall provide for the receipt and consideration of public communications on matters related to this Chapter. Each Party shall promptly make available to the other Party and to its public all communications it receives and shall review and respond to them in accordance with its domestic procedures.

2. Each Party shall make best efforts to respond favorably to requests for consultations by persons or organizations in its territory regarding the Party's implementation of this Chapter.

3. Each Party may convene, or consult an existing, national consultative or advisory committee, comprising members of its public, including representatives of business and environmental organizations, and other persons, to advise it on the implementation of this Chapter.

Article 19.5: Environmental Cooperation

1. The Parties recognize the importance of strengthening capacity to protect the environment and promote sustainable development in concert with strengthening trade and investment relations between them. The Parties agree to undertake cooperative environmental activities, in particular through:

(a) pursuing, through their relevant ministries or agencies, the specific cooperative projects that the Parties have identified and set out in Annex 19.3; and

(b) promptly negotiating a United States – Chile Environmental Cooperation Agreement to establish priorities for further cooperative environmental activities, as elaborated in Annex 19.3,

while recognizing the ongoing importance of environmental cooperation undertaken outside this Agreement.

2. Each Party shall take into account public comments and recommendations it receives regarding cooperative environmental activities the Parties undertake pursuant to this Chapter.

3. The Parties shall, as they deem appropriate, share information on their experiences in assessing and taking into account positive or negative environmental effects of trade agreements and policies.

Article 19.6: Environmental Consultations

1. A Party may request consultations with the other Party regarding any matter arising under this Chapter by delivering a written request to the other Party.

2. The Parties shall consult promptly after delivery of the request. The requesting Party shall provide specific and sufficient information in the request for the other Party to respond.

3. The Parties shall make every attempt to arrive at a mutually satisfactory resolution of the matter and may seek advice or assistance from any person or body they deem appropriate in order to fully examine the matter at issue.

4. If the Parties fail to resolve the matter through consultations, either Party may request that the Council be convened to consider the matter by delivering a written request to the other Party.

5. The Council shall promptly convene and shall endeavor to resolve the matter, including, where appropriate, by consulting governmental or outside experts and having recourse to such procedures as good offices, conciliation, or mediation.

6. If the matter concerns whether a Party is conforming to its obligations under Article 19.2(1)(a), and the Parties have failed to resolve the matter within 60 days of a request for consultations under paragraph 1, the complaining Party may request consultations under Article 22.4 (Consultations) or a meeting of the Commission under Article 22.5 (Commission - Good Offices, Conciliation, and Mediation) and, as provided in Chapter Twenty-Two (Dispute Settlement), thereafter have recourse to the other provisions of that Chapter.

7. The Council may, where appropriate, provide information to the Commission regarding any consultations held on the matter.

8. Neither Party may have recourse to dispute settlement under this Agreement for any matter arising under any provision of this Chapter other than Article 19.2(1)(a).

9. Neither Party may have recourse to dispute settlement under this Agreement for a matter arising under Article 19.2(1)(a) without first pursuing resolution of the matter in accordance with this Article.

10. In cases where the Parties agree that a matter arising under this Chapter is more properly covered by another agreement to which the Parties are party, they shall refer the matter for appropriate action in accordance with that agreement.

Article 19.7: Environment Roster

1. The Parties shall establish within six months after the date of entry into force of this Agreement and maintain a roster of at least 12 individuals who are willing and able to serve as panelists in disputes arising under Article 19.2(1)(a). Unless the Parties otherwise agree, four members of the roster shall be selected from among individuals who are non-Party nationals. Environment roster members shall be appointed by mutual agreement of the Parties, and may be reappointed. Once established, a roster shall remain in effect for a minimum of three years, and shall remain in effect thereafter until the Parties constitute a new roster.

2. Environment roster members shall:

(a) have expertise or experience in environmental law or its enforcement, international trade, or the resolution of disputes arising under international trade agreements;

(b) be chosen strictly on the basis of objectivity, reliability, and sound judgment;

(c) be independent of, and not affiliated with or take instructions from, either Party; and

(d) comply with a code of conduct to be established by the Commission.

3. Where a Party claims that a dispute arises under Article 19.2(1)(a), Article 22.9 (Panel Selection) shall apply, except that:

(a) where the Parties so agree, the panel shall be composed entirely of panelists meeting the qualifications in paragraph 2; and

(b) if the Parties cannot so agree, each Party may select panelists meeting the qualifications set out in paragraph 2 or in Article 22.8 (Qualifications of Panelists).

Article 19.8: Procedural Matters

1. Each Party shall ensure that judicial, quasi-judicial, or administrative proceedings are available under its law to sanction or remedy violations of its environmental laws.

(a) Such proceedings shall be fair, open, and equitable, and to this end shall comply with due process of law, and be open to the public (except where the administration of justice otherwise requires).

(b) Each Party shall provide appropriate and effective remedies or sanctions for a violation of its environmental laws that:

(i) take into consideration the nature and gravity of the violation, any economic benefit the violator has derived from the violation, the economic condition of the violator, and other relevant factors; and

(ii) may include compliance agreements, penalties, fines, imprisonment, injunctions, the closure of facilities, and the cost of containing or cleaning up pollution.

2. Each Party shall ensure that interested persons may request the Party's competent authorities to investigate alleged violations of its environmental laws and that the competent authorities give such requests due consideration in accordance with its law.

3. Each Party shall ensure that persons with a legally recognized interest under its law in a particular matter have appropriate access to judicial, quasi-judicial, or administrative proceedings for the enforcement of the Party's environmental laws.

4. Each Party shall provide persons appropriate and effective rights of access to remedies in accordance with its laws, which may include the right:

(a) to sue another person under that Party's jurisdiction for damages under that Party's environmental laws;

(b) to seek sanctions or remedies such as monetary penalties, emergency closures, or orders to mitigate the consequences of violations of its environmental laws;

(c) to request the competent authorities to take appropriate action to enforce the Party's environmental laws in order to protect the environment or to avoid environmental harm; or

(d) to seek injunctions where a person suffers, or may suffer, loss, damage, or injury as a result of conduct by another person under that Party's jurisdiction contrary to that Party's environmental laws or from tortious conduct that harms human health or the environment.

Article 19.9: Relationship to Environmental Agreements

The Parties recognize the importance of multilateral environmental agreements, including the appropriate use of trade measures in such agreements to achieve specific environmental goals. Recognizing that in paragraph 31(i) of the *Ministerial Declaration adopted on November 14, 2001 in Doha*, WTO members have agreed to negotiations on the relationship between existing WTO rules and specific trade obligations set out in multilateral environmental agreements, the Parties shall consult on the extent to which the outcome of the negotiations applies to this Agreement.

Article 19.10: Principles of Corporate Stewardship

Recognizing the substantial benefits brought by international trade and investment as well as the opportunity for enterprises to implement policies for sustainable development that seek to ensure coherence between social, economic and environmental objectives, each Party should encourage enterprises operating within its territory or jurisdiction to voluntarily incorporate sound principles of corporate stewardship in their internal policies, such as those principles or agreements that have been endorsed by both Parties.

Article 19.11: Definitions

For purposes of this Chapter:

environmental law means any statute or regulation of a Party, or provision thereof, the primary purpose of which is the protection of the environment, or the prevention of a danger to human life or health, through:

(a) the prevention, abatement, or control of the release, discharge, or emission of pollutants or environmental contaminants;

(b) the control of environmentally hazardous or toxic chemicals, substances, materials, and wastes, and the dissemination of information related thereto; or

(c) the protection or conservation of wild flora and fauna, including endangered species, their habitat, and specially protected natural areas,

in the Party's territory, but does not include any statute or regulation, or provision thereof, directly related to worker safety or health.

For greater certainty, **environmental law** does not include any statute or regulation, or provision thereof, the primary purpose of which is managing the commercial harvest or exploitation, or subsistence or aboriginal harvesting, of natural resources.

For purposes of the definition of "environmental law," the primary purpose of a particular statutory or regulatory provision shall be determined by reference to its primary purpose, rather than to the primary purpose of the statute or regulation of which it is part.

For the United States, **statute or regulation** means an act of Congress or regulation promulgated pursuant to an act of Congress that is enforceable by action of the federal government.

For the United States, **territory** means its territory as set out in Annex 2.1 as well as other areas with respect to which it exercises sovereignty, sovereign rights, or jurisdiction.

Annex 19.3

Environmental Cooperation

1. Recognizing that cooperation on environmental matters provides enhanced opportunities to improve the environment and to advance common commitments on sustainable development, the Parties agree, pursuant to Article 19.5(1)(a) of this Agreement, to pursue, through their relevant ministries or agencies, the following cooperative projects identified during the negotiation of this Agreement:

(a) *Developing a Pollutant Release and Transfer Register (PRTR) in Chile.* The PRTR is a publicly available database of chemicals that have been released to air, water and land or transferred off-site for further waste management. In developing the register, the Parties will cooperate and draw on lessons learned from other PRTR projects. Industrial facilities will report annually on the amounts of chemicals they have released or transferred and the final destination of those chemicals. Reported data will be made publicly available;

(b) *Reducing Mining Pollution.* The United States will assist Chile in reducing contamination and pollution resulting from past mining practices by working with Chile to identify sources of pollution and explore cost-effective remediation methods;

(c) *Improving Environmental Enforcement and Compliance Assurance.* The Parties will provide training and exchange of information to enhance each Party's capacity to enforce its environmental laws and regulations, and will develop and strengthen their cooperative relationships to promote compliance, enforcement, and environmental performance;

(d) *Sharing Private Sector Expertise.* The Parties will seek to increase environmental stewardship by inviting enterprises of each Party to share their experiences in developing and implementing programs that have reduced pollution, including, where appropriate, demonstrating the financial benefits of these measures;

(e) *Improving Agricultural Practices.* To help reduce pollution from agricultural practices in Chile, the Parties will adapt and implement a training program for Chilean farmers and other workers to promote appropriate handling of chemical pesticides and fertilizers, and to promote sustainable agriculture practices. The Parties will work jointly to modify existing training programs to fit Chilean agricultural practices and customs;

(f) *Reducing Methyl Bromide Emissions.* To mitigate methyl bromide emissions the Parties will seek to develop effective alternatives to that chemical, which

Chile and the United States have committed to phase out under the *Montreal Protocol on Substances That Deplete the Ozone Layer*;

(g) *Improving Wildlife Protection and Management.* To protect wildlife in Chile and the Latin American region, the Parties will work together to build capacity to promote the management and protection of biological resources in the region, such as by collaborating with universities and providing programs for wildlife managers, other professionals and local communities in Chile and the region;

(h) *Increasing the use of cleaner fuels.* The Parties will work to improve the environmental quality of fuels, especially diesel fuel and gasoline, used in their territories by providing joint training and technical assistance on a variety of fuels-related environmental issues. The Parties will publicize the benefits of this work.

2. The Parties shall pursue additional cooperative environmental activities under a United States – Chile Environmental Cooperation Agreement, as set out in Article 19.5(1)(b), and in other fora.

(a) In negotiating the Cooperation Agreement, the Parties have agreed to take into account public input regarding priority areas for bilateral cooperation;

(b) The Cooperation Agreement will, *inter alia:*

(i) establish any institutional framework needed to coordinate the various elements of the Cooperation Agreement;

(ii) establish procedures for the development of periodic work programs that set priorities for cooperative activities;

(iii) provide for consultation and review, at regular intervals, of the work program for those cooperative activities;

(iv) create appropriate opportunities for the public to participate in the development of new cooperative activities and the implementation of agreed activities;

(v) encourage the exchange of information on the Parties' environmental policies, laws, and practices;

(vi) promote the understanding and effective implementation of multilateral environmental agreements to which both Parties are party;

(vii) promote the collection and publication of comparable information on the Parties' environmental regulations, indicators, and enforcement activities; and

(viii) provide for regular consultation with the Environment Affairs Council established in Article 19.3 (Environment Affairs Council) regarding the priorities that the Parties identify, as well as future cooperative work.

3. Cooperation under the Cooperation Agreement may include work in the following fields of activity:

(a) improving capacity to achieve environmental compliance assurance, including enforcement and voluntary environmental stewardship;

(b) encouraging small- and medium-size enterprises to adopt sound environmental practices and technologies;

(c) developing public-private partnerships to achieve environmental objectives;

(d) promoting sustainable management of environmental resources, including wild fauna and flora, and protected wild areas;

(e) exploring environmental activities pertinent to trade and investment and the improvement of environmental performance;

(f) developing and implementing economic instruments for environmental management.

4. The Parties may implement cooperative activities under the Cooperation Agreement by:

(a) exchanging professionals, technicians, and specialists, including through study visits, to promote the development of environmental policies and standards;

(b) organizing joint conferences, seminars, workshops, meetings, training sessions, and outreach and education programs;

(c) supporting, developing, and implementing collaborative projects and demonstrations, including joint research projects, studies, and reports;

(d) facilitating linkages among representatives from academia, industry, and government to promote exchange of scientific and technical information and best practices, and the development and implementation of cooperative projects; and

(e) engaging in other activities, that the Parties may undertake pursuant to the Cooperation Agreement.

5. The Parties recognize that the funding, scope, and duration of the projects listed in paragraph 1 and cooperative activities pursued under the Cooperation Agreement will be undertaken in accordance with the Parties' personnel and financial resources.

6. The Parties shall make publicly available information regarding the projects and activities they undertake pursuant to this Annex.

Chapter Twenty

Transparency

Article 20.1: Contact Points

1. Each Party shall designate a contact point to facilitate communications between the Parties on any matter covered by this Agreement.

2. On the request of the other Party, the contact point shall identify the office or official responsible for the matter and assist, as necessary, in facilitating communication with the requesting Party.

Article 20.2: Publication

1. Each Party shall ensure that its laws, regulations, procedures, and administrative rulings of general application respecting any matter covered by this Agreement are promptly published or otherwise made available in such a manner as to enable interested persons and the other Party to become acquainted with them.

2. To the extent possible, each Party shall:

   (a) publish in advance any such measure that it proposes to adopt; and

   (b) provide interested persons and the other Party a reasonable opportunity to comment on such proposed measures.

Article 20.3: Notification and Provision of Information

1. To the maximum extent possible, each Party shall notify the other Party of any proposed or actual measure that the Party considers might materially affect the operation of this Agreement or otherwise substantially affect the other Party's interests under this Agreement.

2. On request of the other Party, a Party shall promptly provide information and respond to questions pertaining to any actual or proposed measure, whether or not the other Party has been previously notified of that measure.

3. Any notification or information provided under this Article shall be without prejudice as to whether the measure is consistent with this Agreement.

Article 20.4: Administrative Proceedings

With a view to administering in a consistent, impartial, and reasonable manner all measures of general application affecting matters covered by this Agreement, each Party

shall ensure that in its administrative proceedings applying measures referred to in Article 20.2 to particular persons, goods, or services of the other Party in specific cases that:

(a) wherever possible, persons of the other Party that are directly affected by a proceeding are provided reasonable notice, in accordance with domestic procedures, when a proceeding is initiated, including a description of the nature of the proceeding, a statement of the legal authority under which the proceeding is initiated, and a general description of any issues in controversy;

(b) such persons are afforded a reasonable opportunity to present facts and arguments in support of their positions prior to any final administrative action, when time, the nature of the proceeding, and the public interest permit; and

(c) its procedures are in accordance with domestic law.

Article 20.5: Review and Appeal

1. Each Party shall establish or maintain judicial, quasi-judicial, or administrative tribunals or procedures for the purpose of the prompt review and, where warranted, correction of final administrative actions regarding matters covered by this Agreement. Such tribunals shall be impartial and independent of the office or authority entrusted with administrative enforcement and shall not have any substantial interest in the outcome of the matter.

2. Each Party shall ensure that, in any such tribunals or procedures, the parties to the proceeding are provided with the right to:

(a) a reasonable opportunity to support or defend their respective positions; and

(b) a decision based on the evidence and submissions of record or, where required by domestic law, the record compiled by the administrative authority.

3. Each Party shall ensure, subject to appeal or further review as provided in its domestic law, that such decisions shall be implemented by, and shall govern the practice of, the office or authority with respect to the administrative action that is the subject of the decision.

Article 20.6: Definitions

For purposes of this Chapter:

administrative ruling of general application means an administrative ruling or interpretation that applies to all persons and fact situations that fall generally within its ambit and that establishes a norm of conduct but does not include:

(a) a determination or ruling made in an administrative or quasi-judicial proceeding that applies to a particular person, good, or service of the other Party in a specific case; or

(b) a ruling that adjudicates with respect to a particular act or practice.

Chapter Twenty-One

Administration of the Agreement

Article 21.1: The Free Trade Commission

1. The Parties hereby establish the Free Trade Commission, comprising cabinet-level representatives of the Parties or their designees.

2. The Commission shall:

   (a) supervise the implementation of this Agreement;

   (b) oversee the further elaboration of this Agreement;

   (c) seek to resolve disputes that may arise regarding the interpretation or application of this Agreement;

   (d) supervise the work of all committees and working groups established under this Agreement;

   (e) establish the amounts of remuneration and expenses that will be paid to panelists; and

   (f) consider any other matter that may affect the operation of this Agreement.

3. The Commission may:

   (a) establish and delegate responsibilities to committees and working groups;

   (b) in accordance with Annex 21.1, further the implementation of the Agreement's objectives by approving any modifications of:

      (i) the Schedules attached to Annex 3.3 (Tariff Elimination), by accelerating tariff elimination,

      (ii) the rules of origin established in Annex 4.1 (Specific Rules of Origin),

      (iii) the Common Guidelines referenced in Article 4.17 (Common Guidelines), and

      (iv) the Sections of Annex 9.1 (Government Procurement);

   (c) seek the advice of non-governmental persons or groups; and

   (d) take such other action in the exercise of its functions as the Parties may agree.

4. The Commission shall establish its rules and procedures. All decisions of the Commission shall be taken by mutual agreement.

5. The Commission shall convene at least once a year in regular session. Regular sessions of the Commission shall be chaired successively by each Party.

Article 21.2: Administration of Dispute Settlement Proceedings

1. Each Party shall designate an office that shall provide administrative assistance to panels established under Chapter Twenty-Two (Dispute Settlement) and perform such other functions as the Commission may direct.

2. Each Party shall be responsible for the operation and costs of its designated office, and shall notify the Commission of the location of its office.

Annex 21.1

Implementation Of Modifications Approved By The Commission

Chile shall implement the actions of the Commission referenced in Article 21.1(3)(b) through *Acuerdos de Ejecución*, in accordance with article 50, numeral 1, second paragraph, of the *Constitución Política de la República de Chile*.

Chapter Twenty-Two

Dispute Settlement

Article 22.1: Cooperation

The Parties shall at all times endeavor to agree on the interpretation and application of this Agreement, and shall make every attempt through cooperation and consultations to arrive at a mutually satisfactory resolution of any matter that might affect its operation.

Article 22.2: Scope of Application

Except as otherwise provided in this Agreement, the dispute settlement provisions of this Chapter shall apply:

(a) with respect to the avoidance or settlement of all disputes between the Parties regarding the interpretation or application of this Agreement;

(b) wherever a Party considers that a measure of the other Party is inconsistent with the obligations of this Agreement or that the other Party has otherwise failed to carry out its obligations under this Agreement; and

(c) wherever a Party considers that a measure of the other Party causes nullification or impairment in the sense of Annex 22.2.

Article 22.3: Choice of Forum

1. Where a dispute regarding any matter arises under this Agreement and under another free trade agreement to which both Parties are party or the WTO Agreement, the complaining Party may select the forum in which to settle the dispute.

2. Once the complaining Party has requested a panel under an agreement referred to in paragraph 1, the forum selected shall be used to the exclusion of the others.

Article 22.4: Consultations

1. Either Party may request in writing consultations with the other Party with respect to any actual or proposed measure or any other matter that it considers might affect the operation of this Agreement.

2. The requesting Party shall set out the reasons for the request, including identification of the measure or other matter at issue and an indication of the legal basis for the complaint, and shall deliver the request to the other Party.

3. Consultations on matters regarding perishable goods shall commence within 15 days of the date of delivery of the request.

4. The Parties shall make every attempt to arrive at a mutually satisfactory resolution of any matter through consultations under this Article or other consultative provisions of this Agreement. To this end, the Parties shall:

(a) provide sufficient information to enable a full examination of how the actual or proposed measure or other matter might affect the operation and application of this Agreement; and

(b) treat any confidential information exchanged in the course of consultations on the same basis as the Party providing the information.

5. In consultations under this Article, a Party may request the other Party to make available personnel of its government agencies or other regulatory bodies who have expertise in the matter subject to consultations.

Article 22.5: Commission - Good Offices, Conciliation, and Mediation

1. A Party may request in writing a meeting of the Commission if the Parties fail to resolve a matter pursuant to Article 22.4 within:

(a) 60 days of delivery of a request for consultations;

(b) 15 days of delivery of a request for consultations in matters regarding perishable goods; or

(c) such other period as they may agree.

2. A Party may also request in writing a meeting of the Commission where consultations have been held pursuant to Article 18.6 (Cooperative Consultations), Article 19.6 (Environmental Consultations) or Article 7.8 (Committee on Technical Barriers to Trade).

3. The requesting Party shall state in the request the measure or other matter complained of and deliver the request to the other Party.

4. Unless it decides otherwise, the Commission shall convene within 10 days of delivery of the request and shall endeavor to resolve the dispute promptly. The Commission may:

(a) call on such technical advisers or create such working groups or expert groups as it deems necessary;

(b) have recourse to good offices, conciliation, mediation, or such other dispute resolution procedures; or

(c) make recommendations,

as may assist the Parties to reach a mutually satisfactory resolution of the dispute.

Article 22.6: Request for an Arbitral Panel

1. If the Parties fail to resolve a matter within:

   (a) 30 days of the Commission convening pursuant to Article 22.5;

   (b) 75 days after a Party has delivered a request for consultations under Article 22.4, if the Commission has not convened pursuant to Article 22.5(4);

   (c) 30 days after a Party has delivered a request for consultations under Article 22.4 in a matter regarding perishable goods, if the Commission has not convened pursuant to Article 22.5(4); or

   (d) such other period as the Parties agree,

either Party may request in writing the establishment of an arbitral panel to consider the matter. The requesting Party shall state in the request the measure or other matter complained of and indicate the provisions of this Agreement that it considers relevant, and shall deliver the request to the other Party. An arbitral panel shall be established upon delivery of a request.

2. Unless the Parties otherwise agree, the panel shall be established and perform its functions in a manner consistent with the provisions of this Chapter.

3. Notwithstanding paragraphs 1 and 2, an arbitral panel may not be established to review a proposed measure.

Article 22.7: Roster

1. The Parties shall establish within six months of the entry into force of this Agreement and maintain a roster of at least 20 individuals who are willing and able to serve as panelists. Unless the Parties otherwise agree, six roster members shall be selected from among individuals who are non-Party nationals. The roster members shall be appointed by mutual agreement of the Parties, and may be reappointed. Once established, a roster shall remain in effect for a minimum of three years, and shall remain in effect thereafter until the Parties constitute a new roster.

2. Roster members shall:

   (a) have expertise or experience in law, international trade, other matters covered by this Agreement, or the resolution of disputes arising under international trade agreements;

   (b) be chosen strictly on the basis of objectivity, reliability, and sound judgment;

(c) be independent of, and not be affiliated with or take instructions from, any Party; and

(d) comply with a code of conduct to be established by the Commission.

Article 22.8: Qualifications of Panelists

All panelists shall meet the qualifications set out in Article 22.7(2). Individuals may not serve as panelists for a dispute in which they have participated pursuant to Article 22.5(4)(a).

Article 22.9: Panel Selection

1. The Parties shall apply the following procedures in selecting a panel:

(a) the panel shall comprise three members;

(b) the Parties shall endeavor to agree on the chair of the panel within 15 days of the delivery of the request for the establishment of the panel. If the Parties are unable to agree on the chair within this period, the chair shall be selected by lot within three days from among the roster members who are non-Party nationals;

(c) within 15 days of selection of the chair, each Party shall select one panelist;

(d) if a Party fails to select its panelist within such period, the panelist shall be selected by lot within three days from among the roster members who are nationals of the Party; and

(e) each Party shall endeavor to select panelists who have expertise or experience relevant to the subject matter of the dispute.

2. Panelists shall normally be selected from the roster. A Party may exercise a peremptory challenge against any individual not on the roster who is proposed as a panelist by the other Party within 15 days after the individual has been proposed.

3. If a Party believes that a panelist is in violation of the code of conduct, the Parties shall consult and if they agree, the panelist shall be removed and a new panelist shall be selected in accordance with this Article.

Article 22.10: Rules of Procedure

1. The Commission shall establish, by the date of entry into force of this Agreement, Rules of Procedure, which shall ensure:

(a) a right to at least one hearing before the panel, which, subject to subparagraph (e), shall be open to the public;

(b) an opportunity for each Party to provide initial and rebuttal submissions;

(c) that each Party's written submissions, written versions of its oral statement, and written responses to a request or questions from the panel will be made public within 10 days after they are submitted, subject to subparagraph (e);

(d) that the panel will consider requests from non-governmental entities located in the Parties' territories to provide written views regarding the dispute that may assist the panel in evaluating the submissions and arguments of the Parties; and

(e) the protection of confidential information.

2. Unless the Parties otherwise agree, the panel shall conduct its proceedings in accordance with the Rules of Procedure and may, after consulting with the Parties, adopt additional procedural rules not inconsistent with the Rules of Procedure.

3. The Commission may modify the Rules of Procedure.

4. Unless the Parties otherwise agree within 20 days from the date of the delivery of the request for the establishment of the panel, the terms of reference shall be:

> "To examine, in the light of the relevant provisions of this Agreement, the matter referenced in the panel request and to make findings, determinations and recommendations as provided in Article 22.12(3) and to deliver the written reports referred to in Articles 22.12 and 22.13."

5. If the complaining Party wishes to argue that a matter has nullified or impaired benefits, the terms of reference shall so indicate.

6. If a Party wishes the panel to make findings as to the degree of adverse trade effects on a Party of any measure or other matter found not to conform with the obligations of this Agreement or to have caused nullification or impairment in the sense of Annex 22.2, the terms of reference shall so indicate.

Article 22.11: Experts and Technical Advice

1. On request of a Party, or, unless the Parties disapprove, on its own initiative, the panel may seek information and technical advice, including information and technical advice concerning environmental, labor, health, safety, or other technical matters raised by a Party in a proceeding, from any person or body that it deems appropriate.

2. Before a panel seeks information or technical advice, it shall establish appropriate procedures in consultation with the Parties. The panel shall provide the Parties:

(a) advance notice of, and an opportunity to provide comments to the panel on, proposed requests for information and technical advice pursuant to paragraph 1; and

(b) a copy of any information or technical advice submitted in response to a request pursuant to paragraph 1 and an opportunity to provide comments.

3. Where the panel takes the information or technical advice into account in the preparation of its report, it shall also take into account any comments by the Parties on the information or technical advice.

Article 22.12: Initial Report

1. Unless the Parties otherwise agree, the panel shall base its report on the relevant provisions of this Agreement and the submissions and arguments of the Parties.

2. If the Parties agree, the panel may make recommendations for resolution of the dispute.

3. Unless the Parties otherwise agree, the panel shall, within 120 days after the last panelist is selected, present to the Parties an initial report containing:

(a) findings of fact, including any findings pursuant to a request under Article 22.10(6);

(b) its determination as to whether a Party has not conformed with its obligations under this Agreement or that a Party's measure is causing nullification or impairment in the sense of Annex 22.2, or any other determination requested in the terms of reference; and

(c) its recommendations, if the Parties have requested them, for resolution of the dispute.

4. Panelists may furnish separate opinions on matters not unanimously agreed.

5. A Party may submit written comments to the panel on its initial report within 14 days of presentation of the report or within such other period as the Parties may agree.

6. After considering any written comments on the initial report, the panel may reconsider its report and make any further examination it considers appropriate.

Article 22.13: Final Report

1. The panel shall present a final report to the Parties, including any separate opinions on matters not unanimously agreed, within 30 days of presentation of the initial report, unless the Parties otherwise agree. The Parties shall release the final report to the public within 15 days thereafter, subject to the protection of confidential information.

2. No panel may, either in its initial report or its final report, disclose which panelists are associated with majority or minority opinions.

Article 22.14: Implementation of Final Report

1. On receipt of the final report of a panel, the Parties shall agree on the resolution of the dispute, which normally shall conform with the determinations and recommendations, if any, of the panel.

2. If, in its final report, the panel determines that a Party has not conformed with its obligations under this Agreement or that a Party's measure is causing nullification or impairment in the sense of Annex 22.2, the resolution, whenever possible, shall be to eliminate the non-conformity or the nullification or impairment.[1]

3. Where appropriate, the Parties may agree on a mutually satisfactory action plan to resolve the dispute, which normally shall conform with the determinations and recommendations, if any, of the panel. If the Parties agree on such an action plan, the complaining Party may have recourse to Article 22.15(2) or Article 22.16(1), as the case may be, only if it considers that the Party complained against has failed to carry out the action plan.

Article 22.15: Non-Implementation - Suspension of Benefits

1. If a panel has made a determination of the type described in Article 22.14(2) and the Parties are unable to reach agreement on a resolution pursuant to Article 22.14 within 45 days of receiving the final report, or such other period as the Parties agree, the Party complained against shall enter into negotiations with the other Party with a view to developing mutually acceptable compensation.

2. If the Parties:

   (a) are unable to agree on compensation within 30 days after the period for developing such compensation has begun; or

[1] Compensation, the payment of monetary assessments, and the suspension of benefits are intended as temporary measures pending the elimination of any non-conformity or nullification or impairment that the panel has found.

(b) have agreed on compensation or on a resolution pursuant to Article 22.14 and the complaining Party considers that the other Party has failed to observe the terms of the agreement,

the complaining Party may at any time thereafter provide written notice to the other Party that it intends to suspend the application to the other Party of benefits of equivalent effect. The notice shall specify the level of benefits that the Party proposes to suspend. Subject to paragraph 5, the complaining Party may begin suspending benefits 30 days after the later of the date on which it provides notice under this paragraph or the panel issues its determination under paragraph 3, as the case may be.

3. If the Party complained against considers that:

(a) the level of benefits proposed to be suspended is manifestly excessive; or

(b) it has eliminated the non-conformity or the nullification or impairment that the panel has found,

it may, within 30 days after the complaining Party provides notice under paragraph 2, request that the panel be reconvened to consider the matter. The Party complained against shall deliver its request in writing to the other Party. The panel shall reconvene as soon as possible after delivery of the request and shall present its determination to the Parties within 90 days after it reconvenes to review a request under subparagraph (a) or (b), or within 120 days for a request under subparagraphs (a) and (b). If the panel determines that the level of benefits proposed to be suspended is manifestly excessive, it shall determine the level of benefits it considers to be of equivalent effect.

4. The complaining Party may suspend benefits up to the level the panel has determined under paragraph 3 or, if the panel has not determined the level, the level the Party has proposed to suspend under paragraph 2, unless the panel has determined that the Party complained against has eliminated the non-conformity or the nullification or impairment.

5. The complaining Party may not suspend benefits if, within 30 days after it provides written notice of intent to suspend benefits or, if the panel is reconvened under paragraph 3, within 20 days after the panel provides its determination, the Party complained against provides written notice to the other Party that it will pay an annual monetary assessment. The Parties shall consult, beginning no later than 10 days after the Party complained against provides notice, with a view to reaching agreement on the amount of the assessment. If the Parties are unable to reach an agreement within 30 days after consultations begin, the amount of the assessment shall be set at a level, in U.S. dollars, equal to 50 percent of the level of the benefits the panel has determined under paragraph 3 to be of equivalent effect or, if the panel has not determined the level, 50 percent of the level that the complaining Party has proposed to suspend under paragraph 2.

6. Unless the Commission otherwise decides, a monetary assessment shall be paid to the complaining Party in U.S. currency, or in an equivalent amount of Chilean currency, in

equal, quarterly installments beginning 60 days after the Party complained against gives notice that it intends to pay an assessment. Where the circumstances warrant, the Commission may decide that an assessment shall be paid into a fund established by the Commission and expended at the direction of the Commission for appropriate initiatives to facilitate trade between the Parties, including by further reducing unreasonable trade barriers or by assisting a Party in carrying out its obligations under the Agreement.

7. If the Party complained against fails to pay a monetary assessment, the complaining Party may suspend the application to the Party complained against of benefits in accordance with paragraph 4.

8. This Article shall not apply with respect to a matter described in Article 22.16(1).

Article 22.16: Non-Implementation in Certain Disputes

1. If, in its final report, a panel determines that a Party has not conformed with its obligations under Article 18.2(1)(a) (Enforcement of Labor Laws) or Article 19.2(1)(a) (Enforcement of Environmental Laws), and the Parties:

(a) are unable to reach agreement on a resolution pursuant to Article 22.14 within 45 days of receiving the final report; or

(b) have agreed on a resolution pursuant to Article 22.14 and the complaining Party considers that the other Party has failed to observe the terms of the agreement,

the complaining Party may at any time thereafter request that the panel be reconvened to impose an annual monetary assessment on the other Party. The complaining Party shall deliver its request in writing to the other Party. The panel shall reconvene as soon as possible after delivery of the request.

2. The panel shall determine the amount of the monetary assessment in U.S. dollars within 90 days after it reconvenes under paragraph 1. In determining the amount of the assessment, the panel shall take into account:

(a) the bilateral trade effects of the Party's failure to effectively enforce the relevant law;

(b) the pervasiveness and duration of the Party's failure to effectively enforce the relevant law;

(c) the reasons for the Party's failure to effectively enforce the relevant law;

(d) the level of enforcement that could reasonably be expected of the Party given its resource constraints;

(e) the efforts made by the Party to begin remedying the non-enforcement after the final report of the panel, including through the implementation of any mutually agreed action plan; and

(f) any other relevant factors.

The amount of the assessment shall not exceed 15 million dollars annually, adjusted for inflation as specified in Annex 22.16.

3. On the date on which the panel determines the amount of the monetary assessment under paragraph 2, or at any time thereafter, the complaining Party may provide notice in writing to the other Party demanding payment of the monetary assessment. The monetary assessment shall be payable in U.S. currency, or in an equivalent amount of Chilean currency, in equal, quarterly, installments beginning 60 days after the complaining Party provides such notice.

4. Assessments shall be paid into a fund established by the Commission and shall be expended at the direction of the Commission for appropriate labor or environmental initiatives, including efforts to improve or enhance labor or environmental law enforcement, as the case may be, in the territory of the Party complained against, consistent with its law. In deciding how to expend monies paid into the fund, the Commission shall consider the views of interested persons in the Parties' territories.

5. If the Party complained against fails to pay a monetary assessment, the complaining Party may take other appropriate steps to collect the assessment or otherwise secure compliance. These steps may include suspending tariff benefits under the Agreement as necessary to collect the assessment, while bearing in mind the Agreement's objective of eliminating barriers to bilateral trade and while seeking to avoid unduly affecting parties or interests not party to the dispute.

Article 22.17: Compliance Review

1. Without prejudice to the procedures set out in Article 22.15(3), if the Party complained against considers that it has eliminated the non-conformity or the nullification or impairment that the panel has found, it may refer the matter to the panel by providing written notice to the other Party. The panel shall issue its report on the matter within 90 days after the Party complained against provides notice.

2. If the panel decides that the Party complained against has eliminated the non-conformity or the nullification or impairment, the complaining Party shall promptly reinstate any benefits it has suspended under Article 22.15 or 22.16 and the Party complained against shall no longer be required to pay any monetary assessment it has agreed to pay under Article 22.15(5) or that has been imposed on it under Article 22.16(1).

Article 22.18: Five-Year Review

The Commission shall review the operation and effectiveness of Articles 22.15 and 22.16 not later than five years after the Agreement enters into force, or within six months after benefits have been suspended or monetary assessments have been imposed in five proceedings initiated under this Chapter, whichever occurs first.

Article 22.19: Referral of Matters from Judicial or Administrative Proceedings

1. If an issue of interpretation or application of this Agreement arises in any domestic judicial or administrative proceeding of a Party that any Party considers would merit its intervention, or if a court or administrative body solicits the views of a Party, that Party shall notify the other Party. The Commission shall endeavor to agree on an appropriate response as expeditiously as possible.

2. The Party in whose territory the court or administrative body is located shall submit any agreed interpretation of the Commission to the court or administrative body in accordance with the rules of that forum.

3. If the Commission is unable to agree, either Party may submit its own views to the court or administrative body in accordance with the rules of that forum.

Article 22.20: Private Rights

Neither Party may provide for a right of action under its domestic law against the other Party on the ground that a measure of the other Party is inconsistent with this Agreement.

Article 22.21: Alternative Dispute Resolution

1. Each Party shall, to the maximum extent possible, encourage and facilitate the use of arbitration and other means of alternative dispute resolution for the settlement of international commercial disputes between private parties in the free trade area.

2. To this end, each Party shall provide appropriate procedures to ensure observance of agreements to arbitrate and for the recognition and enforcement of arbitral awards in such disputes.

3. A Party shall be deemed to be in compliance with paragraph 2 if it is a party to and is in compliance with the 1958 *United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards* or the 1975 *Inter-American Convention on International Commercial Arbitration.*

Annex 22.2

Nullification or Impairment

1. If either Party considers that any benefit it could reasonably have expected to accrue to it under any provision of:

(a) Chapters Three through Five (National Treatment and Market Access for Goods, Rules of Origin and Origin Procedures, and Customs Administration);

(b) Chapter Seven (Technical Barriers to Trade);

(c) Chapter Nine (Government Procurement);

(d) Chapter Eleven (Cross-Border Trade in Services); or

(e) Chapter Seventeen (Intellectual Property Rights),

is being nullified or impaired as a result of the application of any measure that is not inconsistent with this Agreement, the Party may have recourse to dispute settlement under this Chapter.

2. Neither Party may invoke paragraph 1(d) or (e) with respect to any measure subject to an exception under Article 23.1 (General Exceptions).

Annex 22.16

Inflation Adjustment Formula for Monetary Assessments

1. An annual monetary assessment imposed before December 31, 2004 shall not exceed 15 million dollars (U.S.).

2. Beginning January 1, 2005, the 15 million dollar (U.S.) annual cap shall be adjusted for inflation in accordance with paragraphs 3 through 5.

3. The period used for the accumulated inflation adjustment shall be calendar year 2003 through the most recent calendar year preceding the one in which the assessment is owed.

4. The relevant inflation rate shall be the U.S. inflation rate as measured by the Producer Price Index for Finished Goods published by the U.S. Bureau of Labor Statistics.

5. The inflation adjustment shall be estimated according to the following formula:

$$\$15 \text{ million} \times (1 + \pi_i) = A$$

$\pi_i =$ accumulated U.S. inflation rate from calendar year 2003 through the most recent calendar year preceding the one in which the assessment is owed.

$A =$ cap for the assessment for the year in question.

Chapter Twenty-Three

Exceptions

Article 23.1: General Exceptions

1. For purposes of Chapters Three through Seven (National Treatment and Market Access for Goods, Rules of Origin and Origin Procedures, Customs Administration, Sanitary and Phytosanitary Measures, and Technical Barriers to Trade), Article XX of GATT 1994 and its interpretive notes are incorporated into and made part of this Agreement, *mutatis mutandis*. The Parties understand that the measures referred to in Article XX(b) of GATT 1994 include environmental measures necessary to protect human, animal, or plant life or health, and that Article XX(g) of GATT 1994 applies to measures relating to the conservation of living and non-living exhaustible natural resources.

2. For purposes of Chapters Eleven, Thirteen, and Fifteen[1] (Cross-Border Trade in Services, Telecommunications, and Electronic Commerce), Article XIV of GATS (including its footnotes) is incorporated into and made part of this Agreement.[2] The Parties understand that the measures referred to in Article XIV(b) of GATS include environmental measures necessary to protect human, animal, or plant life or health.

Article 23.2: Essential Security

Nothing in this Agreement shall be construed:

(a) to require a Party to furnish or allow access to any information the disclosure of which it determines to be contrary to its essential security interests; or

(b) to preclude a Party from applying measures that it considers necessary for the fulfillment of its obligations under the United Nations Charter with respect to the maintenance or restoration of international peace or security, or the protection of its own essential security interests.

Article 23.3: Taxation

1. Except as set out in this Article, nothing in this Agreement shall apply to taxation measures.

2. Nothing in this Agreement shall affect the rights and obligations of either Party under any tax convention. In the event of any inconsistency between this Agreement and any such convention, that convention shall prevail to the extent of the inconsistency. In the

[2] If Article XIV of GATS is amended, this Article shall be amended, as appropriate, after consultations between the Parties.

case of a tax convention between the Parties, the competent authorities under that convention shall have sole responsibility for determining whether any inconsistency exists between this Agreement and that convention.

3. Notwithstanding paragraph 2:

(a) Article 3.2 (Market Access – National Treatment) and such other provisions of this Agreement as are necessary to give effect to that Article shall apply to taxation measures to the same extent as does Article III of the GATT 1994; and

(b) Articles 3.13 (Market Access – Export Taxes) and 3.14 (Market Access – Luxury Tax) shall apply to taxation measures.

4. Subject to paragraph 2:

(a) Article 11.2 (Cross-Border Trade in Services – National Treatment) and Article 12.2 (Financial Services – National Treatment) shall apply to taxation measures on income, capital gains, or on the taxable capital of corporations that relate to the purchase or consumption of particular services, except that nothing in this subparagraph shall prevent a Party from conditioning the receipt or continued receipt of an advantage relating to the purchase or consumption of particular services on requirements to provide the service in its territory; and

(b) Articles 10.2 (Investment – National Treatment) and 10.3 (Investment – Most-Favored-Nation Treatment), Articles 11.2 (Cross-Border Trade in Services – National Treatment) and 11.3 (Cross-Border Trade in Services – Most-Favored Nation Treatment), and Articles 12.2 (Financial Services – National Treatment) and 12.3 (Financial Services – Most-Favored-Nation Treatment) shall apply to all taxation measures, other than those on income, capital gains, or on the taxable capital of corporations, taxes on estates, inheritances, gifts, and generation-skipping transfers,

except that nothing in those Articles shall apply:

(c) any most-favored-nation obligation with respect to an advantage accorded by a Party pursuant to a tax convention;

(d) to a non-conforming provision of any existing taxation measure;

(e) to the continuation or prompt renewal of a non-conforming provision of any existing taxation measure;

(f) to an amendment to a non-conforming provision of any existing taxation measure to the extent that the amendment does not decrease its conformity, at the time of the amendment, with any of those Articles;

(g) to the adoption or enforcement of any taxation measure aimed at ensuring the equitable or effective imposition or collection of taxes (as permitted by Article XIV(d) of GATS);

(h) to a provision that conditions the receipt, or continued receipt, of an advantage relating to the contributions to, or income of, pension trusts or pension plans on a requirement that the Party maintain continuous jurisdiction over the pension trust or pension plan; or

(i) to any excise tax on insurance premiums adopted by Chile to the extent that such tax would, if levied by the United States, be covered by subparagraphs (d), (e), or (f).

5. Subject to paragraph 2 and without prejudice to the rights and obligations of the Parties under paragraph 3, Article 10.5(2), (3), and (4) (Investment – Performance Requirements) shall apply to taxation measures.

6. Article 10.9 (Expropriation and Compensation) and Article 10.15 (Submission of a Claim to Arbitration) shall apply to a taxation measure alleged to be an expropriation or a breach of an investment agreement or investment authorization. However, no investor may invoke Article 10.9 as the basis of a claim where it has been determined pursuant to this paragraph that the measure is not an expropriation. An investor that seeks to invoke Article 10.9 with respect to a taxation measure must first refer to the competent authorities set out in Annex 23.3 at the time that it gives its notice of intent under Article 10.15(4) the issue of whether that taxation measure involves an expropriation. If the competent authorities do not agree to consider the issue or, having agreed to consider it, fail to agree that the measure is not an expropriation within a period of six months of such referral, the investor may submit its claim to arbitration under Article 10.15.

Article 23.4: Balance of Payments Measures on Trade in Goods

Should a Party decide to impose measures for balance of payments purposes, it shall do so only in accordance with that Party's rights and obligations under GATT 1994, including the *Declaration on Trade Measures Taken for Balance of Payments Purposes* (1979 Declaration) and the *Understanding on the Balance of Payments Provisions of the GATT 1994* (BOP Understanding). In adopting such measures, the Party shall immediately consult with the other Party and shall not impair the relative benefits accorded to the other Party under this Agreement.[3]

Article 23.5: Disclosure of Information

Nothing in this Agreement shall be construed to require a Party to furnish or allow access to information the disclosure of which would impede law enforcement or would be

Final Provisions

Article 24.1: Annexes, Appendices, and Footnotes

The Annexes, Appendices, and footnotes to this Agreement constitute an integral part of this Agreement.

Article 24.2: Amendments

1. The Parties may agree on any modification of or addition to this Agreement.

2. When so agreed, and approved in accordance with the applicable legal procedures of each Party, a modification or addition shall constitute an integral part of this Agreement.

Article 24.3: Amendment of the WTO Agreement

If any provision of the WTO Agreement that the Parties have incorporated into this Agreement is amended, the Parties shall consult on whether to amend this Agreement.

Article 24.4: Entry into Force and Termination

1. The entry into force of this Agreement is subject to the completion of necessary domestic legal procedures by each Party.

2. This Agreement shall enter into force 60 days after the date on which the Parties exchange written notification that such procedures have been completed, or after such other period as the Parties may agree.

3. Either Party may terminate this Agreement by written notification to the other Party. This Agreement shall expire 180 days after the date of such notification.

Article 24.5: Authentic Texts

The English and Spanish texts of this Agreement are equally authentic.

IN WITNESS WHEREOF, the undersigned, being duly authorized by their respective Governments, have signed this Agreement.

DONE at Miami, in duplicate, this sixth day of June, 2003.

U.S. - Chile Free Trade Agreement

Annex 3.3 – U.S. and Chile General Notes and Tariff Schedules

June, 2003

Annex 3.3
General Notes
Tariff Schedule of the United States

1. Relation to the Harmonized Tariff Schedule of the United States (HTSUS). The provisions of this schedule are generally expressed in terms of the Harmonized Tariff Schedule of the United States, and the interpretation of the provisions of this schedule, including the goods coverage of subheadings of this schedule, shall be governed by the General Notes, Section Notes, and Chapter Notes of the HTSUS. To the extent that provisions of this schedule are identical to the corresponding provisions of the HTSUS, the provisions of this schedule shall have the same meaning as the corresponding provisions of the HTSUS.

2. Base Rates of Customs Duty. The base rates of duty set forth in this schedule reflect the lower of the HTSUS Column 1 General rates of duty in effect January 1, 2002 or the rate scheduled for January 1, 2004 under existing WTO duty-elimination commitments

3. Staging. In addition to the staging categories listed in Annex 3.3, paragraph 1, this schedule contains staging categories J, K, L, M and N.

(a) Duties on goods provided for in the items in staging category J shall remain at base rates for years one through seven. Beginning January 1 of year eight, duties shall be removed in five equal annual stages, and such goods shall be duty-free effective January 1 of year 12.

(b) Duties on goods provided for in the items in staging category K shall be removed in two equal annual stages beginning on the date this Agreement enters into force, and such goods shall be duty-free, effective January 1 of year two.

(c) Duties on goods provided for in the items in staging category L shall be removed in ten stages. Beginning on the date this Agreement enters into force, duties shall be reduced by five percent each year through January 1 of year six. On January 1 of year seven duties shall be reduced by an additional ten percent each year through year nine, and such goods shall be duty-free effective January 1 of year 10.

(d) Duties on goods provided for in the items in staging category M shall be subject to the following provisions during the tariff elimination period until January 1 of year 10, at which time such goods shall be free of duty.

(i) For goods described in tariff line 9802.00.60, at the time of entry the duty imposed upon the value of the processing outside the United States to be applied in accordance with the procedures specified in U.S. note 3 of subchapter II, chapter 98, of the HTSUS, shall be the rate which would

apply to the article itself under the staging obligations set forth for the appropriate provision in Chapters 1 to 97 of this schedule.

(ii) For goods described in tariff line 9802.00.80, at the time of entry the duty imposed upon the assembled article to be applied in accordance with the procedures specified in U.S. note 4 of subchapter II, chapter 98, of the HTSUS, shall be the rate applicable to the full value of the article itself under the staging obligations set forth for the appropriate provision in Chapters 1 to 97 of this schedule.

(iii) For goods described in tariff line 9817.61.01, at the time of entry the duty imposed upon the assembled article shall be the rate applicable to the full value of the article itself under the staging obligations set forth for the appropriate provision in Chapters 1 to 97 of this schedule.

(iv) For goods described in tariff line 9818.00.05, at the time of entry the duty imposed upon the cost of such parts shall be the rate applicable to the full value of such parts under the staging obligations set forth for the appropriate provision in Chapters 1 to 97 of this schedule.

(e) Duties on goods provided for in the items in staging category N shall be eliminated entirely and such goods shall be duty-free beginning on the date this Agreement enters into force. For goods in tariff lines 9812.00.20, 9812.00.40, 9813.00.05, 9813.00.10, 9813.00.15, 9813.00.20, 9813.00.25, 9813.00.30, 9813.00.35, 9813.00.40, 9813.00.45, 9813.00.50, 9813.00.55, 9813.00.60, 9813.00.70, 9813.00.75, and 9814.00.50 duty-free means free without bond.

ANNEX 1

Notes

1. This annex contains temporary modifications of the provisions of the HTSUS pursuant to this Agreement. Originating goods of Chile described in the provisions of this Annex are subject to duty at the rate set forth in this Annex in lieu of the rate provided therefore in Chapters 1 through 97. Notwithstanding tariff-rate quota provisions provided for elsewhere in the HTSUS, originating goods of Chile shall be permitted to enter the United States in accordance with the provisions of this Annex. Furthermore, any quantity provided for Chile on goods described in this Annex shall not be counted toward any tariff-rate quota provided for such goods elsewhere in the HTSUS. Originating goods of Chile imported into the United States also shall not be subject to any of the provisions, duties or limitations of Subchapter IV of Chapter 99 of the HTSUS.

U.S. - Chile Free Trade Agreement

Annexes I through III – Non-Conforming Measures
(Services, Investment and Financial Services Chapters)

Annex 4.1 – Specific Rules of Origin

June, 2003

Annex I

1. The Schedule of a Party sets out, pursuant to Articles 10.7 (Investment – Non-Conforming Measures) and 11.6 (Cross-Border Trade in Services – Non-Conforming Measures), a Party's existing measures that are not subject to some or all of the obligations imposed by:

(a) Article 10.2 or 11.2 (National Treatment);

(b) Article 10.3 or 11.3 (Most-Favored-Nation Treatment);

(c) Article 11.5 (Local Presence);

(d) Article 10.5 (Performance Requirements);

(e) Article 10.6 (Senior Management and Boards of Directors); or

(f) Article 11.4 (Market Access).

2. Each annex entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 10.7(1)(a) and 11.6(1)(a), do not apply to the listed measure(s);

(c) **Level of Government** indicates the level of government maintaining the listed measure(s);

(d) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(e) **Description** provides a general, nonbinding, description of the **Measures.**

3. In accordance with Article 10.7(1)(a) and 11.6(1)(a), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the law, regulation, or other measure identified in the **Measures** element of that entry.

4. Where a Party maintains a measure that requires that a service provider be a citizen, permanent resident, or resident of its territory as a condition to the provision of a service in its territory, an annex entry for that measure taken with respect to Article 11.2, 11.3, or 11.5 shall operate as an annex entry with respect to Article 10.2, 10.3, or 10.5 to the extent of that measure.

