JOINT EXPLANATORY STATEMENT OF THE COMMITTEE ON CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 4516) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2001, and for other purposes, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The Senate amended the House bill with four numbered amendments. The conference agreement addresses all the differences contained in the four amendments in the disposition of the first numbered amendment. The first numbered amendment therefore includes a complete version of the Legislative Branch bill plus all other legislation included in this conference report. An explanation of the resolution of the differences of the other three numbered amendments is included in the first numbered amendment. The disposition of the other three numbered amendments therefore is purely technical in nature to enable the complete bill text to be included in the first amendment.

In addition to the Legislative Branch Appropriations Act, 2001, the conference agreement also enacts the Treasury and General Government Appropriations Act, 2001, by reference, and provisions dealing with the repeal of certain telephone taxes. These additional pieces of legislation are included within amendment number 1 as Division B. The Legislative Branch Appropriations Act, 2001, is designated as Division A within amendment number 1. An explanation of the matter in Division B is included in this statement under amendment number 1 after the explanation of the matter in Division A.

Amendment No. 1: Deletes the matter inserted and inserts complete bill text.

DIVISION A

LEGISLATIVE BRANCH APPROPRIATIONS

Many items in both House and Senate Legislative Branch Appropriations bills are identical and are included in the conference agreement without change. The conferees have endorsed statements or policy contained in the House and Senate reports accompanying the appropriations bills, unless amended or restated herein. The conferees have agreed to drop without prejudice the direction in the House report under the heading, Information Security, subsumed under "LEGISLATIVE BRANCH WIDE MATTERS". With respect to those items in the conference agreement that differ between House and Senate bills, the conferees have agreed to the

following with the appropriate section numbers, punctuation, and other technical corrections:

TITLE I—CONGRESSIONAL OPERATIONS

SENATE

Appropriates \$506,797,300 for Senate operations, and includes, at the request of the managers on the part of the Senate, an amendment adding \$250,000, an amendment containing the traditional death gratuity upon the death of a Senator, and an amendment to Section 8. Inasmuch as this item relates solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the Senate.

HOUSE OF REPRESENTATIVES

At the request of the managers on the part of the House, an enrollment error in the House bill has been corrected and an administrative provision has been added to provide funds for a special education need. Inasmuch as this item relates solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the House.

JOINT ITEMS

JOINT COMMITTEE ON INAUGURAL CEREMONIES OF 2001

SALARIES AND EXPENSES

Appropriates \$1,000,000 for the Joint Committee on Inaugural Ceremonies of 2001 as proposed by the Senate, amending two dates.

ADMINISTRATIVE PROVISION

The conferees have amended the administrative provision proposed by the House regarding assistance for the Capitol Police during the Inauguration in January 2001 and the 2001 joint session of Congress to receive the State of the Union message.

JOINT ECONOMIC COMMITTEE

Appropriates \$3,315,000 for the Joint Economic Committee as proposed by the Senate instead of \$3,072,000 as proposed by the House.

JOINT COMMITTEE ON TAXATION

Appropriates \$6,430,000 for the Joint Committee on Taxation instead of \$6,174,000 as proposed by the House and \$6,686,000 as proposed by the Senate. The conferees believe that this level of

funding is sufficient for the Joint Committee on Taxation to complete its report on the overall state of the Federal tax system.

CAPITOL POLICE BOARD

CAPITOL POLICE

SALARIES

Appropriates \$97,142,000 for salaries of officers, members, and employees of the Capitol Police instead of \$92,769,000 as proposed by the House and \$102,700,000 as proposed by the Senate, of which \$47,053,000 is provided to the Sergeant at Arms of the House of Representatives and \$50,089,000 is provided to the Sergeant at Arms and Doorkeeper of the Senate. Of the amount provided, \$4,660,000 is for overtime.

The conferees have agreed this will fund 1,481 FTE's, the level proposed by the Senate. The Chief of Police is directed to secure the approval of the House and Senate Appropriations Committees before filling positions above the level of 1,402 FTE's. The conferees intend that sufficient resources be allocated to implement the "two officers per door" policy. The Police are directed to study the posting requirements of all posts and report to the House and Senate Appropriations Committees. Until such a study is presented, the police are authorized an FTE level of 1402.

