Washington, DC, March 2, 2004.

Hon. PETE V. DOMENICI,
Chairman, Committee on Energy and Natural Resources,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for the National Park System Laws Technical Amendments Act of 2004.

Enclosure.

S. 2178—National Park System Laws Technical Amendments Act of 2004

The National Park System Laws Technical Amendments Act of 2004 would amend various statutes that govern the activities of the National Park Service. Most of the proposed amendments would correct typographical errors or make other nonsubstantive changes in the original laws. CBO estimates that enacting this legislation would have no significant impact on the federal budget and would have no effect on revenues or direct spending.

The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.

REGULATORY IMPACT EVALUATION

In compliance with paragraph 11(b) of rule XXVI of the Standing Rules of the Senate, the Committee makes the following evaluation of the regulatory impact which would be incurred in carrying out this measure. The bill is not a regulatory measure in the sense of imposing Government-established standards or significant economic responsibilities on private individuals and businesses.

No personal information would be collected in administering the program. Therefore, there would be no impact on personal privacy.

Little, if any, additional paperwork would result from the enactment of this measure, as ordered reported.