5. For greater certainty, Article 11.4 refers to non-discriminatory measures.

Schedule of the United States

Sector:	Atomic Energy
Obligations Concerned:	National Treatment (Article 10.2)
Level of Government:	Central
Measures:	*Atomic Energy Act of 1954*, 42 U.S.C. §§ 2011 et seq.
Description:	Investment A license issued by the United States Nuclear Regulatory Commission is required for any person in the United States to transfer or receive in interstate commerce, manufacture, produce, transfer, use, import, or export any nuclear "utilization or production facilities" for commercial or industrial purposes. Such a license may not be issued to any entity known or believed to be owned, controlled, or dominated by an alien, a foreign corporation, or a foreign government (42 U.S.C. § 2133(d)). A license issued by the United States Nuclear Regulatory Commission is also required for nuclear "utilization and production facilities," for use in medical therapy, or for research and development activities. The issuance of such a license to any entity known or believed to be owned, controlled, or dominated by an alien, a foreign corporation, or a foreign government is also prohibited (42 U.S.C. § 2134(d)).

Measures:	*Export Trading Company Act of 1982*, 15 U.S.C. §§ 4011-4021 15 C.F.R. Part 325
Description:	Cross-Border Services Title III of the *Export Trading Company Act of 1982* authorizes the Secretary of Commerce to issue "certificates of review" with respect to export conduct. The Act provides for the issuance of a certificate of review where the Secretary determines, and the Attorney General concurs, that the export conduct specified in an application will not have the anticompetitive effects proscribed by the Act. A certificate of review limits the liability under federal and state antitrust laws in engaging in the export conduct certified. Only a "person" as defined by the Act can apply for a certificate of review. "Person" means "an individual who is a resident of the United States; a partnership that is created under and exists pursuant to the laws of any State or of the United States; a State or local government entity; a corporation, whether organized as a profit or nonprofit corporation, that is created under and exists pursuant to the laws of any State or of the United States; or any association or combination, by contract or other arrangement, between such persons." A foreign national or enterprise may receive the protection provided by a certificate of review by becoming a "member" of a qualified applicant. The regulations define "member" to mean "an entity (U.S. or foreign) that is seeking protection under the certificate with the applicant. A member may be a partner in a partnership or a joint venture; a shareholder of a corporation; or a participant in an association, cooperative, or other form of profit or nonprofit organization or relationship, by contract or other arrangement."

Description:	Cross-Border Services With some limited exceptions, exports and reexports of commodities, software, and technology subject to the Export Administration Regulations require a license from the Bureau of Industry and Security, U.S. Department of Commerce (BIS). Certain activities of U.S. persons, wherever located, also require a license from BIS. An application for a license must be made by a person in the United States. In addition, release of controlled technology to a foreign national in the United States is deemed to be an export to the home country of the foreign national and requires the same written authorization from BIS as an export from the territory of the United States.

Measures:	*Mineral Lands Leasing Act of 1920*, 30 U.S.C. Chapter 3A 10 U.S.C. § 7435
Description:	Investment Under the Mineral Lands Leasing Act of 1920, aliens and foreign corporations may not acquire rights-of-way for oil or gas pipelines, or pipelines carrying products refined from oil and gas, across on-shore federal lands or acquire leases or interests in certain minerals on on-shore federal lands, such as coal or oil. Non-U.S. citizens may own a 100 percent interest in a domestic corporation that acquires a right-of-way for oil or gas pipelines across on-shore federal lands, or that acquires a lease to develop mineral resources on on-shore federal lands, unless the foreign investor's home country denies similar or like privileges for the mineral or access in question to U.S. citizens or corporations, as compared with the privileges it accords to its own citizens or corporations or to the citizens or corporations of other countries (30 U.S.C. §§ 181, 185(a)). Nationalization is not considered to be denial of similar or like privileges. Foreign citizens, or corporations controlled by them, are restricted from obtaining access to federal leases on Naval Petroleum Reserves if the laws, customs, or regulations of their country deny the privilege of leasing public lands to citizens or corporations of the United States (10 U.S.C. § 7435).

Obligations Concerned:	National Treatment (Article 10.2) Most-Favored-Nation Treatment (Article 10.3) Senior Management and Boards of Directors (Article 10.6)
Level of Government:	Central
Measures:	49 U.S.C. Subtitle VII, *Aviation Programs* 14 C.F. R. Part 297 (foreign air freight forwarders); 14 C.F.R. Part 380, Subpart E (registration of foreign (passenger) charter operators)

Description:

Investment

Only air carriers that are "citizens of the United States" may operate aircraft in domestic air service (cabotage) and may provide international scheduled and non-scheduled air service as U.S. air carriers.

U.S. citizens also have blanket authority to engage in indirect air transportation activities (air freight forwarding and passenger charter activities other than as actual operators of the aircraft). In order to conduct such activities, non-U.S. citizens must obtain authority from the Department of Transportation. Applications for such authority may be rejected for reasons relating to the failure of effective reciprocity, or if the Department of Transportation finds that it is in the public interest to do so.

Under 49 U.S.C. § 40102(15), a "citizen of the United States" means:

(a) an individual who is a U.S. citizen;

(b) a partnership in which each member is a U.S. citizen; or

(c) a U.S. corporation of which the president and at least two-thirds of the board of directors and other managing officers are U.S. citizens, and at least 75 percent of the voting interest in the corporation is owned or controlled by U.S. citizens. In addition, this statutory requirement has historically been interpreted by the Department of Transportation (and the Civil Aeronautics Board before it) to require that an air carrier in fact be under the actual

control of U.S. citizens. The Department of Transportation makes this determination on a case-by-case basis, and has provided guidance as to certain lines of demarcation. For example, total foreign equity investment of up to 49 percent (with a maximum of 25 percent being voting stock), by itself, is not construed as indicative of foreign control. See Department of Transportation Order 91-1-41, January 23, 1991.

As qualified by paragraph 2 of the **Description** element

Description:

Cross-Border Services

1. Authorization from the Department of Transportation is required for the provision of specialty air services in the territory of the United States.*

Investment

2. "Foreign civil aircraft" require authority from the Department of Transportation to conduct specialty air services in the territory of the United States. "Foreign civil aircraft" are aircraft of foreign registry or aircraft of U.S. registry that are owned, controlled, or operated by persons who are not citizens or permanent residents of the United States (14 C.F.R. § 375.1). Under 49 U.S.C. § 40102(15), a "citizen of the United States" means:

(a) an individual who is a U.S. citizen;

(b) a partnership in which each member is a U.S. citizen; or

(c) a U.S. corporation of which the president and at least two-thirds of the board of directors and other managing officers are U.S. citizens, and at least seventy-five percent of the voting interest in the corporation is owned or controlled by U.S. citizens.

In addition, this statutory requirement has historically been

interpreted by the Department of Transportation (and the Civil Aeronautics Board before it) to require that an air carrier in fact be under the actual control of U.S. citizens. The Department of Transportation makes this determination on a case-by-case basis, and has provided guidance as to certain lines of demarcation. See Department of Transportation Order 91-1-41, January 23, 1991.

*A person of Chile will be able to obtain such an authorization given Chile's acceptance of the definition of specialty air services in the Cross-Border Services Chapter.

Description: Cross-Border Services

As a condition to be registered to practice for others before the U.S. Patent and Trademark Office (USPTO):

(a) a patent attorney must be a U.S. citizen or an alien lawfully residing in the United States (37 C.F.R. § 10.6(a));

(b) a patent agent must be a U.S. citizen, an alien lawfully residing in the United States, or a non-resident who is registered to practice in a country that permits patent agents registered to practice before the USPTO to practice in that country; the latter is permitted to practice for the limited purpose of presenting and prosecuting patent applications of applicants located in the country in which he or she resides (37 C.F.R. § 10.6(c)); and

(c) a practitioner in trademark and non-patent cases must be an attorney licensed in the United States, a "grandfathered" agent, an attorney licensed to practice in a country that accords equivalent treatment to attorneys licensed in the United States, or an agent registered to practice in such a country; the latter two are permitted to practice for the limited purpose of representing parties located in the country in which he or she resides (37 C.F.R. § 10.14(a)-(c)).

Description	Investment Chile may only dispose of the ownership or other rights over "State land" to Chilean natural or juridical persons, unless the applicable legal exceptions, such as in *Decreto Ley 1939*, apply. "State land" for these purposes refers to State-owned land up to a distance of 10 kilometers from the border and up to a distance of 5 kilometers from the coastline. Corporeal immovable property situated in areas declared "the borderland zone" by virtue of *Decreto con Fuerza de Ley 4, 1967, of the Ministerio de Relaciones Exteriores* may not be acquired, either as property or in any other title, by (1) natural persons with nationality in a neighboring country; (2) juridical persons with their principal seat in a neighboring country; (3) juridical persons with 40 percent or more of capital owned by natural persons with nationality in a neighboring country; or (4) juridical persons effectively controlled by such natural persons. Notwithstanding the foregoing, this limitation may not apply if an exemption is granted by a *Decreto Supremo* of the President of the Republic based on considerations of national interest.

Description:	Cross-Border Services A minimum of 85 percent of employees who work for the same Chilean employer shall be Chilean natural persons. This rule applies to employers with more than 25 employees under a contract of employment (*contrato de trabajo)*. Specialized technical personnel who cannot be replaced by national personnel shall not be subject to this provision, as determined by the *Dirección del Trabajo.* An employee shall be understood to mean any natural person who renders intellectual or material services, under dependency or subordination, pursuant to a contract of employment. Article 20 of the *Código del Trabajo* shall be understood to mean that the personnel that an investor of the United States that has made an investment under Chapter Ten (Investments) requires for starting up in Chile will be treated, for a period of 18 months from the date of start up, as specialized technical personnel that cannot be replaced by national personnel. Description:	Investment and Cross-Border Services The owner of a social communication medium such as sound and image transmissions or a national news agency, shall, in the case of a natural person, have a duly established domicile in Chile, and, in the case of a juridical person, shall be constituted with domicile in Chile or have an agency authorized to operate within the national territory. Only Chilean nationals may be president, administrators, or legal representatives of the juridical person. In the case of public radio broadcasting services, the majority of the members of the Board of Directors must be Chilean nationals. The legally responsible director and the person who replaces him or her must be Chilean with domicile and residence in Chile. Requests for public radio broadcasting concessions, submitted by a juridical person in which foreigners hold an interest exceeding 10 percent of the capital, shall be granted only if proof is previously provided verifying that similar rights and obligations as those that an applicant will enjoy in Chile are granted to Chilean nationals in the applicant's country of origin. The *Consejo Nacional de Televisión* may establish, as a general requirement, that programs broadcast through public (open) television channels include up to 40 percent of Chilean production. Only juridical persons duly constituted in Chile and having

Description: Investment

The exploration, exploitation, and treatment (*beneficio*) of lithium, deposits of any kind existing in sea waters subject to national jurisdiction, and deposits of any kind wholly or partially located in areas classified as important to national security with mining effects, which qualification shall be made by law only, can be the object of administrative concessions or special operating contracts, subject to the requirements and the conditions to be determined, in each case by a supreme decree of the President of the Republic.

For greater transparency, Chile has the right of first refusal, at the customary market prices and terms, for the purchase of mineral products from mining operations in the country when thorium or uranium are contained in significant amounts therein.

For greater certainty, Chile may demand that producers separate from mining products the portion of:

(1) liquid or gaseous hydrocarbons;
(2) lithium;
(3) deposits of any kind existing in sea waters subject to national jurisdiction; and
(4) deposits of any kind wholly or partially located in areas classified as important to national security with mining effects, which qualification shall be made by law only,

that exists, in significant amounts, in such mining products and that can be economically and technically separated, for delivery to or for sale on behalf of the State. For these purposes, economically and technically separated means that the costs incurred to recover the four types of substances referred to above through a sound technical procedure, and to commercialize and deliver the same shall be lower than its commercial value.

Extracted natural atomic materials and lithium, and their concentrates, derivatives, and compounds, cannot be subject to any kind of juridical acts, unless executed or entered into by the *Comisión Chilena de Energía Nuclear*, or with its prior authorization. Should the *Comisión* grant an authorization, it shall determine, in turn, the conditions granted therein.

Description:	Investment and Cross-Border Services A permit issued by the *Subsecretaria de Pesca* is required in order to harvest and catch hydrobiological species in interior waters, in the territorial sea, and in Chile's Exclusive Economic Zone. Only Chilean natural persons or juridical persons constituted in accordance with Chilean law and foreigners with permanent residency may hold permits to harvest and catch hydrobiological species. Only Chilean vessels are permitted to fish in interior waters, in the territorial sea, and in Chile's Exclusive Economic Zone. Chilean vessels are those defined in the *Ley de Navegación*. Access to industrial extractive fishing activities shall be subject to prior registration of the vessel in Chile. Only a Chilean natural or juridical person may register a vessel in Chile. A juridical person must be constituted in Chile with principal domicile and real and effective seat in Chile. The president, manager, and the majority of the directors or administrators must be Chilean natural persons. In addition, more than 50 percent of its equity capital must be held by Chilean natural or juridical persons. For these purposes, a juridical person with ownership participation in another juridical person that owns a vessel has to comply with all the requirements mentioned above. A joint ownership (*comunidad)* may register a vessel if (1) the majority of the joint ownership is Chilean with domicile and residency in Chile; (2) the administrators are Chilean natural persons; and (3) the majority of the rights of the joint ownership (*comunidad)* belong to a Chilean natural or juridical person. For

these purposes, a juridical person with ownership participation in a joint ownership (*comunidad)* that owns a vessel has to comply with all the requirements mentioned above.

An owner (natural or juridical person) of a fishing vessel registered in Chile prior to June 30, 1991 shall not be subject to the nationality requirement mentioned above.

In cases of reciprocity granted to Chilean vessels by other States, fishing vessels specifically authorized by the maritime authorities pursuant to powers conferred by law may be exempted from the requirements mentioned above on equivalent terms provided to Chilean vessels by that State.

Access to small-scale fishing activities (*pesca artesanal*) shall be subject to registration in the *Registro de Pesca Artesanal.* Registration for small-scale fishing (*pesca artesanal*) is only granted to Chilean natural persons and foreign natural persons with permanent residency, or a Chilean juridical person constituted by the aforementioned persons.

A foreign registered private aircraft engaged in non-commercial activities may not remain in Chile more than 30 days from its date of entry into Chile, unless authorized by the *Dirección General de Aeronáutica Civil*. For greater certainty, this measure shall not apply to specialty air services as defined in Article 11.12 (Definitions), except for glider towing and parachute jumping.

In order to work as crew members on aircraft used by a Chilean aviation company, foreign aviation staff shall be required first to obtain a Chilean license with the appropriate permits enabling them to discharge the pertinent duties.

Foreign aviation personnel shall be allowed to work in that capacity in Chile provided that Chilean civil aviation authorities validate the license or authorization granted by a foreign country. In the absence of an international agreement regulating such validation, the license or authorization shall be granted under conditions of reciprocity. In that case, proof shall be submitted showing that the licenses or authorizations were issued or validated by the pertinent authorities in the State where the aircraft is registered, that the documents are in force, and that the requirements for issuing or validating such licenses and authorizations meet or exceed the standards required in Chile for analogous cases.

Air transportation services may be provided by Chilean or foreign companies subject to the condition that, along the routes in which they operate, foreigners grant similar rights to Chilean aviation companies when so requested. The *Junta Aeronáutica Civil*, by means of a substantiated resolution *(resolución fundada)*, may terminate, suspend, or limit domestic traffic services (cabotage) or any other class of commercial aviation services carried out solely in Chilean territory by foreign companies or aircraft if in their country of origin the right to equal treatment for Chilean companies and aircraft is denied.

Description: Investment and Cross-Border Services

Only a Chilean natural or juridical person may register a vessel in Chile. A juridical person must be constituted with principal domicile and real and effective seat in Chile. Its president, manager, and majority of the directors or administrators must be Chilean natural persons. In addition, more than 50 percent of its capital must be held by Chilean natural or juridical persons. For these purposes, a juridical person with ownership participation in another juridical person that owns a vessel has to comply with all the aforementioned requisites.

A joint ownership (*comunidad*) may register a vessel if (1) the majority of the joint ownership is Chilean with domicile and residency in Chile; (2) the administrators are Chileans; and (3) the majority of the rights of the joint ownership belong to a Chilean natural or juridical person. For these purposes, a juridical person

with ownership participation in a joint ownership (*comunidad*) that owns a vessel has to comply with all the aforementioned requisites to be considered Chilean.

Special vessels owned by foreign natural or juridical persons domiciled in Chile may under certain conditions be registered in the country. For these purposes, a special vessel does not include a fishing vessel. Foreign natural or juridical persons must meet the following conditions: (1) domicile in Chile; (2) principal heac office in the country; or (3) undertaking a profession or commercial activity in a permanent way in Chile. The maritime authority may, for reasons of national security, impose certain special restrictions on the operation of these vessels.

The maritime authority may provide better treatment based on the principle of reciprocity.

Foreign vessels shall be required to use pilotage, anchoring, and harbor pilotage services when the maritime authorities so require it. In tugging activities or other maneuvers performed in Chilean ports, only tugboats flying the Chilean flag shall be used.

Captains shall be required to be Chilean nationals and to be acknowledged as such by the pertinent authorities. Officers on Chilean vessels must be Chilean natural persons registered in the Officers' Registry (*Registro de oficiales*). Crewmembers of a Chilean vessel must be Chilean, have the permit granted by the Maritime Authority, and be registered in the respective Registry. Professional titles and licenses granted by a foreign country shall be considered valid for the discharge of officers' duties on national vessels pursuant to a substantiated resolution (*resolución fundada*) issued by the Director.

Ship captains (*patrón de nave*) shall be Chilean nationals. The ship captain is the natural person who, pursuant to the corresponding title awarded by the Director, is empowered to exercise command on smaller vessels and on certain special larger vessels.

Only Chilean nationals, or foreigners with domicile in Chile, shall be authorized to act as fishing boat captains (*patrones de Pesca*), machinists (*mecánicos-motoristas*), machine operators (*motoristas*), sea-faring fishermen (*marineros pescadores*), small-scale fishermen (*pescadores*), industrial or maritime trade technical employees or workers, and industrial and general ship service crews on fishing factories or fishing boats when so

requested by ship operators (*armadores*) in order to initiate such work.

In order to fly the national flag, the ship captain (*patrón de nave*), its officers, and crew must be Chilean nationals. Nevertheless, the *Dirección General del Territorio Marítimo y de Marina Mercantea*, on the basis of a substantiated resolution (*resolución fundada*), may authorize the hiring of foreign personnel, on a temporary basis if essential, with the exception of the captain, who, at all times, must be a Chilean national.

Only a Chilean natural or juridical person shall be authorized to work in Chile as a multimodal operator.

Cabotage shall be reserved for Chilean vessels. Cabotage shall include the ocean, river, or lake shipping of passengers and cargo between different points of the national territory and between such points and naval artifacts installed in territorial waters or in the exclusive economic zone.

Foreign merchant vessels may be able to participate in cabotage when cargo volumes exceed 900 tons, following a public tender called by the user with due anticipation. When the cargo volumes involved are equal to or less than 900 tons, and no vessels flying the Chilean flag are available, the Maritime Authority shall authorize embarking such cargo on foreign merchant vessels. The reservation of coastal trade to Chilean vessels shall not apply in the event of cargo coming from or destined for ports located in the Province of Arica.

In the event that Chile should adopt, for reasons of reciprocity, a cargo reservation measure applicable to international cargo transportation between Chile and a non-Party, the reserved cargo shall be transported in Chilean-flag vessels or in vessels considered as such.

(a) Article 10.2 or 11.2 (National Treatment);

(b) Article 10.3 or 11.3 (Most-Favored-Nation Treatment);

(c) Article 11.5 (Local Presence);

(d) Article 10.5 (Performance Requirements);

(e) Article 10.6 (Senior Management and Boards of Directors); or

(f) Article 11.4 (Market Access).

2. Each annex entry sets out the following elements:

(a) **Sector** refers to the sector for which the entry is made;

(b) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1 that, pursuant to Articles 10.7(2) and 11.6(2), do not apply to the sectors, subsectors, or activities listed in the entry;

(c) **Description** sets out the scope of the sectors, subsectors, or activities covered by the entry; and

(d) **Existing Measures** identifies, for transparency purposes, existing measures that apply to the sectors, subsectors, or activities covered by the entry.

3. In accordance with Article 10.7(2) and 11.6(2), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the sectors, subsectors, and activities identified in the **Description** element of that entry.

4. For greater certainty, Article 11.4 refers to non-discriminatory measures.

Annex III
Non-Conforming Measures of the United States with Respect to Financial Services

Introductory Note for the Schedule of the United States

Relating to Banking and Other Non-Insurance Financial Services

1. The Schedule of the United States to Annex III with respect to banking and other non-insurance financial services sets out:

(a) in Section A, the headnotes that limit or clarify the commitments of the United States with respect to the obligations described in subparagraph (b)(i)-(iv), and

(b) in Section B, pursuant to Article 12.9 (Non-Conforming Measures), the existing measures of the United States that are not subject to some or all of the obligations imposed by:

(i) Article 12.2 (National Treatment);

(ii) Article 12.3 (Most-Favored-Nation Treatment);

(iii) Article 12.8 (Senior Management and Boards of Directors); or

(iv) Annex 12.9, Section A (Right of Establishment with Respect to Certain Financial Services).

2. Each entry in Section B as described in paragraph 1(b) sets out the following elements:

(a) **Description of Non-Conforming Measures** sets out the non-conforming aspects of the entry and the subsector, financial institution, or activities covered by the entry;

(b) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(c) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1(b) that, pursuant to Article 12.9, do not apply to the listed measure(s);

Relating to Insurance

3. The Schedule of the United States to Annex III with respect to insurance sets out:

(a) headnotes that limit or clarify the commitments of the United States with respect to the obligations described in subparagraph (b)(i)-(v), and

(b) pursuant to Article 12.9 (Non-Conforming Measures), a schedule of existing measures of the United States that do not conform to some or all of the obligations imposed by:

(i) Article 12.2 (National Treatment);

(ii) Article 12.3 (Most-Favored-National Treatment);

(iii) Article 12.4 (Market Access for Financial Institutions);

(iv) Article 12.5 (Cross-Border Trade); or

(v) Article 12.8 (Senior Management and Boards of Directors).

4. Each entry in the schedule of non-conforming measures described in paragraph 3(b) sets out the following elements:

(a) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 3(b) that, pursuant to Article 12.9, do not apply to the listed measure(s);

(b) **Level of Government** indicates the level of government maintaining the listed measure(s);

(c) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(d) **Description** provides a general, nonbinding description of the **Measures**.

Common Provision

5. In accordance with Article 12.9(1)(a) (Non-Conforming Measures), the articles of this Agreement specified in the **Obligations Concerned** element of an entry do not apply to the law, regulation, or other measure identified in the **Measures** element or in the **Description of Non-Conforming Measures** element of that entry.

1. Commitments in these subsectors under this Agreement are undertaken subject to the limitations and conditions set forth in these headnotes and in Section B below.

2. National treatment commitments in these subsectors are subject to the following limitations: National treatment will be provided based upon the foreign bank's "home state" in the United States, as that term is defined under the International Banking Act, where that Act is applicable. A domestic bank subsidiary of a foreign firm will have its own "home state," and national treatment will be provided based upon the subsidiary's home state, as determined under applicable law.[1]

3. To clarify the U.S. commitment with respect to Annex 12.9 (Specific Commitments), Section A (Right of Establishment with Respect to Certain Financial Services), juridical persons supplying banking or other financial services (excluding insurance) and constituted under the laws of the United States are subject to non-discriminatory limitations on juridical form.[2]

4. The United States undertakes no commitment with respect to any existing non-conforming measures maintained at a regional level.

5. Article 12.9(1)(c) (Non-Conforming Measures) shall not apply to non-conforming measures relating to Annex 12.9, Section A (Right of Establishment with Respect to Certain Financial Services).

---

[1] Foreign banking organizations are generally subject to geographic and other limitations in the United States on a national treatment basis. Where such limitations do not conform to national treatment, they have been scheduled as right of establishment restrictions. For purposes of illustration, under this approach, the following situation does not accord national treatment and would therefore be scheduled as a limitation: a foreign bank from a particular home state is accorded less favorable treatment than that accorded to a domestic bank from that state with respect to expansion by branching.

[2] For example, partnerships and sole proprietorships are generally not acceptable juridical forms for depository financial institutions in the United States. This headnote is not itself intended to affect, or otherwise limit, a choice by a financial institution of the other Party between branches or subsidiaries.

Annex III
Non-Conforming Measures of Chile with Respect to Financial Services

Introductory Note for the Schedule of Chile

1. The Schedule of Chile to Annex III sets out:

   (a) in the headnotes, the limitations or clarifications to the commitments of Chile with respect to the obligations described in Sections I and II;

   (b) in Section I, pursuant to article 12.9(1) (Non-Conforming Measures), the existing measures of Chile that are not subject to some or all of the obligations imposed by:

      (i) Article 12.2 (National Treatment);

      (ii) Article 12.4 (Market Access for Financial Institutions);

      (iii) Article 12.5 (Cross-Border Trade);

      (iv) Article 12.8 (Senior Management and Boards of Directors); or

      (v) Annex 12.9, Section A (Right of Establishment with Respect to Certain Financial Services); and

   (c) in Section II, pursuant to article 12.9(2) (Non-Conforming Measures), the existing and future measures of Chile that are not subject to some or all of the obligations imposed by:

      (i) Article 12.2 (National Treatment);

      (ii) Article 12.3 (Most-Favored-Nation Treatment);

      (iii) Article 12.4 (Market Access for Financial Institutions);

      (iv) Article 12.5 (Cross-Border Trade);

      (v) Article 12.8 (Senior Management and Boards of Directors); or

      (vi) Annex 12.9, Section A (Right of Establishment with Respect to Certain Financial Services).

2. Each entry in Section I as described in paragraph 1(b) sets out the following elements:

   (a) **Sector** to which the non-conforming measure applies;

(b) **Subsector** of the financial services sector to which the non-conforming measure applies;

(c) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1(b) that, pursuant to Article 12.9, do not apply to the listed measures;

(d) **Measures** identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(e) **Description** provides a general, non-binding description of the **Measures**.

3. Each entry in Section II as described in paragraph 1(c) above sets out the following elements:

(a) **Sector** to which the non-conforming measure applies or will apply;

(b) **Subsector** of the financial services sector to which the non-conforming measure applies or will apply;

(c) **Obligations Concerned** specifies the obligation(s) referred to in paragraph 1(c) that, pursuant to Article 12.9(2), do not or will not apply to the listed measures;

(d) **Measures**, as applicable, identifies the laws, regulations, or other measures for which the entry is made. A measure cited in the **Measures** element:

(i) means the measure as amended, continued, or renewed as of the date of entry into force of this Agreement, and

(ii) includes any subordinate measure adopted or maintained under the authority of and consistent with the measure;

(e) **Description** provides a general, non-binding description of the **Measures**.

4. In accordance with Article 12.9(1)(a) and 12.9(2), the articles of this Agreement specified in the Obligations Concerned element of an entry do not apply to the law, regulations, or other measure identified in the Measure or in the Description element of that entry.

Headnotes

1. Commitments in the financial services sector under this Agreement are undertaken subject to the limitations and conditions set forth in these headnotes and the schedule below.

2. Juridical persons supplying financial services and constituted under the laws of Chile are subject to non-discriminatory limitations on juridical form.[1]

3. Article 12.9(1)(c) (Non-Conforming Measures) shall not apply to non-conforming measures relating to Article 12.4 (Market Access for Financial Institutions) and Annex 12.9 Section A (Right of Establishment with Respect to Certain Financial Services).

[1] For example, partnerships (sociedades de personas) are generally not acceptable juridical forms for financial institutions in Chile. This headnote is not in and of itself intended to affect, or otherwise limit, a choice by a financial institution of the other Party between branches or subsidiaries.

Measures:	*Decreto con Fuerza de Ley N° 3*, Official Gazette of December 19, 1997, *Ley General de Bancos*, Title II, Articles 27, 32, and 34. *Ley N° 18.046*, Official Gazette of October 22, 1981, *Ley de Sociedades Anónimas*, Title XI, Articles 121 and following.
Description:	Banking institutions must be established as corporations (*sociedades anónimas*) or as branches, under Chilean law, in conformity with the *Ley General de Bancos* and with *Ley N° 18.046*, related to the establishment of a foreign corporation agency. The capital and the reserves that foreign banks assign to their branches, must be effectively transferred and converted into domestic currency in conformity with any of the systems authorized by Law or by the *Banco Central de Chile*. The increases of capital or reserves that do not come from capitalization of other reserves, will have the same treatment as the initial capital and reserves. In the transactions between a branch and its main office abroad, both will be considered as independent entities. No foreign bank will be able to invoke rights derived from its nationality regarding transactions that its branch may carry out in Chile.

Annex 4.1
Specific Rules of Origin

Section A – General Interpretative Notes

For purposes of interpreting the rules of origin set out in this Annex:

(a) the specific rule, or specific set of rules, that applies to a particular heading or subheading is set out immediately adjacent to the heading or subheading;

(b) a rule applicable to a subheading shall take precedence over a rule applicable to the heading which is parent to that tariff item;

(c) a requirement of a change in tariff classification applies only to non-originating materials;

(d) reference to weight in the rules for goods provided for in Chapter 1 through 24 of the Harmonized System means dry weight unless otherwise specified in the Harmonized System;

(e) for purposes of the rules applicable to subheadings 4202.12, 4202.22, 4202.32, 4202.92, Chapters 50 through 63, heading 7019, and subheading 9404.90, a good is considered to be "wholly" of a material if the good is made entirely of the material;

(f) the following definitions apply:

chapter means a chapter of the Harmonized System;

heading means the first four digits in the tariff classification number under the Harmonized System;

section means a section of the Harmonized System; and

subheading means the first six digits in the tariff classification number under the Harmonized System.

Section B – Specific Rules of Origin

SECTION I	-	**LIVE ANIMALS AND ANIMAL PRODUCTS**
Chapter 01		**Live Animals**
01.01 – 01.06		A change to heading 01.01 through 01.06 from any other chapter.
Chapter 02		**Meat and Edible Meat Offal**
02.01 – 02.10		A change to heading 02.01 through 02.10 from any other chapter.
Chapter 03		**Fish and Crustaceans, Mollusks and Other Aquatic Invertebrates**
03.01 – 03.07		A change to heading 03.01 through 03.07 from any other chapter.
Chapter 04		**Dairy Produce; Birds Eggs; Natural Honey; Edible Products of Animal Origin, Not Elsewhere Specified or Included**
04.01 – 04.10		A change to heading 04.01 through 04.10 from any other chapter, except from dairy preparations containing over 10% by weight of milk solids of subheading 1901.90, and products containing over 10% by weight of milk solids of subheading 2106.90.
Chapter 05		**Products of Animal Origin, Not Elsewhere Specified or included**
05.01 – 05.11		A change to heading 05.01 through 05.11 from any other chapter.
SECTION II	-	**VEGETABLE PRODUCTS**
	Note:	*Agricultural and horticultural goods grown in the territory of a Party shall be treated as originating in the territory of that Party even if grown from seed, bulbs, rootstock, cuttings, slips or other live parts of plants imported from a non-Party.*
Chapter 6		**Live Trees and Other Plants; Bulbs, Roots and the Like; Cut Flowers and Ornamental Foliage**
06.01 – 06.04		A change to heading 06.01 through 06.04 from any other chapter.
Chapter 7		**Edible Vegetables and Certain Roots and Tubers**
07.01 – 07.14		A change to heading 07.01 through 07.14 from any other chapter.
Chapter 8		**Edible Fruit and Nuts; Peel of Citrus Fruit or Melons**

08.01 – 08.14	A change to heading 08.01 through 08.14 from any other chapter.
Chapter 9	**Coffee, Tea, Maté and Spices**
09.01	A change to heading 09.01 from any other chapter.
09.02	A change to heading 09.02 from any other subheading.
09.03 – 09.10	A change to heading 09.03 through 09.10 from any other chapter.
Chapter 10	**Cereals**
10.01 – 10.08	A change to heading 10.01 through 10.08 from any other chapter.
Chapter 11	**Products of the Milling Industry; Malt; Starches; Inulin; Wheat Gluten**

13.01 – 13.02	A change to heading 13.01 through 13.02 from any other chapter.
Chapter 14	**Vegetable Plaiting Materials; Vegetable Products Not Elsewhere Specified or Included**
14.01 – 14.04	A change to heading 14.01 through 14.04 from any other chapter.
SECTION III -	**ANIMAL OR VEGETABLE FATS AND OILS AND THEIR CLEAVAGE PRODUCTS; PREPARED EDIBLE FATS; ANIMAL OR VEGETABLE WAXES**
Chapter 15	**Animal or Vegetable Fats and Oils and Their Cleavage Products; Prepared Edible Fats; Animal or Vegetable Waxes**
15.01 – 15.20	A change to heading 15.01 through 15.20 from any other chapter except from heading 38.23.
15.21 – 15.22	A change to heading 15.21 through 15.22 from any other chapter.

SECTION IV - PREPARED FOODSTUFFS; BEVERAGES, SPIRITS AND VINEGAR; TOBACCO AND MANUFACTURED TOBACCO SUBSTITUTES	
Chapter 16	**Preparations of Meat, of Fish or of Crustaceans, Molluscs or Other Aquatic Invertebrates**
16.01 – 16.05	A change to heading 16.01 through 16.05 from any other chapter.
Chapter 17	**Sugars and Sugar Confectionery**
17.01 – 17.03	A change to heading 17.01 through 17.03 from any other chapter.
17.04	A change to heading 17.04 from any other heading.
Chapter 18	**Cocoa and Cocoa Preparations**
18.01-18.05	A change to heading 18.01 through 18.05 from any other chapter.
1806.10	A change to subheading 1806.10 from any other heading, provided that such products of 1806.10 containing over 90% or more by dry weight of sugar do not contain non-originating sugar of chapter 17, and that products of subheading 1806.10 containing less than 90% by dry weight of sugar do not contain more than 35% by weight of non-originating sugar of chapter 17, nor more than 35% by weight of non-originating cocoa powder of heading 18.05.
1806.20	A change to subheading 1806.20 from any other heading.
1806.31	A change to subheading 1806.31 from any other subheading.
1806.32	A change to subheading 1806.32 from any other heading.
1806.90	A change to subheading 1806.90 from any other subheading.
Chapter 19	**Preparations of Cereals, Flour, Starch or Milk; Pastrycooks' Products**
19.01.10	A change to subheading 1901.10 from any other chapter provided that products of 1901.10 containing over 10 percent by weight of milk solids do not contain non-originating dairy products of chapter 4.
1901.20	A change to subheading 1901.20 from any other chapter provided that products of 1901.20 containing over 25 percent by weight of butterfat, not put up for retail sale, do not contain non-originating dairy products of chapter 4.
1901.90	A change to subheading 1901.90 from any other chapter provided that products of 1901.90 containing over 10 percent by weight of milk solids do not contain non-originating dairy products of chapter 4.
19.02 – 19.05	A change to heading 19.02 through 19.05 from any other chapter.

Chapter 20	**Preparations of Vegetables, Fruit, Nuts or Other Parts of Plants**
Note:	*Fruit, nut and vegetable preparations of headings 20.01 through 20.08 that have been prepared or preserved by freezing, by packing (including canning) in water brine or natural juices, or by roasting, either dry or in oil (including processing incidental to freezing, packing, or roasting), shall be treated as an originating good only if the fresh good were wholly produced or obtained entirely in the territory of one or both of the Parties.*
20.01	A change to heading 20.01 from any other chapter except as provided for in above note for Chapter 20.
20.02	A change to heading 20.02 from any other heading, except from chapter 7 and except as provided for in above note for Chapter 20.
20.03 – 20.07	A change to heading 20.03 through 20.07 from any other chapter, except as provided for in above note for Chapter 20.
2008.11	A change to subheading 2008.11 from any other heading, except from heading 12.02 and except as provided for in above note for Chapter 20.
2008.19 – 2008.99	A change to subheading 2008.19 through 2008.99 from any other chapter, and except as provided for in above note for Chapter 20.
2009.11 – 2009.30	A change to subheading 2009.11 through 2009.30 from any other chapter, except from heading 08.05.
2009.40 – 2009.80	A change to subheading 2009.40 through 2009.80 from any other chapter.
2009.90	A change to subheading 2009.90 from any other chapter or from pineapple, banana or mango juices of heading 2009; or A change to subheading 2009.90 from any other subheading within Chapter 20, whether or not there is also a change from any other chapter, provided that a single juice ingredient, or juice ingredients from a single non-Party, constitute in single strength form no more than 60 percent by volume of the good.
Chapter 21	**Miscellaneous Edible Preparations**
21.01 – 21.02	A change to heading 21.01 through 21.02 from any other chapter.
2103.10	A change to subheading 2103.10 from any other chapter.
2103.20	A change to subheading 2103.20 from any other chapter, except from subheading 2002.90 or from chapter 7.
2103.30 – 2103.90	A change to subheading 2103.30 through 2103.90 from any other chapter.
21.04	A change to heading 21.04 from any other chapter.

21.05	A change to heading 21.05 from any other heading, except from Chapter 4 or from dairy preparations containing over 10% by weight of milk solids of subheading 1901.90.
21.06	A change to a single fruit or single vegetable juice of subheading 2106.90 from any other chapter, except from headings 08.05 or 20.09, or from fruit or vegetable juices of subheading 2202.90; or A change to mixtures of juices of subheading 2106.90: (A) from any other chapter or from pineapple, banana or mango juices of heading 20.09 or subheading 2202.90, but not from heading 08.05 or from other juices or juice mixtures of heading 20.09 or subheading 2202.90; or (B) from any other subheading within chapter 21, heading 20.09 or from mixtures of juices of subheading 2202.90, whether or not there is also a change from any other chapter, provided that a single juice ingredient, or juice ingredients from one non-Party, constitutes in single strength form no more than 60 percent by volume of the good; or A change to compound alcoholic preparations of subheading 2106.90 from any other subheading except from headings 22.03 through 22.09; or A change to sugar syrups of subheading 2106.90 from any other chapter, except from chapter 17; or A change to products containing over 10% by weight of milk solids of subheading 2106.90 from any other chapter, except from chapter 4 or from dairy preparations containing 10% by weight of milk solids of subheading 1901.90; or A change to other goods of heading 21.06 from any other chapter.
Chapter 22	**Beverages, Spirits and Vinegar**
22.01	A change to heading 22.01 from any other chapter.
2202.10	A change to subheading 2202.10 from any other chapter.
2202.90	A change to any single fruit or single vegetable juice of subheading 2202.90 from any other chapter, except from headings 08.05 or 20.09, or from fruit or vegetable juices of subheading 2106.90; or A change to mixtures of juices of subheading 2202.90: (a) from any other chapter or from pineapple, banana or mango juices of heading 20.09 or subheading 2106.90, but not from heading 08.05 or from other juices or juice mixtures of heading 20.09 or subheading 2106.90; or (b) from any other subheading within chapter 22, heading 20.09 or from mixtures of juices of subheading 2106.90, whether or not there is also a change from any other chapter, provided that a single juice ingredient, or

	juice ingredients from one non-Party, constitute in single strength form no more than 60 percent by volume of the good; or
	A change to beverages containing milk from any other chapter, except from chapter 4 or from dairy preparations containing over 10% percent by weight of milk solids of subheading 1901.90; or
	A change to other goods of subheading 2202.90 from any other chapter.
22.03 – 22.09	A change to heading 22.03 through 22.09 from any heading outside that group.

27.15	A change to heading 27.15 from any other heading, except from heading 27.14 or subheading 2713.20.
27.16	A change to heading 27.16 from any other heading.

SECTION VI **PRODUCTS OF THE CHEMICAL OR ALLIED INDUSTRIES**

Chapter 28 **Inorganic Chemicals; Organic or Inorganic Compounds of Precious Metals, of Rare-Earth Metals, of Radioactive Elements or of Isotopes**

1. Chemical reaction origin rule

Any good of Chapters 28 through 38, except a good of heading 3823, that is the product of a chemical reaction shall be considered to be an originating good if the chemical reaction occurred in the territory of one or both of the Parties. Notwithstanding any of the line-by-line rules, the "chemical reaction" rule may be applied to any good classified in the above chapters.

Note: *For purposes of this section, a "chemical reaction" is a process (including a biochemical process) which results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule.*

The following are not considered to be chemical reactions for the purposes of this definition: (a) dissolving in water or other solvents; (b) the elimination of solvents including solvent water; or(c) the addition or elimination of water of crystallization.

2. Separation prohibition

A non-originating material or component will not be deemed to have satisfied all applicable requirements of these rules by reason of a change from one classification to another merely as the result of the separation of one or more individual materials or components from a man-made mixture unless the isolated material or component, itself, also underwent a chemical reaction.

2801.10 – 2801.30	A change to subheading 2801.10 through 2801.30 from any other subheading, including another subheading within that group.
28.02	A change to heading 2802 from any other heading, except from heading 25.03.
28.03	A change to heading 28.03 from any other heading.
2804.10 – 2804.50	A change to subheading 2804.10 through 2804.50 from any other subheading, including another subheading within that group.
2804.61 – 2804.69	A change to subheading 2804.61 through 2804.69 from any other subheading outside that group.
2804.70 – 2804.90	A change to subheading 2804.70 through 2804.90 from any other subheading, including another subheading within that group.
28.05	A change to heading 28.05 from any other heading.
2806.10 – 2806.20	A change to subheading 2806.10 through 2806.20 from any other subheading, including another subheading within that group.
28.07 – 28.08	A change to heading 28.07 through 28.08 from any other heading, including another heading within that group.

2809.10 – 2809.20	A change to subheading 2809.10 through 2809.20 from any other subheading, including another subheading within that group.
28.10	A change to heading 28.10 from any other heading.
2811.11	A change to subheading 2811.11 from any other subheading.
2811.19	A change to subheading 2811.19 from any other subheading, except from subheading 2811.22.
2811.21	A change to subheading 2811.21 from any other subheading.
2811.22	A change to subheading 2811.22 from any other subheading, except from subheading 2505.10, 2506.10, or 2811.19.
2811.23 – 2813.90	A change to subheading 2811.23 through 2813.90 from any other subheading, including another subheading within that group.
28.14	A change to heading 28.14 from any other heading.
2815.11 – 2815.12	A change to subheading 2815.11 through 2815.12 from any other subheading outside that group.
2815.20 – 2816.10	A change to subheading 2815.20 through 2816.10 from any other subheading, including another subheading within that group.
2816.20	A change to subheading 2816.20 from any other subheading, except from subheading 2530.90.
2816.30	A change to subheading 2816.30 from any other subheading.
28.17	A change to heading 2817 from any other heading, except from heading 2608.
2818.10 – 2818.30	A change to subheading 2818.10 through 2818.30 from any other chapter, except from Chapters 28 through 38; or A change to subheading 2818.10 through 2818.30 from any other subheading within Chapters 28 through 38, including another subheading within that group, whether or not there is also a change from any other chapter, provided there is a regional value content of not less than: (a) 35 percent when the build-up method is used, or (b) 45 percent when the build-down method is used.
2819.10 – 2819.90	A change to subheading 2819.10 through 2819.90 from any other subheading, including another subheading within that group.
2820.10 – 2820.90	A change to subheading 2820.10 through 2820.90 from any other subheading, including another subheading within that group, except from subheading 2530.90 or heading 2602.
2821.10	A change to subheading 2821.10 from any other subheading.

2821.20	A change to subheading 2821.20 from any other subheading, except from subheading 2530.30 or 2601.11 through 2601.20.
28.22	A change to heading 2822 from any other heading, except from heading 2605.
28.23	A change to heading 2823 from any other heading.
2824.10 – 2824.90	A change to subheading 2824.10 through 2824.90 from any other subheading, including another subheading within that group, except from heading 2607.
2825.10 – 2825.40	A change to subheading 2825.10 through 2825.40 from any other subheading, including another subheading within that group.
2825.50	A change to subheading 2825.50 from any other subheading, except from heading 2603.
2825.60	A change to subheading 2825.60 from any other subheading, except from subheading 2615.10.
2825.70	A change to subheading 2825.70 from any other subheading, except from subheading 2613.10.
2825.80	A change to subheading 2825.80 from any other subheading, except from subheading 2617.10.
2825.90	A change to subheading 2825.90 from any other subheading, provided that the good classified in subheading 2825.90 is the product of a chemical reaction.
2826.11 – 2833.19	A change to subheading 2826.11 through 2833.19 from any other subheading, including another subheading within that group.
2833.21	A change to subheading 2833.21 from any other subheading, except from subheading 2530.20.
2833.22 – 2833.26	A change to subheading 2833.22 through 2833.26 from any other subheading, including another subheading within that group.
2833.27	A change to subheading 2833.27 from any other subheading, except from subheading 2511.10.
2833.29	A change to subheading 2833.29 from any other subheading, except from heading 2520.
2833.30 – 2833.40	A change to subheading 2833.30 through 2833.40 from any other subheading, including another subheading within that group.
2834.10 – 2834.29	A change to subheading 2834.10 through 2834.29 from any other subheading, including another subheading within that group.
2835.10 – 2835.25	A change to subheading 2835.10 through 2835.25 from any other subheading, including another subheading within that group.
2835.26	A change to subheading 2835.26 from any other subheading, except from heading 2510.

2835.29 – 2835.39	A change to subheading 2835.29 through 2835.39 from any other subheading, including another subheading within that group.
2836.10	A change to subheading 2836.10 from any other subheading.
2836.20	A change to subheading 2836.20 from any other subheading, except from subheading 2530.90.
2836.30 – 2836.40	A change to subheading 2836.30 through 2836.40 from any other subheading, including another subheading within that group.
2836.50	A change to subheading 2836.50 from any other subheading, except from heading 2509, subheading 2517.41 or 2517.49, heading 2521, or subheading 2530.90.
2836.60	A change to subheading 2836.60 from any other subheading, except from subheading 2511.20.
2836.70	A change to subheading 2836.70 from any other subheading, except from heading 2607.
2836.91	A change to subheading 2836.91 from any other subheading.
2836.92	A change to subheading 2836.92 from any other subheading, except from subheading 2530.90.
2836.99	A change to bismuth carbonate of subheading 2836.99 from any other subheading, except from subheading 2617.90; or A change to subheading 2836.99 other than to bismuth carbonate from any other subheading, provided that the good classified in subheading 2836.99 is the product of a chemical reaction.
2837.11 – 2837.20	A change to subheading 2837.11 through 2837.20 from any other subheading, including another subheading within that group.
28.38	A change to heading 28.38 from any other heading.
2839.11 – 2839.19	A change to subheading 2839.11 through 2839.19 from any other subheading outside that group.
2839.20 – 2839.90	A change to subheading 2839.20 through 2839.90 from any other subheading, including another subheading within that group.
2840.11 – 2840.20	A change to subheading 2840.11 through 2840.20 from any other chapter, except from Chapters 28 through 38; or A change to subheading 2840.11 through 2840.20 from any other subheading within Chapters 28 through 38, including another subheading within that group, provided there is a regional value content of not less than: (a) 35 percent when the build-up method is used, or (b) 45 percent when the build-down method is used.
2840.30	A change to subheading 2840.30 from any other subheading.

2841.10 – 2841.40	A change to subheading 2841.10 through 2841.40 from any other subheading, including another subheading within that group.
2841.50	A change to subheading 2841.50 from any other subheading, except from heading 26.10.
2841.61 – 2841.69	A change to subheading 2841.61 through 2841.69 from any other subheading outside that group.
2841.70	A change to subheading 2841.70 from any other subheading, except from subheading 2613.90.
2841.80	A change to subheading 2841.80 from any other subheading, except from heading 26.11.
2841.90	A change to subheading 2841.90 from any other subheading, provided that the good classified in subheading 2841.90 is the product of a chemical reaction.
2842.10	A change to subheading 2842.10 from any other subheading.
2842.90	A change to subheading 2842.90 from any other subheading, provided that the good classified in subheading 2842.90 is the product of a chemical reaction.
2843.10	A change to subheading 2843.10 from any other subheading, except from heading 7106, 7108, 7110, or 7112.
2843.21 – 2843.29	A change to subheading 2843.21 through 2843.29 from any other subheading, including another subheading within that group.
2843.30 – 2843.90	A change to subheading 2843.30 through 2843.90 from any other subheading, including another subheading within that group, except from subheading 2616.90.
2844.10	A change to subheading 2844.10 from any other subheading, except from subheading 2612.10.
2844.20	A change to subheading 2844.20 from any other subheading.
2844.30	A change to subheading 2844.30 from any other subheading, except from subheading 2844.20.
2844.40 – 2844.50	A change to subheading 2844.40 through 2844.50 from any other subheading, including another subheading within that group.
28.45	A change to heading 28.45 from any other heading.
28.46	A change to heading 28.46 from any other heading, except from subheading 2530.90.
28.47 – 28.48	A change to heading 28.47 through 28.48 from any other heading, including another heading within that group.
2849.10 – 2849.90	A change to subheading 2849.10 through 2849.90 from any other subheading, including another subheading within that group.

28.50 – 28.51	A change to heading 28.50 through 28.51 from any other heading, including another heading within that group.
Chapter 29	**Organic Chemicals**
2901.10 – 2901.29	A change to subheading 2901.10 through 2901.29 from any other subheading, including another subheading within that group, except from acyclic petroleum oils of heading 2710 or from subheading 2711.13, 2711.14, 2711.19, or 2711.29.
2902.11	A change to subheading 2902.11 from any other subheading.
2902.19	A change to subheading 2902.19 from any other subheading, except from non-aromatic cyclic petroleum oils of subheading 2707.50, 2707.99, or heading 2710.
2902.20	A change to subheading 2902.20 from any other subheading, except from subheading 2707.10, 2707.50, or 2707.99.
2902.30	A change to subheading 2902.30 from any other subheading, except from subheading 2707.20, 2707.50, or 2707.99.
2902.41 – 2902.44	A change to subheading 2902.41 through 2902.44 from any other subheading, including another subheading within that group, except from subheading 2707.30, 2707.50 or 2707.99.
2902.50	A change to subheading 2902.50 from any other subheading.
2902.60	A change to subheading 2902.60 from any other subheading, except from subheading 2707.30, 2707.50, 2707.99, or heading 2710.
2902.70 – 2902.90	A change to subheading 2902.70 through 2902.90 from any other subheading, including another subheading within that group, except from subheading 2707.50, 2707.99, or heading 2710.
2903.11 – 2903.30	A change to subheading 2903.11 through 2903.30 from any other subheading, including another subheading within that group.
2903.41 – 2903.49	A change to subheading 2903.41 through 2903.49 from any other subheading outside that group.
2903.51 – 2904.90	A change to subheading 2903.51 through 2904.90 from any other subheading, including another subheading within that group.
2905.11 – 2905.19	A change to subheading 2905.11 through 2905.19 from any other subheading, including another subheading within that group.
2905.22 – 2905.29	A change to subheading 2905.22 through 2905.29 from any other subheading, including another subheading within that group, except from subheading 1301.90, 3301.90, or 3805.90.
2905.31 – 2905.44	A change to subheading 2905.31 through 2905.44 from any other subheading, including another subheading within that group.
2905.45	A change to subheading 2905.45 from any other subheading, except from heading 1520.