GENERAL EXPENSES

Appropriates \$6,772,000 for general expenses of the Capitol Police instead of \$6,549,000 as proposed by the House and \$6,884,000 as proposed by the Senate. The funds provide \$103,000 for motorcycle replacement, and the conferees direct that the Capitol Police continue the program begun in FY 2000 to utilize American-made motorcycles, targeting the funds made available in this agreement towards smaller motorcycles. In addition, the conferees have not included reimbursement for telecommunications costs (\$235,000) and direct that these savings be applied to other programs. Items for installation and maintenance of physical security and information security measures shall not be less than the FY 2000 funded level.

ADMINISTRATIVE PROVISIONS

The conferees have included two administrative provisions proposed by the House relating to certifying officers and a chief administrative officer. The conferees have also added a provision adjusting the salary of the chief of the Capitol police.

CAPITOL GUIDE SERVICE AND SPECIAL SERVICES OFFICE

Appropriates \$2,371,000 for the Capitol Guide Service and Special Services Office as proposed by the Senate instead of \$2,201,000 as proposed by the House.

STATEMENTS OF APPROPRIATIONS

Appropriates \$30,000 for statements of appropriations as proposed by the Senate instead of \$29,000 as proposed by the House and makes technical changes.

OFFICE OF COMPLIANCE

Appropriates \$1,820,000 for the Office of Compliance instead of \$1,816,000 as proposed by the House and \$2,066,000 as proposed by the Senate. The conferees note that Office of Compliance telephones frequently are not answered during normal business hours. As an agency providing service to employees and agencies of the Legislative branch, the Executive Director should ensure that calls to the Office of Compliance are answered during normal business hours. In addition, the conferees believe the Executive Director should examine the use of contract couriers to make deliveries to Congressional offices and should reduce costs for such deliveries by use of other means when appropriate.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

Establishes the limitation on funds for representation and reception expenses at \$3,000 as proposed by the House instead of \$2,500 as proposed by the Senate and appropriates \$28,493,000 for salaries and expenses of the Congressional Budget Office instead of \$27,403,000 as proposed by the House and \$27,113,000 as proposed by the Senate.

The report shall make recommendations for how to provide such workers access to federal benefits and a list of any alternatives that may exist to the use of temporary workers.

The conferees are concerned about a class-action suit against the Architect (*Harris et al. v. Architect of the Capitol*). The Architect is urged to make every effort to settle this lawsuit as expeditiously as possible, and to report to the House and Senate Committees on Appropriations within 45 days on the status of the case.

Rather than limiting funding for the Congressional Record Index and indexers to close out activities, as directed in the House report, the conferees agree that this activity should continue and that improvements in work processes should be pursued by taking advantage of the latest available technology. These activities and initiatives should be more closely integrated and coordinated with related GPO functions and should be pursued under the direction of the Public Printer or appropriate officials designated by the Public Printer.

The conferees on H.R. 4516 agree with the matter inserted in this division of this conference agreement and the following description of this matter.

H.R. 4871, the House passed Treasury, Postal Service, and General Government Appropriations Bill, 2001, and S. 2900, the Senate reported Treasury and General Government Appropriation Bill, 2001, were the basis for development of the introduced bill. The following statement is an explanation of the action agreed upon in resolving the differences of those two bills and recommended in the accompanying conference report.

The conference agreement on the Treasury and General Government Appropriations Act, 2001, incorporates some of the language and allocations set forth in House Report 106–756 and in the Senate Report to accompany S. 2900. The language in these reports should be complied with unless specifically addressed in the accompanying statement of managers. Throughout the accompanying explanatory statement, the managers refer to the Committee and the Committees on Appropriations. Unless otherwise noted, in both instances, the managers are referring to the House Subcommittee on Treasury, Postal Service, and General Government and the Senate Subcommittee on Treasury and General Government.

REPROGRAMMING AND TRANSFER OF FUNDS GUIDELINES

The conference agreement includes the following reprogramming guidelines which shall be complied with by all agencies funded by the Treasury and General Government Appropriations Act, 2001:

1. Except under extraordinary and emergency situations, the Committees on Appropriations will not consider requests for a reprogramming or a transfer of funds, or use of unobligated balances, which are submitted after the close of the third quarter of the fiscal year, June 30;

2. Clearly stated and detailed documentation presenting justification for the reprogramming, transfer, or use of unobligated balances shall accompany each request;

3. For agencies, departments, or offices receiving appropriations in excess of \$20,000,000, a reprogramming shall be submitted if the amount to be shifted to or from any object class, budget activity, program line item, or program activity involved is in excess of \$500,000 or 10 percent, whichever is greater, of the object class, budget activity, program line item, or program activity;

4. For agencies, departments, or offices receiving appropriations less than \$20,000,000, a reprogramming shall be submitted if the amount to be shifted to or from any object class, budget activ-

ity, program line item, or program activity involved is in excess of \$50,000, or 10 percent, whichever is greater, of the object class, budget activity, program line item, or program activity;

5. For any action where the cumulative effect of below threshold reprogramming actions, or past reprogramming and/or transfer actions added to the request, would exceed the dollar threshold mentioned above, a reprogramming shall be submitted;

6. For any action which would result in a major change to the program or item which is different than that presented to and approved by either of the Committees, or the Congress, a reprogramming shall be submitted;

7. For any action where funds earmarked by either of the Committees for a specific activity are proposed to be used for a different activity, a reprogramming shall be submitted; and,

8. For any action where funds earmarked by either of the Committees for a specific activity are in excess of the project or activity requirement, and are proposed to be used for a different activity, a reprogramming shall be submitted.

Additionally, each request shall include a declaration that, as of the date of the request, none of the funds included in the request have been obligated, and none will be obligated, until the Committees on Appropriations have approved the request.

TITLE I—DEPARTMENT OF THE TREASURY

SALARIES AND EXPENSES

The conferees agree to provide \$156,315,000 instead of \$149,437,000 as proposed by the House and \$149,610,000 as proposed by the Senate. RECEPTION AND REPRESENTATION ALLOWANCES

The conferees are concerned to learn that, over the past several years, the Office of the Under Secretary of Enforcement has required the various Treasury law enforcement bureaus to transfer

a portion of their reception and representation funds to the Office of the Under Secretary. Although there may be certain functions appropriate to the involvement of all the Treasury law enforcement bureaus, the conferees remind the Under Secretary that expenses for these events are accommodated within the amounts authorized for Departmental Offices reception and representation allowances. In the event that the Under Secretary believes that Departmental Offices representation allowances are insufficient to meet current needs, the Under Secretary should submit a justification for increases to this allowance to the Committees for its consideration. The conferees also direct the Under Secretary to submit for advance approval any requirement to use reception and representation allowance funds from any appropriation account other than Departmental Offices, Salaries and Expenses.

ALTERNATIVE FUELS

The conferees urge the Treasury Department to use ethanol, biodiesel, and other alternative fuels to the maximum extent practicable in meeting the Department's fuel needs.

The conferees are aware that the \$42,500,000 assumed to be available by the Administration in the Super Surplus to the Treasury Forfeiture Fund will not be available in fiscal year 2001. Activities proposed for funding through this account have been included in either Salaries and Expenses or Construction related accounts, as appropriate, for the individual law enforcement bureaus.

FEDERAL LAW ENFORCEMENT TRAINING CENTER

The conferees agree to provide \$94,483,000 instead of \$93,483,000 as proposed by the House and \$93,198,000 as proposed by the Senate. Included in this amount is \$1,000,000 for the rural law enforcement education project.

In addition, the conferees include \$4,000,000 to partially fund a budget shortfall. The conferees fully concur with the language on this topic contained under Departmental Offices in the Senate Report accompanying S. 2900.

BUREAU OF ALCOHOL, TOBACCO AND FIREARMS

Included in this amount is \$13,700,000 for the second year of funding of the fiscal year 2000 Southwest Border initiative; \$10,000,000 for security enhancements along the northern border; \$11,000,000 for vehicle replacement; \$3,700,000 for money laundering; \$9,500,000 for drug investigations; and an additional \$5,000,000 to combat forced child labor. Additionally, the conferees include \$500,000 for Customs' ongoing research on trade of agricultural commodities and products at a Northern Plains university with an agricultural economics program and support the use of \$2,500,000 for the acquisition of Passive Radar Detection Technology.

TARGETED RESOURCES FOR THE SOUTHWEST BORDER

The conferees provide \$13,700,000 to be combined with the \$11,300,000 in fiscal year 2000 Super Surplus of the Treasury Forfeiture Fund to hire new inspectors, agents, or acquire new detection technology for use along the Southwest border for a total of \$25,000,000. The House conferees do not concur with the Senate Report language on Targeted Resources for the Southwest Border.