2905.49 – 2905.50	A change to subheading 2905.49 through 2905.50 from any other subheading, including another subheading within that group.
2906.11	A change to subheading 2906.11 from any other subheading, except from subheading 3301.24 or 3301.25.
2906.12 – 2906.13	A change to subheading 2906.12 through 2906.13 from any other subheading, including another subheading within that group.
2906.14	A change to subheading 2906.14 from any other subheading, except from heading 3805.
2906.19	A change to subheading 2906.19 from any other subheading, except from subheading 3301.90 or 3805.90.
2906.21	A change to subheading 2906.21 from any other subheading.
2906.29	A change to subheading 2906.29 from any other subheading, except from subheading 2707.60 or 3301.90.
2907.11	A change to subheading 2907.11 from any other subheading, except from subheading 2707.60.
2907.12 – 2907.22	A change to subheading 2907.12 through 2907.22 from any other subheading, including another subheading within that group, except from subheading 2707.99.
2907.23	A change to subheading 2907.23 from any other subheading.
2907.29 – 2907.30	A change to subheading 2907.29 through 2907.30 from any other subheading, including another subheading within that group, except from subheading 2707.99.
29.08	A change to heading 2908 from any other heading.
2909.11 – 2909.49	A change to subheading 2909.11 through 2909.49 from any other subheading, including another subheading within that group.
2909.50	A change to subheading 2909.50 from any other subheading, except from subheading 3301.90.
2909.60	A change to subheading 2909.60 from any other subheading.
2910.10 – 2910.90	A change to subheading 2910.10 through 2910.90 from any other subheading, including another subheading within that group.
29.11	A change to heading 29.11 from any other heading.
2912.11 – 2912.13	A change to subheading 2912.11 through 2912.13 from any other subheading, including another subheading within that group.
2912.19 – 2912.49	A change to subheading 2912.19 through 2912.49 from any other subheading, including another subheading within that group, except from subheading 3301.90.
2912.50 – 2912.60	A change to subheading 2912.50 through 2912.60 from any other subheading, including another subheading within that group.

29.13	A change to heading 29.13 from any other heading.
2914.11 – 2914.19	A change to subheading 2914.11 through 2914.19 from any other subheading, including another subheading within that group, except from subheading 3301.90.
2914.21 – 2914.22	A change to subheading 2914.21 through 2914.22 from any other subheading, including another subheading within that group.
2914.23	A change to subheading 2914.23 from any other subheading, except from subheading 3301.90.
2914.29	A change to subheading 2914.29 from any other subheading, except from subheading 3301.90 or 3805.90.
2914.31 – 2914.39	A change to subheading 2914.31 through 2914.39 from any other subheading outside that group, except from subheading 3301.90.
2914.40 – 2914.70	A change to subheading 2914.40 through 2914.70 from any other subheading, including another subheading within that group, except from subheading 3301.90.
2915.11 – 2915.35	A change to subheading 2915.11 through 2915.35 from any other subheading, including another subheading within that group.
2915.39	A change to subheading 2915.39 from any other subheading, except from subheading 3301.90.
2915.40 – 2915.90	A change to subheading 2915.40 through 2915.90 from any other subheading, including another subheading within that group.
2916.11 – 2916.20	A change to subheading 2916.11 through 2916.20 from any other subheading, including another subheading within that group.
2916.31 – 2916.39	A change to subheading 2916.31 through 2916.39 from any other chapter, except from Chapters 28 through 38; or A change to subheading 2916.31 through 2916.39 from any other subheading within Chapters 28 through 38, including another subheading within that group, provided there is regional value content of not less than: (a) 35 percent when the build-up method is used, or (b) 45 percent when the build-down method is used.
2917.11 – 2917.39	A change to subheading 2917.11 through 2917.39 from any other subheading, including another subheading within that group.
2918.11 – 2918.22	A change to subheading 2918.11 through 2918.22 from any other subheading, including another subheading within that group.
2918.23	A change to subheading 2918.23 from any other subheading, except from subheading 3301.90.
2918.29 – 2918.30	A change to subheading 2918.29 through 2918.30 from any other subheading, including another subheading within that group.

2918.90	A change to subheading 2918.90 from any other subheading, except from subheading 3301.90.
29.19	A change to heading 2919 from any other heading
2920.10 – 2926.90	A change to subheading 2920.10 through 2926.90 from any other subheading, including another subheading within that group.
29.27 – 29.28	A change to heading 2927 through 2928 from any other heading, including another heading within that group.
2929.10 – 2930.90	A change to subheading 2929.10 through 2930.90 from any other subheading, including another subheading within that group.
29.31	A change to heading 2931 from any other heading.
2932.11 – 2932.99	A change to subheading 2932.11 through 2932.99 from any other subheading, including another subheading within that group, except from subheading 3301.90.
2933.11 – 2934.90	A change to subheading 2933.11 through 2934.90 from any other subheading, including another subheading within that group.
29.35	A change to heading 29.35 from any other heading
2936.10 – 2936.29	A change to subheading 2936.10 through 2936.29 from any other subheading, including another subheading within that group.
2936.90	A change to subheading 2936.90 from any other subheading, except from subheading 2936.10 through 2936.29.
29.37 – 29.41	A change to heading 2937 through 2941 from any other heading, including another heading within that group.
29.42	A change to heading 29.42 from any other chapter.
Chapter 30	**Pharmaceutical Products**
3001.10	A change to subheading 3001.10 from any other subheading, except from subheading 0206.10 through 0208.90 or 0305.20, heading 0504 or 0510, or subheading 0511.99 if the change from these provisions is not to a powder classified in subheading 3001.10.
3001.20 – 3001.90	A change to subheading 3001.20 through 3001.90 from any other subheading, including another subheading within that group.
3002.10 – 3002.90	A change to subheading 3002.10 through 3002.90 from any other subheading, including another subheading within that group.
3003.10	A change to subheading 3003.10 from any other subheading, except from subheading 2941.10, 2941.20, or 3003.20.
3003.20	A change to subheading 3003.20 from any other subheading, except from subheading 2941.30 through 2941.90.

3003.31	A change to subheading 3003.31 from any other subheading, except from subheading 2937.91.
3003.39	A change to subheading 3003.39 from any other subheading, except from hormones or their derivatives classified in Chapter 29.
3003.40	A change to subheading 3003.40 from any other subheading, except from heading 1211, subheading 1302.11, 1302.19, 1302.20, or 1302.39 or alkaloids or derivatives thereof classified in Chapter 29.
3003.90	A change to subheading 3003.90 from any other subheading, provided that the domestic content of the therapeutic or prophylactic component is no less than 40 percent by weight of the total therapeutic or prophylactic content.
3004.10	A change to subheading 3004.10 from any other subheading, except from subheading 2941.10, 2941.20, 3003.10, or 3003.20.
3004.20	A change to subheading 3004.20 from any other subheading, except from subheading 2941.30 through 2941.90 or 3003.20.
3004.31	A change to subheading 3004.31 from any other subheading, except from subheading 2937.91, 3003.31, or 3003.39.
3004.32	A change to subheading 3004.32 from any other subheading, except from subheading 3003.39 or adrenal cortical hormones classified in Chapter 29.
3004.39	A change to subheading 3004.39 from any other subheading, except from subheading 3003.39 or hormones or derivatives thereof classified in Chapter 29
3004.40	A change to subheading 3004.40 from any other subheading, except from heading 1211, subheading 1302.11, 1302.19, 1302.20, 1302.39, or 3003.40 or alkaloids or derivatives thereof classified in Chapter 29.
3004.50	A change to subheading 3004.50 from any other subheading, except from subheading 3003.90 or vitamins classified in Chapter 29 or goods classified in heading 2936.
3004.90	A change to subheading 3004.90 from any other subheading, except from subheading 3003.90, and provided that the domestic content of the therapeutic or prophylactic component is no less than 40 percent by weight of the total therapeutic or prophylactic content.
3005.10	A change to subheading 3005.10 from any other subheading.
3005.90	A change to subheading 3005.90 from any other heading; or A change to subheading 3005.90 from any other subheading within heading 30.05, provided there is a regional value content of not less than: (a) 35 percent when the build-up method is used, or (b) 45 percent when the build-down method is used.
3006.10	A change to subheading 3006.10 from any other subheading, except from subheading 1212.20 or 4206.10.

3006.20 – 3006.60	A change to subheading 3006.20 through 3006.60 from any other subheading, including another subheading within that group.
Chapter 31	**Fertilizers**
31.01	A change to heading 31.01 from any other heading, except from subheading 2301.20 or from powders and meals of subheading 0506.90, heading 0508, or subheading 0511.91 or 0511.99.
3102.10 – 3102.21	A change to subheading 3102.10 through 3102.21 from any other subheading, including another subheading within that group.
3102.29	A change to subheading 3102.29 from any other subheading, except from subheading 3102.21 or 3102.30.
3102.30	A change to subheading 3102.30 from any other subheading.
3102.40	A change to subheading 3102.40 from any other subheading, except from subheading 3102.30.
3102.50	A change to subheading 3102.50 from any other subheading.
3102.60	A change to subheading 3102.60 from any other subheading, except from subheading 2834.29 or 3102.30.
3102.70	A change to subheading 3102.70 from any other subheading.
3102.80	A change to subheading 3102.80 from any other subheading, except from subheading 3102.10 or 3102.30.
3102.90	A change to subheading 3102.90 from any other subheading, except from subheading 3102.10 through 3102.80.

The purposes of this Act are—

(1) to approve and implement the Free Trade Agreement between the United States and the Republic of Chile entered into under the authority of section 2103(b) of the Bipartisan Trade Promotion Authority Act of 2002;

(2) to strengthen and develop economic relations between the United States and Chile for their mutual benefit;

(3) to establish free trade between the two nations through the reduction and elimination of barriers to trade in goods and services and to investment; and

(4) to lay the foundation for further cooperation to expand and enhance the benefits of such Agreement.

SEC. 3. DEFINITIONS.

In this Act:

(1) AGREEMENT.—The term "Agreement" means the United States-Chile Free Trade Agreement approved by the Congress under section 101(a)(1).

(2) HTS.—The term "HTS" means the Harmonized Tariff Schedule of the United States.

(3) TEXTILE OR APPAREL GOOD.—The term "textile or apparel good" means a good listed in the Annex to the Agreement on Textiles and Clothing referred to in section 101(d)(4) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(4)).

TITLE I—APPROVAL OF, AND GENERAL PROVISIONS RELATING TO, THE AGREEMENT

SEC. 101. APPROVAL AND ENTRY INTO FORCE OF THE AGREEMENT.

(a) APPROVAL OF AGREEMENT AND STATEMENT OF ADMINISTRATIVE ACTION.—Pursuant to section 2105 of the Bipartisan Trade Promotion Authority Act of 2002 (19 U.S.C. 3805) and section 151 of the Trade Act of 1974 (19 U.S.C. 2191), the Congress approves—

(1) the United States-Chile Free Trade Agreement entered into on June 6, 2003, with the Government of Chile and submitted to the Congress on [____, 2003]; and JUL 15 2003

(2) the statement of administrative action proposed to implement the Agreement that was submitted to the Congress on [____, 2003]. JUL

(b) CONDITIONS FOR ENTRY INTO FORCE OF THE AGREEMENT.—At such time as the President determines that Chile has taken measures necessary to bring it into

compliance with the provisions of the Agreement that take effect on the date on which the Agreement enters into force, the President is authorized to exchange notes with the Government of Chile providing for the entry into force, on or after January 1, 2004, of the Agreement for the United States.

SEC. 102. RELATIONSHIP OF THE AGREEMENT TO UNITED STATES AND STATE LAW.

(a) RELATIONSHIP TO UNITED STATES LAW.—

(1) UNITED STATES LAW TO PREVAIL IN CONFLICT.—No provision of the Agreement, nor the application of any such provision to any person or circumstance, which is inconsistent with any law of the United States shall have effect.

(2) CONSTRUCTION.—Nothing in this Act shall be construed—

(A) to amend or modify any law of the United States, or

(B) to limit any authority conferred under any law of the United States,

unless specifically provided for in this Act.

(b) RELATIONSHIP OF AGREEMENT TO STATE LAW.—

(1) LEGAL CHALLENGE.—No State law, or the application thereof, may be declared invalid as to

any person or circumstance on the ground that the provision or application is inconsistent with the Agreement, except in an action brought by the United States for the purpose of declaring such law or application invalid.

(2) DEFINITION OF STATE LAW.—For purposes of this subsection, the term "State law" includes—

(A) any law of a political subdivision of a State; and

(B) any State law regulating or taxing the business of insurance.

(c) EFFECT OF AGREEMENT WITH RESPECT TO PRIVATE REMEDIES.—No person other than the United States—

(1) shall have any cause of action or defense under the Agreement or by virtue of Congressional approval thereof; or

(2) may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of the United States, any State, or any political subdivision of a State on the ground that such action or inaction is inconsistent with the Agreement.

SEC. 103. CONSULTATION AND LAYOVER PROVISIONS FOR, AND EFFECTIVE DATE OF, PROCLAIMED ACTIONS.

(a) CONSULTATION AND LAYOVER REQUIREMENTS.—If a provision of this Act provides that the implementation of an action by the President by proclamation is subject to the consultation and layover requirements of this section, such action may be proclaimed only if—

(1) the President has obtained advice regarding the proposed action from—

(A) the appropriate advisory committees established under section 135 of the Trade Act of 1974 (19 U.S.C. 2155); and

(B) the United States International Trade Commission;

(2) the President has submitted a report to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate that sets forth—

(A) the action proposed to be proclaimed and the reasons therefor; and

(B) the advice obtained under paragraph (1);

(3) a period of 60 calendar days, beginning on the first day on which the requirements set forth in

paragraphs (1) and (2) have been met has expired; and

(4) the President has consulted with such Committees regarding the proposed action during the period referred to in paragraph (3).

(b) EFFECTIVE DATE OF CERTAIN PROCLAIMED ACTIONS.—Any action proclaimed by the President under the authority of this Act that is not subject to the consultation and layover provisions under subsection (a) may not take effect before the 15th day after the date on which the text of the proclamation is published in the Federal Register.

SEC. 104. IMPLEMENTING ACTIONS IN ANTICIPATION OF ENTRY INTO FORCE AND INITIAL REGULATIONS.

(a) IMPLEMENTING ACTIONS.—

(1) PROCLAMATION AUTHORITY.—After the date of enactment of this Act—

(A) the President may proclaim such actions, and

(B) other appropriate officers of the United States Government may issue such regulations,

as may be necessary to ensure that any provision of this Act, or amendment made by this Act, that takes effect on the date the Agreement enters into force

is appropriately implemented on such date, but no such proclamation or regulation may have an effective date earlier than the date of entry into force.

(2) WAIVER OF 15-DAY RESTRICTION.—The 15-day restriction contained in section 103(b) on the taking effect of proclaimed actions is waived to the extent that the application of such restriction would prevent the taking effect on the date the Agreement enters into force of any action proclaimed under this section.

(b) INITIAL REGULATIONS.—Initial regulations necessary or appropriate to carry out the actions required by or authorized under this Act or proposed in the statement of administrative action referred to in section 101(a)(2) to implement the Agreement shall, to the maximum extent feasible, be issued within 1 year after the date of entry into force of the Agreement. In the case of any implementing action that takes effect on a date after the date of entry into force of the Agreement, initial regulations to carry out that action shall, to the maximum extent feasible, be issued within 1 year after such effective date.

SEC. 105. ADMINISTRATION OF DISPUTE SETTLEMENT PROCEEDINGS.

(a) ESTABLISHMENT OR DESIGNATION OF OFFICE.—The President is authorized to establish or designate with-

in the Department of Commerce an office that shall be responsible for providing administrative assistance to panels established under chapter 22 of the Agreement. The office may not be considered to be an agency for purposes of section 552 of title 5, United States Code.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for each fiscal year after fiscal year 2003 to the Department of Commerce such sums as may be necessary for the establishment and operations of the office under subsection (a) and for the payment of the United States share of the expenses of panels established under chapter 22 of the Agreement.

SEC. 106. ARBITRATION OF CLAIMS.

(a) SUBMISSION OF CERTAIN CLAIMS.—The United States is authorized to resolve any claim against the United States covered by article 10.15(1)(a)(i)(C) or 10.15(1)(b)(i)(C) of the Agreement, pursuant to the Investor-State Dispute Settlement procedures set forth in section B of chapter 10 of the Agreement.

(b) CONTRACT CLAUSES.—All contracts executed by any agency of the United States on or after the date of entry into force of the Agreement shall contain a clause specifying the law that will apply to resolve any breach of contract claim.

SEC. 107. EFFECTIVE DATES; EFFECT OF TERMINATION.

(a) EFFECTIVE DATES.—Except as provided in subsection (b), the provisions of this Act and the amendments made by this Act take effect on the date the Agreement enters into force.

(b) EXCEPTIONS.—Sections 1 through 3 and this title take effect on the date of the enactment of this Act.

(c) TERMINATION OF THE AGREEMENT.—On the date on which the Agreement ceases to be in force, the provisions of this Act (other than this subsection) and the amendments made by this Act shall cease to be effective.

TITLE II—CUSTOMS PROVISIONS

SEC. 201. TARIFF MODIFICATIONS.

(a) TARIFF MODIFICATIONS PROVIDED FOR IN THE AGREEMENT.—

(1) PROCLAMATION AUTHORITY.—The President may proclaim—

(A) such modifications or continuation of any duty,

(B) such continuation of duty-free or excise treatment, or

(C) such additional duties,

as the President determines to be necessary or appropriate to carry out or apply articles 3.3, 3.7, 3.9, article 3.20 (8), (9), (10), and (11), and Annex 3.3 of the Agreement.

(2) EFFECT ON CHILEAN GSP STATUS.—Notwithstanding section 502(a)(1) of the Trade Act of 1974 (19 U.S.C. 2462(a)(1)), the President shall terminate the designation of Chile as a beneficiary developing country for purposes of title V of the Trade Act of 1974 on the date of entry into force of the Agreement.

(b) OTHER TARIFF MODIFICATIONS.—Subject to the consultation and layover provisions of section 103(a), the President may proclaim—

(1) such modifications or continuation of any duty,

(2) such modifications as the United States may agree to with Chile regarding the staging of any duty treatment set forth in Annex 3.3 of the Agreement,

(3) such continuation of duty-free or excise treatment, or

(4) such additional duties,

as the President determines to be necessary or appropriate to maintain the general level of reciprocal and mutually advantageous concessions with respect to Chile provided for by the Agreement.

(c) ADDITIONAL TARIFFS ON AGRICULTURAL SAFEGUARD GOODS.—

(1) IN GENERAL.—In addition to any duty proclaimed under subsection (a) or (b), and subject to paragraphs (3) through (5), the Secretary of the Treasury shall assess a duty, in the amount prescribed under paragraph (2), on an agricultural safeguard good if the Secretary of the Treasury determines that the unit import price of the good when it enters the United States, determined on an F.O.B. basis, is less than the trigger price indicated for that good in Annex 3.18 of the Agreement or any amendment thereto.

(2) CALCULATION OF ADDITIONAL DUTY.—The amount of the additional duty assessed under this subsection shall be determined as follows:

(A) If the difference between the unit import price and the trigger price is less than, or equal to, 10 percent of the trigger price, no additional duty shall be imposed.

(B) If the difference between the unit import price and the trigger price is greater than 10 percent, but less than or equal to 40 percent, of the trigger price, the additional duty shall be equal to 30 percent of the difference between the preferential tariff rate and the column 1 general rate of duty imposed under the

HTS on like articles at the time the additional duty is imposed.

(C) If the difference between the unit import price and the trigger price is greater than 40 percent, but less than or equal to 60 percent, of the trigger price, the additional duty shall be equal to 50 percent of the difference between the preferential tariff rate and the column 1 general rate of duty imposed under the HTS on like articles at the time the additional duty is imposed.

(D) If the difference between the unit import price and the trigger price is greater than 60 percent, but less than or equal to 75 percent, of the trigger price, the additional duty shall be equal to 70 percent of the difference between the preferential tariff rate and the column 1 general rate of duty imposed under the HTS on like articles at the time the additional duty is imposed.

(E) If the difference between the unit import price and the trigger price is greater than 75 percent of the trigger price, the additional duty shall be equal to 100 percent of the difference between the preferential tariff rate and

the column 1 general rate of duty imposed under the HTS on like articles at the time the additional duty is imposed.

(3) EXCEPTIONS.—No additional duty under this subsection shall be assessed on an agricultural safeguard good if, at the time of entry, the good is subject to import relief under—

(A) subtitle A of title III of this Act; or

(B) chapter 1 of title II of the Trade Act of 1974 (19 U.S.C. 2251 et seq.).

(4) TERMINATION.—This subsection shall cease to apply on the date that is 12 years after the date on which the Agreement enters into force.

(5) TARIFF-RATE QUOTAS.—If an agricultural safeguard good is subject to a tariff-rate quota, and the in-quota duty rate for the good proclaimed pursuant to subsection (a) or (b) is zero, any additional duty assessed under this subsection shall be applied only to over-quota imports of the good.

(6) NOTICE.—Not later than 60 days after the Secretary of the Treasury first assesses additional duties on an agricultural safeguard good under this subsection, the Secretary shall notify the Government of Chile in writing of such action and shall

provide to the Government of Chile data supporting the assessment of additional duties.

(7) MODIFICATION OF TRIGGER PRICES.—Not later than 60 calendar days before agreeing with the Government of Chile pursuant to article 3.18(2)(b) of the Agreement on a modification to a trigger price for a good listed in Annex 3.18 of the Agreement, the President shall notify the Committees on Ways and Means and Agriculture of the House of Representatives and the Committees on Finance and Agriculture of the Senate of the proposed modification and the reasons therefor.

(8) DEFINITIONS.—In this subsection:

(A) AGRICULTURAL SAFEGUARD GOOD.—The term "agricultural safeguard good" means a good—

(i) that qualifies as an originating good under section 202;

(ii) that is included in the United States Agricultural Safeguard Product List set forth in Annex 3.18 of the Agreement; and

(iii) for which a claim for preferential tariff treatment under the Agreement has been made.

(B) F.O.B.—The term "F.O.B." means free on board, regardless of the mode of transportation, at the point of direct shipment by the seller to the buyer.

(C) UNIT IMPORT PRICE.—The term "unit import price" means the price expressed in dollars per kilogram.

(d) CONVERSION TO AD VALOREM RATES.—For purposes of subsections (a) and (b), with respect to any good for which the base rate in the Schedule of the United States to Annex 3.3 of the Agreement is a specific or compound rate of duty, the President may substitute for the base rate an ad valorem rate that the President determines to be equivalent to the base rate.

SEC. 202. RULES OF ORIGIN.

(a) ORIGINATING GOODS.—

(1) IN GENERAL.—For purposes of this Act and for purposes of implementing the tariff treatment provided for under the Agreement, except as otherwise provided in this section, a good is an originating good if—

(A) the good is wholly obtained or produced entirely in the territory of Chile, the United States, or both;

(B) the good—

(i) is produced entirely in the territory of Chile, the United States, or both, and

(I) each of the nonoriginating materials used in the production of the good undergoes an applicable change in tariff classification specified in Annex 4.1 of the Agreement, or

(II) the good otherwise satisfies any applicable regional value-content or other requirements specified in Annex 4.1 of the Agreement; and

(ii) satisfies all other applicable requirements of this section; or

(C) the good is produced entirely in the territory of Chile, the United States, or both, exclusively from materials described in subparagraph (A) or (B).

(2) SIMPLE COMBINATION OR MERE DILUTION.—A good shall not be considered to be an originating good and a material shall not be considered to be an originating material by virtue of having undergone—

(A) simple combining or packaging operations; or

(B) mere dilution with water or another substance that does not materially alter the characteristics of the good or material.

(b) DE MINIMIS AMOUNTS OF NONORIGINATING MATERIALS.—

(1) IN GENERAL.—Except as provided in paragraphs (2) and (3), a good that does not undergo a change in tariff classification pursuant to Annex 4.1 of the Agreement is an originating good if—

(A) the value of all nonoriginating materials that are used in the production of the good and do not undergo the applicable change in tariff classification does not exceed 10 percent of the adjusted value of the good;

(B) the value of such nonoriginating materials is included in the value of nonoriginating materials for any applicable regional value-content requirement; and

(C) the good meets all other applicable requirements of this section.

(2) EXCEPTIONS.—Paragraph (1) does not apply to the following:

(A) A nonoriginating material provided for in chapter 4 of the HTS, or a nonoriginating dairy preparation containing over 10 percent by

weight of milk solids provided for in subheading 1901.90 or 2106.90 of the HTS, that is used in the production of a good provided for in chapter 4 of the HTS.

(B) A nonoriginating material provided for in chapter 4 of the HTS, or nonoriginating dairy preparations containing over 10 percent by weight of milk solids provided for in subheading 1901.90 of the HTS, that are used in the production of the following goods:

(i) Infant preparations containing over 10 percent in weight of milk solids provided for in subheading 1901.10 of the HTS.

(ii) Mixes and doughs, containing over 25 percent by weight of butterfat, not put up for retail sale, provided for in subheading 1901.20 of the HTS.

(iii) Dairy preparations containing over 10 percent by weight of milk solids provided for in subheading 1901.90 or 2106.90 of the HTS.

(iv) Goods provided for in heading 2105 of the HTS.

(v) Beverages containing milk provided for in subheading 2202.90 of the HTS.

(vi) Animal feeds containing over 10 percent by weight of milk solids provided for in subheading 2309.90 of the HTS.

(C) A nonoriginating material provided for in heading 0805 of the HTS, or any of subheadings 2009.11.00 through 2009.39 of the HTS, that is used in the production of a good provided for in any of subheadings 2009.11.00 through 2009.39 of the HTS, or in fruit or vegetable juice of any single fruit or vegetable, fortified with minerals or vitamins, concentrated or unconcentrated, provided for in subheading 2106.90 or 2202.90 of the HTS.

(D) A nonoriginating material provided for in chapter 15 of the HTS that is used in the production of a good provided for in any of headings 1501.00.00 through 1508, 1512, 1514, and 1515 of the HTS.

(E) A nonoriginating material provided for in heading 1701 of the HTS that is used in the production of a good provided for in any of headings 1701 through 1703 of the HTS.

(F) A nonoriginating material provided for in chapter 17 of the HTS or in heading 1805.00.00 of the HTS that is used in the production of a good provided for in subheading 1806.10 of the HTS.

(G) A nonoriginating material provided for in any of headings 2203 through 2208 of the HTS that is used in the production of a good provided for in heading 2207 or 2208 of the HTS.

(H) A nonoriginating material used in the production of a good provided for in any of chapters 1 through 21 of the HTS, unless the nonoriginating material is provided for in a different subheading than the good for which origin is being determined under this section.

(3) GOODS PROVIDED FOR IN CHAPTERS 50 THROUGH 63 OF THE HTS.—

(A) IN GENERAL.—Except as provided in subparagraph (B), a good provided for in any of chapters 50 through 63 of the HTS that is not an originating good because certain fibers or yarns used in the production of the component of the good that determines the tariff classification of the good do not undergo an appli-

cable change in tariff classification set out in Annex 4.1 of the Agreement, shall be considered to be an originating good if the total weight of all such fibers or yarns in that component is not more than 7 percent of the total weight of that component.

(B) CERTAIN TEXTILE OR APPAREL GOODS.—A textile or apparel good containing elastomeric yarns in the component of the good that determines the tariff classification of the good shall be considered to be an originating good only if such yarns are wholly formed in the territory of Chile or the United States.

(c) ACCUMULATION.—

(1) ORIGINATING GOODS INCORPORATED IN GOODS OF OTHER COUNTRY.—Originating goods or materials of Chile or the United States that are incorporated into a good in the territory of the other country shall be considered to originate in the territory of the other country.

(2) MULTIPLE PROCEDURES.—A good that is produced in the territory of Chile, the United States, or both, by 1 or more producers, is an originating good if the good satisfies the requirements of sub-

section (a) and all other applicable requirements of this section.

(d) REGIONAL VALUE-CONTENT.—

(1) IN GENERAL.—For purposes of subsection (a)(2), the regional value-content of a good referred to in Annex 4.1 of the Agreement shall be calculated, at the choice of the person claiming preferential tariff treatment for the good, on the basis of the build-down method described in paragraph (2) or the build-up method described in paragraph (3), unless otherwise provided in Annex 4.1 of the Agreement.

(2) BUILD-DOWN METHOD.—

(A) IN GENERAL.—The regional value-content of a good may be calculated on the basis of the following build-down method:

$$RVC = \frac{AV - VNM}{AV} \times 100$$

(B) DEFINITIONS.—For purposes of subparagraph (A):

(i) The term "RVC" means the regional value-content, expressed as a percentage.

(ii) The term "AV" means the adjusted value.

(iii) The term "VNM" means the value of nonoriginating materials used by the producer in the production of the good.

(3) BUILD-UP METHOD.—

(A) IN GENERAL.—The regional value-content of a good may be calculated on the basis of the following build-up method:

$$RVC = \frac{VOM}{AV} \times 100$$

(B) DEFINITIONS.—For purposes of subparagraph (A):

(i) The term "RVC" means the regional value-content, expressed as a percentage.

(ii) The term "AV" means the adjusted value.

(iii) The term "VOM" means the value of originating materials used by the producer in the production of the good.

(e) VALUE OF MATERIALS.—

(1) IN GENERAL.—For purposes of calculating the regional value-content of a good under subsection (d), and for purposes of applying the de minimis rules under subsection (b), the value of a material is—

(A) in the case of a material that is imported by the producer of the good, the adjusted value of the material with respect to that importation;

(B) in the case of a material acquired in the territory in which the good is produced, except for a material to which subparagraph (C) applies, the producer's price actually paid or payable for the material;

(C) in the case of a material provided to the producer without charge, or at a price reflecting a discount or similar reduction, the sum of—

(i) all expenses incurred in the growth, production, or manufacture of the material, including general expenses; and

(ii) an amount for profit; or

(D) in the case of a material that is self-produced, the sum of—

(i) all expenses incurred in the production of the material, including general expenses; and

(ii) an amount for profit.

(2) FURTHER ADJUSTMENTS TO THE VALUE OF MATERIALS.—

(A) ORIGINATING MATERIALS.—The following expenses, if not included in the value of an originating material calculated under paragraph (1), may be added to the value of the originating material:

(i) The costs of freight, insurance, packing, and all other costs incurred in transporting the material to the location of the producer.

(ii) Duties, taxes, and customs brokerage fees on the material paid in the territory of Chile, the United States, or both, other than duties and taxes that are waived, refunded, refundable, or otherwise recoverable, including credit against duty or tax paid or payable.

(iii) The cost of waste and spoilage resulting from the use of the material in the production of the good, less the value of renewable scrap or byproduct.

(B) NONORIGINATING MATERIALS.—The following expenses, if included in the value of a nonoriginating material calculated under paragraph (1), may be deducted from the value of the nonoriginating material:

(i) The costs of freight, insurance, packing, and all other costs incurred in transporting the material to the location of the producer.

(ii) Duties, taxes, and customs brokerage fees on the material paid in the territory of Chile, the United States, or both, other than duties and taxes that are waived, refunded, refundable, or otherwise recoverable, including credit against duty or tax paid or payable.

(iii) The cost of waste and spoilage resulting from the use of the material in the production of the good, less the value of renewable scrap or byproducts.

(iv) The cost of originating materials used in the production of the nonoriginating material in the territory of Chile or the United States.

(f) ACCESSORIES, SPARE PARTS, OR TOOLS.—Accessories, spare parts, or tools delivered with a good that form part of the good's standard accessories, spare parts, or tools shall be regarded as a material used in the production of the good, if—

(1) the accessories, spare parts, or tools are classified with and not invoiced separately from the good; and

(2) the quantities and value of the accessories, spare parts, or tools are customary for the good.

(g) FUNGIBLE GOODS AND MATERIALS.—

(1) IN GENERAL.—

(A) CLAIM FOR PREFERENTIAL TREATMENT.—A person claiming preferential tariff treatment for a good may claim that a fungible good or material is originating either based on the physical segregation of each fungible good or material or by using an inventory management method.

(B) INVENTORY MANAGEMENT METHOD.—In this subsection, the term "inventory management method" means—

(i) averaging;

(ii) "last-in, first-out";

(iii)"first-in, first-out"; or

(iv) any other method—

(I) recognized in the generally accepted accounting principles of the country in which the production is

performed (whether Chile or the United States); or

(II) otherwise accepted by that country.

(2) ELECTION OF INVENTORY METHOD.—A person selecting an inventory management method under paragraph (1) for particular fungible goods or materials shall continue to use that method for those goods or materials throughout the fiscal year of that person.

(h) PACKAGING MATERIALS AND CONTAINERS FOR RETAIL SALE.—Packaging materials and containers in which a good is packaged for retail sale, if classified with the good, shall be disregarded in determining whether all nonoriginating materials used in the production of the good undergo the applicable change in tariff classification set out in Annex 4.1 of the Agreement, and, if the good is subject to a regional value-content requirement, the value of such packaging materials and containers shall be taken into account as originating or nonoriginating materials, as the case may be, in calculating the regional value-content of the good.

(i) PACKING MATERIALS AND CONTAINERS FOR SHIPMENT.—Packing materials and containers for shipment shall be disregarded in determining whether—

(1) the nonoriginating materials used in the production of the good undergo an applicable change in tariff classification set out in Annex 4.1 of the Agreement; and

(2) the good satisfies a regional value-content requirement.

(j) INDIRECT MATERIALS.—An indirect material shall be considered to be an originating material without regard to where it is produced.

(k) TRANSIT AND TRANSSHIPMENT.—A good that has undergone production necessary to qualify as an originating good under subsection (a) shall not be considered to be an originating good if, subsequent to that production, the good undergoes further production or any other operation outside the territory of Chile or the United States, other than unloading, reloading, or any other process necessary to preserve the good in good condition or to transport the good to the territory of Chile or the United States.

(l) TEXTILE AND APPAREL GOODS CLASSIFIABLE AS GOODS PUT UP IN SETS.—Notwithstanding the rules set forth in Annex 4.1 of the Agreement, textile and apparel goods classifiable as goods put up in sets for retail sale as provided for in General Rule of Interpretation 3 of the Harmonized System shall not be considered to be origi-

nating goods unless each of the goods in the set is an originating good or the total value of the nonoriginating goods in the set does not exceed 10 percent of the value of the set determined for purposes of assessing customs duties.

(m) APPLICATION AND INTERPRETATION.—In this section:

(1) The basis for any tariff classification is the HTS.

(2) Any cost or value referred to in this section shall be recorded and maintained in accordance with the generally accepted accounting principles applicable in the territory of the country in which the good is produced (whether Chile or the United States).

(n) DEFINITIONS.—In this section:

(1) ADJUSTED VALUE.—The term "adjusted value" means the value determined in accordance with articles 1 through 8, article 15, and the corresponding interpretive notes of the Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade 1994 referred to in section 101(d)(8) of the Uruguay Round Agreements Act, except that such value may be adjusted to exclude any costs, charges, or expenses incurred for transportation, insurance, and related services incident to the international shipment of the merchan-

dise from the country of exportation to the place of importation.

(2) FUNGIBLE GOODS OR FUNGIBLE MATERIALS.—The terms "fungible goods" and "fungible materials" mean goods or materials, as the case may be, that are interchangeable for commercial purposes and the properties of which are essentially identical.

(3) GENERALLY ACCEPTED ACCOUNTING PRINCIPLES.—The term "generally accepted accounting principles" means the principles, rules, and procedures, including both broad and specific guidelines, that define the accounting practices accepted in the territory of Chile or the United States, as the case may be.

(4) GOODS WHOLLY OBTAINED OR PRODUCED ENTIRELY IN THE TERRITORY OF CHILE, THE UNITED STATES, OR BOTH.—The term "goods wholly obtained or produced entirely in the territory of Chile, the United States, or both" means—

(A) mineral goods extracted in the territory of Chile, the United States, or both;

(B) vegetable goods, as such goods are defined in the Harmonized System, harvested in the territory of Chile, the United States, or both;

(C) live animals born and raised in the territory of Chile, the United States, or both;

(D) goods obtained from hunting, trapping, or fishing in the territory of Chile, the United States, or both;

(E) goods (fish, shellfish, and other marine life) taken from the sea by vessels registered or recorded with Chile or the United States and flying the flag of that country;

(F) goods produced on board factory ships from the goods referred to in subparagraph (E), if such factory ships are registered or recorded with Chile or the United States and fly the flag of that country;

(G) goods taken by Chile or the United States or a person of Chile or the United States from the seabed or beneath the seabed outside territorial waters, if Chile or the United States has rights to exploit such seabed;

(H) goods taken from outer space, if the goods are obtained by Chile or the United States or a person of Chile or the United States and not processed in the territory of a country other than Chile or the United States;

(I) waste and scrap derived from—

(i) production in the territory of Chile, the United States, or both; or

(ii) used goods collected in the territory of Chile, the United States, or both, if such goods are fit only for the recovery of raw materials;

(J) recovered goods derived in the territory of Chile or the United States from used goods, and used in the territory of that country in the production of remanufactured goods; and

(K) goods produced in the territory of Chile, the United States, or both, exclusively—

(i) from goods referred to in any of subparagraphs (A) through (I), or

(ii) from the derivatives of goods referred to in clause (i),

at any stage of production.

(5) HARMONIZED SYSTEM.—The term "Harmonized System" means the Harmonized Commodity Description and Coding System.

(6) INDIRECT MATERIAL.—The term "indirect material" means a good used in the production, testing, or inspection of a good but not physically incorporated into the good, or a good used in the mainte-

nance of buildings or the operation of equipment associated with the production of a good, including—

(A) fuel and energy;

(B) tools, dies, and molds;

(C) spare parts and materials used in the maintenance of equipment or buildings;

(D) lubricants, greases, compounding materials, and other materials used in production or used to operate equipment or buildings;

(E) gloves, glasses, footwear, clothing, safety equipment, and supplies;

(F) equipment, devices, and supplies used for testing or inspecting the good;

(G) catalysts and solvents; and

(H) any other goods that are not incorporated into the good but the use of which in the production of the good can reasonably be demonstrated to be a part of that production.

(7) MATERIAL.—The term "material" means a good that is used in the production of another good, including a part, ingredient, or indirect material.

(8) MATERIAL THAT IS SELF-PRODUCED .—The term "material that is self-produced" means a material that is an originating good produced by a pro-

ducer of a good and used in the production of that good.

(9) NONORIGINATING GOOD OR NONORIGINATING MATERIAL.—The terms "nonoriginating good" and "nonoriginating material" mean a good or material, as the case may be, that does not qualify as an originating good under this section.

(10) PACKING MATERIALS AND CONTAINERS FOR SHIPMENT.—The term "packing materials and containers for shipment" means the goods used to protect a good during its transportation, and does not include the packaging materials and containers in which a good is packaged for retail sale.

(11) PREFERENTIAL TARIFF TREATMENT.—The term "preferential tariff treatment" means the customs duty rate that is applicable to an originating good pursuant to chapter 3 of the Agreement.

(12) PRODUCER.—The term "producer" means a person who engages in the production of a good in the territory of Chile or the United States.

(13) PRODUCTION.—The term "production" means growing, mining, harvesting, fishing, raising, trapping, hunting, manufacturing, processing, assembling, or disassembling a good.

(14) RECOVERED GOODS.—

(A) IN GENERAL.—The term "recovered goods" means materials in the form of individual parts that are the result of—

(i) the complete disassembly of used goods into individual parts; and

(ii) the cleaning, inspecting, testing, or other processing of those parts as necessary for improvement to sound working condition by one or more of the processes described in subparagraph (B), in order for such parts to be assembled with other parts, including other parts that have undergone the processes described in this paragraph, in the production of a remanufactured good.

(B) PROCESSES.—The processes referred to in subparagraph (A)(ii) are welding, flame spraying, surface machining, knurling, plating, sleeving, and rewinding.

(15) REMANUFACTURED GOOD.—The term "remanufactured good" means an industrial good assembled in the territory of Chile or the United States, that is listed in Annex 4.18 of the Agreement, and—

(A) is entirely or partially comprised of recovered goods;

(B) has the same life expectancy and meets the same performance standards as a new good; and

(C) enjoys the same factory warranty as such a new good.

(o) PRESIDENTIAL PROCLAMATION AUTHORITY.—

(1) IN GENERAL.—The President is authorized to proclaim, as part of the HTS—

(A) the provisions set out in Annex 4.1 of the Agreement; and

(B) any additional subordinate category necessary to carry out this title consistent with the Agreement.

(2) MODIFICATIONS.—

(A) IN GENERAL.—Subject to the consultation and layover provisions of section 103(a), the President may proclaim modifications to the provisions proclaimed under the authority of paragraph (1)(A), other than provisions of chapters 50 through 63 of the HTS, as included in Annex 4.1 of the Agreement.

(B) ADDITIONAL PROCLAMATIONS.—Notwithstanding subparagraph (A), and subject to

the consultation and layover provisions of section 103(a), the President may proclaim—

(i) modifications to the provisions proclaimed under the authority of paragraph (1)(A) that are necessary to implement an agreement with Chile pursuant to article 3.20(5) of the Agreement; and

(ii) before the 1st anniversary of the date of the enactment of this Act, modifications to correct any typographical, clerical, or other nonsubstantive technical error regarding the provisions of chapters 50 through 63 of the HTS, as included in Annex 4.1 of the Agreement.

SEC. 203. DRAWBACK.

(a) DEFINITION OF A GOOD SUBJECT TO CHILE FTA DRAWBACK.—For purposes of this Act and the amendments made by subsection (b), the term "good subject to Chile FTA drawback" means any imported good other than the following:

(1) A good entered under bond for transportation and exportation to Chile.

(2)(A) A good exported to Chile in the same condition as when imported into the United States.

(B) For purposes of subparagraph (A)—

(i) processes such as testing, cleaning, repacking, inspecting, sorting, or marking a good, or preserving it in its same condition, shall not be considered to change the condition of the good; and

(ii) if a good described in subparagraph (A) is commingled with fungible goods and exported in the same condition, the origin of the good for the purposes of subsection (j)(1) of section 313 of the Tariff Act of 1930 (19 U.S.C. 1313(j)(1)) may be determined on the basis of the inventory methods provided for in the regulations implementing this title.

(3) A good—

(A) that is—

(i) deemed to be exported from the United States;

(ii) used as a material in the production of another good that is deemed to be exported to Chile; or

(iii) substituted for by a good of the same kind and quality that is used as a material in the production of another good that is deemed to be exported to Chile; and

(B) that is delivered—

(i) to a duty-free shop;

(ii) for ship's stores or supplies for a ship or aircraft; or

(iii) for use in a project undertaken jointly by the United States and Chile and destined to become the property of the United States.

(4) A good exported to Chile for which a refund of customs duties is granted by reason of—

(A) the failure of the good to conform to sample or specification; or

(B) the shipment of the good without the consent of the consignee.

(5) A good that qualifies under the rules of origin set out in section 202 that is—

(A) exported to Chile;

(B) used as a material in the production of another good that is exported to Chile; or

(C) substituted for by a good of the same kind and quality that is used as a material in the production of another good that is exported to Chile.

(b) CONSEQUENTIAL AMENDMENTS.—

(1) BONDED MANUFACTURING WAREHOUSES.—Section 311 of the Tariff Act of 1930 (19 U.S.C.

1311) is amended by adding at the end the following new paragraph:

"No article manufactured in a bonded warehouse from materials that are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, may be withdrawn from warehouse for exportation to Chile without assessment of a duty on the materials in their condition and quantity, and at their weight, at the time of importation into the United States. The duty shall be paid before the 61st day after the date of exportation, except that the duty may be waived or reduced by—

"(1) 100 percent during the 8-year period beginning on January 1, 2004;

"(2) 75 percent during the 1-year period beginning on January 1, 2012;

"(3) 50 percent during the 1-year period beginning on January 1, 2013; and

"(4) 25 percent during the 1-year period beginning on January 1, 2014.".

(2) BONDED SMELTING AND REFINING WAREHOUSES.—Section 312 of the Tariff Act of 1930 (19 U.S.C. 1312) is amended—

(A) in paragraph (1) of subsection (b), by striking "except that" and all that follows

through subparagraph (B) and inserting the following: "except that—

"(A) in the case of a withdrawal for exportation of such a product to a NAFTA country, as defined in section 2(4) of the North American Free Trade Agreement Implementation Act, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 203(a) of that Act, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the product, the duties on the materials may be waived or reduced (subject to section 508(b)(2)(B)) in an amount that does not exceed the lesser of—

"(i) the total amount of customs duties owed on the materials on importation into the United States, or

"(ii) the total amount of customs duties paid to the NAFTA country on the product, and

"(B) in the case of a withdrawal for exportation of such a product to Chile, if any of the imported metal-bearing materials are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation, except that the duties may be waived or reduced by—

"(i) 100 percent during the 8-year period beginning on January 1, 2004,

"(ii) 75 percent during the 1-year period beginning on January 1, 2012,

"(iii) 50 percent during the 1-year period beginning on January 1, 2013, and

"(iv) 25 percent during the 1-year period beginning on January 1, 2014, or";

(B) in paragraph (4) of subsection (b), by striking "except that" and all that follows through subparagraph (B) and inserting the following: "except that—

"(A) in the case of a withdrawal for exportation of such a product to a NAFTA country, as defined in section 2(4) of the North Amer-

ican Free Trade Agreement Implementation Act, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 203(a) of that Act, the duties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the product, the duties on the materials may be waived or reduced (subject to section 508(b)(2)(B)) in an amount that does not exceed the lesser of—

"(i) the total amount of customs duties owed on the materials on importation into the United States, or

"(ii) the total amount of customs duties paid to the NAFTA country on the product, and

"(B) in the case of a withdrawal for exportation of such a product to Chile, if any of the imported metal-bearing materials are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, the du-

ties on the materials shall be paid, and the charges against the bond canceled, before the 61st day after the date of exportation, except that the duties may be waived or reduced by—

"(i) 100 percent during the 8-year period beginning on January 1, 2004,

"(ii) 75 percent during the 1-year period beginning on January 1, 2012,

"(iii) 50 percent during the 1-year period beginning on January 1, 2013, and

"(iv) 25 percent during the 1-year period beginning on January 1, 2014, or"; and

(C) in subsection (d), in the matter preceding paragraph (1), by striking "except that" and all that follows through the end of paragraph (2) and inserting the following: "except that—

"(1) in the case of a withdrawal for exportation to a NAFTA country, as defined in section 2(4) of the North American Free Trade Agreement Implementation Act, if any of the imported metal-bearing materials are goods subject to NAFTA drawback, as defined in section 203(a) of that Act, charges against the bond shall be paid before the 61st day

after the date of exportation; but upon the presentation, before such 61st day, of satisfactory evidence of the amount of any customs duties paid to the NAFTA country on the product, the bond shall be credited (subject to section 508(b)(2)(B)) in an amount not to exceed the lesser of—

"(A) the total amount of customs duties paid or owed on the materials on importation into the United States, or

"(B) the total amount of customs duties paid to the NAFTA country on the product; and

"(2) in the case of a withdrawal for exportation to Chile, if any of the imported metal-bearing materials are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, charges against the bond shall be paid before the 61st day after the date of exportation, and the bond shall be credited in an amount equal to—

"(A) 100 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 8-year period beginning on January 1, 2004,

"(B) 75 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 1-year period beginning on January 1, 2012,

"(C) 50 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 1-year period beginning on January 1, 2013, and

"(D) 25 percent of the total amount of customs duties paid or owed on the materials on importation into the United States during the 1-year period beginning on January 1, 2014.".

(3) DRAWBACK.—Section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) is amended—

(A) in paragraph (4) of subsection (j)—

(i) by striking "(4)" and inserting "(4)(A)"; and

(ii) by adding at the end the following new subparagraph:

"(B) Beginning on January 1, 2015, the exportation to Chile of merchandise that is fungible with and substituted for imported merchandise, other

than merchandise described in paragraphs (1) through (5) of section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, shall not constitute an exportation for purposes of paragraph (2). The preceding sentence shall not be construed to permit the substitution of unused drawback under paragraph (2) of this subsection with respect to merchandise described in paragraph (2) of section 203(a) of the United States-Chile Free Trade Agreement Implementation Act.";

(B) in subsection (n)—

(i) by striking "(n)" and inserting the following:

"(n) REFUNDS, WAIVERS, OR REDUCTIONS UNDER CERTAIN FREE TRADE AGREEMENTS.—";

(ii) in paragraph (1)—

(I) by striking "; and" at the end of subparagraph (B);

(II) by striking the period at the end of subparagraph (C) and inserting "; and"; and

(III) by adding at the end the following new subparagraph:

"(D) the term 'good subject to Chile FTA drawback' has the meaning given that term in sec-

tion 203(a) of the United States-Chile Free Trade Agreement Implementation Act."; and

(iii) by adding the following new paragraph at the end:

"(4)(A) For purposes of subsections (a), (b), (f), (h), (j)(2), (p), and (q), if an article that is exported to Chile is a good subject to Chile FTA drawback, no customs duties on the good may be refunded, waived, or reduced, except as provided in subparagraph (B).

"(B) The customs duties referred to in subparagraph (A) may be refunded, waived, or reduced by—

"(i) 100 percent during the 8-year period beginning on January 1, 2004;

"(ii) 75 percent during the 1-year period beginning on January 1, 2012;

"(iii) 50 percent during the 1-year period beginning on January 1, 2013; and

"(iv) 25 percent during the 1-year period beginning on January 1, 2014."; and

(C) in subsection (o)—

(i) by striking "(o)" and inserting the following:

"(o) SPECIAL RULES FOR CERTAIN VESSELS AND IMPORTED MATERIALS.—"; and

(ii) by adding at the end the following new paragraphs:

"(3) For purposes of subsection (g), if—

"(A) a vessel is built for the account and ownership of a resident of Chile or the Government of Chile, and

"(B) imported materials that are used in the construction and equipment of the vessel are goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act,

no customs duties on such materials may be refunded, waived, or reduced, except as provided in paragraph (4).

"(4) The customs duties referred to in paragraph (3) may be refunded, waived or reduced by—

"(A) 100 percent during the 8-year period beginning on January 1, 2004;

"(B) 75 percent during the 1-year period beginning on January 1, 2012;

"(C) 50 percent during the 1-year period beginning on January 1, 2013; and

"(D) 25 percent during the 1-year period beginning on January 1, 2014.".

(4) MANIPULATION IN WAREHOUSE.—Section 562 of the Tariff Act of 1930 (19 U.S.C. 1562) is amended—

(A) in paragraph (3), by striking "to a NAFTA country" and inserting "to Chile, to a NAFTA country,";

(B) by striking "; and" at the end of paragraph (4)(B);

(C) by striking the period at the end of paragraph (5) and inserting "; and"; and

(D) by inserting after paragraph (5) the following:

"(6)(A) without payment of duties for exportation to Chile, if the merchandise is of a kind described in any of paragraphs (1) through (5) of section 203(a) of the United States-Chile Free Trade Agreement Implementation Act; and

"(B) for exportation to Chile if the merchandise consists of goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation Act, except that—

"(i) the merchandise may not be withdrawn from warehouse without assessment of a duty on the merchandise in its condition and

quantity, and at its weight, at the time of withdrawal from the warehouse with such additions to, or deductions from, the final appraised value as may be necessary by reason of a change in condition, and

"(ii) duty shall be paid on the merchandise before the 61st day after the date of exportation, except that such duties may be waived or reduced by—

"(I) 100 percent during the 8-year period beginning on January 1, 2004,

"(II) 75 percent during the 1-year period beginning on January 1, 2012,

"(III) 50 percent during the 1-year period beginning on January 1, 2013, and

"(IV) 25 percent during the 1-year period beginning on January 1, 2014.".

(5) FOREIGN TRADE ZONES.—Section 3(a) of the Act of June 18, 1934 (commonly known as the "Foreign Trade Zones Act"; 19 U.S.C. 81c(a)) is amended by striking the end period and inserting the following: ": *Provided, further,* That no merchandise that consists of goods subject to Chile FTA drawback, as defined in section 203(a) of the United States-Chile Free Trade Agreement Implementation

Act, that is manufactured or otherwise changed in condition shall be exported to Chile without an assessment of a duty on the merchandise in its condition and quantity, and at its weight, at the time of its exportation (or if the privilege in the first proviso to this subsection was requested, an assessment of a duty on the merchandise in its condition and quantity, and at its weight, at the time of its admission into the zone) and the payment of the assessed duty before the 61st day after the date of exportation of the article, except that the customs duty may be waived or reduced by (1) 100 percent during the 8-year period beginning on January 1, 2004; (2) 75 percent during the 1-year period beginning on January 1, 2012; (3) 50 percent during the 1-year period beginning on January 1, 2013; and (4) 25 percent during the 1-year period beginning on January 1, 2014.".

(c) INAPPLICABILITY TO COUNTERVAILING AND ANTIDUMPING DUTIES.—Nothing in this section or the amendments made by this section shall be considered to authorize the refund, waiver, or reduction of countervailing duties or antidumping duties imposed on an imported good.

SEC. 204. CUSTOMS USER FEES.

Section 13031(b) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(b)) is amended by inserting after paragraph (11) the following:

"(12) No fee may be charged under subsection (a) (9) or (10) with respect to goods that qualify as originating goods under section 202 of the United States-Chile Free Trade Agreement Implementation Act. Any service for which an exemption from such fee is provided by reason of this paragraph may not be funded with money contained in the Customs User Fee Account.".

SEC. 205. DISCLOSURE OF INCORRECT INFORMATION; DENIAL OF PREFERENTIAL TARIFF TREATMENT; FALSE CERTIFICATES OF ORIGIN.

(a) DISCLOSURE OF INCORRECT INFORMATION.—Section 592 of the Tariff Act of 1930 (19 U.S.C. 1592) is amended—

(1) in subsection (c)—

(A) by redesignating paragraph (6) as paragraph (7); and

(B) by inserting after paragraph (5) the following new paragraph:

"(6) PRIOR DISCLOSURE REGARDING CLAIMS UNDER THE UNITED STATES-CHILE FREE TRADE AGREEMENT.—An importer shall not be subject to penalties under subsection (a) for making an incor-

rect claim that a good qualifies as an originating good under section 202 of the United States-Chile Free Trade Agreement Implementation Act if the importer, in accordance with regulations issued by the Secretary of the Treasury, voluntarily makes a corrected declaration and pays any duties owing."; and

(2) by adding at the end the following new subsection:

"(g) FALSE CERTIFICATIONS OF ORIGIN UNDER THE UNITED STATES-CHILE FREE TRADE AGREEMENT.—

"(1) IN GENERAL.—Subject to paragraph (2), it is unlawful for any person to certify falsely, by fraud, gross negligence, or negligence, in a Chile FTA Certificate of Origin (as defined in section 508(f)(1)(B) of this Act that a good exported from the United States qualifies as an originating good under the rules of origin set out in section 202 of the United States-Chile Free Trade Agreement Implementation Act. The procedures and penalties of this section that apply to a violation of subsection (a) also apply to a violation of this subsection.

"(2) IMMEDIATE AND VOLUNTARY DISCLOSURE OF INCORRECT INFORMATION.—No penalty shall be imposed under this subsection if, immediately after

an exporter or producer that issued a Chile FTA Certificate of Origin has reason to believe that such certificate contains or is based on incorrect information, the exporter or producer voluntarily provides written notice of such incorrect information to every person to whom the certificate was issued.

"(3) EXCEPTION.—A person may not be considered to have violated paragraph (1) if—

"(A) the information was correct at the time it was provided in a Chile FTA Certificate of Origin but was later rendered incorrect due to a change in circumstances; and

"(B) the person immediately and voluntarily provides written notice of the change in circumstances to all persons to whom the person provided the certificate.".

(b) DENIAL OF PREFERENTIAL TARIFF TREATMENT.—Section 514 of the Tariff Act of 1930 (19 U.S.C. 1514) is amended by adding at the end the following new subsection:

"(g) DENIAL OF PREFERENTIAL TARIFF TREATMENT UNDER UNITED STATES-CHILE FREE TRADE AGREEMENT.—If the Bureau of Customs and Border Protection or the Bureau of Immigration and Customs Enforcement finds indications of a pattern of conduct by an

importer of false or unsupported representations that goods qualify under the rules of origin set out in section 202 of the United States-Chile Free Trade Agreement Implementation Act, the Bureau of Customs and Border Protection, in accordance with regulations issued by the Secretary of the Treasury, may deny preferential tariff treatment under the United States-Chile Free Trade Agreement to entries of identical goods imported by that person until the person establishes to the satisfaction of the Bureau of Customs and Border Protection that representations of that person are in conformity with such section 202.".

SEC. 206. RELIQUIDATION OF ENTRIES.

Subsection (d) of section 520 of the Tariff Act of 1930 (19 U.S.C. 1520(d)) is amended—

(1) by striking "(d)" and inserting the following:

"(d) GOODS QUALIFYING UNDER FREE TRADE AGREEMENT RULES OF ORIGIN.—";

(2) in the matter preceding paragraph (1), by inserting "or section 202 of the United States-Chile Free Trade Agreement Implementation Act" after "Act";

(3) in paragraph (1), by striking "those" and inserting "the applicable"; and

(4) in paragraph (2), by inserting before the semicolon ", or other certificates of origin, as the case may be".

SEC. 207. RECORDKEEPING REQUIREMENTS.

Section 508 of the Tariff Act of 1930 (19 U.S.C. 1508) is amended—

(1) by striking the heading of subsection (b) and inserting the following: "EXPORTATIONS TO NAFTA COUNTRIES.—"; and

(2) by adding at the end the following:

"(f) CERTIFICATES OF ORIGIN FOR GOODS EXPORTED UNDER THE UNITED STATES-CHILE FREE TRADE AGREEMENT.—

"(1) DEFINITIONS.—In this subsection:

"(A) RECORDS AND SUPPORTING DOCUMENTS.—The term 'records and supporting documents' means, with respect to an exported good under paragraph (2), records and documents related to the origin of the good, including—

"(i) the purchase, cost, and value of, and payment for, the good;

"(ii) if applicable, the purchase, cost, and value of, and payment for, all mate-

rials, including recovered goods, used in the production of the good; and

"(iii) if applicable, the production of the good in the form in which it was exported.

"(B) CHILE FTA CERTIFICATE OF ORIGIN.—The term 'Chile FTA Certificate of Origin' means the certification, established under article 4.13 of the United States-Chile Free Trade Agreement, that a good qualifies as an originating good under such Agreement.

"(2) EXPORTS TO CHILE.—Any person who completes and issues a Chile FTA Certificate of Origin for a good exported from the United States shall make, keep, and, pursuant to rules and regulations promulgated by the Secretary of the Treasury, render for examination and inspection all records and supporting documents related to the origin of the good (including the Certificate or copies thereof).

"(3) RETENTION PERIOD.—Records and supporting documents shall be kept by the person who issued a Chile FTA Certificate of Origin for at least 5 years after the date on which the certificate was issued.

"(g) PENALTIES.—Any person who fails to retain records and supporting documents required by subsection (f) or the regulations issued to implement that subsection shall be liable for the greater of—

"(1) a civil penalty not to exceed $10,000; or

"(2) the general record keeping penalty that applies under the customs laws of the United States.".

SEC. 208. ENFORCEMENT OF TEXTILE AND APPAREL RULES OF ORIGIN.

(a) ACTION DURING VERIFICATION.—If the Secretary of the Treasury requests the Government of Chile to conduct a verification pursuant to article 3.21 of the Agreement for purposes of determining that—

(1) an exporter or producer in Chile is complying with applicable customs laws, regulations, and procedures regarding trade in textile and apparel goods, or

(2) claims that textile or apparel goods exported or produced by such exporter or producer—

(A) qualify as originating goods under section 202 of this Act, or

(B) are goods of Chile,

are accurate,

the President may direct the Secretary to take appropriate action described in subsection (b) while the verification is being conducted.

(b) APPROPRIATE ACTION DESCRIBED.—Appropriate action under subsection (a) includes—

(1) suspension of liquidation of entries of textile and apparel goods exported or produced by the person that is the subject of the verification, in a case in which the request for verification was based on a reasonable suspicion of unlawful activity related to such goods; and

(2) publication of the name of the person that is the subject of the verification.

(c) ACTION WHEN INFORMATION IS INSUFFICIENT.—If the Secretary of the Treasury determines that the information obtained within 12 months after making a request for a verification under subsection (a) is insufficient to make a determination under subsection (a), the President may direct the Secretary to take appropriate action described in subsection (d) until such time as the Secretary receives information sufficient to make a determination under subsection (a) or until such earlier date as the President may direct.

(d) APPROPRIATE ACTION DESCRIBED.—Appropriate action under subsection (c) includes—

(1) publication of the identity of the person that is the subject of the verification;

(2) denial of preferential tariff treatment under the Agreement to any textile or apparel goods exported or produced by the person that is the subject of the verification; and

(3) denial of entry into the United States of any textile or apparel goods exported or produced by the person that is the subject of the verification.

SEC. 209. CONFORMING AMENDMENTS.

Section 508(b)(2)(B)(i)(I) of the Tariff Act of 1930 (19 U.S.C. 1508(b)(2)(B)(i)(I)) is amended—

(1) by striking "the last paragraph of section 311" and inserting "the eleventh paragraph of section 311"; and

(2) by striking "the last proviso to section 3(a)" and inserting "the proviso preceding the last proviso to section 3(a)".

SEC. 210. REGULATIONS.

The Secretary of the Treasury shall prescribe such regulations as may be necessary to carry out—

(1) subsections (a) through (n) of section 202, and sections 203 and 204;

(2) amendments made by the sections referred to in paragraph (1); and

(3) proclamations issued under section 202(o).

TITLE III—RELIEF FROM IMPORTS

SEC. 301. DEFINITIONS.

In this title:

(1) COMMISSION.—The term "Commission" means the United States International Trade Commission.

(2) CHILEAN ARTICLE.—The term "Chilean article" means an article that qualifies as an originating good under section 202(a) of this Act.

(3) CHILEAN TEXTILE OR APPAREL ARTICLE.—The term "Chilean textile or apparel article" means an article—

(A) that is listed in the Annex to the Agreement on Textiles and Clothing referred to in section 101(d)(4) of the Uruguay Round Agreements Act (19 U.S.C. 3511(d)(4)); and

(B) that is a Chilean article.

Subtitle A—Relief From Imports Benefiting From the Agreement

SEC. 311. COMMENCING OF ACTION FOR RELIEF.

(a) FILING OF PETITION.—A petition requesting action under this subtitle for the purpose of adjusting to the obligations of the United States under the Agreement

may be filed with the Commission by an entity, including a trade association, firm, certified or recognized union, or group of workers, that is representative of an industry. The Commission shall transmit a copy of any petition filed under this subsection to the United States Trade Representative.

(b) INVESTIGATION AND DETERMINATION.—Upon the filing of a petition under subsection (a), the Commission, unless subsection (d) applies, shall promptly initiate an investigation to determine whether, as a result of the reduction or elimination of a duty provided for under the Agreement, a Chilean article is being imported into the United States in such increased quantities, in absolute terms or relative to domestic production, and under such conditions that imports of the Chilean article constitute a substantial cause of serious injury or threat thereof to the domestic industry producing an article that is like, or directly competitive with, the imported article.

(c) APPLICABLE PROVISIONS.—The following provisions of section 202 of the Trade Act of 1974 (19 U.S.C. 2252) apply with respect to any investigation initiated under subsection (b):

(1) Paragraphs (1)(B) and (3) of subsection (b).

(2) Subsection (c).

(3) Subsection (i).

(d) ARTICLES EXEMPT FROM INVESTIGATION.—No investigation may be initiated under this section with respect to any Chilean article if, after the date that the Agreement enters into force, import relief has been provided with respect to that Chilean article under this subtitle, or if, at the time the petition is filed, the article is subject to import relief under chapter 1 of title II of the Trade Act of 1974.

SEC. 312. COMMISSION ACTION ON PETITION.

(a) DETERMINATION.—Not later than 120 days after the date on which an investigation is initiated under section 311(b) with respect to a petition, the Commission shall make the determination required under that section.

(b) APPLICABLE PROVISIONS.—For purposes of this subtitle, the provisions of paragraphs (1), (2), and (3) of section 330(d) of the Tariff Act of 1930 (19 U.S.C. 1330(d) (1), (2), and (3)) shall be applied with respect to determinations and findings made under this section as if such determinations and findings were made under section 202 of the Trade Act of 1974 (19 U.S.C. 2252).

(c) ADDITIONAL FINDING AND RECOMMENDATION IF DETERMINATION AFFIRMATIVE.—If the determination made by the Commission under subsection (a) with respect to imports of an article is affirmative, or if the President

may consider a determination of the Commission to be an affirmative determination as provided for under paragraph (1) of section 330(d) of the Tariff Act of 1930 (19 U.S.C. 1330(d)), the Commission shall find, and recommend to the President in the report required under subsection (d), the amount of import relief that is necessary to remedy or prevent the injury found by the Commission in the determination and to facilitate the efforts of the domestic industry to make a positive adjustment to import competition. The import relief recommended by the Commission under this subsection shall be limited to the relief described in section 313(c). Only those members of the Commission who voted in the affirmative under subsection (a) are eligible to vote on the proposed action to remedy or prevent the injury found by the Commission. Members of the Commission who did not vote in the affirmative may submit, in the report required under subsection (d), separate views regarding what action, if any, should be taken to remedy or prevent the injury.

(d) REPORT TO PRESIDENT.—Not later than the date that is 30 days after the date on which a determination is made under subsection (a) with respect to an investigation, the Commission shall submit to the President a report that includes—

(1) the determination made under subsection (a) and an explanation of the basis for the determination;

(2) if the determination under subsection (a) is affirmative, any findings and recommendations for import relief made under subsection (c) and an explanation of the basis for each recommendation; and

(3) any dissenting or separate views by members of the Commission regarding the determination and recommendation referred to in paragraphs (1) and (2).

(e) PUBLIC NOTICE.—Upon submitting a report to the President under subsection (d), the Commission shall promptly make public such report (with the exception of information which the Commission determines to be confidential) and shall cause a summary thereof to be published in the Federal Register.

SEC. 313. PROVISION OF RELIEF.

(a) IN GENERAL.—Not later than the date that is 30 days after the date on which the President receives the report of the Commission in which the Commission's determination under section 312(a) is affirmative, or which contains a determination under section 312(a) that the President considers to be affirmative under paragraph (1) of section 330(d) of the Tariff Act of 1930 (19 U.S.C.

1330(d)(1), the President, subject to subsection (b), shall provide relief from imports of the article that is the subject of such determination to the extent that the President determines necessary to remedy or prevent the injury found by the Commission and to facilitate the efforts of the domestic industry to make a positive adjustment to import competition.

(b) EXCEPTION.—The President is not required to provide import relief under this section if the President determines that the provision of the import relief will not provide greater economic and social benefits than costs.

(c) NATURE OF RELIEF.—

(1) IN GENERAL.—The import relief that the President is authorized to provide under this section with respect to imports of an article is as follows:

(A) The suspension of any further reduction provided for under Annex 3.3 of the Agreement in the duty imposed on such article.

(B) An increase in the rate of duty imposed on such article to a level that does not exceed the lesser of—

(i) the column 1 general rate of duty imposed under the HTS on like articles at the time the import relief is provided; or

(ii) the column 1 general rate of duty imposed under the HTS on like articles on the day before the date on which the Agreement enters into force.

(2) PROGRESSIVE LIBERALIZATION.—If the period for which import relief is provided under this section is greater than 1 year, the President shall provide for the progressive liberalization (described in article 8.2(2) of the Agreement) of such relief at regular intervals during the period of its application.

(d) PERIOD OF RELIEF.—

(1) IN GENERAL.—Subject to paragraph (2), the import relief that the President is authorized to provide under this section, including any extensions thereof, may not, in the aggregate, exceed 3 years.

(2) EXTENSION.—

(A) IN GENERAL.—If the initial period for any import relief provided under this section is less than 3 years, the President, after receiving an affirmative determination from the Commission under subparagraph (B), may extend the effective period of any import relief provided under this section, subject to the limitation under paragraph (1), if the President determines that—

(i) the import relief continues to be necessary to remedy or prevent serious injury and to facilitate adjustment; and

(ii) there is evidence that the industry is making a positive adjustment to import competition.

(B) ACTION BY COMMISSION.—(i) Upon a petition on behalf of the industry concerned, filed with the Commission not earlier than the date which is 9 months, and not later than the date which is 6 months, before the date on which any action taken under subsection (a) is to terminate, the Commission shall conduct an investigation to determine whether action under this section continues to be necessary to remedy or prevent serious injury and whether there is evidence that the industry is making a positive adjustment to import competition.

(ii) The Commission shall publish notice of the commencement of any proceeding under this subparagraph in the Federal Register and shall, within a reasonable time thereafter, hold a public hearing at which the Commission shall afford interested parties and consumers an opportunity to be present, to present evidence,

and to respond to the presentations of other parties and consumers, and otherwise to be heard.

(iii) The Commission shall transmit to the President a report on its investigation and determination under this subparagraph not later than 60 days before the action under subsection (a) is to terminate, unless the President specifies a different date.

(e) RATE AFTER TERMINATION OF IMPORT RELIEF.—When import relief under this section is terminated with respect to an article—

(1) the rate of duty on that article after such termination and on or before December 31 of the year in which such termination occurs shall be the rate that, according to the Schedule of the United States in Annex 3.3 of the Agreement for the staged elimination of the tariff, would have been in effect 1 year after the provision of relief under subsection (a); and

(2) the rate of duty for that article after December 31 of the year in which termination occurs shall be, at the discretion of the President, either—

(A) the applicable rate of duty for that article set out in the Schedule of the United States in Annex 3.3 of the Agreement; or

(B) the rate of duty resulting from the elimination of the tariff in equal annual stages ending on the date set out in the United States Schedule in Annex 3.3 of the Agreement for the elimination of the tariff.

(f) ARTICLES EXEMPT FROM RELIEF.—No import relief may be provided under this section on any article subject to import relief under chapter 1 of title II of the Trade Act of 1974.

SEC. 314. TERMINATION OF RELIEF AUTHORITY.

(a) GENERAL RULE.—No import relief may be provided under this subtitle after the date that is 10 years after the date on which the Agreement enters into force.

(b) EXCEPTION.—If an article for which relief is provided under this subtitle is an article for which the period for tariff elimination, set out in the Schedule of the United States to Annex 3.3 of the Agreement, is 12 years, no relief under this subtitle may be provided for that article after the date that is 12 years after the date on which the Agreement enters into force.

SEC. 315. COMPENSATION AUTHORITY.

For purposes of section 123 of the Trade Act of 1974 (19 U.S.C. 2133), any import relief provided by the President under section 313 shall be treated as action taken under chapter 1 of title II of such Act.

SEC. 316. CONFIDENTIAL BUSINESS INFORMATION.

Section 202 (a)(8) of the Trade Act of 1974 (19 U.S.C. 2252(a)(8)) is amended in the first sentence—

(1) by striking "and"; and

(2) by inserting before the period at the end ", and title III of the United States-Chile Free Trade Agreement Implementation Act".

Subtitle B—Textile and Apparel Safeguard Measures

SEC. 321. COMMENCEMENT OF ACTION FOR RELIEF.

(a) IN GENERAL.—A request under this subtitle for the purpose of adjusting to the obligations of the United States under the Agreement may be filed with the President by an interested party. Upon the filing of a request, the President shall review the request to determine, from information presented in the request, whether to commence consideration of the request.

(b) PUBLICATION OF REQUEST.—If the President determines that the request under subsection (a) provides the information necessary for the request to be considered, the President shall cause to be published in the Federal

Register a notice of commencement of consideration of the request, and notice seeking public comments regarding the request. The notice shall include the request and the dates by which comments and rebuttals must be received.

SEC. 322. DETERMINATION AND PROVISION OF RELIEF.

(a) DETERMINATION.—

(1) IN GENERAL.—If a positive determination is made under section 321(b), the President shall determine whether, as a result of the elimination of a duty under the Agreement, a Chilean textile or apparel article is being imported into the United States in such increased quantities, in absolute terms or relative to the domestic market for that article, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing an article that is like, or directly competitive with, the imported article.

(2) SERIOUS DAMAGE.—In making a determination under paragraph (1), the President—

(A) shall examine the effect of increased imports on the domestic industry, as reflected in changes in such relevant economic factors as output, productivity, utilization of capacity, inventories, market share, exports, wages, em-

ployment, domestic prices, profits, and investment, none of which is necessarily decisive; and

(B) shall not consider changes in technology or consumer preference as factors supporting a determination of serious damage or actual threat thereof.

(b) PROVISION OF RELIEF.—

(1) IN GENERAL.—If a determination under subsection (a) is affirmative, the President may provide relief from imports of the article that is the subject of such determination, as provided in paragraph (2), to the extent that the President determines necessary to remedy or prevent the serious damage and to facilitate adjustment by the domestic industry.

(2) NATURE OF RELIEF.—The relief that the President is authorized to provide under this subsection with respect to imports of an article is an increase in the rate of duty imposed on the article to a level that does not exceed the lesser of—

(A) the column 1 general rate of duty imposed under the HTS on like articles at the time the import relief is provided; or

(B) the column 1 general rate of duty imposed under the HTS on like articles on the

day before the date on which the Agreement enters into force.

SEC. 323. PERIOD OF RELIEF.

(a) IN GENERAL.—The import relief that the President is authorized to provide under section 322, including any extensions thereof, may not, in the aggregate, exceed 3 years.

(b) EXTENSION.—If the initial period for any import relief provided under this section is less than 3 years, the President may extend the effective period of any import relief provided under this section, subject to the limitation set forth in subsection (a), if the President determines that—

(1) the import relief continues to be necessary to remedy or prevent serious damage and to facilitate adjustment; and

(2) there is evidence that the industry is making a positive adjustment to import competition.

SEC. 324. ARTICLES EXEMPT FROM RELIEF.

The President may not provide import relief under this subtitle with respect to any article if import relief previously has been provided under this subtitle with respect to that article.

SEC. 325. RATE AFTER TERMINATION OF IMPORT RELIEF.

When import relief under this subtitle is terminated with respect to an article, the rate of duty on that article shall be duty-free.

SEC. 326. TERMINATION OF RELIEF AUTHORITY.

No import relief may be provided under this subtitle with respect to any article after the date that is 8 years after the date on which duties on the article are eliminated pursuant to the Agreement.

SEC. 327. COMPENSATION AUTHORITY.

For purposes of section 123 of the Trade Act of 1974 (19 U.S.C. 2133), any import relief provided by the President under this subtitle shall be treated as action taken under chapter 1 of title II of that Act.

SEC. 328. BUSINESS CONFIDENTIAL INFORMATION.

The President may not release information which the President considers to be confidential business information unless the party submitting the confidential business information had notice, at the time of submission, that such information would be released by the President, or such party subsequently consents to the release of the information. To the extent business confidential information is provided, a nonconfidential version of the information shall also be provided, in which the business confidential information is summarized or, if necessary, deleted.

TITLE IV—TEMPORARY ENTRY OF BUSINESS PERSONS.

SEC. 401. NONIMMIGRANT TRADERS AND INVESTORS.

Upon a basis of reciprocity secured by the Agreement, an alien who is a national of Chile (and any spouse or child (as defined in section 101(b)(1) of the Immigration and Nationality Act (8 U.S.C. 1101(b)(1)) of such alien, if accompanying or following to join the alien) may, if otherwise eligible for a visa and if otherwise admissible into the United States under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.), be considered to be classifiable as a nonimmigrant under section 101(a)(15)(E) of such Act (8 U.S.C. 1101(a)(15)(E)) if entering solely for a purpose specified in clause (i) or (ii) of such section 101(a)(15)(E). For purposes of this section, the term "national" has the meaning given such term in article 14.9 of the Agreement.

SEC. 402. NONIMMIGRANT PROFESSIONALS; LABOR ATTESTATIONS.

(a) NONIMMIGRANT PROFESSIONALS.—

(1) DEFINITIONS.—Section 101(a)(15)(H)(i)(b) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(i)(b)) is amended by striking "212(n)(1), or (c)" and inserting "212(n)(1), or (b1) who is entitled to enter the United States under

and in pursuance of the provisions of an agreement listed in section 214(g)(8)(A), who is engaged in a specialty occupation described in section 214(i)(3), and with respect to whom the Secretary of Labor determines and certifies to the Secretary of Homeland Security and the Secretary of State that the intending employer has filed with the Secretary of Labor an attestation under section 212(t)(1), or (c)".

(2) ADMISSION OF NONIMMIGRANTS.—Section 214 of the Immigration and Nationality Act (8 U.S.C. 1184) is amended—

(A) in subsection (i)—

(i) in paragraph (1), by striking "For purposes" and inserting "Except as provided in paragraph (3), for purposes"; and

(ii) by adding at the end the following:

"(3) For purposes of section 101(a)(15)(H)(i)(b1), the term 'specialty occupation' means an occupation that requires—

"(A) theoretical and practical application of a body of specialized knowledge; and

"(B) attainment of a bachelor's or higher degree in the specific specialty (or its equivalent) as a

minimum for entry into the occupation in the United States."; and

(B) in subsection (g), by adding at the end the following:

"(8)(A) The agreement referred to in section 101(a)(15)(H)(i)(b1) is the United States-Chile Free Trade Agreement.

"(B)(i) The Secretary of Homeland Security shall establish annual numerical limitations on approvals of initial applications by aliens for admission under section 101(a)(15)(H)(i)(b1).

"(ii) The annual numerical limitations described in clause (i) shall not exceed 1,400 for nationals of Chile for any fiscal year. For purposes of this clause, the term 'national' has the meaning given such term in article 14.9 of the United States-Chile Free Trade Agreement.

"(iii) The annual numerical limitations described in clause (i) shall only apply to principal aliens and not to the spouses or children of such aliens.

"(iv) The annual numerical limitation described in paragraph (1)(A) is reduced by the amount of the annual numerical limitations established under clause (i). However, if a numerical limitation established under clause (i) has not been exhausted at the end of a given fiscal year, the Secretary of Homeland Security shall adjust upwards

the numerical limitation in paragraph (1)(A) for that fiscal year by the amount remaining in the numerical limitation under clause (i). Visas under section 101(a)(15)(H)(i)(b) may be issued pursuant to such adjustment within the first 45 days of the next fiscal year to aliens who had applied for such visas during the fiscal year for which the adjustment was made.

"(C) The period of authorized admission as a nonimmigrant under section 101(a)(15)(H)(i)(b1) shall be 1 year, and may be extended, but only in 1-year increments. After every second extension, the next following extension shall not be granted unless the Secretary of Labor had determined and certified to the Secretary of Homeland Security and the Secretary of State that the intending employer has filed with the Secretary of Labor an attestation under section 212(t)(1) for the purpose of permitting the nonimmigrant to obtain such extension.

"(D) The numerical limitation described in paragraph (1)(A) for a fiscal year shall be reduced by one for each alien granted an extension under subparagraph (C) during such year who has obtained 5 or more consecutive prior extensions.".

(b) LABOR ATTESTATIONS.—Section 212 of the Immigration and Nationality Act (8 U.S.C. 1182) is amended—

(1) by redesignating the subsection (p) added by section 1505(f) of Public Law 106–386 (114 Stat. 1526) as subsection (s); and

(2) by adding at the end the following:

"(t)(1) No alien may be admitted or provided status as a nonimmigrant under section 101(a)(15)(H)(i)(b1) in an occupational classification unless the employer has filed with the Secretary of Labor an attestation stating the following:

"(A) The employer—

"(i) is offering and will offer during the period of authorized employment to aliens admitted or provided status under section 101(a)(15)(H)(i)(b1) wages that are at least—

"(I) the actual wage level paid by the employer to all other individuals with similar experience and qualifications for the specific employment in question; or

"(II) the prevailing wage level for the occupational classification in the area of employment,

whichever is greater, based on the best information available as of the time of filing the attestation; and

"(ii) will provide working conditions for such a nonimmigrant that will not adversely affect the working conditions of workers similarly employed.

"(B) There is not a strike or lockout in the course of a labor dispute in the occupational classification at the place of employment.

"(C) The employer, at the time of filing the attestation—

"(i) has provided notice of the filing under this paragraph to the bargaining representative (if any) of the employer's employees in the occupational classification and area for which aliens are sought; or

"(ii) if there is no such bargaining representative, has provided notice of filing in the occupational classification through such methods as physical posting in conspicuous locations at the place of employment or electronic notification to employees in the occupational classification for which nonimmigrants under section 101(a)(15)(H)(i)(b1) are sought.

"(D) A specification of the number of workers sought, the occupational classification in which the

workers will be employed, and wage rate and conditions under which they will be employed.

"(2)(A) The employer shall make available for public examination, within one working day after the date on which an attestation under this subsection is filed, at the employer's principal place of business or worksite, a copy of each such attestation (and such accompanying documents as are necessary).

"(B)(i) The Secretary of Labor shall compile, on a current basis, a list (by employer and by occupational classification) of the attestations filed under this subsection. Such list shall include, with respect to each attestation, the wage rate, number of aliens sought, period of intended employment, and date of need.

"(ii) The Secretary of Labor shall make such list available for public examination in Washington, D.C.

"(C) The Secretary of Labor shall review an attestation filed under this subsection only for completeness and obvious inaccuracies. Unless the Secretary of Labor finds that an attestation is incomplete or obviously inaccurate, the Secretary of Labor shall provide the certification described in section 101(a)(15)(H)(i)(b1) within 7 days of the date of the filing of the attestation.

"(3)(A) The Secretary of Labor shall establish a process for the receipt, investigation, and disposition of

complaints respecting the failure of an employer to meet a condition specified in an attestation submitted under this subsection or misrepresentation by the employer of material facts in such an attestation. Complaints may be filed by any aggrieved person or organization (including bargaining representatives). No investigation or hearing shall be conducted on a complaint concerning such a failure or misrepresentation unless the complaint was filed not later than 12 months after the date of the failure or misrepresentation, respectively. The Secretary of Labor shall conduct an investigation under this paragraph if there is reasonable cause to believe that such a failure or misrepresentation has occurred.

"(B) Under the process described in subparagraph (A), the Secretary of Labor shall provide, within 30 days after the date a complaint is filed, for a determination as to whether or not a reasonable basis exists to make a finding described in subparagraph (C). If the Secretary of Labor determines that such a reasonable basis exists, the Secretary of Labor shall provide for notice of such determination to the interested parties and an opportunity for a hearing on the complaint, in accordance with section 556 of title 5, United States Code, within 60 days after the date of the determination. If such a hearing is requested, the Secretary of Labor shall make a finding concerning

the matter by not later than 60 days after the date of the hearing. In the case of similar complaints respecting the same applicant, the Secretary of Labor may consolidate the hearings under this subparagraph on such complaints.

"(C)(i) If the Secretary of Labor finds, after notice and opportunity for a hearing, a failure to meet a condition of paragraph (1)(B), a substantial failure to meet a condition of paragraph (1)(C) or (1)(D), or a misrepresentation of material fact in an attestation—

"(I) the Secretary of Labor shall notify the Secretary of State and the Secretary of Homeland Security of such finding and may, in addition, impose such other administrative remedies (including civil monetary penalties in an amount not to exceed $1,000 per violation) as the Secretary of Labor determines to be appropriate; and

"(II) the Secretary of State or the Secretary of Homeland Security, as appropriate, shall not approve petitions or applications filed with respect to that employer under section 204, 214(c), or 101(a)(15)(H)(i)(b1) during a period of at least 1 year for aliens to be employed by the employer.

"(ii) If the Secretary of Labor finds, after notice and opportunity for a hearing, a willful failure to meet a condi-

tion of paragraph (1), a willful misrepresentation of material fact in an attestation, or a violation of clause (iv)—

"(I) the Secretary of Labor shall notify the Secretary of State and the Secretary of Homeland Security of such finding and may, in addition, impose such other administrative remedies (including civil monetary penalties in an amount not to exceed $5,000 per violation) as the Secretary of Labor determines to be appropriate; and

"(II) the Secretary of State or the Secretary of Homeland Security, as appropriate, shall not approve petitions or applications filed with respect to that employer under section 204, 214(c), or 101(a)(15)(H)(i)(b1) during a period of at least 2 years for aliens to be employed by the employer.

"(iii) If the Secretary of Labor finds, after notice and opportunity for a hearing, a willful failure to meet a condition of paragraph (1) or a willful misrepresentation of material fact in an attestation, in the course of which failure or misrepresentation the employer displaced a United States worker employed by the employer within the period beginning 90 days before and ending 90 days after the date of filing of any visa petition or application supported by the attestation—

"(I) the Secretary of Labor shall notify the Secretary of State and the Secretary of Homeland Security of such finding and may, in addition, impose such other administrative remedies (including civil monetary penalties in an amount not to exceed $35,000 per violation) as the Secretary of Labor determines to be appropriate; and

"(II) the Secretary of State or the Secretary of Homeland Security, as appropriate, shall not approve petitions or applications filed with respect to that employer under section 204, 214(c), or 101(a)(15)(H)(i)(b1) during a period of at least 3 years for aliens to be employed by the employer.

"(iv) It is a violation of this clause for an employer who has filed an attestation under this subsection to intimidate, threaten, restrain, coerce, blacklist, discharge, or in any other manner discriminate against an employee (which term, for purposes of this clause, includes a former employee and an applicant for employment) because the employee has disclosed information to the employer, or to any other person, that the employee reasonably believes evidences a violation of this subsection, or any rule or regulation pertaining to this subsection, or because the employee cooperates or seeks to cooperate in an investigation or other proceeding concerning the employer's compliance

with the requirements of this subsection or any rule or regulation pertaining to this subsection.

"(v) The Secretary of Labor and the Secretary of Homeland Security shall devise a process under which a nonimmigrant under section 101(a)(15)(H)(i)(b1) who files a complaint regarding a violation of clause (iv) and is otherwise eligible to remain and work in the United States may be allowed to seek other appropriate employment in the United States for a period not to exceed the maximum period of stay authorized for such nonimmigrant classification.

"(vi)(I) It is a violation of this clause for an employer who has filed an attestation under this subsection to require a nonimmigrant under section 101(a)(15)(H)(i)(b1) to pay a penalty for ceasing employment with the employer prior to a date agreed to by the nonimmigrant and the employer. The Secretary of Labor shall determine whether a required payment is a penalty (and not liquidated damages) pursuant to relevant State law.

"(II) If the Secretary of Labor finds, after notice and opportunity for a hearing, that an employer has committed a violation of this clause, the Secretary of Labor may impose a civil monetary penalty of $1,000 for each such violation and issue an administrative order requiring the return to the nonimmigrant of any amount paid in violation

of this clause, or, if the nonimmigrant cannot be located, requiring payment of any such amount to the general fund of the Treasury.

"(vii)(I) It is a failure to meet a condition of paragraph (1)(A) for an employer who has filed an attestation under this subsection and who places a nonimmigrant under section 101(a)(15)(H)(i)(b1) designated as a full-time employee in the attestation, after the nonimmigrant has entered into employment with the employer, in nonproductive status due to a decision by the employer (based on factors such as lack of work), or due to the nonimmigrant's lack of a permit or license, to fail to pay the nonimmigrant full-time wages in accordance with paragraph (1)(A) for all such nonproductive time.

"(II) It is a failure to meet a condition of paragraph (1)(A) for an employer who has filed an attestation under this subsection and who places a nonimmigrant under section 101(a)(15)(H)(i)(b1) designated as a part-time employee in the attestation, after the nonimmigrant has entered into employment with the employer, in nonproductive status under circumstances described in subclause (I), to fail to pay such a nonimmigrant for such hours as are designated on the attestation consistent with the rate of pay identified on the attestation.

"(III) In the case of a nonimmigrant under section 101(a)(15)(H)(i)(b1) who has not yet entered into employment with an employer who has had approved an attestation under this subsection with respect to the nonimmigrant, the provisions of subclauses (I) and (II) shall apply to the employer beginning 30 days after the date the nonimmigrant first is admitted into the United States, or 60 days after the date the nonimmigrant becomes eligible to work for the employer in the case of a nonimmigrant who is present in the United States on the date of the approval of the attestation filed with the Secretary of Labor.

"(IV) This clause does not apply to a failure to pay wages to a nonimmigrant under section 101(a)(15)(H)(i)(b1) for nonproductive time due to non-work-related factors, such as the voluntary request of the nonimmigrant for an absence or circumstances rendering the nonimmigrant unable to work.

"(V) This clause shall not be construed as prohibiting an employer that is a school or other educational institution from applying to a nonimmigrant under section 101(a)(15)(H)(i)(b1) an established salary practice of the employer, under which the employer pays to nonimmigrants under section 101(a)(15)(H)(i)(b1) and United States workers in the same occupational classifica-

tion an annual salary in disbursements over fewer than 12 months, if—

"(aa) the nonimmigrant agrees to the compressed annual salary payments prior to the commencement of the employment; and

"(bb) the application of the salary practice to the nonimmigrant does not otherwise cause the nonimmigrant to violate any condition of the nonimmigrant's authorization under this Act to remain in the United States.

"(VI) This clause shall not be construed as superseding clause (viii).

"(viii) It is a failure to meet a condition of paragraph (1)(A) for an employer who has filed an attestation under this subsection to fail to offer to a nonimmigrant under section 101(a)(15)(H)(i)(b1), during the nonimmigrant's period of authorized employment, benefits and eligibility for benefits (including the opportunity to participate in health, life, disability, and other insurance plans; the opportunity to participate in retirement and savings plans; and cash bonuses and non-cash compensation, such as stock options (whether or not based on performance)) on the same basis, and in accordance with the same criteria, as the employer offers to United States workers.

"(D) If the Secretary of Labor finds, after notice and opportunity for a hearing, that an employer has not paid wages at the wage level specified in the attestation and required under paragraph (1), the Secretary of Labor shall order the employer to provide for payment of such amounts of back pay as may be required to comply with the requirements of paragraph (1), whether or not a penalty under subparagraph (C) has been imposed.

"(E) The Secretary of Labor may, on a case-by-case basis, subject an employer to random investigations for a period of up to 5 years, beginning on the date on which the employer is found by the Secretary of Labor to have committed a willful failure to meet a condition of paragraph (1) or to have made a willful misrepresentation of material fact in an attestation. The authority of the Secretary of Labor under this subparagraph shall not be construed to be subject to, or limited by, the requirements of subparagraph (A).

"(F) Nothing in this subsection shall be construed as superseding or preempting any other enforcement-related authority under this Act (such as the authorities under section 274B), or any other Act.

"(4) For purposes of this subsection:

"(A) The term 'area of employment' means the area within normal commuting distance of the work-

site or physical location where the work of the nonimmigrant under section 101(a)(15)(H)(i)(b1) is or will be performed. If such worksite or location is within a Metropolitan Statistical Area, any place within such area is deemed to be within the area of employment.

"(B) In the case of an attestation with respect to one or more nonimmigrants under section 101(a)(15)(H)(i)(b1) by an employer, the employer is considered to 'displace' a United States worker from a job if the employer lays off the worker from a job that is essentially the equivalent of the job for which the nonimmigrant or nonimmigrants is or are sought. A job shall not be considered to be essentially equivalent of another job unless it involves essentially the same responsibilities, was held by a United States worker with substantially equivalent qualifications and experience, and is located in the same area of employment as the other job.

"(C)(i) The term 'lays off', with respect to a worker—

"(I) means to cause the worker's loss of employment, other than through a discharge for inadequate performance, violation of workplace rules, cause, voluntary departure, voluntary re-

tirement, or the expiration of a grant or contract; but

"(II) does not include any situation in which the worker is offered, as an alternative to such loss of employment, a similar employment opportunity with the same employer at equivalent or higher compensation and benefits than the position from which the employee was discharged, regardless of whether or not the employee accepts the offer.

"(ii) Nothing in this subparagraph is intended to limit an employee's rights under a collective bargaining agreement or other employment contract.

"(D) The term 'United States worker' means an employee who—

"(i) is a citizen or national of the United States; or

"(ii) is an alien who is lawfully admitted for permanent residence, is admitted as a refugee under section 207 of this title, is granted asylum under section 208, or is an immigrant otherwise authorized, by this Act or by the Secretary of Homeland Security, to be employed.".

(c) SPECIAL RULE FOR COMPUTATION OF PREVAILING WAGE.—Section 212(p)(1) of the Immigration

and Nationality Act (8 U.S.C. 1182(p)(1)) is amended by striking "(n)(1)(A)(i)(II) and (a)(5)(A)" and inserting "(a)(5)(A), (n)(1)(A)(i)(II), and (t)(1)(A)(i)(II)".

(d) FEE.—

(1) IN GENERAL.—Section 214(c) of the Immigration and Nationality Act (8 U.S.C. 1184(c)) is amended by adding at the end the following:

"(11)(A) Subject to subparagraph (B), the Secretary of Homeland Security or the Secretary of State, as appropriate, shall impose a fee on an employer who has filed an attestation described in section 212(t)—

"(i) in order that an alien may be initially granted nonimmigrant status described in section 101(a)(15)(H)(i)(b1); or

"(ii) in order to satisfy the requirement of the second sentence of subsection (g)(8)(C) for an alien having such status to obtain certain extensions of stay.

"(B) The amount of the fee shall be the same as the amount imposed by the Secretary of Homeland Security under paragraph (9), except that if such paragraph does not authorize such Secretary to impose any fee, no fee shall be imposed under this paragraph.

"(C) Fees collected under this paragraph shall be deposited in the Treasury in accordance with section 286(s).".

(2) USE OF FEE.—Section 286(s)(1) of the Immigration and Nationality Act (8 U.S.C. 1356(s)(1)) is amended by striking "section 214(c)(9)." and inserting "paragraphs (9) and (11) of section 214(c).".

SEC. 403. LABOR DISPUTES.

Section 214(j) of the Immigration and Nationality Act (8 U.S.C. 1184(j)) is amended—

(1) by striking "(j)" and inserting "(j)(1)";

(2) by striking "this subsection" each place such term appears and inserting "this paragraph"; and

(3) by adding at the end the following:

"(2) Notwithstanding any other provision of this Act except section 212(t)(1), and subject to regulations promulgated by the Secretary of Homeland Security, an alien who seeks to enter the United States under and pursuant to the provisions of an agreement listed in subsection (g)(8)(A), and the spouse and children of such an alien if accompanying or following to join the alien, may be denied admission as a nonimmigrant under subparagraph (E), (L), or (H)(i)(b1) of section 101(a)(15) if there is

in progress a labor dispute in the occupational classification at the place or intended place of employment, unless such alien establishes, pursuant to regulations promulgated by the Secretary of Homeland Security after consultation with the Secretary of Labor, that the alien's entry will not affect adversely the settlement of the labor dispute or the employment of any person who is involved in the labor dispute. Notice of a determination under this paragraph shall be given as may be required by such agreement.".

SEC. 404. CONFORMING AMENDMENTS.

Section 214 of the Immigration and Nationality Act (8 U.S.C. 1184) is amended—

(1) in subsection (b), by striking "(other than a nonimmigrant described in subparagraph (H)(i), (L), or (V) of section 101(a)(15))" and inserting "(other than a nonimmigrant described in subparagraph (L) or (V) of section 101(a)(15), and other than a nonimmigrant described in any provision of section 101(a)(15)(H)(i) except subclause (b1) of such section)";

(2) in subsection (c)(1), by striking "section 101(a)(15)(H), (L), (O), or (P)(i)" and inserting "subparagraph (H), (L), (O), or (P)(i) of section

101(a)(15) (excluding nonimmigrants under section 101(a)(15)(H)(i)(b1))"; and

(3) in subsection (h), by striking "(H)(i)" and inserting "(H)(i)(b) or (c)".

THE UNITED STATES-CHILE FREE TRADE AGREEMENT
IMPLEMENTATION ACT

STATEMENT OF ADMINISTRATIVE ACTION

This Statement of Administrative Action is submitted to the Congress in compliance with section 2105(a)(1)(C)(ii) of the Bipartisan Trade Promotion Authority Act of 2002 ("TPA Act") and accompanies the implementing bill for the United States-Chile Free Trade Agreement ("Agreement"). The bill approves and makes statutory changes necessary or appropriate to implement the Agreement, which the United States Trade Representative signed on June 6, 2003.

This Statement describes significant administrative actions proposed to implement U.S. obligations under the Agreement.

In addition, incorporated into this Statement are two other statements required under section 2105(a) of the TPA Act: (1) an explanation of how the implementing bill and proposed administrative action will change or affect existing law; and (2) a statement setting forth the reasons why the implementing bill and proposed administrative action are necessary or appropriate to carry out the Agreement. The Agreement does not change the provisions of any agreement the United States has previously negotiated with Chile.

For ease of reference, this Statement generally follows the organization of the Agreement, with the exception of grouping the general provisions of the Agreement (Chapters 1, 2, and 20 through 24) at the beginning of the discussion.

For each chapter of the Agreement, the Statement describes the pertinent provisions of the implementing bill, explaining how the bill changes or affects existing law, and stating why those provisions are necessary or appropriate to implement the Agreement. The Statement then describes the administrative action proposed to implement the particular chapter of the Agreement, explaining how the proposed action changes existing administrative practice and stating why the changes are necessary or appropriate to implement the Agreement.

It should be noted that this Statement does not, for the most part, discuss those many instances in which U.S. law or administrative practice will remain unchanged under the Agreement. In many cases, U.S. laws and regulations are already in conformity with the obligations assumed under the Agreement.

Finally, references in this Statement to particular sections of U.S. statutes are based on those statutes in effect as of the date this Statement was submitted to the Congress.

1. Implementing Bill

a. Congressional Approval

Section 101(a) of the implementing bill provides Congressional approval for the Agreement and this Statement, as required by sections 2103(b)(3) and 2105(a)(1) of the TPA Act.

b. Entry into Force

Article 24.4 of the Agreement requires the United States and Chile to exchange written notifications that their respective domestic requirements for the entry into force of the Agreement have been fulfilled. The exchange of notifications is a necessary condition for the Agreement's entry into force. Section 101(b) of the implementing bill authorizes the President to exchange notes with Chile to provide for entry into force of the Agreement on or after January 1, 2004. The exchange of notes is conditioned on a determination by the President that Chile has taken measures necessary to comply with those of its obligations that take effect at the time the Agreement enters into force. Some provisions of the Agreement, such as certain rules pertaining to intellectual property rights, become effective at prescribed times after the Agreement's entry into force.

c. Relationship to Federal Law

Section 102(a) of the bill establishes the relationship between the Agreement and U.S. law. The implementing bill, including the authority granted to federal agencies to promulgate implementing regulations, is intended to bring U.S. law fully into compliance with U.S. obligations under the Agreement. The bill accomplishes that objective with respect to federal legislation by amending existing federal statutes that would otherwise be inconsistent with the Agreement and, in certain instances, by creating entirely new provisions of law.

Section 102(a) clarifies that no provision of the Agreement will be given effect under domestic law if it is inconsistent with federal law, including provisions of federal law enacted or amended by the bill. Section 102(a) will not prevent implementation of federal statutes consistent with the Agreement, where permissible under the terms of such statutes. Rather, the section reflects the Congressional view that necessary changes in federal statutes should be

specifically enacted rather than provided for in a blanket preemption of federal statutes by the Agreement.

The Administration has made every effort to include all laws in the implementing bill and to identify all administrative actions in this Statement that must be changed in order to conform with the new U.S. rights and obligations arising from the Agreement. Those include both regulations resulting from statutory changes in the bill itself and changes in laws, regulations, rules, and orders that can be implemented without change in the underlying U.S. statute.

Accordingly, at this time it is the expectation of the Administration that no changes in existing federal law, rules, regulations, or orders other than those specifically indicated in the implementing bill and this Statement will be required to implement the new international obligations that the United States will assume under the Agreement. This is without prejudice to the President's continuing responsibility and authority to carry out U.S. law and agreements. As experience under the Agreement is gained over time, other or different administrative actions may be taken in accordance with applicable law to implement the Agreement. If additional action is called for, the Administration would seek legislation from Congress or, if a change in regulation is required, follow normal agency procedures for amending regulations.

d. Relationship to State Law

The Agreement's rules generally cover state and local laws and regulations, as well as those at the federal level. There are a number of exceptions to, or limitations on, this general rule, however, particularly in the areas of government procurement, investment, and trade in services.

The Agreement does not automatically "preempt" or invalidate state laws that do not conform to the Agreement's rules -- even if a dispute settlement panel were to find a state measure inconsistent with the Agreement. The United States is free under the Agreement to determine how it will conform with the Agreement's rules at the federal and non-federal level. The Administration is committed to carrying out U.S. obligations under the Agreement, as they apply to the states, through the greatest possible degree of state-federal consultation and cooperation.

Section 102(b)(1) of the bill makes clear that only the United States is entitled to bring an action in court in the event that there is an unresolved conflict between a state law, or the application of a state law, and the Agreement. The authority conferred on the United States under this paragraph is intended to be used only as a "last resort," in the unlikely event that efforts to achieve consistency through consultations have not succeeded.

The reference in section 102(b)(2) of the bill to the business of insurance is required by virtue of section 2 of the McCarran-Ferguson Act (15 U.S.C. 1012). That section states that no federal statute shall be construed to supersede any state law regulating or taxing the business of insurance unless the federal statute "specifically relates to the business of insurance." Certain

provisions of the Agreement (for example, Chapter 12, relating to financial services) do apply to state measures regulating the insurance business, although "grandfathering" provisions in Chapter 12 exempt existing inconsistent (*i.e.*, "non-conforming") measures.

Given the provision of the McCarran-Ferguson Act, the implementing act must make specific reference to the business of insurance in order for the Agreement's provisions covering the insurance business to be given effect with respect to state insurance law. Insurance is otherwise treated in the same manner under the Agreement and the implementing bill as other financial services under the Agreement.

e. Private Lawsuits

Section 102(c) of the implementing bill precludes any private right of action or remedy against a federal, state, or local government, or against a private party, based on the provisions of the Agreement. A private party thus could not sue (or defend a suit against) the United States, a state, or a private party on grounds of consistency (or inconsistency) with the Agreement. The provision also precludes a private right of action attempting to require, preclude, or modify federal or state action on grounds such as an allegation that the government is required to exercise discretionary authority or general "public interest" authority under other provisions of law in conformity with the Agreement.

With respect to the states, section 102(c) represents a determination by the Congress and the Administration that private lawsuits are not an appropriate means for ensuring state compliance with the Agreement. Suits of this nature may interfere with the Administration's conduct of trade and foreign relations and with suitable resolution of disagreements or disputes under the Agreement.

Section 102(c) does not preclude a private party from submitting a claim against the United States to arbitration under Chapter 10 (Investment) of the Agreement or seeking to enforce an award against the United States issued pursuant to such arbitration. The provision also would not preclude any agency of government from considering, or entertaining argument on, whether its action or proposed action is consistent with the Agreement, although any change in agency action would have to be consistent with domestic law.

f. Implementing Regulations

Section 104(a) of the bill provides the authority for new or amended regulations to be issued, and for the President to proclaim actions implementing the provisions of the Agreement, as of the date the Agreement enters into force. Section 104(b) of the bill requires that, whenever possible, all federal regulations required or authorized under the bill and those proposed in this Statement as necessary or appropriate to implement immediately applicable U.S. obligations under the Agreement are to be developed and promulgated within one year of the Agreement's entry into force. In practice, the Administration intends, wherever possible, to amend or issue the other regulations required to implement U.S. obligations under the Agreement at the time the Agreement enters into force. The process for issuing regulations pursuant to this authority will

comply with the requirements of the Administrative Procedures Act, including requirements to provide notice and an opportunity for public comment on such regulations. If issuance of any regulation will occur more than one year after the date provided in section 104(b), the officer responsible for issuing such regulation will notify the relevant committees of both Houses of the delay, the reasons for such delay, and the expected date for issuance of the regulation. Such notice will be provided at least 30 days prior to the end of the one-year period.

g. Dispute Settlement

Section 105(a) of the bill authorizes the President to establish or designate within the Department of Commerce an office responsible for providing administrative assistance to dispute settlement panels established under Chapter 22 of the Agreement. This provision enables the United States to implement its obligations under Article 21.2(1) of the Agreement. This office will not be an "agency" within the meaning of 5 U.S.C. 552, consistent with treatment provided under the North American Free Trade Agreement and the U.S.-Canada Free Trade Agreement. Thus, for example, the office will not be subject to the Freedom of Information Act or the Government in the Sunshine Act. Since they are international bodies, panels established under Chapter 22 are not subject to those acts.