PORTS OF ENTRY

The conferees have received numerous requests to establish, expand, or preserve Customs presence at various ports, as well as, to designate new ports of entry. Customs has made a commitment to put in place a staffing resource allocation model to permit a more transparent and consistent basis for making such decisions, but the delay in doing so has caused concern about the ability of Customs to fulfill its responsibilities. The conferees therefore direct the Treasury Department and Customs to complete this model and to report to the Committees on Appropriations not later than November 1, 2000 on its implementation. In relation to this, the conferees urge the Customs Service to give full consideration to the needs of the following areas for increases or improvements in Customs services: Fargo, North Dakota; Highgate Springs, Vermont;

Charleston, South Carolina; Charleston, West Virginia; Honolulu, Hawaii; Great Falls, Sweetgrass-Coutts, and Missoula, Montana; Tri-Cities Regional Airport, Tennessee; Dulles International Airport; Louisville International Airport; Miami International Airport; Pittsburg, New Hampshire; San Antonio, Texas; and multiple port areas in Arizona, New Mexico, and Florida.

The conferees agree to provide \$133,228,000 instead of \$125,778,000 as proposed by the House and \$128,228,000 as proposed by the Senate. Included in this amount is \$5,000,000 for source zone deployment of P-3's; \$2,174,000 to maintain current levels; \$7,450,000 for flight safety and enhancements; and \$9,916,000 for costs associated with the delivery of new P-3's.

AUTOMATION MODERNIZATION

The conferees agree to provide \$258,400,000 instead of \$233,400,000 as proposed by the House and \$128,400,000 as proposed by the Senate. Included in this amount is \$5,400,000 for the International Trade Data System, as well as, not less than \$130,000,000 to begin work on the Automated Commercial Environment (ACE).

BUREAU OF THE PUBLIC DEBT

ADMINISTERING THE PUBLIC DEBT

INTERNAL REVENUE SERVICE

PROCESSING, ASSISTANCE, AND MANAGEMENT

The conferees agree to provide \$3,567,001,000 instead of \$3,487,232,000 as proposed by the House and \$3,506,939,000 as proposed by the Senate. The conferees fully fund the President's request with respect to adjustments required to maintain current levels of service, organizational modernization, and operational contract support. The funding level also reflects an increase of \$60,000,000 above the fiscal year 2000 level as a result of an inter-appropriation transfer during fiscal year 2000. The conferees have not provided any funding for the Staffing Tax Administration for Balance and Equity (STABLE) initiative, a proposed fiscal year 2001 inter-appropriation transfer, or the electronic tax administration marketing initiative.

IRS DATA FOR ECONOMIC MODELING

The conferees are aware of the critical importance and usefulness of IRS data to economic modeling, such as the modeling used to project the economic impact of proposed Social Security legisla-

tion. The conferees direct IRS to continue working closely with the Bureau of the Census to ensure the appropriate availability of these data in a timely manner to groups such as the Congressional Budget Office (CBO) to facilitate the operation of CBO's long-term models of Social Security and Medicare. CBO requires records from the IRS' Statistics Of Income that are matched with survey data from the Bureau of the Census (involving the Current Population Survey and the Survey of Income and Program Participation) and records of the Social Security Administration with all record identifiers removed.

TAX LAW ENFORCEMENT

The conferees agree to provide \$3,382,402,000 instead of \$3,332,676,000 as proposed by the House and \$3,378,040,000 as proposed by the Senate. The conferees fully fund the President's request with respect to adjustments required to maintain current levels of service and operational contract support. The funding level also reflects a decrease of \$100,000,000 below the fiscal year 2000 level as a result of an inter-appropriation transfer during fiscal year 2000 and a decrease of \$666,000 for a transfer to the Treasury Inspector General for Tax Administration, as requested. The conferees have not provided any funding for the Staffing Tax Administration for Balance and Equity (STABLE) initiative or for the Counterterrorism Initiative, nor have they agreed to a proposed transfer of \$41,000,000 out of the account as an inter-appropriation transfer during fiscal year 2001.

INFORMATION SYSTEMS

The conferees agree to provide \$1,545,090,000 instead of \$1,488,090,000 as proposed by the House and \$1,505,090,000 as proposed by the Senate. The conferees fully fund the President's request with the exception of the Staffing Tax Administration for Balance and Equity (STABLE) initiative and \$3,000,000 for an inter-appropriation transfer proposed for fiscal year 2001.

Section 102. The conferees agree to continue a provision which requires the IRS to maintain a training program in taxpayers' rights, dealing courteously with taxpayers, and cross cultural relations.

Section 103. The conferees agree to continue a provision which requires the IRS to institute and enforce policies and practices that will safeguard the confidentiality of taxpayer information.

Section 104. The conferees agree to continue a provision proposed by the Senate with respect to the IRS 1-800 help line service.