Section 105(b) of the bill authorizes the appropriation of funds to support the office established or designated pursuant to section 105(a).

h. Effective Dates

Section 107(b) of the bill provides that the first three sections of the bill as well as Title I of the bill go into effect when the bill is enacted into law.

Section 107(a) provides that the other provisions of the bill and the amendments to other statutes made by the bill take effect on the date on which the Agreement enters into force. Section 107(c) provides that the provisions of the bill and the amendments to other statutes made by the bill will cease to be effective on the date on which the Agreement ceases to be in force.

2. Administrative Action

The Agreement calls for the United States and Chile to develop various rosters of independent experts willing to serve as panelists to settle disputes arising under the Agreement. One roster will be available for most types of disputes, while specialized rosters will be established to address disputes regarding the Agreement's financial services, labor, and environmental provisions. USTR will consult with the Ways and Means and Finance Committees as it develops rosters of panelists.

Article 20.1(1) of the Agreement requires each government to designate a contact point to facilitate bilateral communications regarding the Agreement. The Office of the United States Trade Representative (USTR) will serve as the U.S. contact point for this purpose.

No administrative changes will be necessary to implement Chapter 1, 2, 21, 23, or 24.

Chapter Three (National Treatment and Market Access for Goods)

1. Implementing Bill

a. Proclamation Authority

Section 201(a) of the bill grants the President authority to implement by proclamation U.S. rights and obligations under Chapter 3 of the Agreement through the application or elimination of tariffs and tariff rate quotas. Section 201(a) authorizes the President to:

- modify or continue any duty,
- keep in place duty-free or excise treatment; or
- impose any duty

that the President determines to be necessary or appropriate to carry out or apply Articles 3.3, 3.7, 3.9, and 3.20(8)-(11), and Annex 3.3 of the Agreement.

The proclamation authority with respect to Article 3.3 authorizes the President to provide for the phase-out and elimination, according to the U.S. schedule in Annex 3.3, of tariffs on imports from Chile that meet the Agreement's rules of origin.

The proclamation authority with respect to Articles 3.7 and 3.9 authorizes the President to provide for the elimination of tariffs on particular categories of imports from Chile. Article 3.7 pertains to the temporary admission of certain goods, such as commercial samples, goods intended for display at an exhibition, and goods necessary for carrying out the business activity of a person who qualifies for temporary entry into the United States. Article 3.9 pertains to the importation of goods (1) that had been exported to Chile for repair or alteration in Chile, or (2) that have been imported from Chile for repair or alteration in the United States.

The proclamation authority with respect to Article 3.20(8)-(11) authorizes the President to provide preferential tariff treatment to certain textile and apparel goods that do not qualify as "originating goods" (*i.e.*, products that satisfy the Agreement's rules of origin). However, this treatment may be applied only up to annual quantitative limits set forth in that Article. While goods subject to this provision may receive preferential tariff treatment, they will remain subject to the U.S. merchandise processing fee when they are imported. (*See* item (b) in this section.)

Section 201(a)(2) of the implementing bill requires the President to withdraw beneficiary status under the Generalized System of Preferences program from Chile once the Agreement takes effect.

Section 201(b) of the bill authorizes the President, subject to the consultation and layover provisions of section 103(a) of the bill, to:

- modify or continue any duty;
- modify the staging of any duty elimination under the Agreement pursuant to an agreement with Chile under Article 3.3(4);
- keep in place duty-free or excise treatment; or
- impose any duty

by proclamation whenever the President determines it to be necessary or appropriate to maintain the general level of reciprocal and mutually advantageous concessions with respect to Chile provided by the Agreement.

Section 103(a) of the bill sets forth consultation and layover steps that must precede the President's implementation of any tariff modification by proclamation. This would include, for example, tariff modifications under section 201(b) of the bill. Under the consultation and layover provisions, the President must obtain the advice of the private sector (pursuant to section 135 of the Trade Act of 1974) and the U.S. International Trade Commission (ITC) on the proposed action. The President must submit a report to the House Committee on Ways and Means and the Senate Committee on Finance setting forth the action proposed, the reasons therefor, and the advice of the private sector and the ITC. The bill sets aside a 60-day period following the date of transmittal of the report for the Committees to consult with the President on the action. Following the expiration of the 60-day period, the President may proclaim the action.

The President may initiate the consultation and layover process under section 103(a) of the bill on enactment of the bill, but, under section 104(a), any modifying proclamation cannot take effect until the Agreement enters into force. In addition to tariff modifications, these provisions apply to other Presidential proclamation authority provided in the bill subject to consultation and layover, such as authority to implement a proposal to modify the Agreement's specific rules of origin pursuant to an agreement with Chile under Article 3.20(5).

Section 201(c) of the bill implements the agricultural safeguard provisions of Article 3.18 of the Agreement. Article 3.18 permits the United States to impose an "agricultural safeguard measure" – in the form of additional duties – on imports from Chile of an agricultural good listed in the U.S. section of Annex 3.18 of the Agreement. The United States may apply the additional duties to shipments of any such good whose price is below the threshold ("trigger price") for the good set out in the U.S. section.

Section 201(c)(1) of the bill establishes the basic authority for the safeguard.

Section 201(c)(2) of the bill explains how the additional duties are calculated. The rate of additional duty under the safeguard increases as the difference increases between the particular import price of a shipment and the trigger price.

Section 201(c)(3) of the bill implements Article 3.18(4)-(5) of the Agreement by establishing that no additional duty may be applied on an agricultural safeguard good if, at the time

of entry, the good is subject to a measure under the bilateral safeguard mechanism established under Subtitle A of Title III of the bill or under the global safeguard procedures set out in Chapter 1 of Title II of the Trade Act of 1974 ("Section 201").

Section 201(c)(4) of the bill provides that the agricultural safeguard provisions cease to apply with respect to an agricultural safeguard good twelve years after the date of entry into force of the Agreement.

Section 201(c)(5) provides that if an agricultural safeguard good is subject to a tariff-rate quota with an in-quota tariff of zero, any additional agricultural safeguard duties may be applied only on over-quota imports of the good.

Section 201(c)(6) implements Article 3.18(7) of the Agreement by directing the Secretary of the Treasury to notify Chile and provide Chile with supporting data within 60 days of first assessing agricultural safeguard duties on a good.

Section 201(c)(7) requires the President to notify the House Ways and Means and Agriculture Committees and the Senate Finance and Agriculture Committees before agreeing with Chile to modify the "trigger prices" for agricultural goods in Annex 3.18.

Section 201(c)(8) defines certain terms used in section 201(c), including the term "agricultural safeguard good," which is a good that qualifies as an "originating good" under section 202 of the bill, that is included in the U.S. list in Annex 3.18 and for which preferential tariff treatment has been claimed.

Section 201(d) of the bill provides for the conversion of existing specific or compound rates of duty for various products to *ad valorem* rates for purposes of implementing the Agreement's tariff reductions. (A compound rate of duty for a good would be a rate of duty stated, for example, as the sum of X dollars per kilogram plus Y percent of the value of the good.)

b. Duty Drawback

Section 203 of the bill implements Article 3.8 of the Agreement, which will phase out duty drawback and duty deferral programs between the United States and Chile over three years, beginning eight years after the Agreement enters into force, to ensure that neither country can become an "export platform" for materials produced in other regions of the world.

Section 203 makes a number of amendments to current law to implement the Agreement's drawback provisions.

Section 203(a) of the bill defines the term "good subject to Chile FTA drawback" as any good imported into the United States other than a good specifically mentioned in that subsection. The categories track those listed in paragraph four of Article 3.8.

The term "Chile FTA drawback" in the bill refers to the formula used to calculate the amount of the refund, waiver, or remission that will be allowed for duties owed or paid during the

three-year period that drawback is phased out. The formula, which is drawn from Article 3.8(5) of the Agreement, limits the amount of duty paid or owed that may be refunded, waived or reduced to no more than:

- 75 percent during 2012;
- 50 percent during 2013; and
- 25 percent during 2014.

The formula will be applied to drawback claims for duties paid on imported goods that are subsequently exported, as well as duties the payment of which has been deferred because of their introduction into a foreign trade zone or other duty deferral program. Beginning January 1, 2015, with limited exceptions, no drawback will be available for imports from and exports to Chile.

Section 203(b) of the bill amends the applicable provisions of the Tariff Act of 1930 and the Foreign Trade Zones Act to authorize application of Chile FTA drawback to goods subject to Chile FTA drawback that are covered in these provisions. Specifically, with respect to "manufacturing" drawback, section 203(b) amends section 311 of the Tariff Act of 1930 (19 U.S.C. 1311) relating to bonded manufacturing warehouses and section 312 (19 U.S.C. 1312) relating to bonded smelting and refining warehouses. With regard to "same condition substitution" drawback and "substitution" drawback, section 203(b) amends section 313 of the Tariff Act of 1930 (19 U.S.C. 1313) relating to drawback and refunds to apply Chile FTA drawback restrictions to goods subject to Chile FTA drawback. With regard to "same condition" drawback, section 203(b) amends section 562 of the Tariff Act of 1930 (19 U.S.C. 1562) relating to manipulation in bonded warehouse to apply Chile FTA drawback to goods subject to Chile FTA drawback. With regard to duty deferrals allowed under the Foreign Trade Zones Act, section 203(b) amends the Foreign Trade Zones Act to apply the Chile FTA drawback restrictions to goods exported from a foreign trade zone.

Section 203(c) of the bill clarifies that no amendment contained in section 203 authorizes the refund, waiver or reduction of countervailing or antidumping duties imposed on a good imported into the United States. This provision is consistent with Article 3.8(2)(a) of the Agreement, which provides that drawback shall not apply to such duties. Current U.S. law (19 U.S.C. 1677h) does not provide drawback on antidumping or countervailing duties.

Section 209 of the bill makes conforming amendments to section 508(b)(2)(B)(i)(I) of the Tariff Act of 1930 (19 U.S.C. 1508(b)(2)(B)(i)(I)) to reflect changes in paragraph numbering as a result of the above-referenced amendments.

c. Customs User Fee

Section 204 of the bill implements U.S. commitments under Article 3.12(4) of the Agreement, regarding customs user fees on originating goods, by amending section 13031(b) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c). The amendment provides for the immediate elimination of the merchandise processing fee for goods qualifying as originating goods under Chapter 4 of the Agreement. Processing of goods qualifying as originating

goods under the Agreement will be financed by money from the General Fund of the Treasury. This is necessary to ensure that the United States complies with obligations under the General Agreement on Tariffs and Trade 1994 by limiting fees charged for the processing of non-originating imports to amounts commensurate with the processing services provided. That is, fees charged on such non-originating imports will not be used to finance the processing of originating imports.

d. Textile and Apparel Safeguard

Article 3.19 of the Agreement establishes a special procedure and makes remedies available to domestic textile and apparel industries that have sustained or are threatened by serious damage from imports of textile and apparel goods that enjoy preferential tariff rates under the Agreement. The Administration does not anticipate that the Agreement will result in injurious increases in textile and apparel imports from Chile. Nevertheless, the Agreement's textile and apparel safeguard procedure will ensure that relief is available if needed.

The safeguard mechanism applies when, as a result of the elimination of a customs duty under the Agreement, textile or apparel goods from Chile are being imported into the United States in such increased quantities, in absolute or relative terms, and under such conditions as to cause serious damage or actual threat thereof to a U.S. industry producing like or directly competitive goods. In these circumstances, Article 3.19 permits the United States to increase duties on the imported goods to a level that does not exceed the lesser of the prevailing U.S. normal trade relations/most-favored-nation ("NTR/MFN") duty rate for the good or the U.S. NTR/MFN duty rate in effect at the time the Agreement entered into force.

Subtitle B of Title III of the bill (sections 321 through 328) implements the Agreement's textile and apparel safeguard.

Section 321(a) establishes that an interested party may file with the President a request for a textile and apparel safeguard measure. The President is to review a request initially to determine whether to commence consideration of the request on its merits. If the President determines that the request contains information necessary to warrant consideration on the merits then, under section 321(b), the President must provide notice in the *Federal Register* stating that the request will be considered and seeking public comments on the request. The notice will contain the request itself and the dates by which comments and rebuttals must be received.

If the President considers a request under section 321, section 322(a) of the bill provides for the President to determine whether, as a result of the elimination of a duty provided for under the Agreement, a Chilean textile or apparel article is being imported into the United States in such increased quantities, in absolute terms or relative to the domestic market for that article, and under such conditions that imports of the article cause serious damage, or actual threat thereof, to a domestic industry producing an article that is like, or directly competitive with, the imported article. This determination corresponds to the determination required under Article 3.19 of the Agreement.

Section 322(a) of the bill includes criteria for determining serious damage or actual threat thereof, consistent with Article 3.19(2) of the Agreement.

Section 322(b) of the bill identifies the relief that the President may provide to a U.S. industry that the President determines is facing serious damage or actual threat thereof. Such relief may consist of an increase in tariffs to the lower of: (1) the NTR/MFN duty rate in place for the textile or apparel article at the time the relief is granted; or (2) the NTR/MFN duty rate for that article on the day before the Agreement enters into force.

Section 323 of the bill provides that the maximum period of relief under the textile and apparel safeguard shall be three years. If the initial period of import relief is less than three years, the President may extend the relief (to a maximum of three years) if the President determines that continuation is necessary to remedy or prevent serious damage and to facilitate adjustment, and that the domestic industry is, in fact, adjusting to import competition.

Section 324 of the bill provides that relief may not be granted to an article under the textile and apparel safeguard if relief previously has been granted to that article under this safeguard.

Section 325 of the bill provides that on termination of import relief, imports of the textile or apparel article that was subject to the safeguard action will return to duty-free status under the Agreement.

Section 326 of the bill provides that authority to provide relief under the textile and apparel safeguard with respect to any Chilean article will expire eight years after duties on the article are eliminated.

Under Article 3.19(6) of the Agreement, if the United States provides relief to a domestic industry under the textile and apparel safeguard, it must provide Chile "mutually agreed trade liberalizing compensation in the form of concessions having substantially equivalent trade effects or equivalent to the value of the additional duties expected to result from the [safeguard]." If the United States and Chile are unable to agree on trade liberalizing compensation, Chile may increase tariffs equivalently on U.S. goods.

Section 123 of the Trade Act of 1974 (19 U.S.C. 2133), as amended, authorizes the President to provide trade compensation for global safeguard measures taken pursuant to chapter 1 of title II of the Trade Act of 1974. Section 327 of the implementing bill extends that authority to measures taken pursuant to the Agreement's textile and apparel safeguard provisions.

Finally, section 328 of the bill provides that business confidential information submitted in the course of consideration of a request for a textile and apparel safeguard may not be released absent the consent of the party providing the information. It also provides that a party submitting business confidential information in a textile and apparel safeguard proceeding must submit a non-confidential version of the information or a summary of the information.

e. Enforcement of Textile and Apparel Rules of Origin.

In addition to lowering barriers to bilateral trade in textile and apparel goods, the Agreement includes anti-circumvention provisions designed to ensure the accuracy of claims of origin and to prevent circumvention of laws, regulations, and procedures affecting such trade. Article 3.21 of the

Agreement provides for verifications to determine the accuracy of claims of origin for textile and apparel goods and to determine that exporters and producers are complying with applicable laws, regulations, and procedures regarding trade in textile and apparel goods.

Under Articles 3.21(2) and 3.21(3), the United States may make a request to the Government of Chile that a verification be conducted with respect to a Chilean exporter or producer. The object of a verification is to determine the exporter or producer's compliance with applicable customs laws, regulations, and procedures and whether claims of origin regarding textile or apparel goods exported or produced by that person are accurate. The United States may take appropriate action during a verification, including suspending the application of preferential tariff treatment to textile and apparel goods exported or produced by the person subject to the verification. The United States also may take appropriate action if, after 12 months, it is unable to make the requisite determination.

Section 208 of the bill implements Article 3.21 of the Agreement for the United States. Section 208(a) authorizes the President to direct the Secretary of the Treasury to take "appropriate action" while a verification requested by the Secretary is being conducted. Under section 208(b), such action may include, but is not limited to, suspension of liquidation of entries of textile and apparel goods exported or produced by the person that is the subject of the verification and publishing the identity of the person subject to the verification.

Under section 208(c), if the Secretary is unable to confirm within 12 months of a verification request that a claim of origin for a good is accurate or, more generally, that a Chilean exporter or producer is complying with applicable customs laws, regulations, and procedures regarding trade in textile and apparel goods, the President may determine what further "appropriate action" to take. Under section 208(d), this may include publishing the identity of the person subject to the verification, denying preferential tariff treatment under the Agreement to any textile or apparel goods exported or produced by the person subject to the verification, and denying entry of such goods into the United States. Such further appropriate action may last until such time as the Secretary receives information sufficient to make a determination under subsection (a) or until such earlier date as the President may direct.

2. Administrative Action

a. Temporary Admission of Goods and Goods Entered After Repair or Alteration

As discussed above, section 201(a) of the bill authorizes the President to proclaim duty-free treatment for certain goods to carry out Article 3.7 (temporary admission of certain goods) and Article 3.9 (repair or alteration of certain goods) of the Agreement. Implementing the proclamation will require regulations, which will be issued by the Secretary of the Treasury.

b. Distinctive Products

Article 3.15(2) of the Agreement commits the United States to recognize three Chilean products — *Pisco Chileno*, *Pajarete*, and *Vino Asoleado* --- as "distinctive products of Chile." The Alcohol and Tobacco Tax and Trade Bureau will implement this obligation administratively.

c. Textile and Apparel Safeguard

The function of receiving requests for textile and apparel safeguard measures under section 321 of the bill, making determinations of serious damage or actual threat thereof under section 322(a), and providing relief under section 322(b) will be performed by Committee for the Implementation of Textile Agreements ("CITA"), an interagency entity created by Executive Order 11651 that carries out certain textile trade policies for the United States. CITA will perform these functions pursuant to a delegation of the President's authority under the bill.

d. Enforcement of Textile and Apparel Rules of Origin

Under section 208 of the bill, United States customs officials will request Chile to initiate verifications and work with Chilean officials in conducting them. Following a U.S. request for a verification, CITA, by delegation of authority from the President, may direct U.S. officials to take appropriate action described in section 208(b) of the bill while the verification is being conducted. U.S. customs officials will determine whether the exporter or producer that is subject to the verification is complying with applicable customs rules, and whether statements regarding the origin of textile or apparel goods exported or produced by that firm are accurate. If U.S. customs officials determine that an exporter or producer is not complying with applicable customs rules or that it is making false statements regarding the origin of textile or apparel goods, they will report their findings to CITA. Similarly, if U.S. customs officials are unable to make the necessary determination (*e.g.*, due to lack of cooperation by the exporter or producer), they will report that fact to CITA. CITA may direct U.S. officials to take appropriate action described in section 208(d) in the case of an adverse determination or a report that customs officials are unable to make the necessary determination. If the appropriate action includes denial of preferential tariff treatment or denial of entry, CITA will issue an appropriate directive.

Section 208 of the bill provides the exclusive basis in U.S. law for CITA to direct appropriate action implementing Article 3.21 of the Agreement.

Chapter Four (Rules of Origin)

1. Implementing Bill

a. General

Section 202 of the implementing bill codifies the general rules of origin set forth in Chapter 4 of the Agreement. Under the general rules, there are three basic ways for a good of Chile to qualify as an "originating good," and therefore be eligible for preferential tariff treatment when it is imported into the United States. First, a good is an originating good if it is "wholly obtained or produced entirely in the territory of Chile, the United States, or both." The term "goods wholly obtained or produced entirely in the territory of Chile, the United States, or both" is defined in section 202(n)(4) of the bill and includes, for example, minerals extracted in either country, products from animals born and raised in either country, and waste and scrap derived from production of goods that takes place in the territory of either or both countries.

The term "goods wholly obtained or produced entirely in the territory of Chile, the United States, Chile or both" includes "recovered goods." These are parts resulting from the disassembly of used goods, which are brought into good working condition, in order to be combined with other recovered goods and other materials to form "remanufactured goods." The term "remanufactured goods" is separately defined to mean goods listed in Annex 4.18 of the Agreement that (1) are comprised entirely or partially of recovered goods; (2) have the same life expectancy and meet the same performance standards as new goods; and (3) enjoy the same factory warranty as such new goods.

Second, the general rules of origin provide that a good is an "originating good" if those materials used to produce the good that are not themselves originating goods are transformed in such a way that they meet or satisfy a required change in tariff classification or meet other requirements, as specified in Annex 4.1 of the Agreement.

Third, the general rules of origin provide that a good is an "originating good" if the good is produced entirely in the territory of Chile, the United States, or both exclusively from originating materials.

Moreover, the general rules of origin provide that a good is not an "originating good" simply by virtue of combining, packaging, or mere dilution

The remainder of section 202 of the implementing bill sets forth specific rules related to determining whether a good meets the Agreement's requirements for qualifying as an originating good. For example, section 202(b) provides that a good is not disqualified as an originating good if it contains *de minimis* quantities of non-originating materials that do not undergo a required change in tariff classification. Section 202(d) implements provisions in Annex 4.1 of the Agreement that require certain goods to have at least a specified percentage of "regional value content" to qualify as "originating goods." Section 202(d) prescribes alternative methods for calculating regional value content. Other provisions in section 202 address valuation of materials and determination of the originating or non-originating status of fungible goods and materials.

b. Proclamation Authority

Section 202(o)(1) of the bill authorizes the President to proclaim the specific rules of origin in Annex 4.1 of the Agreement. In addition, section 202(o)(2) gives authority to the President to modify certain of the Agreement's specific origin rules by proclamation, subject to the consultation and layover provisions of section 103(a) of the bill. (*See* discussion under item 1.a of Chapter 3, above.)

Various provisions of the Agreement expressly contemplate modifications to the rules of origin. For example, Article 3.20(5) contemplates that the United States and Chile may agree to revise the Agreement's rules of origin for particular textile and apparel goods in light of the availability of fibers, yarns, or fabrics in their respective territories. Article 21.1(3)(b)(ii) of the Agreement authorizes the bilateral Free Trade Commission to approve proposed modifications to any of the Agreement's origin rules.

Section 202(o)(2) of the bill expressly limits the President's authority to modify specific rules of origin pertaining to textile and apparel goods (listed in Chapters 50 through 63 of the HTS). Those rules of origin may be modified by proclamation in only two circumstances: first, to implement an agreement with Chile pursuant to Article 3.20(5) of the Agreement to address commercial availability of particular fibers, yarns, or fabrics; and second, within one year of enactment of the implementing bill, to correct typographical, clerical, or other non-substantive technical errors.

c. Disclosure of Incorrect Information and Denial of Preferential Treatment

Under Article 4.16(4) of the Agreement, neither government may impose a penalty on an importer who makes an invalid claim for preferential tariff treatment under the Agreement if, after discovering that the claim is invalid, the importer voluntarily corrects the claim. Under Article 4.16(5) of the Agreement, a government that determines through verification that an importer has certified more than once, falsely or without substantiation, that a good qualifies as originating may suspend preferential tariff treatment under the Agreement for identical goods imported by that person. The suspension may continue until the importer proves that it has complied with the government's laws and regulations governing claims for preferential tariff treatment.

Section 205(a) of the bill implements Article 4.16(4) for the United States by amending section 592(c) of the Tariff Act of 1930 (19 U.S.C. 1592(c)). Section 205(b) of the bill implements Article 4.16(5) for the United States by amending section 514 of the Tariff Act of 1930 (19 U.S.C. 1514).

d. Claims for Preferential Tariff Treatment

Article 4.12(3) of the Agreement provides that an importer may claim preferential tariff treatment for an originating good within one year of importation, even if no such claim was made at the time of importation. In seeking a refund for excess duties paid, the importer must provide the customs authorities information substantiating that the good was in fact an originating good at the time of importation.

Section 206 of the bill implements U.S. obligations under Article 4.12(3) of the Agreement by amending section 520(d) of the Tariff Act of 1930 (19 U.S.C. 1520(d)) to allow an importer to claim preferential tariff treatment for originating goods within one year of their importation.

e. Recordkeeping Requirements for Exporters and Producers

Under Article 4.12(1)(b) of the Agreement, each government has committed to require an importer claiming preferential tariff treatment under the Agreement for a good to be prepared to submit to the customs authorities a certificate of origin for the good. (The Agreement allows certain exceptions, for example, for goods with a customs value less than or equal to $2,500.) A certificate of origin may be issued by an exporter, importer, or producer of the good. Where issued by an exporter or importer, the certificate must be supported either by the person's knowledge that the good is an originating good or by a separate certificate issued by the producer.

Article 4.14 of the Agreement sets forth certain obligations relating to importations, including record keeping requirements that each government must apply to its importers. U.S. obligations under Article 4.14 are satisfied by current law, including the record keeping provisions in section 508 of the Tariff Act of 1930 (19 U.S.C. 1508).

Article 4.15 sets forth certain obligations relating to exportations, including record keeping requirements that each government must apply to exporters and producers issuing certificates of origin for goods exported under the Agreement. Section 207 of the bill implements Article 4.15 for the United States by amending the customs record keeping statute (section 508 of the Tariff Act of 1930).

As added by section 207 of the bill, subsection (f) of section 508 of the Tariff Act of 1930 first defines the terms "Chile FTA Certificate of Origin" and "records and supporting documents." It then sets forth the requirement that a U.S. exporter or producer issuing a Chile FTA Certificate of Origin make, keep, and, if requested pursuant to rules and regulations promulgated by the Secretary of the Treasury, render for examination and inspection a copy of the certificate and the records and supporting documents. The exporter or producer must keep these documents for five years from the date of issuance of the certificate. New subsection (g) of section 508 of the Tariff Act of 1930 sets forth penalties for violations of this record keeping requirement.

Article 4.15(3) of the Agreement contains provisions regarding incorrect certificates of origin issued by exporters or producers. Where an exporter or producer becomes aware that a certificate of origin contains or is based on incorrect information, it must provide written notice of that fact immediately and voluntarily to every person to whom the exporter or producer issued the certificate. If it does so, neither Party may impose a penalty.

Section 205(a) of the bill implements U.S. obligations under Article 4.15(3) by amending section 592 of the Tariff Act of 1930 (19 U.S.C. 1592). New subsection (g) of section 592, as added by section 205(b), imposes penalties on exporters and producers that issue false Chile FTA Certificates of Origin through fraud, gross negligence, or negligence. These penalties shall not apply where an exporter or producer corrects an error as described above.

2. **Administrative Action**

The rules of origin in Chapter 4 of the Agreement are intended to direct the benefits of tariff elimination under the Agreement principally to firms producing or manufacturing goods in Chile and the United States. For this reason, the rules ensure that a product is eligible for benefits under the Agreement only is it is (1) wholly produced or obtained in one or both countries or (2) undergoes both substantial processing and substantial change in one or both countries.

Section 210 of the bill authorizes the Secretary of the Treasury to prescribe regulations necessary to carry out the rule of origin, duty drawback, and customs user fee provisions of the bill. The Treasury Department will use this authority in part to promulgate any regulations necessary to implement the Agreement's provisions governing claims for preferential treatment. Under Article 4.12 of the Agreement, an importer may claim preferential treatment for particular goods by making a written declaration, and may be asked to demonstrate that the goods satisfy the Agreement's rules of origin. Under Article 4.13 of the Agreement, the importer may satisfy such a request by providing a valid certificate of origin. Subject to certain exceptions, Article 4.16(1) requires that a claim for preferential treatment be granted unless customs officials have information that the claim is invalid or the importer fails to satisfy the Agreement's origin rules. Article 4.16(3) requires that a written determination, with factual and legal findings, be provided if a claim is denied.

Under Article 4.16, the verification methods provided under U.S. law may be used to verify claims that goods imported from Chile satisfy the Agreement's origin rules. Article 3.21 sets out special procedures for verifying claims that textile and apparel goods imported from Chile meet the Agreement's origin rules. U.S. officials will carry out verifications under Articles 4.16 and 3.21 of the Agreement pursuant to authorities under current law.

Chapter Five (Customs Administration)

1. Implementing Bill

No statutory changes will be required to implement Chapter 5.

2. Administrative Action

a. Inquiry Point

Article 5.1(2) of the Agreement requires each government to designate an inquiry point for inquiries from interested persons on customs matters. The U.S. Bureau of Customs and Border Protection will serve as the U.S. inquiry point for this purpose. Consistent with Article 5.1(2), the U.S. Bureau of Customs and Border Protection will post information on the Internet at "www.cbp.gov" on how interested persons can make customs-related inquiries.

b. Advance Rulings

Treasury regulations for advance rulings under Article 5.10 of the Agreement (on classification, valuation, drawback, qualification as an "originating good," and qualification for duty-free treatment for certain goods) will parallel in most respects existing regulations in Part 177 of the Customs Regulations for obtaining advance rulings. For example, a ruling may be relied on provided that the facts and circumstances represented in the ruling are complete and do not change. The regulations will make provision for modifications and revocations as well as for delaying the effective date of a modification where the firm in question has relied on an existing ruling. Advance rulings under the Agreement will be issued within 150 days of receipt of all information reasonably required to process the application for the ruling.

Chapter Six (Sanitary and Phytosanitary Measures)

No statutory or administrative changes will be required to implement Chapter 6.

Chapter Seven (Technical Barriers to Trade)

1. Implementing Bill

No statutory changes will be required to implement Chapter 7.

2. Administrative Action

Article 7.8 of the Agreement establishes a Committee on Technical Barriers to Trade (TBT). A USTR official responsible for TBT matters or trade relations with Chile will serve as the U.S. coordinator.

Chapter Eight (Trade Remedies)

1. Implementing Bill

Subtitle A of Title III of the bill implements in U.S. law the bilateral safeguard provisions set out in Chapter 8 of the Agreement. (As discussed under Chapter Three, above, Subtitle B of Title III of the bill implements the textile and apparel safeguard provisions of Chapter 3 of the Agreement.)

a. Bilateral Safeguard Measures

Sections 311 through 316 of the bill authorize the President, after an investigation and affirmative determination by the U.S. International Trade Commission ("ITC"), to suspend duty reductions or impose duties temporarily at NTR/MFN rates on "Chilean articles" when, as a result of the reduction or elimination of a duty under the Agreement, the article is being imported into the United States in such increased quantities and under such conditions as to be a substantial cause of serious injury or threat of serious injury to a domestic industry that produces a like or directly competitive product. The standards and procedures set out in these provisions closely parallel the procedures set forth in sections 201-204 of the Trade Act of 1974.

Section 301(2) defines the term "Chilean article" for purposes of the safeguard provisions to mean a good qualifying as an "originating good" under section 202(a) of the bill.

Section 301(3) defines the term "Chilean textile or apparel article" as a textile or apparel good of Chile that qualifies as an originating good under section 202(a) of the bill. The term "textile or apparel good" is defined in section 3(3) of the bill as a good listed in the Annex to the WTO Agreement on Textiles and Clothing.

Section 311 provides for the filing of petitions with the ITC and for the ITC to conduct bilateral safeguards investigations. Section 311(a) provides that a petition requesting a bilateral safeguard action may be filed with the ITC by an entity that is "representative of an industry." As under section 202(a)(1) of the Trade Act of 1974, the term "entity" is defined to include a trade association, firm, certified or recognized union, or a group of workers.

Section 311(b) sets out the standard to be used by the ITC in undertaking an investigation and making a determination in bilateral safeguard proceedings.

Section 311(c) makes applicable by reference several provisions of the Trade Act of 1974. These are the definition of "substantial cause" in section 202(b)(1)(B), the factors listed in section 202(c) applied in making determinations, the hearing requirement of section 202(b)(3), and the provisions of section 202(i) permitting confidential business information to be made available under protective order to authorized representatives of parties to a safeguard investigation.

Section 311(d) exempts from investigation under this section Chilean articles that have been the basis previously for according relief to an industry under the bill's bilateral safeguard provisions, or that are subject at the time the petition is filed to relief under the global safeguard statute in chapter 1 of title II of the Trade Act of 1974 ("Section 201").

Section 312(a) establishes deadlines for ITC determinations following an investigation under section 311(b). The ITC must make its injury determination within 120 days of the date on which it initiates an investigation.

Section 312(b) makes applicable the provisions of section 330(d) of the Tariff Act of 1930, which will apply when the ITC Commissioners are equally divided on the question of injury or remedy.

Under section 312(c), if the ITC makes an affirmative determination under section 312(a), it must find and recommend to the President the amount of import relief that is necessary to remedy or prevent the serious injury and to facilitate the efforts of the domestic industry to make a positive adjustment to import competition. The relief that may be recommended by the ITC is limited to that authorized in section 313(c). Similar to procedures under the global safeguards provisions in current law, section 312(c) of the bill provides that only those members of the ITC who agreed to the affirmative determination under section 312(a) may vote on the recommendation of relief under section 312(c).

Under section 312(d), the ITC is required to transmit a report to the President not later than 30 days after making its injury determination. The ITC's report must include: the ITC's determination under section 312(a) and the reasons therefor; if the determination under section 312(a) is affirmative or may be considered to be affirmative by the President, any findings and recommendations for import relief and an explanation of the basis for each recommendation; and any dissenting or separate views of ITC Commissioners. Section 312(e) requires the ITC to publish its report promptly and to publish a summary of the report in the *Federal Register*.

Under section 313(a) of the bill, the President is directed, subject to section 313(b), to take action not later than 30 days after receiving a report from the ITC containing an affirmative determination or a determination that the President may consider to be an affirmative determination. The President must provide import relief to the extent that the President determines is necessary to remedy or prevent the injury found by the ITC and to facilitate the efforts of the domestic industry to make a positive adjustment to import competition. Under section 313(b), the President is not required to provide import relief if the President determines that the relief will not provide greater economic and social benefits than costs.

Section 313(c) sets forth the nature of the relief that the President may provide. In general, the President may take action in the form of:

- a suspension of further reductions in the rate of duty to be applied to the articles in question; or

- an increase in the rate of duty on the articles in question to a level that does not exceed the lesser of the existing NTR/MFN rate or the NTR/ MFN rate of duty imposed at the time the Agreement entered into force.

If the relief the President provides has a duration greater than one year, it must be subject to progressive liberalization at regular intervals over the course of its application.

Section 313(d) provides that the period for import relief under the bilateral safeguard shall not exceed three years. If the initial period of import relief is less than 3 years, the President may extend the relief (to a maximum of 3 years) if the President determines that continuation of relief is necessary to remedy or prevent serious injury and to facilitate adjustment to import competition, and that there is evidence that the industry is making a positive adjustment to import competition. That determination must follow an affirmative determination by the ITC to the same effect.

Section 313(e) specifies the duty rate to be applied to Chilean articles after termination of a bilateral safeguard action. Upon the termination of relief, the rate of duty for the remainder of the year is to be the rate that was scheduled to have been in effect one year after the initial provision of import relief. For the rest of the duty phase-out period, the President may set the duty:

- at the rate called for under the U.S. tariff phase-out schedule; or

- in a manner that eliminates the tariff in equal annual stages ending on the date set out in that schedule.

Section 313(f) exempts from import relief any article subject to import relief under the global safeguard provisions in U.S. law (chapter 1 of title II of the Trade Act of 1974).

Section 314 provides that the President's authority to take action under the bilateral safeguards provision expires at the end of the appropriate "transition period," which is ten years for most goods, and twelve years in the case of goods with a duty phase-out of twelve years. The

President may not take action under the bilateral safeguards provision after the expiration of the transition period.

Section 315 allows the President to provide trade compensation to Chile, as required under Chapter 8 of the Agreement, when the United States imposes relief through a bilateral safeguard action. Section 315 provides that for purposes of section 123 of the Trade Act of 1974, which allows the President to provide compensation for global safeguards, any relief provided under section 313 will be treated as an action taken under the global safeguard provisions of U.S. law (sections 201-204 of the Trade Act of 1974).

Section 316 amends section 202(a) of the Trade Act of 1974 to provide that the procedures in section 332(g) of the Tariff Act of 1930 with respect to the release of confidential business information are to apply to bilateral safeguard investigations.

The Administration has not provided classified information to the ITC in past safeguard proceedings and does not expect to provide such information in future proceedings. In the unlikely event that the Administration provides classified information to the ITC in such proceedings, that information would be protected from publication in accordance with Executive Order 12958.

2. Administrative Action

No administrative changes will be required to implement Chapter 8.

Chapter Nine (Government Procurement)

1. Implementing Bill

No statutory changes will be required to implement Chapter 9.

2. Administrative Action

Annex 9.1 of the Agreement establishes thresholds for procurements above which U.S. Government procuring entities must allow Chilean suppliers to bid in accordance with the rules set forth in Chapter 9 of the Agreement. USTR will notify the Federal Acquisition Regulation (FAR) Council of these thresholds. The FAR Council will then incorporate the thresholds into the FAR.

Chapter Ten (Investment)

1. Implementing Bill

Section 106 of the bill authorizes the United States to use binding arbitration to resolve claims covered by Article 10.15(1)(a)(i)(C) or Article 10.15(1)(b)(i)(C) of the Agreement. Articles 10.15(1)(a)(i)(C) and 10.15(1)(b)(i)(C) implicate disputes over government contracts, and section 106 of the bill clarifies that the United States consents to the arbitration of such disputes. No statutory authorization is required for the United States to engage in binding arbitration for other claims covered by Article 10.15. Provisions allowing arbitration of contract claims have regularly been included in U.S. bilateral investment treaties over recent decades.

Section 106 also states that all contracts executed by any agency of the United States on or after the date of entry into force of the Agreement shall contain a clause specifying the law that will apply to resolve any breach of contract claim in the event such a claim is submitted to binding arbitration.

2. Administrative Action

The Administration will examine the need for additional regulatory or other administrative measures that may be necessary to ensure that contracts to which the United States is a party include appropriate choice of law provisions.

Chapter Eleven (Cross-Border Trade in Services)

No statutory or administrative changes will be required to implement Chapter 11.

Chapter Twelve (Financial Services)

No statutory or administrative changes will be required to implement Chapter 12.

Chapter Thirteen (Telecommunications)

No statutory or administrative changes will be required to implement Chapter 13.

Chapter Fourteen (Temporary Entry of Business Persons)

1. Implementing Bill

Title IV of the bill implements U.S. commitments under Chapter 14 of the Agreement, which governs the temporary entry of business persons. In general, Chapter 14 is consistent with existing provisions of the Immigration and Nationality Act ("INA"). The four categories of persons eligible for admission under the Agreement's expedited procedures correspond to existing INA nonimmigrant and related classifications.

In order to provide for the admission of business visitors and intra-company transferees, no changes in U.S. statutes are required. Limited technical changes are needed to provide for the admission of traders and investors and professionals. Legislation is also required to implement Article 14.3(2) of the Agreement regarding labor disputes.

a. Traders and Investors

Under Section B of Annex 14.3 of the Agreement, citizens of Chile are eligible for temporary entry as traders and investors. This category provides for admission under requirements identical to those governing admission under INA section 101(a)(15)(E) (8 U.S.C. 1101(a)(15)(E)), which permits entry for persons to carry on substantial trade in goods or services or to develop and direct investment operations.

Section 101(a)(15)(E) currently conditions admission into the United States upon authorization pursuant to a treaty of commerce and navigation. Since the Agreement is not a treaty of commerce and navigation, and no such treaty exists between the United States and Chile, legislation is necessary to accord treaty trader and investor status to Chilean citizens qualifying for entry under Section B.

Section 401 of the bill does not amend section 101(a)(15)(E). Instead, it uses a mechanism similar to that provided in section 341(a) of the North American Free Trade Agreement Implementation Act, which in turn was based upon the Act of June 18, 1954 (68 Stat. 264, 8 U.S.C. 1184a). The Act of June 18, 1954 conferred treaty trader and investor status upon nationals of the Philippines on a basis of reciprocity secured by an agreement entered into by the President of the United States and the President of the Philippines.

b. Professionals

Section 402(a) of the bill amends section 101(a)(15)(H)(i) of the INA (8 U.S.C. 1101(a)(15)(H)(i)), which defines certain categories of persons entitled to enter the United States as

nonimmigrant professionals. Section 402(a) of the bill inserts new subclause (b1) into INA section 101(a)(15)(H)(i). Subclause (b1) establishes a new category of aliens entitled to enter the United States temporarily as nonimmigrants. These aliens are citizens of countries with which the United States has entered into free trade agreements listed in INA section 214(g)(8)(A), as amended by the bill, and who seek to come to the United States temporarily to engage in business activities at the professional level. To qualify as a professional for purposes of subclause (b1), a person must be engaged in a specialty occupation requiring (1) theoretical and practical application of a body of specialized knowledge, and (2) attainment of a bachelor's degree or higher degree in the specific specialty (or the equivalent of such a degree) as a minimum for entry into the occupation in the United States. It is intended that the definition of "specialty occupation" in the amendment to the INA made by section 402(a)(1) of the implementing bill will be interpreted in a manner similar to the interpretation of the definition of "specialty occupation" under section 214(i) of the INA.

Entry into the United States under section 101(a)(15)(H)(i)(b1) would be subject to annual numerical limits established by the Secretary of Homeland Security as provided for in the applicable agreement, and as set forth in INA section 214(g)(8)(B), as added by the bill. The Department of Labor will also issue regulations governing temporary entry of professionals under this new provision of law. These amendments to the INA implement Section D of Annex 14.3 of the Agreement.

Annual numerical limits under the H-1B program, set forth in INA section 214(g)(1)(A), will be reduced by the annual numerical limits set forth in new INA section 214(g)(8)(B). However, if at the end of a fiscal year the limits under section 214(g)(8)(B) have not been exhausted, the H-1B limit for that fiscal year may be adjusted by the amounts remaining under section 214(g)(8)(B). Visas may be issued under the H-1B program pursuant to such adjustment to persons who applied for H-1B visas in the year for which the adjustment was made. These visas may be issued only during the first 45 days of the next fiscal year.

A person's status under section 101(a)(15)(H)(i)(b1) will be valid for one year at a time, renewable in one-year increments (subject to conditions discussed below concerning the labor attestation made by the alien's employer). Continuation of such status will not count against the applicable numerical limit in INA section 214(g)(8)(B). However, after the fifth extension of an alien's status under section 101(a)(15)(H)(i)(b1), subsequent extensions will count against the H-1B numerical limit set forth in INA section 214(g)(1)(A).

Existing INA section 101(a)(15)(H) also provides for the entry of spouses and children accompanying or following to join business persons entering under new subclause (b1). The purpose of this provision is to grant express authorization for the admission of such persons, but not allow them to be employed in the United States unless they independently meet all applicable INA requirements.

Persons seeking temporary entry into the United States under section 101(a)(15)(H)(i)(b1) will be:

- considered to be seeking nonimmigrant status;

- subject to general requirements relating to admission of nonimmigrants, including those pertaining to the issuance of entry documents and the presumption set out in INA section 214(b) (8 U.S.C. 1184(b)); and

- accorded nonimmigrant status on admission.

This treatment also codifies current practice.

It should be noted that while there are many similarities between the way professionals would be treated under section 101(a)(15)(H)(i)(b1) of the INA, as added by the bill, and the way H-1B professionals are treated, a determination of admissibility under subclause (b1) will neither foreclose nor establish eligibility for entry as an H-1B professional. Further, section 101(a)(15)(H)(i)(b1) does not authorize a professional to establish a business or practice in the United States in which the professional will be self-employed.

Certain provisions of the H-1B program are due to expire at the end of fiscal year 2003. In future legislation, Congress may extend or modify those provisions. It is recognized that, should Congress extend or modify provisions of the H-1B program, it may make corresponding modifications to the amendments to the INA made by the implementing bill, to the extent consistent with the obligations of the United States under the Agreement. In particular, section 402(d) of the bill amends section 214(c) of the INA to establish that any fee charged for issuance of a visa pursuant to the H-1B program will also be charged for issuance of a visa pursuant to INA section 101(a)(15)(H)(i)(b1). Such fees will be used for worker training, scholarships, and other purposes for which H-1B fees are used, as described in INA section 286(s).

c. Numerical Limitations

Paragraph six of Section D of Annex 14.3 of the Agreement permits the United States to establish an annual numerical limit on temporary entries under the Agreement of Chilean professionals. Under new paragraph (8)(B) of INA section 214(g) added by section 402(a) of the bill, the Secretary of Homeland Security will issue regulations establishing an annual limit of up to 1,400 new temporary entry applications from Chilean professionals, as provided in Appendix 14.3(D)(6) of the Agreement.

As discussed above, the annual numerical limits applicable under the H-1B program will be adjusted in light of the numerical limits established under INA section 214(g)(8)(B).

d. Labor Attestations

Under section (D)(5) of Annex 14.3 of the Agreement, the United States may require that an attestation of compliance with labor and immigration laws be made a condition for the temporary entry of Chilean professionals. This provision allows U.S. labor and immigration officials to ensure that U.S. employers are not hiring Chilean professionals as a way to put pressure on U.S. employees to accept lower wages or less favorable terms and conditions of employment.

Section 402(b) of the bill implements the attestation requirement under the Agreement. Section 402(b) of the bill amends section 212 of the INA (8 U.S.C. 1182) by adding a new subsection (t) to the end of that section.

INA section 212(t)(1), as added by section 402(b) of the bill, requires a U.S. employer seeking a temporary entry visa for a Chilean professional to file an attestation with the Secretary of Labor. The attestation will consist of four core elements similar to those required for attestations under the H-1B visa program. *See* 8 U.S.C. 1182(n)(1)(A)-(C). Thus, an employer must attest that:

- It will pay the employee the higher of (a) the actual wage paid to all other individuals with similar experience and qualifications for the specific employment in question, or (b) the prevailing wage level for the occupational classification in the area of employment.
- It will provide working conditions for the employee that will not adversely affect the working conditions of workers similarly employed.
- There is no strike or lockout in the course of a labor dispute in the occupational classification at the place of employment.
- The employer has provided notice of its attestation to its employees' bargaining representative in the occupational classification in the area for which the employee is sought or, absent such a representative, has otherwise notified its employees.

An attestation is required in connection with a professional's initial admission into the United States pursuant to INA section 101(a)(15)(H)(i)(b1). A professional's nonimmigrant status under section 101(a)(15)(H)(i)(b1) is valid for one year at a time, renewable in one year increments. Pursuant to INA section 214(g)(8)(C), as added by the bill, for a professional whose status under section 101(a)(15)(H)(i)(b1) is extended, a new attestation must filed every three years for the duration of the professional's continuation of nonimmigrant status under section 101(a)(15)(H)(i)(b1).

The remainder of new INA section 212(t) contains provisions for enforcing the labor attestation requirement. Like the contents of the attestation itself, the enforcement requirements are based on requirements under the H-1B visa program.

INA section 212(t)(2)(A) requires an employer to make copies of labor attestations (and such accompanying documents as are necessary) available for public examination at the employer's principal place of business or worksite.

INA section 212(t)(2)(B) requires the Secretary of Labor to compile a list of all labor attestations filed including, with respect to each attestation, the wage rate, number of alien professionals sought for employment, period of intended employment, and date of need. These lists will be available for public examination at the Department of Labor in Washington, D.C.

INA section 212(t)(2)(C) provides that the Secretary of Labor shall accept a labor attestation within seven days of filing and issue the certification necessary for an alien to enter the United States as a nonimmigrant under INA section 101(a)(15)(H)(i)(b1), unless the attestation is incomplete or obviously inaccurate.

INA section 212(t)(3)(A) requires the Secretary of Labor to establish a process for the receipt, investigation, and disposition of complaints respecting an employer's failure to meet a condition specified in a labor attestation or an employer's misrepresentation of material facts in such an attestation. Section 212(t)(3) also sets forth penalties that may be imposed for violation of the labor attestation requirements, including monetary fines and denial of applications for visas under INA section 101(a)(15)(H)(i)(b1) for specified periods.

INA section 212(t)(4) defines certain terms used in INA section 212(t).

e. Labor Disputes

Article 14.3(2) of the Agreement establishes an important safeguard for the domestic labor force in the United States and Chile, respectively. It permits either government to refuse to issue an immigration document authorizing employment where the temporary entry of a business person might affect adversely the settlement of a labor dispute or the employment of a person involved in such dispute. Article 14.3(2) thus allows the United States to deny temporary entry to a Chilean business person whose activities in the United States require employment authorization if admission might interfere with an ongoing labor dispute. If the United States invokes Article 14.3(2), it must inform the business person in writing of the reasons for its action and notify Chile.

Section 403 of the bill implements Article 14.3(2) of the Agreement by amending INA section 214(j) (8 U.S.C. 1184(j)), designating current subsection (j) as paragraph (1) and inserting a new paragraph (2).

New paragraph (2) of INA section 214(j) provides authority to refuse nonimmigrant classification under specified circumstances to a Chilean business person seeking to enter the United States under and pursuant to the Agreement. In particular, nonimmigrant classification may be refused if there is a labor dispute affecting the relevant occupational classification at the Chilean business person's place of employment or intended place of employment in the United States, unless that person establishes, pursuant to regulations issued by the Secretary of Homeland Security after consultations with the Secretary of Labor, that the business person's entry will not adversely affect the settlement of the labor dispute or the employment of any person involved in the labor dispute.

New paragraph (2) of INA section 214(j) also requires the provision of notice to the affected Chilean business persons and to Chile of a determination to deny nonimmigrant classification, as required under Article 14.3(3) of the Agreement.

As discussed above, an employer seeking to hire a Chilean professional under new section 101(a)(15)(H)(i)(b1) of the INA must submit an attestation in compliance with all of the conditions set forth in new section 212(t)(1) of the INA. If the employer is unable to make the necessary

attestation, due to a strike or lockout in the professional's occupational classification, then the Chilean professional will not be admitted to enter the United States under section 101(a)(15)(H)(i)(b1), notwithstanding new INA section 214(j)(2).

INA section 214(j)(2) as inserted by the bill applies only to requests for temporary entry by traders and investors, intra-company transferees, and professionals---*i.e.*, the categories of nonimmigrants that require employment authorization under U.S. law (corresponding to Sections B, C, and D of Annex 14.3 of the Agreement). Employment in the U.S. labor market is not permitted for business visitors, as defined in INA section 101(a)(15)(B) (8 U.S.C. 1101(a)(15)(B)) (corresponding to Section A of Annex 14.3 of the Agreement); violations of status under that provision that involve labor disputes are fully redressable under existing law.

Section 214(j)(2) is similar to existing INA provisions that prohibit admission in certain circumstances where interference with a labor dispute may result. For example, under INA section 212(n)(1)(B) (8 U.S.C. 1182(n)(1)(B)), the U.S. employer sponsoring an alien for admission must certify that there is no strike or lockout in the occupational classification at the place of employment. Additionally, section 214(j)(2) will supplement INA section 237(a)(1)(C) (8 U.S.C. 1227(a)(1)(C)) and related INA provisions that now authorize deportation of an alien admitted under a particular nonimmigrant category if the alien ceases to perform the type of work permitted under that category or misrepresented the nature of the work at the time of admission. The Department of Labor will provide strike certifications to the Department of Homeland Security, as it has provided to the Immigration and Naturalization Service under existing provisions, pursuant to 8 C.F.R. 214.2(h)(17).

2. Administrative Action

Chile will be added to the list of countries, maintained by the Department of State, whose citizens are eligible for treaty trader and treaty investor status under INA section 101(a)(15)(E).

With respect to professionals provided for under Section D of Annex 14.3 of the Agreement, in all cases where a state license is required to engage in a particular activity in the United States, such professionals will be required to obtain the appropriate state license.

Pursuant to INA section 214(g)(8)(B) as added by section 402(a) of the bill, the Secretary of Homeland Security will issue regulations implementing the numerical limits set forth in Appendix 14.3(D)(6) of the Agreement. The Secretary of Labor will issue regulations implementing the labor attestation provisions in new subsection (t) of INA section 212. The administrative agencies responsible for administering the other amendments to the INA described above will promulgate regulations to implement those amendments.

Chapter Fifteen (Electronic Commerce)

No statutory or administrative changes will be required to implement Chapter 15.

Chapter Sixteen
(Competition Policy, Designated Monopolies, and State Enterprises)

No statutory or administrative changes will be required to implement Chapter 16.

Chapter Seventeen (Intellectual Property Rights)

No statutory or administrative changes will be required to implement Chapter 17.

Chapter Eighteen (Labor)

1. Implementing Bill

No statutory changes will be required to implement Chapter 18.

2. Administrative Action

Article 18.4(3) of the Agreement calls for each government to designate an office to serve as the contact point for implementing the Agreement's labor provisions. The Department of Labor's Bureau of International Labor Affairs will serve as the U.S. contact point for this purpose.

Chapter Nineteen (Environment)

No statutory or administrative changes will be required to implement Chapter 19.

STATEMENT ON HOW
THE UNITED STATES-CHILE FREE TRADE AGREEMENT
MAKES PROGRESS IN ACHIEVING
U.S. PURPOSES, POLICIES, OBJECTIVES, AND PRIORITIES

A. INTRODUCTION

The United States-Chile Free Trade Agreement (FTA) makes progress in achieving the applicable purposes, policies, objectives, and priorities of the Bipartisan Trade Promotion Authority Act ("TPA act"). This Statement describes how and to what extent the applicable purposes, policies, objectives, and priorities are achieved through the FTA.

The U.S.-Chile FTA is the first U.S. free trade agreement with a South American nation. The agreement will level the competitive trade playing field for U.S. farmers, ranchers, and businesses seeking to sell their products and services to Chile. The Chilean government currently gives commercial preferences to a variety of other countries, including Canada, Mexico, and the 15 countries of the European Union, under existing free trade arrangements.

In addition to eliminating tariffs on all goods traded between the United States and Chile, the FTA will substantially reduce barriers to bilateral trade in services and investment. The agreement also contains state-of-the-art provisions in areas such as services, intellectual property rights, electronic commerce, customs and trade facilitation, dispute settlement, and labor and environmental protection.

Along with the U.S.-Singapore FTA, the U.S.-Chile FTA is an integral part of the Administration's larger strategy of opening markets around the world through global, regional, and bilateral trade and investment initiatives. Several of the agreement's provisions will serve as useful precedents in negotiations currently underway to conclude a Free Trade Area of the Americas as well as a free trade agreement with Central American countries.

The U.S.-Chile FTA meets or exceeds the applicable purposes, policies, objectives, and priorities that the Congress spelled out in the TPA act. Accordingly, President Bush strongly believes that the Congress should approve this FTA and enact the legislation needed to implement it.

B. OVERALL TRADE NEGOTIATING OBJECTIVES

The TPA act sets out a variety of "overall trade negotiating objectives" that call for future U.S. trade agreements to: (1) open markets by eliminating or reducing barriers to and distortions of trade and creating market opportunities, in particular for small businesses, (2) further strengthen international trading disciplines, (3) foster economic growth in the United States and globally, and (4) promote environmental and worker rights policies in the context of trade. The U.S.-Chile FTA builds on the foundation of existing trade agreements to make substantial progress in achieving each of these objectives.

1. Market Opening

The FTA will significantly improve prospects for U.S. goods exports to Chile. Chile currently imposes a 6% duty on most imports from the United States. Immediately after the agreement takes effect, more than 85% of U.S. exports of industrial and consumer products to Chile will become duty-free. Chile will eliminate its tariffs on the majority of other U.S. industrial and consumer products within four years, and will phase out its tariffs on all such products within 10 years.

When the FTA takes effect Chile must also stop imposing a 50% surcharge on imports of used goods from the United States, including capital goods. In addition, the agreement requires Chile to eliminate its 75% automobile luxury tax in four years. During the four-year transition period, the price threshold for imposing the tax will increase by $2,500 each year. In addition, the agreement calls for both countries to immediately eliminate existing tariffs on imports of textiles and apparel products that meet the agreement's "yarn-forward" rule of origin. This aspect of the agreement will create new opportunities for U.S. and Chilean fiber, yarn, fabric, and apparel manufacturing industries.

U.S. exporters of price-sensitive products such as paper products, plastics, heating and other equipment, fertilizer, wheat, corn, and soybeans should particularly benefit from elimination of Chile's tariffs. The FTA will require Chile to eliminate its tariffs on more than three-quarters of all agricultural products within four years and on all remaining agricultural products over 12 years.

U.S. services companies should gain substantially from the agreement as well. The agreement expands or locks in current U.S. access to key services markets in Chile, particularly in the financial services, telecommunications, express delivery, professional, audiovisual, tourism, environmental, and educational services sectors.

2. Stronger International Trade Disciplines

The U.S.-Chile FTA establishes binding rules-of-the-road to protect electronic trade in digital products such as software, music, images, videos, and text. The agreement draws from traditional trade principles to fashion customized nondiscrimination rules that will apply specifically to electronic commerce. These rules will ensure even-handed treatment for U.S. firms that deliver digital products to Chile via the Internet. The FTA also limits customs duties on digital products imported through conventional means and prohibits tariffs outright when digital products are delivered over the Internet. The agreement's provisions on electronic commerce, together with those in the recently concluded U.S.-Singapore FTA, will serve as a model for progress in this emerging area in future bilateral, regional, and global trade agreements.

The FTA recognizes that workers and firms can fully realize the agreement's market-opening potential only if it imposes disciplines that clarify and proceed from those currently in place through other agreements. Thus, the agreement creates new rules on intellectual property rights (IPR) that clarify and build upon those in the WTO "TRIPS" agreement to strengthen enforcement and enhance rules for protecting IPR.

The FTA also includes detailed rules governing trade and investment in telecommunications services, imposing market-opening disciplines that extend beyond those in place under the WTO. In addition, the agreement contains innovative procedures for settling disputes that may arise under the FTA, including provisions for monetary assessments to back up dispute panel decisions.

3. Foster Economic Growth

According to an independent study using the Michigan model of world production and trade to predict certain economic effects of various free trade agreements, the U.S.-Chile FTA could boost annual global welfare by $5.0 billion when fully implemented. In absolute terms, most of this positive welfare effect will be enjoyed by the United States ($4.4 billion, or 0.05% of GNP). Chile's annual welfare will increase by $550 million (0.7% of GNP). Formal models, such as the Michigan model, however, tend to underestimate the benefits of free trade agreements because their scope is limited (*e.g.*, they fail to assess the impact of rules changes such as improved IPR protection and high product aggregation) and because they do not necessarily measure all of the agreement's anticipated effects (*e.g.*, they fail to estimate or fully estimate dynamic or intermediate growth gains from trade liberalization). It is clear, however, that the FTA will contribute to economic growth in both countries and in global trade.

4. Labor Rights and Environmental Protection

Trade agreements can, and should, complement efforts to protect worker rights and enhance environmental protection. Accordingly, the U.S.-Chile FTA includes meaningful commitments by each government on labor and environmental protection.

Both governments reaffirm through the agreement their respective obligations as members of the International Labor Organization (ILO) and under the 1998 ILO *Declaration on Fundamental Principles and Rights at Work*. The agreement also commits each government to strive to ensure it does not waive or derogate from its domestic labor laws in a manner that weakens or reduces its adherence to internationally recognized labor rights as an encouragement for trade or investment with the other party. Moreover, while recognizing each party's right to establish its own labor laws, exercise its discretion in investigatory, regulatory, prosecutorial, and compliance matters, and allocate enforcement resources, the agreement commits both Chile and the United States not to fail to effectively enforce domestic labor laws on a sustained or recurring basis in a manner affecting bilateral trade.

Similarly, the FTA commits each government to ensure that its laws provide for high levels of environmental protection and to strive to improve those levels. As is the case for labor law enforcement, the FTA contains a binding commitment on effective environmental law enforcement, while recognizing each government's right to establish its own environmental laws, and exercise discretion in regulatory, prosecutorial, and compliance matters. The agreement also includes language similar to that on labor rights that requires each government to strive to ensure it does not waive or derogate from its environmental laws in a manner that weakens or reduces protections under those laws in order to seek investment or encourage trade with the other country. In addition, the FTA includes provisions that will remove barriers to bilateral trade in environmental products and services, with the potential to reduce costs for purchases of pollution abatement and other environmental equipment.

C. PRINCIPAL TRADE NEGOTIATING OBJECTIVES

The TPA act also establishes a variety of "principal trade negotiating objectives." The U.S.-Chile FTA makes substantial progress toward each of the applicable principal goals set out in the act.

1. Opening Markets for U.S. Goods

Chile's commitment under the agreement to eliminate all import duties will create new export opportunities for U.S. industrial, consumer, and agricultural products. By eliminating Chile's import duties, the agreement will make U.S. products more competitive with goods from a variety of other countries whose products currently benefit from lower duty rates under free trade arrangements they have concluded with Chile. In addition, the agreement will require Chile to eliminate burdensome fees on U.S. exports of used goods and higher-priced automobiles, and accord duty-free treatment to environmentally-friendly recycled goods, thus improving the prospects for exports of these U.S. products to Chile.

The agreement also commits Chile for the first time to open its procurement market to U.S. firms. The FTA will provide opportunities for U.S. firms to supply goods and services to 20 Chilean national government departments and agencies, as well as regional governments, in procurements valued at $56,000 or more for goods and services. U.S. firms will also be able to bid on contracts with 341 Chilean municipalities above specified thresholds ($460,00 for goods and services), as well as with 11 Chilean government-related entities. U.S. companies will also be authorized to compete for construction contracts of $6.481 million or more.

The FTA's procurement provisions also provide comprehensive rules prohibiting Chile from discriminating in its purchasing practices against U.S. goods, services, and suppliers and requiring Chile to apply fair and transparent procurement procedures. While Chile, unlike the United States, is not a party to the WTO Agreement on Government Procurement, the government procurement rules in the FTA broadly resemble WTO procurement rules.

The agreement also commits Chile and the United States to increase cooperation in the areas of technical regulations, standards, and conformity assessment procedures to prevent unnecessary technical barriers to trade that hinder U.S. companies from taking advantage of open markets.

2. Opening Markets for U.S. Services

The U.S.-Chile FTA will reduce barriers and create new market opportunities in Chile for key U.S. services and will lock in access in sectors where Chile's services market is already open. The agreement includes a market-opening services framework based in substantial part on a trade-liberalizing "negative list" approach. This means that all services sectors are protected under the agreement's rules unless a government has negotiated a specific exemption in that sector.

The agreement will either open or lock in substantial access to Chile's services markets in such priority U.S. services export sectors as financial services, telecommunications, express delivery, computer and related services, distribution services (wholesaling, retailing, and franchising), professional services, advertising, audiovisual services, education and training, tourism, construction and engineering, energy services, and environmental services. The agreement's market-opening provisions are complemented by state-of-the art rules governing regulatory transparency – rules that are especially important given the highly regulated nature of many services industries.

In the financial services sector, Chile will ensure that U.S. firms may continue freely to supply banking, securities, and asset management services in Chile through their offices in that country and to provide financial advisory and information services from the United States to customers in Chile. The FTA also commits Chile not to require U.S. firms to demonstrate a benefit to the Chilean economy before they can establish special companies authorized to manage contributions under Chile's mandatory pension system. In addition, beginning March 1, 2005, U.S. mutual funds will be free to manage voluntary contributions to Chile's pension system on the same footing as Chilean-owned firms. The FTA also will ensure that when U.S. investment firms establish mutual funds in Chile they can use portfolio managers based in the United States to manage the securities included in those funds.

The FTA will also ensure that Chile continues to allow U.S. firms to provide insurance to customers in Chile through subsidiary offices located there, including life and non-life insurance, reinsurance, insurance intermediation, and insurance auxiliary services. In addition, no later than four years after the agreement takes effect, Chile will allow U.S. insurance companies to begin doing business through branches in Chile. Chile will also allow U.S. insurance companies for the first time to provide from the United States to customers in Chile marine, aviation, and transport insurance ("MAT insurance") and intermediation of reinsurance and MAT insurance. The agreement will also ensure that U.S. firms may continue to provide Chilean customers

reinsurance and certain insurance auxiliary services (such as insurance consulting, actuarial, and risk assessment services) from the United States. In addition, the FTA calls on Chile to maintain or adopt policies that allow licensed U.S. insurers to provide new insurance products to their business customers in Chile without prior regulatory approval.

The FTA guarantees continued, unimpeded access to Chile's telecommunications market virtually across-the-board to U.S. telecom companies. Under the WTO, Chile has not committed to allow competition in its market for local telecommunications services. By contrast, the FTA ensures that U.S. telecom companies will be free to enter any telecom sector in Chile, whether by acquiring or building local facilities, linking their U.S. networks with networks in Chile, or leasing lines from firms in Chile. The FTA commits Chile's telecom regulatory authorities to use open and transparent administrative procedures, ensure that U.S. firms have fair and non-discriminatory access to public telephone networks, consult with interested parties before issuing regulations, solicit public comments for proposed rules, and publish all pertinent regulations.

The agreement commits Chile to refrain from imposing restrictions on express delivery services, thus locking in Chile's open market for these services. The FTA includes an innovative, comprehensive definition of express delivery services that will ensure that Chile's commitments in this area cover the full spectrum of activities that form part of these services. The agreement also expresses Chile's intention not to use funds from its postal monopoly to give Chilean express delivery firms an unfair commercial advantage.

The FTA will broadly ensure that Chile does not discriminate against U.S. film, television, and other audiovisual firms in favor of domestic or third country producers. The agreement permits only a few, narrowly tailored exceptions to the FTA's non-discrimination rules in this sector. Thus, while the agreement provides Chile with the flexibility it needs to address its cultural promotion interests, it does so without including a broad "cultural exception" that could be used to justify discriminatory or protectionist regulations aimed at U.S. film and television producers.

The agreement requires Chile to provide largely open access to its professional services marketplace for U.S. suppliers – including for lawyers, architects, engineers, and accountants. The few entry limitations that Chile has retained under the FTA in the professional services sector – such as a citizenship requirement for admission to the Chilean bar – are not expected to be commercially significant. The FTA also includes an annex calling for the two countries to explore mutual recognition agreements for each other's professionals.

The FTA will also ensure that Chile will provide liberal access for U.S. firms to its tourism services sector, including operation of hotels, motels, and restaurants, and will provide largely unrestricted U.S. access to its market for environmental services. In addition, under the agreement, Chile will defer application of its local employment rules for new market entrants from the United States for the first 18 months after they begin operations in Chile, thus allowing

U.S. firms to bring in qualified U.S. personnel to establish their Chilean enterprises on a rapid and sure footing.

3. Foreign Investment

The FTA commits Chile to provide a strong and predictable legal framework for U.S. investors, including direct ownership by U.S. firms of companies, real estate, intellectual property rights, concessions, permits, and debt instruments in Chile. Except for certain specified exceptions, the FTA will give U.S. investors the opportunity to establish, acquire, and operate investments in Chile on the same basis as Chilean investors or other foreign investors – across the full spectrum of economic activity.

Under the agreement, Chile will provide U.S. investors due process rights, and recourse in the event of expropriations, that are consistent with U.S. legal principles and practice. For example, the FTA includes protection against denials of justice in accordance with the principle of due process embodied in the principal legal systems of the world. The text thus makes explicit that the treatment required by this obligation is grounded in, and does not extend beyond, the due process standards embraced by the United States and other major legal systems of the world.

With regard to recourse in the event of expropriations, the FTA draws heavily from principles developed in U.S. takings law under the Fifth Amendment of the Constitution. The FTA clarifies, for example, that takings are limited to property rights and property interests, not other types of interests, and incorporates tests used by the U.S. Supreme Court to determine whether a regulatory taking has occurred. The expropriation provisions also recognize that, as is the case in U.S. practice, nondiscriminatory regulatory actions designed and applied to protect legitimate public welfare objectives only rarely result in expropriation. While the FTA commits the United States to continue to provide Chilean investors a high level of protection and due process, the agreement gives Chilean firms no greater substantive rights than U.S. companies already enjoy in the United States.

The FTA also commits Chile not to burden U.S. investors with protectionist "performance requirements" – such as rules requiring investors to buy local products – and ensures that Chile will allow U.S. investors to transfer funds related to their investments in and out of Chile.

The agreement includes investor-State arbitration procedures that will provide a fair and expeditious means of addressing disputes. The arbitration provisions incorporate procedures intended to increase public access to information regarding arbitration proceedings. The FTA requires, for example, that all documents in investor-State arbitrations, except for business confidential and other legally confidential information, be made public promptly. In addition, all hearings in arbitration proceedings are to be open to the public. The FTA also gives tribunals the authority to accept *amicus* submissions from the public and includes provisions based on those used in U.S. courts to quickly dispose of frivolous claims.

4. Intellectual Property

The U.S.-Chile FTA clarifies and builds on existing international standards for the protection and enforcement of intellectual property rights, with an emphasis on new and emerging technologies. The agreement ensures that Chile will provide a high level of IPR protection similar to that provided under U.S. law. Key provisions of the agreement, such as those on preventing circumvention of anti-piracy devices and establishing the scope of liability for copying works on the Internet, are modeled on U.S. statutes.

The FTA requires Chile to extend its term of protection for copyrighted works and clarifies protection for temporary copies of works. The agreement includes state-of-the-art protection for trademarks and copyrights, as well as expanded protection for patents and undisclosed information.

Under the FTA, Chile will ensure that copyright owners maintain rights to temporary copies of their works that others have on their computers, which is vital for protecting copyrighted music, videos, software, and text from widespread unauthorized sharing over the Internet. The FTA requires the two governments to use only legitimate computer software, thus setting a positive example for private users. To prevent piracy of satellite television broadcasts, the agreement will also require Chile to protect encrypted satellite signals as well as the programming these signals carry.

The FTA commits Chile to make patent rights available, with certain exceptions, for inventions and provides for extension of the patent term if there are unreasonable delays in issuing the patent or in obtaining regulatory approval for the patented product. The FTA will also require Chile to protect against unauthorized disclosure or unfair commercial use of test data and other information that pharmaceutical and agricultural chemical companies submit to government regulators in order to secure approvals to market their products. Under the agreement, Chile will protect for five years product information generated in connection with pharmaceutical product approvals and will protect similar information for agricultural chemicals for 10 years.

These standards are made more meaningful through requirements for tough penalties to combat piracy and counterfeiting, including, in civil cases, procedures for seizure and destruction of pirated and counterfeit products and, at least with respect to pirated goods, the equipment used to produce these products, and a requirement to provide for statutory and actual damages to remedy such practices. Chile must also authorize its enforcement officials to act on their own against counterfeit and pirated goods, either by stopping them at the border or initiating criminal cases, without receiving a formal complaint, thus providing more effective enforcement against these products. In addition, Chile must maintain criminal penalties for circumvention of technology protection measures.

5. Transparency

The agreement recognizes that without a high standard of regulatory transparency, the benefits of market-opening trade and investment commitments can be lost through arbitrary or unfair government regulations. Accordingly, the FTA includes key provisions that will ensure that Chile observes fundamental transparency principles. Those provisions are set out in a specific chapter of the agreement dealing with regulatory transparency as well as in provisions of the agreement addressing cross-border services, financial services, temporary entry, competition, government procurement, customs administration, investment, telecommunications, technical barriers to trade, and dispute settlement. The agreement's principal transparency rules are based on U.S. practice under the Administrative Procedures Act.

Increased transparency is also an effective tool in addressing corrupt practices that may affect bilateral trade. To this end, the FTA government procurement provisions include commitments to ensure integrity in government procurement. The Agreement requires Chile and the United States to establish and maintain criminal penalties against bribery and corruption in connection with government purchases and make bribery of procurement officials a crime.

6. Regulatory Practices

The U.S.-Chile FTA recognizes that healthy, competitive domestic markets are vital for fully realizing the benefits of trade liberalization. Thus, the agreement requires each government to maintain laws prohibiting anticompetitive business conduct and an agency to enforce them. Under the agreement, Chile commits to take appropriate enforcement action under its competition law to address anticompetitive practices affecting its markets.

The agreement also recognizes the value of transparency with respect to competition policies. Accordingly, the FTA commits the United States and Chile to further their cooperation on competition law enforcement, including notification, consultation, and exchange of information on their competition laws and policies. At the same time, Chile and the United States will maintain their autonomy and discretion in developing and enforcing competition laws and policies.

Under the agreement, if Chile gives a private or government-owned entity the sole right to provide or purchase a good or service, it must ensure that the entity acts consistently with commercial considerations, does not discriminate against U.S. goods or service suppliers, and does not engage in anticompetitive practices in markets outside the scope of its monopoly.

The FTA also addresses regulatory issues directly linked to the agreement's market-opening provisions. The FTA includes disciplines designed to prevent the possibility that firms in Chile might fraudulently seek preferential tariff treatment under the agreement for textile or apparel products or fraudulently claim that Chile is the country of origin for such products. To address this possibility, the FTA includes anti-circumvention commitments with respect to

customs cooperation and enforcement. The agreement contemplates that U.S. customs officials may visit production facilities in Chile and bar imports of textile and apparel products from factories it finds to be circumventing the FTA's rules regarding trade in textile and apparel products.

7. Electronic Commerce

The FTA includes ground-breaking rules prohibiting duties on and discrimination against digitally-encoded products transmitted over the Internet, including computer programs, video, images, and sound recordings. The agreement thus creates a strong foundation for wider efforts to bar duties and unfair or discriminatory regulation of electronically-transmitted products. In addition, the FTA requires Chile to base any customs duties that it applies to digital products imported on physical media (such as DVDs or CD-ROMs) on the value of the media (*e.g.*, the disc), rather than on the value of the movie, music, or software encoded on the media.

8. Trade in Agricultural Products

The agreement will improve prospects for agricultural exports to Chile, including for beef and beef products, pork and pork products, soybeans, durum wheat, potatoes, feed grains, and processed foods. The FTA will require Chile to eliminate all barriers to U.S. corn exports and to provide immediate duty-free access to Chile's markets for U.S. soybean and soybean meal exports. The agreement will also immediately eliminate Chile's tariffs on U.S. pork and pork products, beef offal, durum wheat, barley, barley malt, sorghum, pasta, breakfast cereals, cereal preparations, and sunflower seeds. Four years after the agreement enters into force, U.S. beef will enter Chile free of tariffs or quotas. Under the FTA, Chile and the United States will gradually harmonize their wine import duties at the lowest rates in either country and then eliminate all duties on bilateral trade in wine.

The agreement will also phase out over 10 years all Chilean barriers to U.S. poultry. Beginning in the agreement's third year, Chile will establish an 8,000 metric ton "tariff-rate quota" (TRQ) for U.S. poultry imports. The amount of U.S. poultry qualifying for importation under the TRQ will grow annually and Chile will phase out tariffs that it applies to imports of poultry in excess of the TRQ amount. Under the agreement, Chile will eliminate its tariffs on many dairy products, including skim milk powder, whey, and cheeses, over four years. Chile will phase out its tariffs on other dairy products within eight years.

The agreement also requires Chile immediately to eliminate its tariffs on fresh or chilled tomatoes, onions, and garlic. Chile will eliminate its 6% tariff on U.S. frozen fried potatoes and potato chips over four years. Chile will phase out its tariffs on other fresh and processed vegetable products over a period of up to 12 years.

The agreement also addresses other barriers that have reduced market opportunities for U.S. exports of agricultural products to Chile. The agreement requires Chile to eliminate its

"price-band" mechanism for U.S. farm products over a 12-year transition period. The FTA also calls for Chile to recognize the U.S. beef grading program. In addition, in early June 2003 Chile recognized that USDA's inspection system for beef, pork, and lamb is equivalent to Chile's system, thereby permitting U.S. exports of those products to Chile. In addition, Chile will rely on U.S. Food and Drug Administration certifications of U.S. dairies to satisfy Chilean milk product safety requirements, which will make FDA-approved dairies eligible to export their products to Chile.

The agreement includes a safeguard "snap-back" provision that will help U.S. farmers who produce goods most sensitive to imports adjust to competition from Chile. The safeguard is price-based, automatic, and will remain in effect throughout the 12-year transition period. Prices for imports of commodities subject to the safeguard will automatically be assessed a tariff uplift if the import value of the commodity falls below the trigger price established in the agreement.

The FTA commits Chile to work with the United States in the current round of WTO trade negotiations to eliminate agricultural export subsidies.

The agreement will also provide a bilateral forum for discussing sanitary and phytosanitary (SPS) issues that may affect bilateral trade in agricultural products. A joint SPS committee operating under the agreement will consider SPS issues pending before international organizations and help coordinate bilateral technical cooperation programs. Any SPS dispute between the two governments will be resolved under the applicable provisions of the WTO SPS agreement using WTO dispute settlement rules.

9. Labor Rights and Environmental Protection

Under the agreement, Chile and the United States reaffirm their obligations as members of the ILO and will strive to ensure that their domestic laws provide for labor standards that are consistent with internationally recognized labor rights as set forth in the Agreement. The agreement makes clear that it is inappropriate to waive or derogate from domestic labor laws in a manner that weakens or reduces adherence to internationally recognized labor rights as an encouragement for trade with the other party or investment. A key element of the agreement's labor provisions, which is enforceable through the agreement's dispute settlement procedure, is a commitment by each government regarding the effective enforcement of its domestic labor laws. The FTA defines labor laws specifically to include those related to the prohibition and elimination of the worst forms of child labor.

The FTA includes procedural guarantees ensuring that interested persons have access to Chilean courts or tribunals to enforce its labor laws and creates a joint labor council to discuss matters that may arise regarding the chapter. The FTA also establishes a mechanism to foster cooperation on labor issues between the two governments to promote respect for the principles embodied in the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-*

up and compliance with ILO Convention 182 *Concerning the Prohibition and Immediate Action for the Elimination of the Worst Forms of Child Labor.*

Environmental commitments are also included in the core text of the FTA. As is the case for labor rights, a key component of the FTA's environmental provisions is an enforceable commitment by each government regarding the effective enforcement of its environmental laws. The agreement commits Chile and the United States to ensure that their domestic environmental laws provide for high levels of environmental protection and to strive to continue to improve these laws. Through the agreement, Chile and the United States expressly recognize that it is inappropriate to waive or derogate from their environmental laws in a manner that weakens or reduces protections under these laws in order to seek investment or encourage trade with the other country.

The FTA creates a joint council to consider environmental issues arising under the agreement and calls for the two governments to promote public participation in the council's work. Under the agreement, agencies from the United States and Chile will engage in specific cooperative projects set out in an annex to the agreement. In addition, under a recently concluded bilateral agreement on environmental cooperation called for under the FTA, the United States and Chile have established a mechanism for developing a joint work plan on environmental issues.

10. Dispute Settlement

The FTA includes innovative procedures for settling disputes that may arise between the two governments over the implementation of the agreement. The agreement's dispute procedures rely principally on consultations and compliance rather than on the imposition of trade sanctions or penalties. The procedures set new, higher standards of openness and transparency. The FTA calls for dispute settlement proceedings to be open to the public, for the two governments to release their legal briefs and other filings to the public, and for dispute panels to have authority to receive submissions from interested nongovernmental groups.

The FTA's dispute settlement rules also provide equivalent remedies to enforce panel decisions under the agreement, regardless of whether they address the agreement's commercial, labor, or environmental provisions. The FTA achieves this result through an innovative enforcement mechanism that provides for the use of monetary assessments if a government fails to comply with a panel's decision. Enforcement through the suspension of trade benefits provided under the agreement is also available for all types of disputes. But the agreement is designed to use remedies that will enhance compliance with the agreement, rather than restrict trade, which could adversely affect sectors and consumers that do not have a direct stake in the dispute.

11. Trade Remedies

The FTA provides explicitly that the agreement does not affect either government's rights and obligations under the WTO agreements relating to antidumping or countervailing duties. Moreover, these issues are expressly excluded from the FTA's dispute settlement provisions. Thus, the agreement fully preserves U.S. rights and obligations regarding these trade remedies as they currently exist under the WTO.

The agreement includes a bilateral safeguard procedure, similar to those in past U.S. free trade agreements, that will be available to aid domestic industries that sustain or are threatened with serious injury due to increased imports resulting from the phase-out of U.S. import duties under the agreement. The agreement also includes a special safeguard to address the possibility that duty elimination under the agreement could result in damaging levels of textile or apparel imports.

D. PRIORITIES FOR MAINTAINING GLOBAL COMPETITIVENESS

The TPA act also calls for the President to promote certain priorities to address and maintain U.S. competitiveness in the global economy. The United States-Chile FTA makes progress in promoting each of these priorities.

1. Labor Cooperation

The United States and Chile are both members of the ILO and have a longstanding cooperative relationship on labor issues. During the negotiations, government labor experts from the two countries consulted on U.S. and Chilean labor laws and how their respective systems operate. The two governments included a bilateral labor cooperation mechanism in the FTA to promote respect for the principles embodied in the ILO *Declaration on Fundamental Principles and Rights at Work and its Follow-up* and compliance with ILO Convention 182 *Concerning the Prohibition and Immediate Action for the Elimination of the Worst Forms of Child Labor*. The agreement includes a framework for the cooperation mechanism and lists a range of labor activities on which the two governments will collaborate. Officials of the U.S. Department of Labor and Chile's Labor Ministry and other appropriate agencies will participate in this mechanism.

2. Domestic Policy Objectives

The FTA fully takes into account critical U.S. domestic policy objectives, such as the need to maintain flexibility in addressing U.S. national security and public health, safety, and consumer interests. The FTA includes a broad set of general policy exceptions for measures governing both trade in goods and trade in services to ensure that the United States remain fully free to safeguard the national and public interest, including specific exceptions for national security, public health and morals, conservation, taxation, and protection of confidential

information. The agreement also avoids disturbing existing state and local governmental measures that might run afoul of the agreement's services and investment rules by including "grandfather" clauses that exempt those measures from challenge under the agreement.

3. Multilateral Environmental Agreements and GATT Article XX

As noted in the Administration's environmental review of the FTA, the environment and sustainable development are important concerns for both the United States and Chile. The FTA expressly recognizes the importance of multilateral environmental agreements, including appropriate use of trade measures in such agreements to achieve specific environmental goals. The FTA commits the United States and Chile to consult regularly with respect to the ongoing negotiations in the WTO concerning the relationship between multilateral environmental agreements and WTO rules. In addition, the bilateral environmental cooperation mechanism negotiated in parallel with the FTA will provide further opportunities for the two governments to cooperate in promoting effective implementation of multilateral environmental agreements to which they are both parties.

4. Currency and Exchange Rate Manipulation

The FTA's investment and services rules will promote and protect freer international movement of capital and consequently make it more difficult to manipulate exchange rates to achieve levels inconsistent with levels set by market forces.

Significant and unanticipated currency movements can arise from many conditions, particularly from macroeconomic developments, macroeconomic policy changes, or the appearance of new information on fundamental economic conditions. A determination of whether such movements reflect currency manipulation to promote a competitive advantage in international trade must therefore take into account a broad range of issues, institutions, and market developments that will require a review mechanism with a larger scope than any specific trade agreement.

Under the 1988 Omnibus Trade and Competitiveness Act, the Secretary of the Treasury is required to analyze on an annual basis the exchange rate policies of foreign countries, in consultation with the International Monetary Fund, and consider whether countries manipulate the rate of exchange between their currencies and the United States dollar for purposes of preventing effective balance of payments adjustments or gaining an unfair competitive advantage in international trade. Each member of the International Monetary Fund is obligated, under Article IV of the IMF Articles of Agreement, to avoid manipulation of exchange rates for such purposes. The Department of the Treasury reports semi-annually on its analysis.

The Treasury will ensure that significant and unanticipated currency movements are examined in its reviews of exchange rate policies of foreign countries and in consultations with the IMF concerning these policies. The Department of the Treasury will seek to resolve

problems of currencies that are considered to reflect a pattern of currency manipulation to promote a competitive advantage in international trade through discussions with the foreign authorities responsible for foreign exchange rate policies.

5. Reporting Requirements

As required under the TPA act, the Administration has provided a report to the Congress describing Chile's laws governing exploitative child labor. In addition, the Administration has reported to the appropriate Congressional committees as required under the TPA act on (1) the Administration's environmental review of the agreement and (2) its review of the FTA's impact on U.S. employment. The Administration has also provided a meaningful labor rights report on Chile, which will also be made available to the public. Finally, the Administration has reported, as specified in the TPA act, on U.S. efforts to establish consultative mechanisms to strengthen Chile's capacity to promote respect for core labor standards and develop and implement standards for the protection of human health based on sound science.

STATEMENT AS TO HOW THE UNITED STATES-CHILE FREE TRADE AGREEMENT SERVES THE INTERESTS OF UNITED STATES COMMERCE

INTRODUCTION

The United States-Chile Free Trade Agreement (FTA) serves the interests of United States commerce and benefits many sectors of the U.S. economy. It is a partnership for growth and a partnership for creating economic opportunities between our two countries. It will serve the interests of workers and consumers in both countries.

Chile has one of the world's fastest growing economies. Its sound economic policies are reflected in its investment grade capital market ratings, unique in South America. Chile has a thriving democracy which, together with its 15-20 years of free and open markets, has led to a prosperous economy. The U.S.-Chile FTA should help Chile continue its impressive rate of growth and development. It will help spur progress in the negotiations for the Free Trade Area of the Americas, and send a positive message throughout the Western Hemisphere and the world that the United States will work in partnership with those who are committed to open markets.

Leveling the Playing Field

The U.S.-Chile FTA will help U.S. manufacturers, service suppliers, farmers, workers, consumers, and investors achieve a level playing field. Securing an FTA with Chile will ensure that U.S. workers, businesses, and investors will receive treatment that is as good or better than Chile accords its other trade agreement partners.

Prior to the late 1990s, U.S. products were highly competitive in the Chilean market, accounting for a growing share of Chile's imports. Chile subsequently became an Associate Member in Mercosur, and has trade agreements providing preferential access for several countries, most notably with Canada, Mexico, and the 15 members of the European Union. The trade advantages accorded other countries under these agreements, together with other factors, resulted in a significant erosion in the volume of imports from the United States into Chile. The U.S. share of Chile's goods imports from the world fell from 24 percent in 1997 to under 17 percent in 2002. U.S. service providers likewise saw their share of Chile's services market drop from 35 percent in 1997 to 27 percent in 2001.

While the United States was losing market share, the major countries with which Chile maintains free trade agreements added more than 9 percentage points to their share of imports into Chile's market. These gains were sharp across the board for the Mercosur countries (Argentina, Brazil, Uruguay and Paraguay), while Canadian and Mexican share gains in Chile were more concentrated in particular sectors. Chile's global goods imports were $14.3 billion in 2002, of which $2.4 billion (16.6 percent) were imported from the United States. If the United States had maintained its 1997 import share of 24 percent, Chile's imports from the United States could have been $3.4 billion, *i.e.*, $1.1 billion more than they actual were.

Chile's most significant FTA, prior to the U.S.-Chile FTA, a free trade agreement with the 15-member European Union (EU), went into effect in February 2003. The EU has already established itself as the leading exporter to Chile. Without the U.S.-Chile FTA exporters from the EU will enjoy lower tariffs and greater market access in Chile. The National Association of Manufacturers estimates that 6,000 U.S. jobs will be lost if the EU's advantage is not quickly eliminated.

Small and Medium Sized Business

Emerging markets like Chile's provide excellent opportunities for fast growth in exports, particularly for small and medium-sized enterprises. In 1999, 79 percent of all U.S. firms that exported to Chile were small businesses. Small businesses have taken advantage of previous trade agreements designed to eliminate trade barriers. Since the North American Free Trade Agreement (NAFTA) went into effect in1994, exports to Canada and Mexico have accounted for nearly one-third of all exports by small and medium-sized businesses.

Small and medium-sized enterprises will especially benefit from the tariff elimination provisions of the U.S.-Chile FTA. In recent years, U.S. companies have faced strong competition from firms in Canada and Mexico who already enjoy the benefits of these countries' free trade agreements with Chile. A level playing field is especially important for small and medium-sized firms, which generally cannot source production in countries that already enjoy the benefits of free trade with Chile. Anticipating the small-business benefits that the FTA would provide, the U.S. Small Business Administration (SBA), the Technical Cooperation Service of Chile, and the Chilean Economic Development Agency signed a memorandum of understanding on December 5, 2002, designed to promote linkages between Chilean and U.S. small businesses.

The U.S.-Chile FTA is a comprehensive trade agreement that will address and, in most cases, significantly improve many aspects of the bilateral commercial relationship. The FTA is characterized by a series of broad principles governing trade that provide certainty and predictability, a prerequisite for the expansion of business – particularly small business.

TARIFF ELIMINATION LEVELS THE PLAYING FIELD FOR U.S. EXPORTERS

U.S. exporters to Chile currently face tariffs that other major competitors do not pay as a result of Chile's existing FTAs. The U.S.-Chile FTA addresses this significant disadvantage facing U.S. exports to Chile. More than 85 percent of bilateral trade in industrial and consumer products will become duty-free immediately upon the entry into force of the FTA. The majority of remaining industrial and consumer products will become duty-free within four years, and all tariffs on these products will be phased out within 10 years.

With respect to agriculture, tariffs on more than 75 percent of agricultural products will be eliminated within four years, and all tariffs on these products will be phased out over 12 years. An additional bonus for U.S. exporters is the phase-out of Chile's price bands on goods such as wheat, wheat flour, edible vegetable oil, and sugar.

The agreement will improve prospects for agricultural exports to Chile, including for beef and beef products, pork and pork products, soybeans, durum wheat, potatoes, feed grains, and processed foods. The FTA will require Chile to eliminate all barriers to U.S. corn exports and to provide immediate duty-free access to Chile's markets for U.S. soybean and soybean meal exports. The agreement will also immediately eliminate Chile's tariffs on U.S. pork and pork products, beef offal, durum wheat, barley, barley malt, sorghum, pasta, breakfast cereals, cereal preparations, and sunflower seeds. Four years after the agreement enters into force, U.S. beef will enter Chile free of tariffs or quotas. Under the FTA, Chile and the United States will gradually harmonize their wine import duties at the lowest rates in either country and then eliminate all duties on bilateral trade in wine.

Other key U.S. export sectors will benefit from the agreement as well. U.S. exporters of price sensitive products such as paper products, plastics, heating and other equipment, fertilizer, wheat, corn, and soybeans have seen big losses of market share in Chile and should particularly benefit.

Industrial Goods

The U.S.-Chile FTA is critical to U.S. competitiveness in key Chilean markets. Best prospects for exports to Chile include pollution control equipment, telecommunications, medical equipment, heavy machinery and equipment, and materials for the plastics industry (machinery and resin).

- Environmental technology products are top U.S. exports to Chile. The market for such products is expected to grow significantly in the near future as Chilean sanitary companies will have to invest $2.5 billion before the year 2010 in order to comply with the government's new, more stringent environmental regime. The Chilean Development Corporation (CORFO) has approved additional funds (estimated at $1 billion) to be used for these upgrades and three new wastewater treatment plants in the Santiago area. Under the FTA, Chile agreed to eliminate tariffs immediately on about 95 percent of U.S. exports in the environmental goods sector. Without the tariff benefits of the U.S.-Chile FTA, U.S. environmental technologies companies could be priced out of the market. Ninety-nine percent of companies in the U.S. environmental technologies industry are categorized as small businesses (that is, have fewer than 500 employees).

- Chile's telecommunication's market is the most advanced in South America. Competition in this sector is fierce, and the world-wide downturn in telecommunications investment has made price an even more critical component in sales. In 2000, the United States exported $260 million in telecom equipment to Chile, followed by successive declines to $158 million and $105 million in 2001 and 2002, respectively. In Chile, where about ninety-five percent of the market is supplied by imports, the immediate elimination of virtually all tariffs on telecommunications equipment will allow U.S. firms to regain competitiveness as Chile seeks new technologies.

- For several years, the United States has been one of Chile's most important suppliers of medical equipment. In 2002, the United States exported to Chile medical equipment valued at over $60 million, accounting for nearly 50 percent of Chile's market. The tariff eliminations in the recently-implemented EU-Chile free trade agreement, however, give European medical device producers a major price advantage over U.S. medical device exports. The Chilean government has recently approved several programs for large-scale purchases of modern equipment as part of an effort to upgrade the public and private health sectors. Under the FTA, Chile agreed to eliminate tariffs immediately on products constituting 99 percent of U.S. exports in the electronics and instrumentation sector (which includes the medical equipment sector). The elimination of Chilean tariffs on medical equipment will enable U.S. companies to compete on par with EU medical device firms and to take advantage of these new opportunities.

- The plastics industry in Chile has experienced strong sustained growth. However, as a result of price sensitivity and intense competition from countries that currently do not face a 6 percent tariff on their products, U.S. exports to Chile of plastics production machinery and resins have dropped, with the U.S. share of plastics imports falling from 29 percent in 1997 to 20 percent in 2002. Approximately 84 percent of Chile's tariffs in this sector will drop to zero immediately upon implementation of the Agreement, significantly enhancing U.S. industry's competitiveness in the Chilean plastics market.

- U.S. exports to Chile of construction equipment have dropped 33 percent from $286 million in 1997 to $193 million in 2002. During the same period, U.S. mining equipment exports declined even more significantly, dropping 84 percent from $119 million to $19 million. At the same time, Brazil and Canada, which both have duty-free access to the Chilean market through trade agreements, have significantly increased their market share. Under the FTA, Chile agreed to immediately eliminate tariffs on virtually all U.S. exports in the transportation, construction, mining, and agricultural equipment sectors. Implementation of the Agreement will help put U.S. exporters on equal footing with global competitors in the Chilean market.

- U.S. heating equipment, electrical power equipment, air conditioning and cooling equipment, and security equipment are all good prospects for exports to Chile. Virtually all of our major companies' competitors in these areas are from countries with a free trade agreement with Chile. The U.S.-Chile FTA is critically important for these industries to remain competitive in Chile as, under the FTA, Chile agreed to immediately eliminate tariffs on 98 percent of U.S. exports in the capital goods sector.

- The U.S. share of Chile's import market for paper products has seriously deteriorated since 1997, dropping from 30 percent to 9 percent in 2002. During the same period, Canada and Argentina, both free trade agreement partners of Chile, saw significant gains in market share. Implementation of the Agreement will provide a substantial and needed boost to U.S. paper products' competitiveness in the Chilean market as essentially all paper tariffs are eliminated immediately.

- U.S. paint, dye, tanning, and putty manufacturers have seen a significant loss in market share in Chile since 1997, with gains going to Mexico and, to a lesser extent, Brazil and Canada. All of these countries have free trade agreements with Chile. Approximately 62 percent of Chile's tariffs on these goods will go to zero immediately upon implementation of the Agreement and the rest will go to zero within four years, greatly improving U.S. industry's ability to compete in this sector.

Agricultural Goods

The U.S.-Chile FTA will give America's farmers and ranchers and associated businesses improved, and in many cases new, access to a market of 15 million consumers. Under this FTA, the U.S. access to Chile's market will improve for a variety of U.S. agricultural products, including durum wheat, pork, beef, feed grains, dairy, horticultural, and high-value food products. Over three-quarters of U.S. farm goods will enter Chile duty-free within four years and all tariffs on U.S. agricultural products will be phased out over 12 years. U.S. wheat, wheat flour and vegetable oils will now receive the lowest tariff rate available and will be duty-free at the conclusion of the transition period. In the past, Chile's price band system sharply constrained export opportunities for these products. Chile has committed to eliminate its price band mechanism as it relates to the United States over a 12-year transition period. Elimination of price bands was not part of the EU or Canadian FTAs with Chile.

Product specific highlights include the following:

- Chile will fully liberalize corn trade. The United States has lost significant market share, largely to Argentina, a member of Mercosur.

- U.S. soybean and soybean meal exports gain immediate duty-free access to Chile. This puts the United States on a more competitive footing with its major competitors, Brazil and Argentina, who already have duty-free market access in Chile and to whom U.S. industry has lost significant market share.

- Chile's tariffs will be eliminated immediately on the following products: pork and pork products, beef offal, durum wheat, barley, barley malt, sorghum, pasta, breakfast cereals, cereal preparations, and sunflower seeds.

- Four years after the agreement enters into force, U.S. beef will enter Chile free of tariffs or quotas. Beef products from Brazil, Uruguay, Paraguay and Argentina currently have duty-free access and currently supply almost all of Chile's beef imports.

- Pork exporters face tough competition from the EU, but will achieve parity with EU producers as a result of immediate elimination of tariffs under the U.S.-Chile FTA. U.S. pork could find niche markets in the hotel and restaurant sector for high-quality pork cuts and processed products.

- Exports of U.S. beef and pork to Chile are currently restricted due to differences in meat

inspection regulations. Consumer cuts of meat are denied access unless labeled and graded according to Chilean standards, which differ from U.S. standards. Annex 3.17 of the Agreement provides for both governments to recognize each other's beef grading systems, making it possible for USDA to certify beef products for export to Chile. Both countries have already undertaken the process of recognizing each other's meat inspection systems. Chile recognized the U.S. inspection system for beef, pork and lamb on June 3, 2003.

- Access for poultry on both sides will be completely liberalized over a 10- year period, beginning in the Agreement's third year. This will consist of an 8,000 metric ton tariff-rate quota with a 5 percent annual growth factor and a linear phase out of the out-of-quota tariff rate.

- Without duty-free access, U.S. dairy products are at a disadvantage to those from Argentina and Uruguay which benefit from lower transportation costs and existing trade agreements with Chile. Argentina and Uruguay generally supply half to two-thirds of Chile's dairy product imports, mostly nonfat dry milk, whole milk powder, cheese, and whey powder. A major worldwide supplier of cheese and whey, the U.S. share of Chile's total dairy product import market averaged just under five percent from 1999-2001. U.S. dairy products are further restricted due to differences in inspection regulations and grading standards. Under the agreement, Chile's duties on many dairy products, including skim milk powder, whey, and cheeses, will be eliminated in four years; duties on other dairy products will be eliminated in eight years. In addition, Chile will rely on U.S. Food and Drug Administration certifications of U.S. dairies to satisfy Chilean milk product safety requirements, which will make FDA-approved dairies eligible to export their products to Chile.

- U.S. fresh and processed vegetables currently face a 6 percent Chilean tariff. Chile's trade agreements with Canada, Mexico, and the EU have placed U.S. vegetables at a disadvantage in the Chilean market. The U.S. share of Chile's import market averages 14 percent. In contrast, Canada's share of the same import market is 57 percent. U.S. exporters also face high competition with the Mercosur countries, which export products such as head lettuce, onions, shallots, and sweet corn under preferential tariff rates.

- U.S. fresh and processed vegetables will gain improved access to the Chilean market as the existing tariffs are phased out. The phase-out period varies by product from immediate elimination to elimination after 12 years. For example, Chile's 6 percent tariff on U.S. frozen fried potatoes and potato chips is phased out over 4 years. Tariffs on fresh or chilled tomatoes, onions, and garlic will be phased out immediately. A U.S.-Chile FTA will make U.S. vegetables more competitive with products from Canada and other competitors.

- U.S. planting seeds gain improved access to Chile's market under a U.S.-Chile FTA. The FTA will immediately eliminate Chile's 6 percent import tariff. This will put the United States on an equal footing with the EU, the other primary supplier, which now

enjoys duty-free access under its trade agreement with Chile.

Safeguard for Import Sensitive Agricultural Products

The agreement also has a safeguard provision that will help farmers of the products most sensitive to imports adjust to competition from Chile. The safeguard is price-based, automatic, and applicable throughout the 12-year transition period. Prices for the commodities subject to safeguards will automatically be assessed the tariff uplift if the import value of the commodity falls below the trigger price established in the Agreement.

KEY PROVISIONS OF THE AGREEMENT PROVIDE NEW OPPORTUNITIES FOR DOING BUSINESS IN CHILE

The U.S.-Chile FTA has a number of key provisions which provide new opportunities for U.S. business. The agreement restricts the application of non-tariff barriers, provides broad coverage for U.S. service providers, guarantees broad access to the Chilean government procurement market, and ensures expeditious entry and exit of business persons across national borders.

Reduction and Elimination of Non-tariff barriers

- *Luxury tax.* The U.S.-Chile FTA requires Chile to eliminate its 85% luxury tax which was a significant disincentive to the export of U.S. automobiles to Chile. This "luxury tax" is only collected on imported vehicles valued at over $15,000. Given the nature of the U.S. automotive industry, the tax falls disproportionately on U.S. vehicles rather than on those from Europe or Asia. Under the terms of the FTA, the luxury tax on automobiles will be phased out over four years, eliminating a very significant barrier to U.S. vehicle exports.

- *Remanufactured Goods.* The Chile FTA is the first trade agreement to include provisions that allow some environmentally-friendly remanufactured goods to qualify for tariff elimination benefits under a free trade agreement. (Remanufacturing is a labor-intensive activity that allows the recycling of discarded or used "cores," which are normally the heaviest basic parts, such as an engine or radiator. The industry employs tens of thousands of U.S. workers.) The value added during this highly sophisticated process was not recognized under previous agreements, and it was difficult or impossible for remanufactured goods to qualify for FTA benefits. U.S. remanufacturers of many parts, such as engines, radiators, and alternators for construction equipment and transportation machinery, will be able to export their products to Chile duty-free.

- *Used goods.* Upon entry into force of this Agreement, Chile must end its 50 percent surcharge on the existing 6 percent tariff on used goods, an important benefit for capital goods exporters given that the combination of the flat rate (6%) tariff and the surcharge amounted to a 9% tariff on all used goods. Used goods will be accorded the same treatment as new goods with respect to the agreement's tariff elimination schedule.

Access for Services

The United States is the world's leading supplier and exporter of services. Defined broadly, service industries make up the bulk of the U.S. economy, accounting for over 80 percent of private sector output and private non-farm employment (107 million service jobs in 2002). Global U.S. commercial services exports of $279 billion in 2002 accounted for 29 percent of total U.S. exports and helped significantly to offset a portion of the U.S. trade deficit in goods. In 2000, sales by U.S.-owned services affiliates in foreign markets reached $393 billion. The service sector's contribution to U.S. exports, jobs, and growth provides a strong reason for the United States to continue to open services markets abroad through agreements such as the U.S.-Chile FTA.

Chile looks to the United States as a source of high-quality and cutting-edge services and technologies. U.S. services firms are particularly well-positioned to expand their already significant presence. (In 2001, U.S.-Chile services trade amounted to $ 2.2 billion, with the United States in surplus by $472 million. In the seven years prior to 2001, U.S. services trade with Chile expanded by 37 percent. In 2000, sales by U.S.-owned services affiliates in Chile reached $3.1 billion.)

The FTA will lock in and build on existing market access opportunities in Chile. U.S. service suppliers will benefit from commitments covering cross-border supply of services (such as those supplied through electronic means, or through the travel of nationals) and the right to invest and establish a local services presence. These market access rights are complemented by strong and detailed disciplines on regulatory transparency so that U.S. suppliers can take better advantage of market openings.

Market access is generally guaranteed through a "negative list," which means that only so-called "non-conforming" measures that are listed in the agreement are excluded from the commitments. Among the wide range of sectors benefitting from the agreement are such key areas as computer and related services, telecommunications services, financial services, audiovisual services, tourism, advertising, construction and engineering, express delivery, professional services (architects, engineers, accountants, legal services), distribution services (wholesaling, retailing, franchising), adult education and training services, and environmental services, with very few limitations or restrictions.