The conferees agree to provide \$8,941,000 instead of \$5,021,000 as proposed by the House and \$4,283,000 as proposed by the Senate. Included in this amount \$3,920,000 for security enhancements at the Vice President's residence.

Section 117. The conferees agree to continue a provision proposed by the House which prohibits the Department of the Treasury and the Bureau of Engraving and Printing from redesigning the \$1 Federal Reserve Note.

Section 118. The conferees agree to continue and make permanent a provision which authorizes Treasury law enforcement agencies to pay their protection officers premium pay in excess of the pay period limitation.

Section 119. The conferees agree to include a new provision that provides for transfer from and reimbursements to the Salaries and Expenses appropriation of the Financial Management Service for the purposes of debt collection.

Section 122. The conferees agree to include a new provision proposed by the House authorizing and directing the Bureau of Alcohol, Tobacco and Firearms to reimburse the subcontractor that provided services in 1993 and 1994 pursuant to Bureau of Alcohol, Tobacco and Firearms contract number TATF 93-3 out of fiscal year 2001 appropriations or prior year unobligated balances.

The conferees agree to provide \$968,000 instead of \$5,510,000 as proposed by the Senate and \$658,000 as proposed by the House. The conferees provide \$458,000 for the design and replacement of the existing concrete raceway containing voice and communication lines serving the East Wing and the Executive Residence instead of the full request of \$5,000,000. The conferees direct the Executive Residence to submit a completed design to the Committees on Appropriations, including an estimate of total construction costs associated with this project.

SPECIAL ASSISTANCE TO THE PRESIDENT AND OFFICIAL RESIDENCE
OF THE VICE PRESIDENT

The conferees agree to provide \$3,673,000 as proposed by the Senate instead of \$3,664,000 as proposed by the House.

COUNCIL OF ECONOMIC ADVISORS

SALARIES AND EXPENSES

The conferees agree to provide \$4,110,000 as proposed by the Senate instead of \$3,997,000 as proposed by the House.

OFFICE OF POLICY DEVELOPMENT

SALARIES AND EXPENSES

The conferees agree to provide \$4,032,000 as proposed by the Senate instead of \$4,030,000 as proposed by the House.

NATIONAL SECURITY COUNCIL

SALARIES AND EXPENSES

The conferees agree to provide \$7,165,000 as proposed by the Senate instead of \$7,148,000 as proposed by the House.

OFFICE OF ADMINISTRATION

SALARIES AND EXPENSES

The conferees agree to provide \$43,737,000 as proposed by the Senate instead of \$41,185,000 as proposed by the House. The conferees agree to delete language proposed by the House to delay the effective date of section 638(h) of Public Law 106–58, regarding the establishment of a Chief Financial Officer within the Executive Office of the President.

OFFICE OF MANAGEMENT AND BUDGET

SALARIES AND EXPENSES

The conferees agree to provide \$68,786,000 instead of \$67,143,000 as proposed by the House and \$67,935,000 as proposed by the Senate. The conferees fully fund the President's request.

APPORTIONMENT FOR INTERNATIONAL FOOD ASSISTANCE PROGRAMS

The conferees do not concur with the House report language regarding apportionment for International Food Assistance Programs.

OFFICE OF NATIONAL DRUG CONTROL POLICY

SALARIES AND EXPENSES

The conferees agree to provide \$24,759,000 as proposed by the House instead of \$24,312,000 as proposed by the Senate.

COUNTERDRUG TECHNOLOGY ASSESSMENT CENTER

The conferees agree to provide \$29,053,000 instead of \$29,750,000 as proposed by the House and \$29,052,000 as proposed by the Senate.

FEDERAL DRUG CONTROL PROGRAMS

HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

The conferees agree to provide \$206,500,000 instead of \$217,000,000 as proposed by the House and \$196,000,000 as proposed by the Senate. The conferees fully fund the Administration's request, and include an additional \$14,500,000 to increase funding or expand existing HIDTAs, or to fund newly designated HIDTAs. The conferees provide that existing HIDTAs shall be funded at fiscal year 2000 levels unless the ONDCP Director submits to the Committees, and the Committees approve, justification for changes in those levels based on clearly articulated priorities for the HIDTA program, as well as published ONDCP performance measures of effectiveness (PMEs). Similarly, while the conferees provide additional funding that may be used for newly designated HIDTAs, they direct that no funds may be obligated for such purposes until similar justification is provided to the Committees for approval.