- *Financial services*. The Agreement locks in Chile's open regime for banking, securities, and asset management and provides other important rights regarding Chile's privatized pension system and cross-border supply of financial information and advisory services. Regarding insurance, the Agreement binds broad access for U.S. investors including cross-border access in important sectors such as reinsurance, transport insurance, and related brokerage. U.S. cross-border exports of banking, securities and insurance premiums reached $130 million in 2001, representing an approximately $108 million surplus in financial services with Chile.

- *Telecommunications Services*. The Telecommunications Chapter covers access to and use of the public telecommunications network for the provision of services. The Agreement also

has groundbreaking provisions with respect to flat-rate, cost-based, nondiscriminatory access for leased lines, which are critical for e-commerce service suppliers. The Chapter builds in significant flexibility to account for changes that may occur through new legislation or new regulatory decisions. The chapter will help create an environment for successful innovation and development of telecommunications networks, something that is lacking in many markets around the world.

- *Insurance.* The Agreement assures cross-border trade in certain insurance products and allows branching within four years of the Agreement's entry into force. Chile also commits to recognize the importance of developing regulatory procedures to expedite the offering of insurance services by licensed suppliers. The Agreement contains a requirement that Chilean regulators will use the flexibility allowed under their laws to permit the supply of new financial services in Chile, provided they are already offered in the United States. These provisions will help promote the growth of U.S. firms in the market.

- *Express Delivery Services.* The express delivery sector is another key beneficiary of the FTA services chapter. Express delivery services are in demand from a wide range of companies – from high-tech to agriculture, and autos to retail services. Speed-to-market, just-in-time inventory processes, and total quality management are critical to success in today's economy. The FTA services chapter includes an expansive definition of the integrated nature of express services and affirms existing competitive opportunities.

Government Procurement

The Government Procurement chapter guarantees U.S. suppliers meaningful market access to a broad scope of Chilean government procurements. To achieve this, the chapter mandates the use of transparent procedures that ensure non-discriminatory treatment of U.S. businesses in Chile's government procurement market for all covered procurements. The obligations include requirements for publishing procurement opportunities, developing technical specifications, setting qualification procedures, and sharing contract award information while ensuring confidentiality. This means that U.S. suppliers will have access to necessary information on the procurement opportunities covered by the Agreement. The FTA also provides that procuring entities tell unsuccessful bidders the reasons why their bids were unsuccessful. Confidential commercial information contained in a supplier's bid cannot be shared with other potential suppliers. Chile is also required to maintain an impartial authority to hear U.S. supplier complaints regarding the conduct of procurements.

U.S. suppliers stand to benefit greatly from this chapter, as it covers procurement by most Chilean central government agencies, 13 regional governments, 10 ports, all airports that are property of the state, and more than 350 municipalities in Chile. In addition, the FTA is the first agreement to clarify that build-operate-transfer contracts (BOTs) are within the scope of government procurement. Given that BOTs act as financing vehicles for large-scale construction projects and the building or rehabilitation of public work facilities, it was important that the chapter guarantee that U.S. suppliers receive non-discriminatory and transparent treatment when competing for these contracts.

Finally, for the first time in a U.S. international procurement agreement, the chapter specifically requires that each government make solicitation of a bribe and the bribery of both domestic and foreign procurement officials a criminal offense, furthering hemispheric anti-corruption efforts. This step forward for anti-corruption efforts in a procurement agreement clearly advances one of the principal negotiating objectives of the Trade Promotion Authority Act.

Temporary Entry of Business Persons

Ensuring the cross-border mobility of business persons is critical for U.S. companies developing new markets and business opportunities abroad. The international mobility of business persons, whether as individuals or employees providing services, has become an increasingly important component of competitive markets for suppliers and consumers. U.S. companies developing new markets and business opportunities must be able to move their personnel quickly. Access to foreign markets is important not only to large firms that conduct business on a global basis, but also to small- and medium-sized enterprises, and even sole proprietorships. As trade flows increase as a result of the agreement, so does the movement of business persons between trading partners. As a result, many trade agreements provide for the temporary entry of business persons in defined categories to administer investments, meet with business associates, or provide services.

The U.S. and Chilean governments agreed to facilitate the temporary entry of business persons who conduct trade and investment in the two countries. The Agreement provides for the entry of business persons under four categories: business visitors, traders and investors, intra-company transferees, and professionals.

- *Business visitors* may engage in a broad spectrum of activities outlined in the chapter. These specified activities, based on similar provisions in the NAFTA, are designed to cover a typical business cycle, from research and development to after-sales service. Business visitors are typically short term visitors.

- *Traders* are business persons engaged in substantial trade in goods or services between the Parties. *Investors* are business persons who have committed a substantial amount of capital, and who seek entry to administer that investment.

- *Intra-company transferees* are managers, executives, or specialists who are transferred by their company from one country to another.

- *Professionals* are business persons engaged in a specialty occupation requiring a bachelor's degree (or its equivalent) or higher.

CREATING A FAVORABLE ENVIRONMENT FOR U.S. INVESTORS

Investment

The Agreement will help establish a secure, predictable legal framework for U.S. investors in Chile and serve to encourage further foreign direct investments from Chile in the United States. All forms of investments are covered by the Agreement, including direct ownership of companies, real estate, intellectual property rights, government concessions, and debt instruments. Consistent with the principles that have led the United States to conclude nearly 40 Bilateral Investment Treaties (BITs) with other countries, we achieved an investment chapter that strengthens the link between investment and trade in goods and services. This is of particular importance to service providers who, in order to execute their business model effectively, elect to establish a local presence in Chile. The Agreement assures U.S. investors opportunities to establish, acquire, and operate investments in Chile on the same basis as Chilean investors, except in limited, specific sectors. U.S. investors will not be subject to market-distorting performance requirements, such as those that require a firm to export in order to be able to conduct business. U.S. investors also will have the right to make international transfers related to their investments, and are guaranteed the right to employ top managers regardless of nationality.

Under the agreement, Chile will provide U.S. investors due process rights and recourse in the event of expropriations that are consistent with U.S. legal principles and practice. For example, the FTA includes protection against denials of justice in accordance with the principle of due process embodied in the principal legal systems of the world. The text thus makes explicit that the treatment required by this obligation is grounded in, and does not extend beyond, the due process standards embraced by the United States and other major legal systems of the world.

In the event of expropriations, the FTA draws heavily from principles developed under U.S. takings law under the Fifth Amendment of the U.S. Constitution. The FTA clarifies, for example, that takings are limited to property rights and property interests, not other types of interests, and incorporates tests used by the U.S. Supreme Court to determine whether a regulatory taking has occurred. The expropriation provisions also recognize that, as is the case in U.S. practice, nondiscriminatory regulatory actions designed and applied to protect legitimate public welfare objectives only rarely result in expropriation. While the FTA commits the United States to continue to provide Chilean investors a high level of protection and due process, the agreement gives Chilean firms no greater substantive rights than U.S. companies already enjoy in the United States.

The agreement includes investor-state arbitration procedures that will provide a fair and expeditious means of addressing disputes. The arbitration provisions incorporate procedures intended to increase public access to information regarding arbitration proceedings. The FTA requires, for example, that all documents and hearings in investor-state arbitration proceedings be made public promptly and gives tribunals the authority to accept *amicus* submissions from the

public. The FTA also includes provisions based on those used in U.S. courts to quickly dispose of frivolous claims.

Intellectual Property Protection

The U.S.-Chile FTA sets out high standards of protection and enforcement for intellectual property rights. It builds on the standards currently in force in the WTO TRIPS Agreement and in the NAFTA. It updates and clarifies those standards to take into account the experiences gained since those agreements entered into force, and the significant and rapid technological and legal developments that have occurred since that time.

This agreement will promote the growth of both the U.S. and Chilean copyright-based and high-tech industries. Copyright-based industries are among the fastest growing and most productive of any sector of the U.S. economy. They employ new workers in higher-paying jobs at over three times the rate of the rest of the economy; create new revenue at over two times that rate; and contribute close to $90 billion to the economy through foreign sales and exports. The industries' principal barrier to trade is the lack of effective protection and enforcement of intellectual property. Piracy has caused more than $22 billion in losses annually worldwide to the copyright-based industries. USTR's National Trade Estimates Report indicates an annual loss of $2 million dollars to video piracy alone in Chile. This FTA will be instrumental in reducing these losses and in contributing to even faster global growth for all these important industry sectors.

Some of the most important provisions of the agreement relate to: registration of collective, certification, and sound marks, as well as geographical indications and scent marks. It includes domain name management requirements that assure a dispute resolution procedure to prevent trademark cyber-piracy, and protects from abuses of geographical indications by imposing first-in-time, first-in-right for trademarks.

- *Copyrights (and Related Rights).* The agreement sets parameters for the right of reproduction, which encompasses temporary copies, and provides longer terms of protection for works and phonograms (life + 70 for works measured by a person's life; 70 years for corporate works), which are consistent with U.S. standards and international trends. Anti-circumvention obligations prevent persons from tampering with technology designed to guard against copyright piracy and to manage access to music, programs, and literary works provided over the Internet. The agreement also requires that governments use only legitimate computer software, provides limited liability for Internet Service Providers, and ensures protection of encrypted program-carrying satellite signals.

- *Patents.* The agreement provides for patent term extensions to compensate for unreasonable administrative or regulatory delays (including marketing approval) that occur while granting the patent. The grounds for revoking a patent are limited to the same grounds that would have justified a refusal to grant the patent, to guard against arbitrary revocation of patents. In addition, the agreement offers protection of test data submitted for marketing approval against unfair commercial use. There is linkage

between the marketing approvals and patent protection, so that, for instance, marketing approval is not granted to a product that infringes a patent.

- *Enforcement Provisions.* The agreement provides for the award of actual damages that include compensation for any harm suffered, based on the value of the legitimate goods, as well as on the infringer's profits. The agreement allows for statutory damages, to ensure appropriate damages where there are inadequate records of actual damages. In addition, law enforcement agencies will have the authority to seize suspected pirated and counterfeit goods, the equipment used to make or transmit them, and documentary evidence. Significantly, the agreement will ensure that law enforcement agencies have the authority to take *ex-officio* action with respect to border measures and criminal enforcement, including *ex-officio* enforcement to stop pirated or counterfeit goods in transit. Finally, end-user piracy is subject to criminal prosecution.

The Chile FTA, once fully implemented, will contain the highest level of intellectual property protection in South America and will greatly facilitate the growth of new trade in valuable digital and other intellectual property-based products, particularly in the area of electronic commerce.

LABOR AND THE ENVIRONMENT

Free trade promotes free markets, economic growth, expanded employment opportunities, and higher incomes. As countries grow wealthier, their citizens demand better working conditions and a cleaner environment. Economic growth gives governments more resources and incentives to promote and enforce strong standards in these areas. The FTA includes an environment and labor package that places obligations within the text and emphasizes the importance of cooperative action.

Under the agreement, Chile and the United States reaffirm their obligations as members of the International Labor Organization (ILO) and will strive to ensure that their domestic laws provide for labor standards that are consistent with internationally recognized labor principles. The agreement makes clear that it is inappropriate to waive or derogate from domestic labor laws in a manner that weakens or reduces adherence to internationally recognized labor rights as an encouragement for trade or investment with the other party. A key element of the agreement's labor provisions, which is enforceable through the agreement's dispute settlement procedure, is a commitment by each government regarding the effective enforcement of its domestic labor laws.

The FTA includes procedural guarantees ensuring that interested persons have access to Chilean courts or tribunals to enforce its labor laws and creates a joint labor council to discuss matters that may arise regarding the chapter. The FTA also establishes a mechanism to foster cooperation on labor issues between the two governments to promote respect for the principles embodied in the *ILO Declaration on Fundamental Principles and Rights at Work and its Follow-up* and compliance with ILO Convention 182 *Concerning the Prohibition and Immediate Action for the Elimination of the Worst Forms of Child Labor.*

Environmental commitments are also included in the core text of the FTA. As is the case for labor rights, a key component of the FTA's environmental provisions is an enforceable commitment by each government regarding the effective enforcement of its environmental laws. The agreement commits Chile and the United States to ensure that their domestic environmental laws provide for high levels of environmental protection and to strive to continue to improve these laws. Through the agreement, Chile and the United States expressly recognize that it is inappropriate to waive or derogate from their environmental laws in a manner that weakens or reduces protections under these laws in order to seek investment or encourage trade with the other country.

The FTA creates a joint council to consider environmental issues arising under the agreement and calls for the two governments to promote public participation in the council's work. Under the agreement, agencies from the United States and Chile will engage in specific cooperative projects set out in an annex to the Agreement. In addition, under a recently concluded bilateral agreement on environmental cooperation called for under the FTA, the United States and Chile have established a mechanism for developing a joint work plan on environmental issues.

The FTA includes an innovative dispute settlement mechanism that allows a party to seek the imposition of a monetary assessment if another party refuses to comply with the "effective enforcement" provision. If a party fails to pay an assessment, the other party may take other appropriate steps to collect the assessment, including by withdrawing trade benefits. Each of these remedies – withdrawal of trade benefits and imposition of monetary assessments – is also available in disputes involving the FTA's "commercial" obligations. The agreement is designed in all cases to use remedies that will enhance compliance with the agreement, rather than restrict trade, which could adversely affect sectors and consumers that do not have a direct stake in the dispute.

CLEAR AND PREDICTABLE FRAMEWORK FOR BUSINESS

Without a high standard of transparency, the benefits of any free trade agreement can be lost in non-transparent and confusing regulations. Transparency provisions both in a specific chapter on the issue and throughout the agreement promote open, impartial procedures and underscore Chile's commitment to the rules-based global trading system. General provisions promote open, transparent, regulatory procedures by providing for advance notice, comment periods, and publication of all regulations whenever possible.

Groundbreaking provisions to streamline customs procedures and simplify rules of origin for most products will facilitate taking advantage of the new trade openings, and will be particularly helpful to small and medium-sized enterprises that do not have the resources to battle excessive red tape when attempting to gain access to new markets. In particular, this Agreement:

- Provides that shipments, not part of a series of shipments, valued under $2500 need not be accompanied by information that certifies origin, including a certificate of origin. The ceiling in NAFTA is just $1,000.

- Shifts much of the burden for proving the accuracy of origin certification to the importer. Under NAFTA, the exporter is asked initially if doubts about a certification arise.

- Provides that certificates of origin need not be in a prescribed format as under NAFTA, and the necessary data elements may be submitted electronically.

- Allows for certificates of origin to be valid for four years from the date on which they were signed, assuming circumstances have not changed.

- Contains rules of origin that are straightforward and simplified. Based on our experience with NAFTA, we were able to minimize the use of complicated regional content value calculations.

- Provides for improvements reducing non-tariff barriers, including technical regulations, conformity assessment procedures, and other "technical barriers to trade". The U.S.-Chile FTA enhances obligations to allow a meaningful opportunity to comment on proposals and attempts to minimize redundant requirements for conformity assurance by obligating national treatment in government programs to recognize conformity assessment bodies.

Streamlined Customs Procedures

The U.S.-Chile FTA and the U.S.-Singapore FTA will be the first FTAs anywhere in world to have specific, concrete obligations to enhance transparency and efficiency of customs procedures. All customs laws, regulations and guidelines are required to be published on the Internet. The private sector may request binding advance rulings on customs matters. Additional provisions allow rapid release of goods, including expedited treatment for express delivery shipments. Strong but simple rules of origin are specific to individual products, but are designed to be easier to administer than NAFTA rules of origin.

Transparency in the Service Sector

Opaque regulations provide significant barriers to U.S. services firms in foreign markets. A government's regulations governing financial services, telecommunications services, energy services, or professional services, for example, can severely undercut the value of market access commitments. The provisions of the U.S.-Chile FTA guarantee a high standard of transparency in administrative, licensing, and adjudicatory proceedings. For example, regulatory authorities must provide advance notice and comment periods for proposed regulations, publish final regulations, and provide summary reactions to comments received on the draft regulations whenever possible. Procedural obligations help guarantee that regulatory authorities will act in a prompt and transparent fashion in reviewing and replying to applications for licenses. All of these advancements will help U.S. service firms become more competitive in the Chilean market.

Dispute Settlement

Dispute Settlement provisions provide for open hearings, authorization for panels to receive submissions from non-governmental entities, and public release of submissions – objectives that the United States has long sought in the WTO. Similar transparency provisions apply to investor-state disputes.

AN AGREEMENT FOR THE DIGITAL AGE

Trade in goods and services is increasingly characterized by rapid technological advancements, particularly with regard to the mode of delivery. Trade agreements need to take into account future technological developments. The agreement recognizes the concept of "digital products" and provides for broad national treatment and MFN nondiscriminatory treatment for products delivered online. The text recognizes the evolution and development of digital products during the last twenty years and addresses the need for predictability in how digital products are treated by trade law. The concept is a breakthrough in the region in achieving certainty, predictability, and market access for computer programs, video images, sound recordings, and other digitally encoded products. In addition, the FTA provides for the duty-free treatment for digital products.

The Business Software Alliance estimates that by 2005, sixty-six percent of all software will be delivered on line. Recognizing that more and more products will be delivered digitally, negotiators ensured that digital products that are imported or exported through electronic means will not be subject to customs duties. For software and other digital products still being physically traded, the parties agreed to apply customs duties on the basis of the value of the carrier medium (e.g., a CD or other product).

The U.S.-Chile FTA can play an important role in building jobs in the high-tech sector and marks a milestone in the progress toward the promotion of strong intellectual property rights protection, full liberalization of trade in information technology services, and barrier-free e-commerce among our trading partners. In this Agreement, a new baseline has been set that could lead to significant market opportunities for the U.S. information technology (IT) and software industries in the years ahead. The U.S.-Chile FTA marks the first time that a major South American country has embraced obligations equivalent to the duty reduction commitments reflected in the 1996 Information Technology Agreement (ITA).

CONCLUSION

Approving and implementing the U.S.-Chile Free Trade Agreement is in the economic interest of the United States. The FTA will anchor the United States in an important region and solidify our bilateral relationship with a South American nation whose adherence to democratic and free market principles creates a shining example for the rest of the region.

Not only will the U.S.-Chile FTA help Chile continue its impressive record of growth and development, it will also set a standard for market liberalization in the region, encouraging other

Latin American economies to consider Chile's commercial strategy of "open regionalism" founded on unilateral market-opening reform, and engagement in the WTO and the FTAA.

U.S.-Chile Free Trade Agreement

Significant New U.S. Access to South America's Most Dynamic Economy

Background

The Administration is confident that the proposed Free Trade Agreement (FTA) between the United States and the Republic of Chile will advance the national economic interests of the United States, and that the Agreement meets the negotiating principles and objectives set out by Congress in the Trade Act of 2002. The FTA will level the playing field for America's farmers, factories, and service establishments. It will provide increased market access for American goods and services in Chile, and it will provide lower-cost U.S. producer and consumer access to Chilean goods and services in a manner that does not disrupt the U.S. economy. In addition, the FTA is a trade agreement for the digital age with ground-breaking provisions on electronic commerce, intellectual property rights and high tech services. Negotiated over two years, the U.S.-Chile FTA contains more than 800 pages of text and annexes. In the final round of talks in December, 2002, more than 200 negotiators from the two countries worked nine straight days to reach an agreement. It is one of the most comprehensive and forward-looking trade agreements ever negotiated by the United States.

The Economic Imperative: Leveling the Playing Field

U.S. farms and factories currently operate at a significant competitive disadvantage in Chile, because competitors such as Canada, Mexico and the European Union all have free trade agreements with Chile. For example, a U.S.-made Caterpillar 140 Horsepower Motor Grader sold in Chile is charged $13,090 in tariffs. But the same tractor made in Canada pays zero tariffs. Recent reports suggest that fast-food chains in Chile have started purchasing potatoes from other sources, because U.S.-grown potatoes carry a 6% tariff that others do not.

The loss of U.S. market share has continued in recent months, especially after the Chilean free trade agreement with the European Union went into effect February 1, 2003. The European Union is Chile's largest supplier, and competes head-to-head with U.S. producers across the whole spectrum of imports into Chile. Every passing month risks more diversion of Chile's imports away from U.S. suppliers of farm and industrial goods and of services.

The National Association of Manufacturers (NAM) estimates that the current lack of a U.S. FTA with Chile costs U.S. exporters $800 million per year in sales, affecting 10,000 U.S. jobs. NAM estimates that the largest losses of U.S. market share in recent years were in wheat, corn, soybeans, paper, plastics, paints and dyes, fertilizers, heating equipment, and construction equipment. The U.S.-Chile FTA will remedy these competitive disadvantages.

A study by the University of Michigan and Tufts University estimates that a U.S.-Chile FTA will expand U.S. GDP by $4.4 billion, and Chilean GDP by $556 million. Poverty in Chile was cut in half between 1987 and 2000 as a direct result of Chile's economic reforms and trade liberalization. Persons living in extreme poverty declined from 17.4% in 1987 to 5.7% in 2000. An FTA will contribute to continued economic growth and poverty reduction in Chile.

New Opportunities for U.S. Workers and Manufacturers

More than 85% of U.S.-Chilean bilateral trade in consumer and industrial products would become duty-free immediately upon entry into force of the Agreement, with most remaining tariffs eliminated within four years. Key U.S. export sectors would gain immediate duty-free access to Chile, such as agricultural and construction equipment, autos and auto parts, computers and other information technology products, medical equipment, and paper products. Chile's "luxury tax" on automobiles will be phased out over 4 years. In the meantime, the number of vehicles to which this tax applies will be sharply reduced as soon as the Agreement takes effect.

Textiles and apparel will be duty-free immediately if they meet the Agreement's rule of origin, promoting new opportunities for U.S. and Chilean fiber, yarn, fabric and apparel manufacturing industries. A limited yearly amount of textiles and apparel containing non-U.S. or non-Chilean yarns, fibers or fabrics may also qualify for duty-free treatment.

Expanded Markets for U.S. Farmers and Ranchers

More than three-quarters of U.S. farm goods will enter Chile duty-free within 4 years, and all duties on U.S. products will be phased out over 12 years. Key U.S. farm products will benefit from improved market access, including pork and pork products, beef and beef products, soybeans and soybean meal, durum wheat, feed grains, potatoes, and processed food products such as pasta, distilled spirits, and breakfast cereals. Tariffs on U.S. and Chilean wines will first be equalized at low U.S. rates and then eliminated.

U.S. farmers will have access to Chile that is as good as or better than the European Union or Canada, both of which already have FTAs with Chile. Chilean price bands, under which import duties on the same product may vary according to price level, will be phased out. During the phase out, producers of these products will be treated as good as or better than their competitors with other countries. Elimination of price bands was not part of the EU or Canada FTAs with Chile. The Agreement eliminates the use of export subsidies on U.S.-Chilean farm trade, but preserves the right to respond if third countries use export subsidies to displace U.S. products in the Chilean market. An agricultural safeguard provision will help protect U.S. farmers and ranchers from sudden surges in imports from Chile.

Both parties to the Agreement renew their commitment to continue the work on resolving important sanitary and phytosanitary issues, such as meat and dairy inspection and meat grading, that are inhibiting access to consumers in both markets.

Access to a Fast-Growing Chilean Services Market

The commitments of the Agreement in services cover both cross-border supply of services (such as services supplied through electronic means, or through the travel of nationals) as well as the right to invest and establish a local services presence.

Traditional market access to services is supplemented by strong and detailed disciplines on regulatory transparency. Regulatory authorities must use open and transparent administrative procedures, consult with interested parties before issuing regulations, provide advance notice and comment periods for proposed rules, and publish all regulations.

Chile will accord substantial market access across its entire services regime, subject to very few exceptions, a so-called "negative list" approach. This establishes market access commitments across a wide range of sectors of interest to the United States, including but not limited to: Computer and related services; telecommunications services; audiovisual services; construction and engineering; tourism; advertising; express delivery; professional services (architects, engineers, accountants, etc.); distribution services (wholesaling, retailing and franchising); adult education and training services; and environmental services. The express delivery commitment includes an important and expansive definition of the integrated nature of express services, and affirms existing competitive opportunities.

Some of the key services commitments are spelled out in more detail below:

Financial Services: This chapter includes core obligations of non-discrimination, most-favored nation treatment, and additional market access obligations. U.S. insurance firms would gain full rights to establish subsidiaries or joint ventures for all insurance sectors (life, non-life, reinsurance, brokerage) with limited exceptions. Chile has committed to phase in insurance branching rights. Chile further has committed to modify its legislation to allow cross-border supply of key insurance sectors such as marine, aviation and transport (MAT) insurance, insurance brokerage of reinsurance and MAT insurance, and has confirmed existing rights for reinsurance. A new principle of expedited availability of insurance services means that the parties recognize the importance of developing and maintaining regulatory procedures to expedite the offering of insurance services by licensed suppliers.

U.S. banks and securities firms may establish branches and subsidiaries and may invest in local firms without restriction, except in very limited circumstances, and U.S. financial institutions may offer financial services to citizens participating in Chile's highly successful privatized voluntary savings plans. U.S. firms also gain some increased ability to offer such products through Chile's mandatory social security system. Chile also will allow U.S.-based firms to offer services cross-border to Chileans in areas such as financial information and data processing, and financial advisory services with a limited exception. Chilean mutual funds may use foreign-based portfolio managers.

Telecommunications: Under the Agreement, users of the public telecommunications network are guaranteed reasonable and non-discriminatory access to the network. This prevents local firms from having preferential or "first right" of access to telecommunications networks. The FTA also provides U.S. phone companies with the right to interconnect with networks in Chile at non-discriminatory, cost-based rates. U.S. firms seeking to build a physical network in Chile are also granted non-discriminatory access to facilities, such as telephone switches and submarine cable landing stations. And U.S. firms will be able to lease lines on Chilean telecom networks on non-discriminatory terms, and to re-sell telecom services of Chilean suppliers to build a customer base.

Electronic Commerce: Free Trade in the Digital Age

The Electronic Commerce text in the FTA identifies Chile as a leader in Latin America for the further development of digital trade, as both countries agreed to provisions on electronic commerce that reflect the issue's importance in global trade.

In the FTA, Chile and the United States committed to non-discriminatory treatment of digital products, agreed not to impose customs duties on such products, and affirmed that commitments made related to services also extend to the electronic delivery of such services. For digital products delivered on hard media (e.g., a DVD or CD), customs duties will be based on the value of the media (e.g., the disc), not on the value of the movie, music or software contained on the disc. Finally, both countries agreed to cooperate in numerous policy areas related to electronic commerce, including on the maintenance of cross-border flows of information.

Investment: Important Protections for U.S. Investors

The Agreement will establish a secure, predictable legal framework for U.S. investors operating in Chile, and is consistent with the objectives regarding investor-state dispute settlement contained in the Trade Act of 2002. All forms of U.S. investment in Chile are protected under the Agreement, including enterprises, debt, concessions, contracts and intellectual property. U.S. investors enjoy in almost all circumstances the right to establish, acquire, and operate investments in Chile on an equal footing with Chilean investors, and with investors of other countries. The Agreement prohibits and removes certain restrictions on U.S. investors, such as requirements to buy Chilean rather than U.S. inputs.

Pursuant to U.S. Trade Promotion Authority, the Agreement draws from U.S. legal principles and practices, to provide U.S. investors a basic set of substantive protections that Chilean investors currently enjoy under the U.S. legal system. Among the rights afforded to U.S. investors (consistent with those found in U.S. law) are due process protections and the right to receive a fair market value for property in the event of expropriation. These investor rights are backed by an effective, impartial procedure for dispute settlement that is fully transparent. Submissions to dispute panels and panel hearings will be open to the public, and interested parties will have the opportunity to submit their views.

Intellectual Property Rights (IPR): Expanded Protections and Enforcement

Protection of copyrights, patents, trademarks, and undisclosed trade information in the U.S.-Chile FTA is state-of-the-art, with protections that go beyond previous U.S. free-trade agreements. Enforcement of intellectual property rights is also enhanced under the Agreement. Some specific aspects of the Agreement's protections for IPR are listed below.

Trademarks: The Agreement contains language to ensure that there is government involvement in resolving disputes between trademarks and Internet domain names, which

is important to prevent "cyber-squatting" of trademarked domain names. The trademark section of the Agreement also applies the principle of "first-in-time, first-in-right" to trademarks and geographical indicators (place-names) applied to products. This means that the first to file for a trademark is granted the first right to use that name, phrase, or geographical place-name.

Copyrights: The Agreement's copyright language will ensure that only authors and other copyright owners have the right to make their works available online. Copyright owners maintain all rights to even temporary copies of their works on computers, which is important in protecting music, videos, software, and text from widespread unauthorized sharing via the Internet. Under the Agreement, copyrighted works and phonograms are protected for extended terms, consistent with U.S. standards and international trends. Strong anti-circumvention provisions prohibit tampering with technologies (like embedded codes on discs) that are designed to prevent piracy and unauthorized distribution over the Internet. The FTA also provides that governments will only use legitimate computer software, thus setting a positive example for private users.

Patents and Trade Information: The Agreement provides that a patent term can be extended to compensate for up-front administrative or regulatory delays in granting the original patent, consistent with U.S. practice. The FTA specifies that grounds for revoking a patent are limited to the same grounds required to originally refuse a patent, which helps to protect against arbitrary revocation. And test data and other information submitted to a government for the purpose of product approval will be protected against disclosure or unfair commercial use for a period of 5 years for pharmaceuticals and 10 years for agricultural chemicals. Finally, the IPR provisions ensure that government marketing-approval agencies will not grant approval to products that infringe patents.

IPR Enforcement: The FTA contains commitments that party governments will criminalize end-user piracy, thus providing a strong deterrence against piracy and counterfeiting. The Chilean government guarantees that it has authority to seize, forfeit, and destroy counterfeit and pirated goods and the equipment used to produce them. The Agreement specifies that IPR laws will be enforced against goods-in-transit, to deter violators from using U.S. or Chilean ports or free-trade zones to traffic in pirated products. Enforcement officials may act on their own authority in border and criminal IPR cases without waiting for the filing of a formal complaint, thus providing more effective enforcement. Finally, the Agreement mandates both statutory and actual damages under Chilean law for IPR violations. This will serve as a deterrent against piracy, and provide that monetary damages can be awarded even if actual economic harm (retail value, profits made by violators) cannot be determined.

Competition Policy: Protections Against Monopolistic Behavior

The U.S.-Chile FTA commits Chile to maintain competition laws that prohibit anti-competitive business conduct, and a competition agency to enforce those laws. The Chilean laws already promote economic efficiency and consumer welfare, making clear the appropriate objective of competition laws.

The Agreement also requires that Chile control state enterprises and officially designated monopolies so that such firms do not abuse their official status to harm the interests of U.S. companies or discriminate in the sale of goods or services.

Government Procurement: Setting a Precedent for the Hemisphere

The FTA requires that covered Chilean ministries, as well as regional and municipal governments, not discriminate against U.S. firms, or in favor of Chilean firms, when making government purchases in excess of agreed monetary thresholds. It furthermore imposes strong and transparent disciplines on government procurement procedures, such as requiring advance public notice of purchases, as well as timely and effective bid review procedures.

The FTA covers the purchases of most Chilean central government agencies, and covers 13 regional governments, 10 ports and all airports that are property of the state or dependents of the Dirección de Aeronáutica Civil, and more than 350 municipalities in Chile.

Importantly, the FTA ensures that bribery in government procurement is specified as a criminal offense under Chilean and U.S. laws. This furthers the anti-corruption goals set out by hemispheric leaders at the Summit of the Americas in Quebec City in 2001.

Ground-Breaking Customs Procedures

The U.S.-Chile FTA is one of the first U.S. trade agreements with specific, concrete obligations on how customs procedures are to be applied. The Agreement requires transparency and efficiency in customs administration, with commitments on publishing laws and regulations on the Internet, and ensuring procedural certainty and fairness. Both parties agree to share information to combat illegal trans-shipment of goods. In addition, the Agreement contains specific language designed to facilitate the clearance through customs of express delivery shipments.

Strong but simple rules of origin will ensure that only U.S. and Chilean goods benefit from the Agreement. The rules are specific to individual products, but are designed to be easier to administer than NAFTA rules of origin.

Temporary Entry of Personnel

The Agreement contains provisions for the temporary entry of business visitors, including intra-company transferees and professionals. The Administration believes that the temporary entry provisions strike a careful balance between the needs of the U.S. service industry to provide competitive services while preserving the right of Congress to legislate on immigration policy. Under these provisions, a professional visa category would be established.

Environmental Provisions: Cooperation to Protect the Environment

The FTA fully meets the environmental objectives set out by Congress in the Trade Act of 2002. Significantly, environmental obligations are part of the core text of the Trade Agreement. Both parties commit to ensure that their domestic environmental laws provide for high levels of environmental protection and shall strive to continue to improve such laws. The Agreement's text makes clear that it is inappropriate to weaken or reduce domestic environmental protections to encourage trade or investment.

Reflecting the bipartisan compromise struck in the Trade Act, the FTA requires that Parties shall effectively enforce their own domestic environmental laws, and this obligation is enforceable through the Agreement's dispute settlement procedures.

In addition, the Agreement contains an annex identifying a number of important cooperative projects that will promote environmental protection. Projects include:

- Building capacity for wildlife protection and resource management in Latin America through collaboration with wildlife managers, universities, and local communities.

- A project to develop and implement effective alternatives to methyl bromide, a chemical that Chile and the United States have committed to phase out under international environmental agreements.

- Development of a Pollutant Release and Transfer Register (PRTR) in Chile, similar to the successful Toxic Release Inventory in the United States. The PRTR is a publicly available database of chemicals that have been released by industrial facilities into the environment.

Labor Provisions: Promotion of Worker Rights

Significantly, labor obligations are part of the core text of the Trade Agreement. Both parties reaffirm their obligations as members of the International Labor Organization (ILO), and shall strive to ensure that their domestic laws provide for labor standards that are consistent with internationally recognized labor principles. The Agreement makes clear that it is inappropriate to weaken or reduce domestic labor protections to encourage trade or investment.

Reflecting the bipartisan compromise struck in the Trade Act, the Agreement requires that Parties shall effectively enforce their own domestic labor laws, and this obligation is enforceable through the Agreement's dispute settlement procedures.

The Agreement also contains a cooperative labor mechanism to promote respect for the principles embodied in the ILO Declaration on Fundamental Principles and Rights at Work, and compliance with ILO Convention 182 on the Worst Forms of Child Labor. Cooperative activities may include:

- Discussions of legislation, practice, and implementation of the core elements of the ILO Declaration on Fundamental Principles and Rights at Work.

- Improving systems for the administration and enforcement of labor laws.

Dispute Settlement: Innovative New Tools

All core obligations of the Agreement, including labor and environmental provisions, are subject to the dispute settlement provisions of the Agreement. The procedures for dispute panel procedures set new and higher standards of openness and transparency, reflecting the guidance from Congress in the Trade Act. For example, the Agreement provides that dispute settlement proceedings will be open to the public, that legal submissions by parties to a dispute will be released to the public, and that interested third parties will have an opportunity to submit their views to dispute settlement panels.

Dispute settlement procedures in the FTA promote compliance through consultation and trade-enhancing remedies, rather than relying solely on trade sanctions. The FTA dispute settlement procedures also provide for "equivalent" remedies for commercial and labor/environmental disputes. The FTA achieves this through an innovative new enforcement mechanism that involves the use of monetary assessments to enforce commercial, labor, and environmental obligations of the Trade Agreement. Suspension of preferential tariff benefits under the Agreement is also available for all disputes, but the mechanism is designed in all cases to seek remedies that will enhance compliance with the obligations of the Agreement, rather than restricting trade and harming "innocent bystanders."

UNITED STATES – CHILE FREE TRADE AGREEMENT

Summary of the Agreement

This summary briefly describes key provisions of the United States – Chile Free Trade Agreement.

Chapter One: Initial Provisions

Chapter One sets out provisions establishing a free trade area, describing the objectives of the Agreement, and providing that the Parties will interpret and apply the Agreement in light of these objectives. The Parties affirm their existing rights and obligations under the Marrakesh Agreement Establishing the World Trade Organization (WTO) and other agreements to which both the United States and Chile are party. The Parties also agree that they will give effect to the Agreement, including, in the case of the United States, by taking steps necessary to ensure observance of provisions applicable to state governments.

Chapter Two: General Definitions

Chapter Two defines certain terms that recur in various chapters of the Agreement.

Chapter Three: National Treatment and Market Access for Goods

Chapter Three sets out the Agreement's principal rules governing trade in goods. It requires each Party to treat products from the other Party in a non-discriminatory manner, provides for the phase-out of tariffs on "originating goods" (as defined in Chapter Four) traded between the two Parties, and requires the elimination of a wide variety of non-tariff trade barriers that restrict or distort trade flows.

Tariff Elimination. Chapter Three provides for the elimination of all tariffs on originating goods traded between the Parties. Most tariffs will be eliminated as soon as the Agreement enters into force. The remaining tariffs will be phased out over periods of up to 12 years. The United States has also agreed not to apply its merchandise processing fee on imports of originating goods from Chile. The chapter also provides that the two Parties may agree to speed up tariff phase-outs on a product-by-product basis after the Agreement takes effect.

Temporary Admission. Chapter Three requires the Parties to provide duty-free temporary admission for certain products without the usual bonding requirement that applies to imports. Such items include professional equipment, goods for display or demonstration, and commercial samples.

Import/Export Restrictions, Fees, and Formalities. Chapter Three prohibits the Parties from imposing export and import price requirements, import licensing conditioned on performance requirements, and voluntary export restraints inconsistent with the WTO General Agreement on

Tariffs and Trade 1994 (GATT). In addition, it limits all fees and charges imposed on or in connection with importation or exportation to the approximate cost of services rendered.

Specific Barriers. When the Agreement enters into force, Chile must end its 50 percent surcharge on imports of used goods, including capital goods. Chapter Three phases out duty drawback and deferral programs between the Parties in years eight through 12 of the Agreement. Chile will eliminate its 85 percent automobile luxury tax in four years, and will increase the minimum threshold for imposing the tax by $2,500 each preceding year.

Agriculture. Chapter Three also provides that the Parties will work together in WTO agriculture negotiations to eliminate export subsidies. Other provisions on agricultural trade address rules on subsidized exports between the Parties and mutual recognition of grading, quality, or marketing measures. The chapter provides that Chile will eliminate its price band mechanism for wheat, wheat flour, vegetable oils, and sugar in 12 years. For sugar, the chapter provides that each Party's access to the other's market is limited to the amount of its net trade surplus. Recognizing the special conditions agricultural products face, Chapter Three also sets out a transitional tariff "snap-back" mechanism that allows a Party to impose a temporary duty on specified agricultural products under certain conditions. Once tariffs on a product reach zero, the Parties may no longer use the snap-back for that product. The temporary duty may not exceed normal trade relations/most-favored-nation (NTR/MFN) rates.

Textiles and Apparel. Chapter Three sets out various provisions addressing trade in textile and apparel goods, including a "safeguard" provision, special rules of origin, and anti-circumvention provisions.

Chapter Three provides for the elimination of tariffs on all "originating" textile and apparel goods traded between the two countries once the Agreement takes effect. To deal with emergency conditions that might result for particular goods as a result of immediate duty elimination, the Agreement includes a "safeguard" provision that will permit the importing country temporarily to reimpose NTR/MFN duty rates on imports of textile or apparel goods that cause or threaten serious damage to a domestic industry. Safeguard measures may be imposed for up to three years during the first eight years after duties on a good are eliminated under the Agreement.

Chapter Three includes special rules of origin for textile and apparel goods under the Agreement, including a *de minimis* exception for non-originating yarns or fibers, a rule for treatment of sets, and consultation provisions. The *de minimis* rule applies to products that ordinarily would not be considered originating goods because fibers or yarns in their origin-determining components do not undergo an applicable change in tariff classification. Under the special rule, however, the Parties will consider these products to be originating goods if the fibers or yarns in question constitute seven percent or less of the total weight of the component of the good that determines origin. This special rule does not apply to elastomeric yarns.

Chapter Three also calls for the United States and Chile to provide "tariff preference levels" (TPLs) for a limited quantity of cotton and man-made fiber fabric goods and cotton and man-made fiber apparel goods from non-Party sources. For fabric formed from non-Party yarn or fabric, TPL status will apply to 1 million square meters annually. For apparel cut and sewn from non-Party fabric or yarn, TPL status will apply to 2 million square meters per year in the first 10 years of the Agreement, and thereafter to 1 million square meters per year. TPL goods will be accorded preferential tariff treatment as if they were originating goods.

The chapter also includes a customs cooperation article that sets out detailed commitments designed to prevent circumvention of the Agreement's rules governing trade in textile and apparel goods. As part of these commitments, the Parties will cooperate in enforcing relevant laws, in ensuring the accuracy of claims of origin, and preventing circumvention of laws affecting trade in textile and apparel goods. Each Party will also conduct site visits under specified conditions, and will provide information necessary to conduct site visits. The chapter permits a Party to respond to circumvention and certain actions that impede a Party from detecting circumvention by denying preferential tariff treatment under the Agreement to specific textile or apparel goods, or by limiting more generally imports of textile and apparel goods from particular enterprises.

Consultations. Either party may convene bilateral consultations to resolve any technical or interpretive issues that arise under the chapter's customs cooperation article. In addition, either Party may request technical assistance from the other Party in implementing the article.

Chapter Four: Rules of Origin and Origin Procedures

To benefit from various trade preferences provided under the Agreement, including reduced duties, goods must qualify as "originating goods" under the rules of origin set out in Chapter Four and a related annex. These rules ensure that the special tariff and other benefits of the Agreement accrue primarily to firms or individuals that produce or manufacture goods in the Parties' territories.

Key Concepts. Chapter Four provides three alternative sets of criteria under which a product will generally qualify as an "originating good:"

- When the good is wholly obtained or produced in the territory of one or both of the Parties (for example crops grown or minerals extracted in the United States); or
- When the good is manufactured or assembled from non-originating materials that undergo a specified change in tariff classification in one or both Parties, the good meets any applicable "regional value content" requirement (see below), and the good satisfies all other requirements of Chapter Four; or
- When the good is produced in one or both countries entirely from "originating" materials.

Chapter Four and Annex 4.1 further clarify that simple combining or packaging operations, or mere dilution with water or another substance that does not change the characteristics of the good, will not confer origin.

De Minimis. Even if a good does not undergo a specified change in tariff classification, it will be treated as an originating good if the value of non-originating materials does not exceed 10 percent of the adjusted value of the good, and the good otherwise meets the criteria of the chapter.

Regional Value Content. Some origin rules under the Agreement require that certain goods must meet a regional value content test in order to qualify as "originating," meaning that a specified percentage of the value of the good must be attributable to originating materials. The Agreement provides two methods for calculating that percentage: the "build-down method" based on the value of non-originating materials used, and the "build-up method" based on the value of originating materials used. Under the Agreement, accessories, spare parts, and tools delivered with a good will be considered part of the material making up the good so long as these items are not separately classified or invoiced and their quantities and values are customary. The *de minimis* rule does not apply in calculating the regional value content.

Certificates of Origin. Under the Agreement, importers who wish to claim preferential FTA tariff treatment for particular goods must make a written declaration that the good qualifies as originating and be prepared to submit, on the request of the importing Party's customs authority, a valid certificate of origin for the goods. Certificates must be completed by the producer or exporter of the good. They will remain valid for four years and may cover either a single importation of one or more goods, or several importations of identical goods.

Post-Importation Claims. Chapter Four establishes a method for filing post-importation claims for preferential treatment up to one year from importation and for seeking a refund of any excess duties paid. Parties must issue any denials of preferential treatment in writing, accompanied by legal and factual findings. Chapter Four also provides that a Party will not penalize an importer where the importer promptly and voluntarily corrects a declaration. Verification of more than one false certification, however, may result in a Party denying preferential tariff treatment to identical goods of that importer until the importer proves its compliance with laws and regulations governing claims of origin.

Chapter Four also calls for the Parties to publish guidelines for interpreting, applying, and administering the Agreement's market access and rules of origin chapters.

Textile and Apparel Rules of Origin. A textile or apparel product will generally qualify as an "originating good" only if all processing after fiber formation (*e.g.*, yarn-spinning, fabric production, cutting, and assembly) takes place in the territory of one or both of the Parties or if there is an applicable change in tariff classification as specified in Annex 4.1.

Chapter Five: Customs Administration

Chapter Five establishes rules designed to encourage transparency, predictability, and efficiency in the operation of each Party's customs procedures and to provide for cooperation between the Parties on customs matters.

General Principles. Chapter Five commits each Party to observe certain transparency obligations. Each Party must promptly publish its customs measures on the Internet or a comparable computer-based telecommunications network and, where possible, solicit public comments before amending its customs regulations. Each Party will also provide written advance rulings, on request, to its importers and to exporters and producers of the other Party, regarding whether a product qualifies as an "originating good" under the Agreement as well as on other customs matters. Each Party will also guarantee importers access to both administrative and judicial review of customs matters. The Parties will also release goods from customs promptly and apply expedited procedures for clearing express shipments through customs.

Cooperation. Chapter Five is also designed to enhance customs cooperation. It encourages the Parties to give each other advance notice of customs developments likely to affect the Agreement. The chapter calls for the Parties to cooperate in securing compliance with each other's customs measures related to the Agreement, to the WTO Customs Valuation Agreement, and to import and export restrictions.

Chapter Six: Sanitary and Phytosanitary Measures

Chapter Six aims to enhance the Parties' implementation of existing WTO rules on sanitary and phytosanitary (SPS) measures. It reflects the Parties' agreement that implementation of existing obligations under the WTO Agreement on the Application of Sanitary and Phytosanitary Measures (WTO SPS Agreement) is their shared objective, and that including additional SPS rights and obligations in the Agreement is not necessary.

Key Concepts. In general, an SPS measure is a law or regulation applied to protect humans, animals, or plants from certain health risks. Such risks may include plant- and animal-borne pests and diseases, as well as additives, contaminants, toxins, or disease-causing organisms in food and beverages.

Cooperation. Chapter Six calls for the Parties to establish an SPS Committee, consisting of relevant trade and regulatory officials, to serve as a bilateral forum for SPS issues. The Committee will provide a forum for discussing SPS measures that may affect trade between the Parties, consulting on SPS matters that are before international organizations, and coordinating technical cooperation programs, among other activities. Neither Party may invoke the Agreement's dispute settlement procedures for any matter arising under Chapter Six. Instead, any SPS dispute between the Parties will be resolved under the applicable provisions of the WTO SPS Agreement using WTO dispute settlement rules.

Chapter Seven: Technical Barriers to Trade

Chapter Seven seeks to enhance the Parties' implementation of existing WTO rules on technical barriers to trade. It builds on WTO rules to promote transparency, accountability, and cooperation between the Parties on product regulatory issues.

Key Concepts. The term "technical barriers to trade" (TBT) refers to barriers that may occur in preparing, adopting, or applying voluntary product standards, mandatory product standards ("technical regulations"), and procedures used to determine whether a particular product meets such standards, *i.e.*, "conformity assessment" procedures.

International Standards. The principles articulated in the WTO TBT Committee Decision on Principles for the Development of International Standards, Guides and Recommendations emphasize the need for openness and consensus in the development of international standards. Chapter Seven requires the Parties to apply these principles.

Cooperation and Recognition. Chapter Seven provides multiple options for cooperation between the Parties on trade facilitation to improve market access. In addition, where a Party provides for the acceptance of foreign technical regulations as equivalent to its own, Chapter Seven requires it to provide reasons for not accepting technical regulations of the other Party as equivalent.

Conformity Assessment. Chapter Seven provides for a dialogue between the Parties on ways to facilitate the acceptance of conformity assessment results. Where a Party recognizes conformity assessment bodies, Chapter Seven creates a right for bodies located in the territory of the other Party to qualify on a non-discriminatory basis.

Transparency. Chapter Seven contains various transparency obligations, including obligations to permit persons of the other Party to participate in the development of technical regulations, standards, and conformity assessment procedures; transmit regulatory proposals notified under the TBT Agreement directly to the other Party; describe in writing the objective of and reasons for regulatory proposals; and accept and respond in writing to comments on regulatory proposals.

Chapter Eight: Trade Remedies

Chapter Eight establishes a bilateral safeguard procedure that will be available to aid domestic industries that sustain or are threatened with serious injury due to increased imports resulting from tariff reductions or elimination under the Agreement. The chapter does not affect either government's rights or obligations under the WTO's global safeguard provisions or under other WTO trade remedy rules.

Key Concepts. Chapter Eight authorizes each Party to impose temporary duties on a product imported from the other Party if, as a result of the reduction or elimination of a duty under the Agreement, the product is being imported in such increased quantities and under such conditions

as to constitute a substantial cause of serious injury, or threat of serious injury, to a domestic industry producing a "like" or "directly competitive" product.

Specifics. A safeguard measure may be applied only during the Agreement's ten-year "transition period" (or 12 years for certain agricultural goods) for phasing out duties on bilateral trade. A safeguard measure may take one of two forms – a temporary increase in duties to NTR/MFN levels or a temporary suspension of duty reductions called for under the Agreement.

A bilateral safeguard measure may last up to three years. For measures lasting more than one year, however, the Party must scale back the measure at regular intervals. Chapter Eight incorporates by reference certain procedural and substantive investigation requirements of the WTO Agreement on Safeguards.

If a Party imposes a bilateral safeguard measure, Chapter Eight requires it to provide the other Party offsetting trade compensation. If the Parties cannot agree on compensation, the Party entitled to compensation may unilaterally suspend "substantially equivalent" trade concessions that it has made to the other Party.

Global Safeguards. Chapter Eight maintains each country's right to take remedial action against imports from all sources under GATT Article XIX and the WTO Agreement on Safeguards, without providing additional rights or obligations. A Party may not apply a safeguard measure under Chapter Eight to a good while the good is subject to a global safeguard the Party has imposed. Special safeguard provisions for textile and apparel and agricultural products appear in Chapter Three (National Treatment and Market Access for Goods).

Antidumping and Countervailing Duties. Chapter Eight confirms that the Parties retain their rights and obligations under WTO agreements relating to the application of antidumping and countervailing duties. The Agreement does not create any rights or obligations for the Parties with respect to antidumping and countervailing duties. Those measures may not be challenged under the Agreement's dispute settlement procedures.

Chapter Nine: Government Procurement

Chapter Nine provides comprehensive rules prohibiting each government from discriminating in its purchasing practices against products, services, and suppliers from the other country and requiring each Party to apply fair and transparent procurement procedures. While Chile is not a party to the WTO Agreement on Government Procurement, the rules of Chapter Nine broadly resemble WTO procurement rules.

General Principles. Chapter Nine establishes a basic rule of "national treatment," meaning that each Party's procurement rules must treat goods, services, and suppliers from the other country in a manner that is "no less favorable" than it treats their domestic counterparts. The chapter also bars discrimination against locally established suppliers on the basis of foreign affiliation or

ownership. Chapter Nine also prohibits the imposition of "offsets," such as local content, licensing, investment, or similar requirements, designed to favor domestic production.

Coverage and Thresholds. Chapter Nine applies to purchases above certain dollar thresholds by those government departments, agencies, and enterprises named in each Party's schedule. The chapter applies to purchases by listed "central" (*i.e.*, Chilean national or U.S. federal) government agencies of goods and services valued at $56,190 or more and construction services valued at $6,481,000 or more. The equivalent thresholds for purchases for "sub-central" government entities (*i.e.*, Chilean municipalities and U.S. state government agencies) are set at $460,000 and $6,481,000, respectively. The chapter's thresholds for listed government enterprises are either $280,951 or $518,000 for goods and services, and $6,481,000 for construction services. All thresholds are subject to adjustment for inflation.

Transparency. Chapter Nine establishes rules designed to ensure transparency in procurement procedures. Each Party must publish its laws, regulations and other measures governing procurement, along with any changes to those measures. Procuring entities must publish notices of procurement opportunities in advance. The chapter lists minimum information that such notices must include.

Tendering Rules. Chapter Nine provides rules for setting deadlines on "tendering" (bidding on government contracts). It requires procuring entities to give suppliers all the information they need to prepare tenders, including the criteria that procuring entities will use to evaluate tenders. Entities must also, where appropriate, base their technical specifications (*i.e.*, detailed descriptions of the goods or services to be procured) on performance-oriented criteria and international standards. Chapter Nine provides that procuring entities may not write technical specifications to favor a particular supplier, good, or service.

Award Rules. Chapter Nine requires that to be considered for award a tender must be made in writing and submitted by a qualified supplier. The tender must meet the criteria set out in the tender documentation, and procuring entities must base their award of contracts on those criteria. Procuring entities must publish information on awards, including the name of the supplier, a description of the goods or services procured, and the value of the contract. Chapter Nine also calls for each Party to ensure that suppliers may bring challenges against procurement decisions before independent reviewers.

Additional Provisions. Chapter Nine is designed to ensure integrity in each Party's procurement practices, including by requiring the Parties to maintain laws that make bribery of procurement officials a crime. It establishes procedures under which a Party may change the extent to which the chapter applies to its government entities, such as when a Party privatizes an entity whose purchases are covered under the chapter. It also provides that Parties may adopt or maintain measures necessary to protect: public morals, order, or safety; human, animal, or plant life or health; or intellectual property. Parties may also adopt measures relating to goods or services of handicapped persons, philanthropic institutions, or prison labor. Finally, Chapter Nine

establishes a bilateral Committee on Procurement to address issues related to the implementation of the chapter.

Chapter Ten: Investment

Chapter Ten establishes rules to protect investors from one Party against unfair or discriminatory government actions when they make or attempt to make investments in the other Party's territory. Its provisions reflect traditional standards incorporated in earlier U.S. investment agreements (including those in the North American Free Trade Agreement and U.S. bilateral investment treaties) and in customary international law, and contain several innovative provisions.

Key Concepts. Under Chapter Ten, the term "investment" covers all forms of investment, including enterprises, securities, debt, intellectual property rights, concessions, and contracts. It includes both existing and future investments. The term "investor of a Party" encompasses both U.S. and Chilean nationals as well as firms (including branches) established in one of the Parties.

General Principles. Investors enjoy six basic protections under Part A of Chapter Ten: non-discriminatory treatment relative to domestic investors as well as investors of non-Parties; freedom from "performance requirements;" free transfer of funds related to an investment; protection from expropriation other than in conformity with customary international law; a "minimum standard of treatment" in conformity with customary international law; and the ability to hire key managerial and technical personnel without regard to nationality.

Sectoral Coverage and Non-Conforming Measures. With the exception of investments in or by regulated financial institutions (which are treated in Chapter Twelve), Chapter Ten generally applies to all sectors, including service sectors. However, each Party has listed in annexes to the chapter particular sectors or measures for which it negotiated an exemption from the chapter's rules relating to national treatment, most favored nation treatment, performance requirements, or senior management and boards of directors. All current state and local laws and regulations are exempted from these rules. Once a Party liberalizes a measure that it has exempted, however, it must thereafter maintain the measure at least at that level of openness.

Investor-State Disputes. Chapter Ten provides a mechanism for an investor of a Party to pursue a claim against the other Party. The investor may assert that the Party has breached a substantive obligation under Part A of Chapter Ten or that the Party has breached an investment agreement with, or an investment authorization granted to, the investor or its investment.

Innovative provisions afford public access to information on Chapter Ten investor-State proceedings and ensure proper application of dispute settlement rules. For example, Chapter Ten requires the Parties to make public all documents and hearings, with limited exceptions for business and other legally confidential information, and authorizes tribunals to accept *amicus* submissions from the public. The chapter also includes provisions based on those used in U.S. courts to quickly dispose of frivolous claims. A special annex addressing investor-State

procedures provides Chile limited policy flexibility with respect to certain capital flows it may consider disruptive.

Chapter Eleven: Cross-Border Trade in Services

Chapter Eleven governs measures affecting cross-border trade in services between the United States and Chile. Certain of its provisions also apply to measures affecting services investments. The chapter is drawn in part from the services provisions of the NAFTA and the WTO General Agreement on Trade in Services (GATS), as well as priorities that have emerged since those agreements.

Key Concepts. Under the Agreement, cross-border trade in services covers supply of a service:

- from the territory of one Party into the territory of another (*e.g.*, electronic delivery of services from the United States to Chile);
- in the territory of a Party by a person of that Party to a person of the other Party (*e.g.*, a Chilean company provides services to U.S. visitors in Chile); and
- by a national of a Party in the territory of another Party (*e.g.*, a U.S. lawyer provides legal services in Chile).

Chapter Eleven should be read together with Chapter Ten (Investment), which establishes rules pertaining to the treatment of service firms that choose to provide their services through a local presence, rather than cross-border. Chapter Eleven applies where, for example, a service supplier is temporarily present in the United States or Chile and does not operate through a local investment.

General Principles. Among Chapter Eleven's core obligations are requirements to provide national treatment and most-favored-nation treatment to service suppliers of the other Party. Thus, the chapter requires each Party to treat service suppliers of the other Party no less favorably than its own suppliers. The chapter protects the rights of existing service suppliers as well as those who seek to supply services, subject to any reservations by either Party. The chapter also includes a rule prohibiting the Parties from requiring firms to establish a local presence before they can supply a service. In addition, the chapter seeks to remove market access barriers by barring certain types of restrictions on the supply of services (*e.g.*, rules limiting the number of firms that may offer a particular service or restricting or requiring specific types of legal structures or joint ventures with local companies in order to supply a service). The chapter's market access rules apply both to services supplied on a cross-border basis and through a local investment.

Sectoral Coverage and Non-Conforming Measures. Chapter Eleven applies across virtually all services sectors. The chapter excludes financial services except that certain provisions of

Chapter Eleven apply to investments in unregulated financial services that are covered by Chapter Ten (Investment). In addition, Chapter Eleven does not cover air transportation, although it does apply to specialty air services and aircraft repair and maintenance.

Each Party has listed in annexes measures in particular sectors for which it negotiated exemptions from the chapter's core obligations. All existing state and local laws and regulations are exempted from these obligations. Once a Party liberalizes a measure that it has exempted, however, it must thereafter maintain the measure at least at that level of openness.

Transparency and Domestic Regulation. Provisions on transparency and domestic regulation complement the core rules of Chapter Eleven. The transparency rules apply to the development and application of regulations governing services. The chapter's rules on domestic regulation govern the operation of approval and licensing systems for service suppliers. Like the chapter's market access rules, its provisions on transparency and domestic regulation cover services supplied both on a cross-border basis and through a local investment.

Exclusions. Chapter Eleven excludes any service supplied "in the exercise of governmental authority" – that is, a service that is provided on a non-commercial and non-competitive basis. Chapter Eleven also does not generally apply to government subsidies, although Chile has undertaken a commitment relating to cross-subsidization of express delivery services.

Chapter Twelve: Financial Services

Chapter Twelve provides rules governing each Party's treatment of: 1) financial institutions of the other Party, 2) investors of the other Party, and their investments, in financial institutions, and 3) cross-border trade in financial services.

Key Concepts. The chapter defines a "financial institution" as any financial intermediary or other institution authorized to do business and regulated or supervised as a financial institution under the law of the Party where it is located. A "financial service" is any service of a financial nature, including, for example, insurance, banking, securities, asset management, financial information and data processing services, and financial advisory services.

General Principles. Chapter Twelve's core obligations parallel those in Chapters Ten (Investment) and Eleven (Cross-Border Trade in Services). Thus, Chapter Twelve imposes rules requiring national treatment and most-favored-nation treatment, prohibiting certain quantitative restrictions on market access, and barring restrictions on the nationality of senior management. As appropriate, these rules apply to measures affecting financial institutions, investors and investments in financial institutions of the other Party, and to services companies that are currently supplying and that seek to supply financial services from one Party's territory to the other's.

Non-Conforming Measures. Similar to Chapters Ten and Eleven, each Party has listed in an annex to Chapter Twelve particular financial services measures for which it negotiated exemptions from the chapter's core obligations. All existing U.S. state and local laws and regulations are exempted from these obligations. Once a Party liberalizes a measure that it has exempted, however, it must thereafter maintain the measure at least at that level of openness.

Other Provisions. Chapter Twelve includes complementary provisions on regulatory transparency, "new" financial services, self-regulatory organizations, and the expedited availability of insurance products.

Relationship to other Chapters. Measures that a Party applies to financial services suppliers of the other Party – other than regulated financial institutions – that make or operate investments in the Party's territory are covered principally by Chapter Ten and certain provisions of Chapter Eleven. In particular the core obligations of the investment chapter apply to such measures, as do the market access, transparency, and domestic regulation provisions of the services chapter. Chapter Twelve incorporates by reference certain provisions of Chapter Ten, such as those relating to transfers and expropriation.

Chapter Thirteen: Telecommunications

Chapter Thirteen creates disciplines beyond those imposed under Chapters Ten (Investment) and Eleven (Cross-Border Trade in Services) on regulatory measures affecting telecommunications trade and investment between the United States and Chile. It is designed to ensure that service suppliers of each Party have non-discriminatory access to public telecommunications networks in the other country. In addition, the chapter requires each Party to regulate its dominant telecommunications suppliers in ways that will ensure a level playing field for new entrants from the other Party.

Chapter Thirteen also seeks to ensure that telecommunications regulations are set by independent regulators applying transparent procedures, and is designed to encourage adherence to principles of deregulation and technological neutrality. Chapter Thirteen improves on work undertaken in the WTO, where Chile has not committed to allow competition in its market for local telecommunications services.

Key Concepts. Under Chapter Thirteen, the term "public telecommunications network" covers the infrastructure used to provide public telecommunications services between defined endpoints. A "public telecommunications service" is any telecommunications service that a Party requires to be offered to the public generally. The term includes voice and data transmission services. It does not include the offering of "information services" (*e.g.,* services that enable users to create, store, or process information over a network).

Competition. Both the U.S. and Chilean regulatory systems provide for open, competitive domestic and cross-border telecommunications markets. Chapter Thirteen establishes rules that

reflect the common elements of these systems. It also provides flexibility to account for changes that may occur through new legislation or regulatory decisions. The chapter includes commitments by each Party to:

- ensure that all service suppliers of the other Party that seek to access or use a public telecommunications network in the Party's territory can do so on reasonable and non-discriminatory terms (*e.g.*, Chile must ensure that its public phone companies do not provide preferential access to Chilean banks or Internet service providers, to the detriment of U.S. competitors);

- give the other Party's telecommunications suppliers, in particular, the right to interconnect their networks with public networks in the Party's territory;

- ensure that telecommunications suppliers of the other Party that seek to build physical networks in the Party's territory have access to key physical facilities, such as buildings, where they can install equipment, thus facilitating cost-effective investment;

- ensure that telecommunications suppliers of the other Party enjoy the right to lease lines to supplement their own networks or, alternatively, purchase telecommunications services from domestic suppliers and resell them in order to build a customer base; and

- impose disciplines on the behavior of "major suppliers" – *i.e.*, companies that, by virtue of their market position or control over certain facilities, can materially affect the terms of participation in the market.

Regulation. The chapter addresses key regulatory concerns that may create barriers to trade and investment in telecommunications services. In particular, the Parties:

- will adopt procedures that will help ensure that they maintain open and transparent telecommunications regulatory regimes, including requirements to publish interconnection agreements and service tariffs;

- will require their telecommunications regulators to explain their rule-making decisions and provide foreign suppliers the right to challenge those decisions;

- may elect to deregulate telecommunications services when competition emerges and certain standards are met;

- will avoid imposing economic regulations on information service providers, such as Internet providers, other than to promote competition or protect consumers; and

- will endeavor to avoid impeding telecommunications suppliers from choosing technologies they consider appropriate for supplying their services.

Chapter Fourteen: Temporary Entry for Business Persons

Chapter Fourteen calls for each government to facilitate the temporary entry into its territory of business persons of the other Party. The Agreement requires each Party to use transparent criteria and procedures in carrying out its temporary entry rules. At the same time, the rules set out in Chapter Fourteen respect each Party's need to ensure border security and protect its domestic labor force and permanent employment.

Key Concepts. Chapter Fourteen covers temporary entry only. Its provisions do not apply to measures regarding citizenship, permanent residence, or employment on a permanent basis. An annex to Chapter Fourteen groups business persons into four categories (business visitors, traders and investors, intra-company transferees, and professionals) and identifies the criteria under which the Parties must grant them temporary entry. Each business person meeting these criteria must also be qualified for entry under the Party's general requirements relating to public health and safety and national security. An annex permits the United States to limit the number of Chilean professionals entering the United States under the chapter to 1,400 per year. The Parties may require attestations for professionals similar to those required by the United States under the "H-1B" visa program.

General Provisions. To avoid unduly impairing or delaying trade in goods or services or investment activities under the Agreement, the chapter calls on each Party to apply its measures relating to temporary entry expeditiously. Chapter Fourteen clarifies that merely requiring a visa for admission does not violate this rule. Further, a Party may refuse admission if the temporary entry of the business person might affect adversely the settlement of a labor dispute or the employment of a person involved in such a dispute. In such cases, the Party must provide a written statement of the reasons for the refusal and prompt notification to the other Party.

Other Provisions. Chapter Fourteen permits recourse to dispute settlement in disputes over a Party's pattern of practice in carrying out its temporary entry commitments, but not for individual denials of entry. The chapter creates a Subcommittee on Temporary Entry to facilitate the administration of its provisions. Chapter Fourteen makes clear that it contains all of the substantive obligations the two Parties have assumed under the Agreement with respect to temporary entry. The chapter does not impose obligations or commitments with respect to subjects covered under other chapters of the Agreement.

Chapter Fifteen: Electronic Commerce

Chapter Fifteen establishes rules designed to prohibit duties on, and discriminatory regulation of, electronic trade in digitally encoded products, such as computer programs, video, images, and sound recordings. The chapter represents the first U.S. agreement on this subject with a country in the Western Hemisphere and a major advance over previous understandings on this subject.

Customs Duties. Chapter Fifteen provides that a Party may not impose customs duties on digital products of the other Party that are transmitted electronically. By virtue of Chapter Three (National Treatment and Market Access for Goods), each Party must assess the customs value (and any applicable tariffs) on the medium rather than the content of any digital products imported on a physical medium, such as a compact disc (*i.e.*, on the value of the disc rather than that of the information it contains).

Non-Discrimination. Chapter Fifteen requires the Parties to apply principles of non-discrimination to trade in electronically transmitted digital products so that they benefit from the same sorts of principles that govern trade in goods and services. Thus, for example, each Party must refrain from discriminating against electronically transmitted digital products on the ground that they have a nexus to the other country, either because they have undergone certain specific activities (*e.g.*, creation, production, first sale) there or are associated with certain categories of persons of the other Party (*e.g.*, authors, performers, producers). Nor may a Party provide less favorable treatment to digital products that have a nexus to the other Party than it gives to like products that have a nexus to a third country.

Cooperation. Chapter Fifteen provides for future cooperation between the United States and Chile on electronic commerce issues such as data privacy, consumer protection, and cyber-security.

Chapter Sixteen: Competition Policy, Designated Monopolies, and State Enterprises

Chapter Sixteen includes several provisions related to business conduct in recognition that healthy, competitive domestic markets are vital for fully realizing the benefits of trade liberalization. The chapter sets out basic procedural safeguards and rules ensuring against harmful conduct by state monopolies and state enterprises. Neither of these types of enterprises account for a significant portion of either Party's economy.

Antitrust Laws. Chapter Sixteen requires each Party to adopt or maintain laws prohibiting anticompetitive business conduct and an agency to enforce them. Each Party will take appropriate enforcement action under its law to address anticompetitive practices. Chapter Sixteen affirms that the antitrust enforcement policy of each Party is not to discriminate on the basis of nationality.

Procedural Rights. Chapter Sixteen guarantees basic procedural rights for firms facing antitrust enforcement actions. Each Party will provide a right to be heard and to present evidence before imposing a sanction or remedy, and will ensure that any sanctions or remedies are subject to review by a court or independent tribunal.

Designated Monopolies. Under Chapter Sixteen, whenever a Party gives a private or government-owned entity the sole right to provide or purchase a good or service, the Party must ensure that the entity conducts itself in a manner consistent with commercial considerations, does

not discriminate against the other Party's goods or service suppliers, and does not engage in anticompetitive practices in markets outside its monopoly mandate.

State Enterprises. Chapter Sixteen sets obligations regarding each Party's responsibilities for "state enterprises," which are companies that a Party owns or controls. Each Party must ensure that its state enterprises accord non-discriminatory treatment to the other's companies.

Cooperation. Chapter Sixteen calls for bilateral cooperation on antitrust matters and furthers transparency by providing for the exchange of publicly available information on antitrust enforcement and on designated monopolies and state enterprises. The Parties may avail themselves of consultations to discuss specific issues.

Dispute Settlement. The chapter's provisions requiring the Parties to adopt and enforce antitrust laws are not subject to the Agreement's dispute settlement procedures, nor are the provisions governing cooperation and consultations. By contrast, the chapter's rules addressing designated monopolies and state enterprises may be enforced through the Agreement's dispute settlement mechanism.

Chapter Seventeen: Intellectual Property Rights

Chapter Seventeen complements and enhances existing international standards for the protection of intellectual property and the enforcement of intellectual property rights.

General Provisions. The chapter will require Chile to ratify or accede to several agreements on intellectual property rights, including the International Convention for the Protection of New Varieties of Plants, the Trademark Law Treaty, the Brussels Convention Relating to the Distribution of Programme-Carrying Satellite Signals, and the Patent Cooperation Treaty. The chapter also includes full national treatment commitments, with no exceptions for digital products. It also requires each Party to publish its laws, regulations, procedures, and decisions concerning the protection or enforcement of intellectual property rights.

Trademarks and Geographical Indications. Chapter Seventeen includes provisions on the registration of collective, certification, and sound marks, as well as geographical indications and scent marks. The chapter also contains provisions on domain name management that require a dispute resolution procedure to prevent trademark cyber-piracy. Each Party must provide full protection for trademarks with respect to later geographical indications by providing a "first-in-time, first-in-right" rule for trademarks.

Copyrights and Related Rights. Chapter Seventeen articulates rights that are unique to the digital age, affirming and building on rights set out in several international agreements, including the World Intellectual Property Organization Internet treaties. For instance, the chapter clarifies that the right to reproduce literary and artistic works, recordings, and performances encompasses temporary copies – an important principle in the digital realm. It also calls for each Party to

provide a right of communication to the public, which will ensure that authors have the exclusive right to make their works available online. To curb copyright piracy, Chapter Seventeen requires the two governments to use only legitimate computer software, setting an example for the private sector. The chapter also includes provisions on anti-circumvention under which the Parties commit to prohibit tampering with technology used by authors to protect copyrighted works. In addition, Chapter Seventeen sets out obligations with respect to the liability of Internet service providers in connection with copyright infringements that take place over their networks. Each Party must also provide copyright protection for the life of the author plus 70 years (for works measured by a person's life), or 70 years (for corporate works).

Recognizing the importance of satellite broadcasts, Chapter Seventeen ensures that each Party will protect encrypted program-carrying satellite signals. It obligates the Parties to extend protection to the signals themselves, rather than solely to the content contained in the signals.

Patents and Trade Secrets. Chapter Seventeen requires patent term extensions to compensate for unreasonable administrative or regulatory delays (including for marketing approval) that occur while granting the patent. To guard against arbitrary revocation of patents, each Party must limit the grounds for revoking a patent to the grounds that would have justified a refusal to grant the patent. The chapter also limits the exceptions to patent protection. In addition, Chapter Seventeen offers protection against unfair commercial use of test data that a company submits in seeking marketing approval for certain regulated products. It precludes other firms from relying on the data for specific periods – five years for pharmaceuticals and ten years for agricultural chemicals.

Enforcement Provisions. Chapter Seventeen imposes obligations with respect to the enforcement of intellectual property rights. Among these, it requires the Parties, in determining damages, to take into account the value of the legitimate goods as well as the infringer's profits. The chapter also provides for damages fixed in advance (*i.e.*, "statutory damages"), at the option of the right holder. Such pre-established damages help to deter piracy by ensuring an appropriate remedy in cases where, for instance, information on actual damages is inadequate.

Chapter Seventeen provides that the Parties' law enforcement agencies must have authority to seize suspected pirated and counterfeit goods, the equipment used to make or transmit them, and documentary evidence. Each Party must give its courts authority to order the forfeiture and/or destruction of such items. Chapter Seventeen also requires each Party to empower its law enforcement agencies to take enforcement action at the border against pirated or counterfeit goods – including those in transit – without waiting for a formal complaint. Chapter Seventeen provides that each Party must make counterfeiting and piracy subject to criminal penalties.

Transition Periods. Certain provisions of the chapter will take effect over periods of up to two to five years.

Chapter Eighteen: Labor

Chapter Eighteen sets out the Parties' commitments and undertakings regarding trade-related labor rights. It draws on, but does not replicate, the North American Agreement on Labor Cooperation (the supplemental NAFTA labor agreement) and the labor provisions of the United States-Jordan Free Trade Agreement.

General Principles. Under Chapter Eighteen, the Parties reaffirm their obligations as members of the International Labor Organization (ILO) and under the 1998 ILO Declaration on Fundamental Principles and Rights at Work. Each Party must strive to ensure that its domestic law recognizes and protects the fundamental labor principles spelled out in the ILO declaration and listed in the chapter. Each Party must also strive to ensure it does not derogate from or waive the protections of its domestic labor laws to encourage trade with or investment from the other Party. The Parties also commit to afford procedural guarantees that ensure workers and employers have access to fair, equitable, and transparent procedures in the enforcement of labor laws.

Effective Enforcement. Chapter Eighteen commits each Party not to fail to effectively enforce its labor laws on a sustained or recurring basis in a manner affecting bilateral trade. The chapter defines labor laws to include those related to: 1) the right of association; 2) the right to organize and bargain collectively; 3) a prohibition of forced or compulsory labor; 4) a minimum age for the employment of children and elimination of the worst forms of child labor; and 5) acceptable conditions of work with respect to wages, hours and occupational safety and health. The U.S. commitment includes federal statutes and regulations addressing these areas, but not state or local labor laws. While committing each Party to effective labor law enforcement, the chapter also recognizes each Party's right to establish its own labor laws, exercise discretion in investigatory, regulatory, prosecutorial, and compliance matters, and allocate enforcement resources.

Dispute Settlement. Chapter Eighteen provides for cooperative consultations if a Party believes that the other Party has violated its labor commitments. If the matter concerns a Party's compliance with the chapter's labor law enforcement provision, the complaining Party may invoke the provisions of Chapter Twenty-Two (Dispute Settlement) after an initial 60-day consultation period by requesting a meeting of the Agreement's ministerial-level Free Trade Commission. The Parties will maintain a special roster of experts to serve on any dispute settlement panels convened to hear disputes regarding labor law enforcement.

Cooperation. A bilateral Labor Affairs Council will oversee the chapter's implementation and will provide a forum for consultations and cooperation on labor matters. Each Party will designate a contact point for communications with the other Party and the public regarding the chapter. An annex creates a mechanism for ongoing labor cooperation focusing on the improvement of labor standards, particularly those in the 1998 ILO declaration, and the elimination of the worst forms of child labor.

Chapter Nineteen: Environment

Chapter Nineteen establishes the Parties' commitments and undertakings regarding environmental protection, and includes several key provisions that parallel those in the Agreement's labor chapter. Chapter Nineteen draws on, but does not replicate, the North American Agreement on Environmental Cooperation and the environmental provisions of the United States-Jordan Free Trade Agreement.

Like the labor chapter, Chapter Nineteen includes a commitment on effective law enforcement. It also includes commitments to establish high levels of environmental protection and to strive not to weaken or reduce environmental laws to encourage bilateral trade or investment. Chapter Nineteen includes commitments to enhance bilateral cooperation in environmental matters.

General Principles. The Parties must ensure that their laws provide for high levels of environmental protection and strive to improve these levels. They must also strive to ensure they do not waive or derogate from their environmental laws to encourage trade with or investment from the other Party.

Effective Enforcement. Chapter Nineteen commits each Party not to fail to effectively enforce its environmental laws on a sustained or recurring basis in a manner affecting bilateral trade. The U.S. commitment applies to federal environmental statutes and regulations. At the same time, the chapter recognizes the right of each Party to establish its own environmental laws, exercise discretion in regulatory, prosecutorial, and compliance matters, and allocate enforcement resources.

Dispute Settlement. If a Party believes that the other Party is not complying with its obligations, Chapter Nineteen provides for cooperative consultations. If the matter concerns a Party's compliance with the chapter's environmental law enforcement provision, the complaining Party may invoke the provisions of Chapter Twenty-Two (Dispute Settlement) after an initial 60-day consultation period by requesting a meeting of the Agreement's ministerial-level Free Trade Commission. The Parties will maintain a special roster of experts to serve on any dispute settlement panels convened to hear disputes regarding environmental law enforcement.

Cooperation. Chapter Nineteen establishes an Environment Affairs Council, composed of cabinet-level environment officials, to advise on matters addressed in the chapter. Opportunities will be provided at Council meetings for the public to share concerns and ideas about the implementation of Chapter Nineteen and cooperative work between the Parties. Chapter Nineteen also includes a commitment to conduct a series of cooperative projects, including improving capacity for wildlife management, remediating hazardous waste sites in Chile, and developing a pollutant release and transfer registry in Chile. The Parties have signed a separate environmental cooperation agreement to guide future efforts. The Parties will consult on the

outcome of the current WTO negotiations regarding the relationship between the WTO and multilateral environmental agreements.

Chapter Twenty: Transparency

Chapter Twenty sets out requirements designed to foster openness, transparency, and fairness in the adoption and application of administrative measures covered by the Agreement. For example, it requires that, to the extent possible, each Party must promptly publish all laws, regulations, procedures, and administrative rulings of general application concerning subjects covered by the Agreement, and give interested persons a reasonable opportunity to comment. Wherever possible, each Party must ensure reasonable notice of regulatory proceedings and the opportunity to present facts and arguments. Chapter Twenty also provides for independent review and appeal of final administrative actions. Appeal rights must include a reasonable opportunity to present arguments and to obtain a decision based on evidence in the administrative record.

Chapter Twenty-One: Administration of the Agreement

Chapter Twenty-One creates a Free Trade Commission to supervise implementation of the Agreement and assist in the resolution of any disputes that may arise under the Agreement. The Commission may also agree to accelerate duty phase-outs on particular products and adjust the Agreement's product-specific rules of origin. The Commission will make decisions by consensus. Each Party will designate an office to provide administrative assistance to dispute settlement panels and perform such other functions as the Commission may direct. The Commission will be chaired by each government's trade minister and will convene at least once a year.

Chapter Twenty-Two: Dispute Settlement

Chapter Twenty-Two sets out detailed procedures for the resolution of disputes between the Parties over compliance with the Agreement. Those procedures emphasize amicable settlements, relying wherever possible on bilateral cooperation and consultations. When disputes arise under provisions common to the Agreement and other trade agreements (*e.g.*, the WTO agreements), the complaining government may choose the forum for resolving the matter.

Consultations. Either Party may request consultations on any actual or proposed measure that it believes might affect the operation of the Agreement. If the Parties cannot resolve the matter through consultations within the specified period (normally 60 days), a Party may request a meeting of the Free Trade Commission. To help resolve the dispute, the Commission may employ technical advisers, good offices, conciliation, mediation, or other dispute resolution procedures.

Panel Procedures. If the Commission cannot resolve the dispute within a specified period (generally 30 days), either Party may request the establishment of an arbitral panel comprising independent experts that the Parties select. The Parties will set rules to protect confidential information, provide for open hearings and public release of submissions, and allow an opportunity for the panel to accept submissions from non-governmental entities in the Parties' territories.

Once the panel presents its initial report containing findings of fact and a determination on whether a Party has met its obligations, the Parties will have 14 days to provide written comments to the panel. When the panel receives these comments, it may reconsider its report and make any further examination that it considers appropriate. Within 30 days after it presents its initial report, the panel will submit its final report. The Parties will then seek to agree how to resolve the dispute, normally in a way that conforms to the panel's determinations and recommendations.

Suspension of Benefits. In disputes involving the Agreement's "commercial" obligations (*i.e.*, obligations other than enforcement of labor and environmental laws), if the Parties cannot resolve the dispute after they receive the panel's final report, the Parties will seek to agree on acceptable trade compensation. If they cannot agree on compensation, or if the complaining Party believes the defending Party has failed to implement an agreed resolution, the complaining Party may provide notice that it intends to suspend trade benefits equivalent in effect to those it considers were impaired, or may be impaired, as a result of the disputed measure.

If the defending Party considers that the proposed level of benefits to be suspended is "manifestly excessive," or believes that it has modified the disputed measure to make it conform with the Agreement, it may request the panel to reconvene and decide the matter. The panel must issue its determination no later than 90 days after the request is made (or 120 days if the panel is reviewing both the level of the proposed suspension and a modification of the measure).

The complaining Party may suspend trade benefits up to the level that the panel sets or, if the panel has not been asked to determine the level, up to the amount that the complaining Party has proposed. The complaining Party cannot suspend benefits, however, if the defending Party provides notice that it will pay an annual monetary assessment to the other Party. The amount of the assessment will be established by agreement of the Parties or, failing that, will be set at 50% of the level of trade concessions the complaining Party was authorized to suspend.

Labor and Environment Disputes. Equivalent compliance procedures apply to disputes over a Party's conformity with the labor and environmental law enforcement provisions of the Agreement. If a panel determines that a Party has not met its enforcement obligations and the Parties cannot agree on how to resolve the dispute, or the complaining Party believes that the defending Party has failed to implement an agreed resolution, the complaining Party may ask the panel to determine the amount of an annual monetary assessment to be imposed on the defending Party. The Panel will establish the amount of the assessment, subject to a $15 million annual

cap, taking into account relevant trade- and non-trade-related factors. The assessment will be paid into a fund established by the Commission for labor and environmental initiatives. If the defending Party fails to pay an assessment, the complaining Party may take other appropriate steps, which may include suspending tariff benefits.

Compliance Review Mechanism. If, at any time, the defending Party believes it has made changes in its laws or regulations sufficient to comply with its obligations under the Agreement, it may refer the matter to the panel. If the panel agrees, the dispute ends and the complaining Party must withdraw any offsetting measures it has put in place. Concurrently, the defending government will be relieved of any obligation to pay a monetary assessment.

Settlement of Private Disputes. The Parties will encourage the use of arbitration and other alternative dispute mechanisms to settle international commercial disputes between private parties in the two countries. Each country must provide for the recognition and enforcement of arbitral awards, for example by complying with the 1958 United Nations Convention on the Recognition and Enforcement of Foreign Arbitral Awards or the 1975 Inter-American Convention on International Commercial Arbitration.

Chapter Twenty-Three: Exceptions

Chapter Twenty-Three sets out general provisions that apply to all or large portions of the Agreement. For example, it incorporates the general exceptions set forth in Article XX of the GATT and Article XIV of the GATS for various chapters.

Essential Security. Chapter Twenty-Three allows each Party to take actions it considers necessary to protect its essential security interests.

Taxation. An exception for taxation limits the field of tax measures subject to the Agreement. For example, the exception generally provides the Agreement does not affect either Party's rights or obligations under any tax convention. The exception sets out certain circumstances under which tax measures are subject to the Agreement's 1) national treatment obligation for goods, 2) national treatment and most-favored-nation obligations for services, 3) prohibitions on performance requirements, and 4) expropriation rules.

Balance of Payments. Chapter Twenty-Three establishes criteria that a Party must follow if it applies a balance-of-payments measure on trade in goods.

Disclosure of Information. The chapter also provides that a Party may withhold information from the other where such disclosure would impede domestic law enforcement or contravene laws protecting personal privacy or financial records.

Chapter Twenty-Four: Final Provisions

Chapter Twenty-Four provides that the annexes, appendices, and footnotes are part of the Agreement, that the Parties may amend the Agreement subject to applicable domestic procedures, and that the English and Spanish texts are both authentic. The chapter provides for consultations if any provision of the WTO Agreement that the Parties have incorporated into the Agreement is amended, and it provides for the entry into force of the Agreement and for its termination six months after a Party provides written notice that it intends to withdraw.

The Honorable
María Soledad Alvear Valenzuela
Minister of Foreign Relations

Dear Minister Alvear:

I have the honor to confirm the following understanding reached by the delegations of the United States of America and the Republic of Chile in the course of negotiations regarding the non-conforming measures on cross border services commitment of the Free Trade Agreement between our two Governments that was signed on this day.

For the purposes of the Free Trade Agreement between the Government of the United States and the Government of Chile, it is understood that formalities permitting business to be conducted, such as measures requiring registration under local laws, an address or agent for service in the local jurisdiction or requiring that records be kept in the jurisdiction, need not be reserved against Article 11.2 or 11.5 under Annex I, provided that the measure does not impose a requirement to establish a functional office or other ongoing business presence as a condition of providing the supply of the service in the jurisdiction.

I have the honor to propose that this letter and your letter of confirmation in reply shall constitute an agreement between our two Governments, to enter into force on the entry into force of the Free Trade Agreement.

Sincerely,

Robert B. Zoellick

Tengo el honor de confirmar el siguiente entendimiento alcanzado por las delegaciones de los Estados Unidos de América y la República de Chile en el curso de las negociaciones relativas a los compromisos sobre medidas disconformes en materia de comercio transfronterizo de servicios del Tratado de Libre Comercio firmado hoy entre nuestros Gobiernos.

Para los efectos del Tratado de Libre Comercio entre los Estados Unidos y el Gobierno de Chile, se entenderá que las formalidades que permiten la realización de un negocio, tales como las medidas que exigen el registro de conformidad con la legislación interna, una dirección o un representante en la jurisdicción interna o la exigencia de mantener registros en esa jurisdicción, no necesitan ser reservadas en el Anexo I respecto a los Artículos 11.2 ó 11.5, siempre que la medida no imponga un requisito de establecer una oficina de operaciones u otra presencia de los negocios en curso, como condición para disponer el suministro del servicio en la jurisdicción.

Tengo el honor de proponer que esta carta y vuestra carta de confirmación en respuesta, constituyan un acuerdo entre nuestros Gobiernos y entren en vigencia con la entrada en vigor del Tratado de Libre Comercio.

Dear Minister Alvear:

I have the honor to confirm the following understanding reached by the delegations of the United States of America and the Republic of Chile in the course of negotiations regarding the supply of engineering services and Annex 11.9 (Professional Services) of the Free Trade Agreement between our two Governments signed this day.

In the interest of greater transparency, this is to notify the Government of Chile that upon entry into force of the US-Chile Free Trade Agreement, the United States will initiate a review of state-level measures in the states of Florida, Texas, California, Arizona, Colorado, and New York in the following engineering subsectors: engineering for mining projects, seismic and structural engineering, cellulose and paper engineering projects, electric generation and transmission projects, mechanical and piping projects, and engineering for the construction of buildings. The focus of the review will be on measures requiring permanent residency or citizenship and will be completed one year from the date of entry into force of the Agreement. The United States will inform the Government of Chile of the results of the review pursuant to Article 11.10 (Implementation).

I have the honor to propose that this letter and your letter of confirmation in reply shall constitute an agreement between our two Governments, to enter into force on the entry into force of the Free Trade Agreement.

Tengo el honor de confirmar el siguiente entendimiento alcanzado por las delegaciones de los Estados Unidos de América y la República de Chile en el curso de las negociaciones relativas a la medida disconforme de Chile en materia de programación en la transmisión televisiva de libre recepción contenida en el Anexo I del Tratado de Libre Comercio firmado hoy entre nuestros Gobiernos.

Para los efectos del Tratado de Libre Comercio entre nuestros dos Gobiernos:

- la legislación de Chile le da al Consejo Nacional de Televisión el derecho de exigir que hasta el 40% de la programación de los canales de transmisión televisiva (abierta) consista en producción nacional. Este porcentaje no es aplicable a la televisión por cable.

- la exigencia del 40% tiene que ser ordenada a través de una resolución del Consejo. Sin embargo, desde su creación en 1989, el Consejo nunca ha necesitado adoptar la mencionada resolución, ya que la programación de producción nacional siempre ha excedido el requisito mínimo. En promedio, la producción nacional en televisión abierta ha estado sobre el 50% de la programación.

- el Consejo verifica el porcentaje del contenido nacional mediante el cálculo, al término del año, del nivel de contenido basado en una muestra de dos meses de ese año. Como el nivel de contenido nacional nunca ha sido menos de lo exigido por la ley, el Consejo nunca ha aplicado la exigencia.

Tengo el honor de proponer que esta carta y vuestra carta de confirmación en respuesta, constituyan un acuerdo entre nuestros Gobiernos y entren en vigencia con la entrada en vigor del Tratado de Libre Comercio.

I have the honor to confirm the following understanding reached by the delegations of the United States of America and the Republic of Chile in the course of negotiations regarding Chile's non-conforming measure on Open Television Programming contained in Chile's Annex I of the Free Trade Agreement between our two Governments signed this day.

For the purposes of the Free Trade Agreement between our two governments:

- the law of Chile gives the *Consejo Nacional de Television de Chile* the right to require up to 40% per channel public (open) television programming to consist of national production. This percentage is not applied to cable television.

- the 40% requirement has to be mandated through a *Consejo* resolution. However, since its creation in 1989, the *Consejo* has never needed to adopt said resolution since national production programming has always exceeded the minimum requirement. On average, national production in open television has been over 50% of programming.

- the *Consejo* monitors the percentage of national content by calculating at the end of the year the content level based on a two months sample of that year. As the level of national content has never been less than that required by law, the *Consejo* has never imposed the requirement.

I have the honor to propose that this letter and your letter of confirmation in reply shall constitute an agreement between our two Governments, to enter into force on the entry into force of the Free Trade Agreement.

Dear Minister Alvear:

I have the honor to confirm the following understanding reached by the delegations of the United States of America and the Republic of Chile in the course of negotiations regarding Section D of Annex 14.3 of the Free Trade Agreement between our two Governments that was signed on this day.

Section D of Annex 14.3 provides for the temporary entry of business persons, as defined in Article 14.9 of the Chapter, under the category of "professionals" into the territories of the Parties. Paragraph 5 of that section permits each Party to require business persons seeking entry as "professionals" to comply with procedures generally applicable to temporary entry of professionals, such as an attestation of compliance with the Party's labor and immigration laws.

The United States intends to implement its requirement for a labor attestation in a manner similar to the current Labor Condition Application (LCA) required under its "H-1B" (temporary worker) program. Under that program, a U.S. employer is required to submit an LCA to the Department of Labor, and to present evidence of that filing in support of its petition to the Immigration and Naturalization Service. Aliens seeking temporary entry into the United States to perform professional services pursuant to a contract ordinarily do not qualify for an H-1B visa if there is no U.S. employer or agent to submit the LCA and petition.

The Administration will consult with Congress about the possibility of developing a process under which Chilean nationals seeking to enter the United States pursuant to a contract may satisfy U.S. labor attestation that the United States imposes as authorized under Section D, paragraph 5 of Annex 14.3.

I have the honor to propose that this letter and your letter of confirmation in reply shall constitute an agreement between our two Governments, to enter into force on the entry into force of the Free Trade Agreement.

Tengo el honor de confirmar el siguiente entendimiento alcanzado por las delegaciones de los Estados Unidos de América y la República de Chile en el curso de las negociaciones relativas a la Sección D del Anexo 14.3 del Tratado de Libre Comercio firmado hoy entre nuestros Gobiernos.

La Sección D del Anexo 14.3 dispone la entrada temporal de personas de negocios, tal como se define en el artículo 14.9 del Capítulo, al territorio de las Partes, bajo la categoría de "profesionales". El párrafo 5 de esa sección permite que cada Parte exija a las personas de negocios que pretenden entrar como "profesionales" que cumplan con los procedimientos generalmente aplicables para la entrada temporal de profesionales, tales como una certificación del cumplimento de la legislación laboral y migratoria de la Parte.

Los Estados Unidos tienen la intención aplicar su requisito de una certificación laboral de una manera similar a la actual *Labor Condition Application* (LCA), requerida de conformidad con su programa "H-1B" (*temporary worker*). De acuerdo a este programa, se le exige a un empleador estadounidense que presente una LCA al *Department of Labor* y que entregue evidencia de este registro en apoyo de su petición al *Immigration and Naturalization Service*. Los extranjeros que pretenden entrar temporalmente a los Estados Unidos para desempeñar servicios profesionales en virtud de un contrato, habitualmente no califican para una visa H-1B si no existe un empleador estadounidense o representante que presente la LCA y realice la petición.

La Administración consultará con el Congreso sobre la posibilidad de desarrollar un proceso conforme al cual los nacionales chilenos que pretendan entrar a los Estados Unidos en virtud de un contrato puedan cumplir con la certificación laboral estadounidense que los Estados Unidos imponen, tal como se autoriza en el párrafo 5 de la Sección D del Anexo 14.3.

Tengo el honor de proponer que esta carta y vuestra carta de confirmación en respuesta, constituyan un acuerdo entre nuestros Gobiernos y entren en vigencia con la entrada en vigor del Tratado de Libre Comercio.

Paragraph 5 of that section permits each Party to require business persons seeking entry as "professionals" to comply with procedures generally applicable to temporary entry of professionals, such as an attestation of compliance with the Party's labor and immigration laws.
>
> The United States intends to implement its requirement for a labor attestation in a manner similar to the current Labor Condition Application (LCA) required under its "H-1B" (temporary worker) program. Under that program, a U.S. employer is required to submit an LCA to the Department of Labor, and to present evidence of that filing in support of its petition to the Immigration and Naturalization Service. Aliens seeking temporary entry into the United States to perform professional services pursuant to a contract ordinarily do not qualify for an H-1B visa if there is no U.S. employer or agent to submit the LCA and petition.
>
> The Administration will consult with Congress about the possibility of developing a process under which Chilean nationals seeking to enter the United States pursuant to a contract may satisfy U.S. labor attestation that the United States imposes as authorized under Section D, paragraph 5 of Annex 14.3.

I have the honor to confirm that the understanding referred to in your letter is shared by my

Government, and that your letter and this letter in reply shall constitute an agreement between our two respective Governments, to enter into force on the entry into force of the Free Trade Agreement.

EXECUTIVE OFFICE OF THE PRESIDENT
THE UNITED STATES TRADE REPRESENTATIVE
WASHINGTON, D.C. 20508

June 6, 2003

The Honorable
María Soledad Alvear Valenzuela
Minister of Foreign Relations

Dear Minister Alvear:

I have the honor to confirm the following understanding reached between the delegations of the United States of America and the Republic of Chile in the course of negotiations regarding Annex 14.3 (Temporary Entry for Business Persons) of the Free Trade Agreement between our two Governments that was signed on this day.

Annex 14.3 provides for the temporary entry of business persons, as defined in Article 14.9 of the Agreement, into the territories of the Parties. The Annex provides for the temporary entry of business persons under four categories: business visitors, traders and investors, intra-company transferees, and professionals. In view of the Parties' understanding that changes to a Party's laws, regulations, or procedures relating to the provisions of this Chapter that are consistent with Article 14.2(1) do not unduly impair or delay the rights granted under the Agreement, the United States intends to implement its commitments under Sections A, B, and C of Annex 14.3 (Business Visitors, Traders and Investors, and Intra-Company Transferees) under current U.S. laws and procedures. The relevant United States statutory authority governing for the admission of business visitors is section 101(a)(15)(B) of the Immigration and Nationality Act, 1952, as amended (INA). The relevant statutory authority for traders and investors is section 101(a)(15)(E) of the INA. The relevant statutory authority for intra-company transferees is section 101(a)(15)(L) of the INA. The existing principal relevant statutory grounds for the inadmissibility of aliens and the denial of visas are set out in sections 212, 214, and 221 of the INA.

Both the Immigration and Naturalization Service (INS) and the Department of State have developed regulations to implement the INA. INS regulations related to immigration and temporary entry are set out in Title 8 of the Code of Federal Regulations (CFR). State Department regulations related to visas for nonimmigrants are set out in Title 22, Parts 40 and 41 of the CFR.

In order to implement Section D of Annex 14.3 (Professionals) the United States will need to amend the INA to provide legal authority for the admission of professionals under the Agreement. The Administration will work closely with the Congress in order to ensure that the legislation will allow the United States to honor its commitments under Section D.

In view of the Parties' Understanding that changes to a Party's laws, regulations or procedures relating to the provisions of this Chapter that are consistent with Article 14.2 do not unduly impair or delay the rights granted under the Agreement, Chile intends to implement its commitment under Annex 14.3 under existing Chilean laws and procedures. These domestic

laws are *Decreto Ley* 1.094 (*Diario Oficial*, 19 *de julio de* 1975, *Ley de Extranjeria*) ("*Decreto Ley* 1.094") and *Decreto Supremo* 597 del *Ministerio del Interior* (*Diario Oficial*, 24 *de noviembre de* 1984, *Reglamento de Extranjeria*) ("*Decreto Supremo* 597").

Business persons who enter Chile under any of the categories set out in Annex 14.3 shall be deemed to be engaged in activities that are in the country's interest, as defined in *Decreto Ley* 1.094 and *Decreto Supremo* 597.

Business persons who enter Chile under any of the categories set out in Annex 14.3 and are issued a temporary visa pursuant to Article 29 of *Decreto Ley* 1.094 and Article 50 of *Decreto Supremo* 597, shall have that visa extended for subsequent periods provided that the conditions on which it is based remain in effect, without requiring that person to apply for permanent residence.

Business persons who enter Chile may also obtain an identity card for foreigners.

The current principal relevant statutory grounds for the inadmissibility of aliens and the denial of visas are set out in Article 15 and 16 of *Decreto Ley* 1.094.

I have the honor to propose that this letter and your letter of confirmation in reply shall constitute an agreement between our two Governments, to enter into force on the entry into force of the Free Trade Agreement.

Sincerely,

Robert B. Zoellick

Honorable
María Soledad Alvear Valenzuela
Ministra de Relaciones Exteriores

Estimada Ministra Alvear:

Tengo el honor de confirmar el siguiente entendimiento alcanzado por las delegaciones de Estados Unidos de América y la República de Chile en el curso de las negociaciones relativas al Anexo 14.3 (Entrada temporal de personas de negocios) del Tratado de Libre Comercio firmado hoy entre nuestros Gobiernos.

El Anexo 14.3 dispone la entrada temporal de personas de negocios, tal como se define en el artículo 14.9 del Tratado, al territorio de las Partes. El Anexo dispone la entrada temporal de personas de negocios de acuerdo a cuatro categorías: visitantes de negocios, comerciantes e inversionistas, transferencias de personal dentro de una empresa, y profesionales. En vista al entendimiento de las Partes que los cambios a las leyes, regulaciones o procedimientos relativos a las disposiciones de este Capítulo que sean compatibles con el artículo 14.2(1) demoren y no menoscaban indebidamente los derechos otorgados conforme a este Tratado, los Estados Unidos tienen la intención de implementar sus compromisos de conformidad con las Secciones A, B y C del Anexo 14.3 (visitantes de negocios, comerciantes e inversionistas y transferencias de personal dentro de una empresa) de conformidad con las leyes y procedimientos actuales de los Estados Unidos. La facultad legal pertinente de los Estados Unidos que rige la admisión de visitantes de negocios es la sección 101(a)(15)(B) de la *Immigration and Nationality Act*, 1952, y sus modificaciones (INA). La facultad legal pertinente para los comerciantes e inversionistas es la sección 101(a)(15)(E) de la INA. La facultad legal pertinente para las transferencias de personal dentro de una empresa es la sección 101(a)(15)(L) de la INA. Los principales fundamentos existentes de las leyes pertinentes para la inadmisibilidad de los extranjeros y la negación de las visas están establecidos en las secciones 212, 214 y 221 de la INA.

Tanto el *Immigration and Naturalization Service* (INS) como el *Department of State*, han desarrollado regulaciones para implementar la INA. Las regulaciones del INS relacionados con la inmigración y la entrada temporal están establecidos en el Título 8 del *Code of Federal Regulations (CFR)*. Las regulaciones del *Department of State* relacionadas con las visas para no inmigrantes están establecidas en el Título 22, Partes 40 y 41 del CFR.

Con el objeto de implementar la Sección D del Anexo 14.3 (profesionales) los Estados Unidos necesitarán modificar la INA para otorgar facultad legal para la admisión de

profesionales de conformidad con el Tratado. La Administración trabajará estrechamente con el Congreso con el objeto de asegurar que la legislación autorizará a los Estados Unidos honrar sus compromisos de conformidad con la sección D.

En vista del entendimiento de las Partes que los cambios a las leyes, regulaciones o procedimientos de una Parte relativos a las disposiciones de este Capítulo que sean compatibles con el artículo 14.2 demoren y no menoscaban indebidamente los derechos otorgados conforme a este Tratado, Chile tiene la intención de implementar sus compromisos comprendidos en el Anexo 14.3 conforme a las leyes y procedimientos existentes de Chile. Estas leyes internas son el Decreto Ley 1.094 (Diario Oficial, 19 de julio de 1975, Ley de Extranjería) ("Decreto Ley 1.094") y el Decreto Supremo 597 del Ministerio del Interior (Diario Oficial, 24 de noviembre de 1984, Reglamento de Extranjería) ("Decreto Supremo 597").

Las personas de negocios que entran a Chile conforme a cualquiera de las categorías establecidas en el Anexo 14.3, se considerarán que están realizando actividades en el interés del país, tal como se define en el Decreto Ley 1.094 y en el Decreto Supremo 597.

Las personas de negocios que entran a Chile conforme a cualquiera de las categorías establecidas en el Anexo 14.3 y a las que se les expide una visa temporaria en virtud del Artículo 29 del Decreto Ley 1.094 y del Artículo 50 del Decreto Supremo 597, se les prorrogará esa visa por períodos sucesivos, siempre que las condiciones sobre las cuales está fundamentada permanezcan en vigor, sin exigir que la persona solicite la residencia permanente.

Las personas de negocios que entran a Chile podrán también obtener una cédula de identidad para extranjeros.

Los principales fundamentos actuales de las leyes pertinentes para la inadmisibilidad de los extranjeros y la negación de las visas están establecidos en los Artículos 15 y 16 del Decreto Ley 1.094.

Tengo el honor de proponer que esta carta y vuestra carta de confirmación en respuesta, constituyan un acuerdo entre nuestros Gobiernos y entren en vigencia con la entrada en vigor del Tratado de Libre Comercio.

Sinceramente,

Robert B. Zoellick

United States Trade Representative

Dear Ambassador Zoellick:

I am pleased to receive your letter of today's date, which reads as follows:

> "I have the honor to confirm the following understanding reached between the delegations of the United States of America and the Republic of Chile in the course of negotiations regarding Annex 14.3 (Temporary Entry for Business Persons) of the Free Trade Agreement between our two Governments that was signed on this day.
>
> Annex 14.3 provides for the temporary entry of business persons, as defined in Article 14.9 of the Agreement, into the territories of the Parties. The Annex provides for the temporary entry of business persons under four categories: business visitors, traders and investors, intra-company transferees, and professionals. In view of the Parties' understanding that changes to a Party's laws, regulations, or procedures relating to the provisions of this Chapter that are consistent with Article 14.2(1) do not unduly impair or delay the rights granted under the Agreement, the United States intends to implement its commitments under Sections A, B, and C of Annex 14.3 (Business Visitors, Traders and Investors, and Intra-Company Transferees) under current U.S. laws and procedures. The relevant United States statutory authority governing for the admission of business visitors is section 101(a)(15)(B) of the Immigration and Nationality Act, 1952, as amended (INA). The relevant statutory authority for traders and investors is section 101(a)(15)(E) of the INA. The relevant statutory authority for intra-company transferees is section 101(a)(15)(L) of the INA.