The ability to evaluate effectiveness of individual HIDTAs, and to match funding needs against budgets, depends on reliable and consistent methodology for performance measurement and management. This is particularly important given the key role HIDTAs play in bringing together many divergent counterdrug agencies and crosscutting programs—which also exacerbates the problem of isolating the impact of HIDTAs. The conferees anticipate that the completion of work by the HIDTA Performance Management Working Group will improve performance measurement methodology and data collection covering the three main target areas identified in 1999. These are: increasing compliance with HIDTA developmental standards; dismantling or disabling at least 5 percent of targeted drug trafficking organizations; and reducing specific types of violent crime. The conferees support ONDCP plans to validate and verify the HIDTA management, including the use of on-site reviews and external financial evaluations.

As ONDCP reviews candidates for new HIDTA funding, the conferees direct it to consider the following: Las Vegas, NV; Arkansas; Minnesota; North Carolina; and Northern Florida, which have requested designation; increases for Central Florida, Southwest Border (for New Mexico, South Texas, West Texas, and Arizona), New England, Gulf Coast, Oregon, Northwest (including southwest and eastern Washington), and Chicago HIDTAs; and full minimum funding for new HIDTAs in Central Valley, California, Hawaii, and Ohio. The conferees urge ONDCP to consider using funds provided above the budget request for designating new HIDTAs from areas which have already submitted requests.

SPECIAL FORFEITURE FUND

The conferees agree to provide \$233,600,000 instead of \$219,000,000 as proposed by the House and \$144,300,000 as pro-

posed by the Senate. Of this amount, the conferees provide \$185,000,000 for the National Youth Anti-Drug Media Campaign; \$40,000,000 to carry out the Drug-Free Communities Act; \$3,000,000 for the costs of space and operations of the counter drug intelligence executive secretariat (CDX); \$3,300,000 for anti-doping efforts of the United States Olympic Committee; \$1,300,000 to the Metro Intelligence Support and Technical Investigative Center (MISTIC); and \$1,000,000 for the National Drug Court Institute.

NATIONAL YOUTH ANTI-DRUG MEDIA CAMPAIGN

The conferees negate neither the House nor Senate Committee Report language regarding the youth media campaign. The conferees are concerned with ONDCP's use of pro bono credits under the match program for programming content, and note with interest the Statement of Pro-Bono Match Program and Guidelines that ONDCP posted on its website in July 2000. Consistent with those guidelines, the conferees direct that ONDCP not issue credits for ad time and/or space if already purchased with funds appropriated for the campaign. Furthermore, the conferees direct that ONDCP not issue any credits for programming content once a program is in syndication unless it has previously reported to the Committees on Appropriations reasons why such credit is necessary. Finally, the conferees underscore the language on page 11 of the guidelines that reads "ONDCP exercises its authority to review public service match materials for credit and valuation through its primary advertising contractor. No ONDCP contractor may make suggestions or requests about, or otherwise attempt to influence or modify the creative product of any media organization or representative for the purpose of qualifying for pro bono match credit." In keeping with this the conferees direct ONDCP to ensure that neither it nor its contractor will review programming content under consideration for pro bono credit under the match program until such programming is in its final form.

TITLE IV—INDEPENDENT AGENCIES

FEDERAL ELECTION COMMISSION

SALARIES AND EXPENSES

The conferees agree to provide \$40,500,000 instead of \$40,240,000 as proposed by the House and \$39,755,000 as proposed by the Senate.

GENERAL SERVICES ADMINISTRATION

FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE

The conferees agree to provide \$5,971,509,000 in new obligational authority instead of \$5,272,370,000 as proposed by the House and \$5,502,333,000 as proposed by the Senate. The conferees directly appropriate \$464,154,000 into the Fund to cover a portion of the new obligational needs of the Fund.

AFRICAN BURIAL GROUND

The conferees recognize the efforts of GSA to memorialize the 17th and 18th century African Americans whose remains were discovered during the excavation for a new federal building at Foley Square in lower Manhattan. Since 1992, significant work has been conducted on the memorialization but additional work is required prior to and including the reinterment of the remains. The conferees expect GSA to complete the project using funds made available from the Federal Buildings Fund or from the borrowing authority remaining for the buildings project at Foley Square.

CONSTRUCTION AND ACQUISITION

The conferees agree to provide \$472,176,000 instead of no funding as proposed by the House and \$3,000,000 as proposed by the Senate. These funds are provided for nine projects. The conferees direct GSA to provide a written report to the Committees on Appropriations with respect to how GSA plans to allocate these funds among the various projects prior to allocating the funds. Within the funds provided the conferees have included \$3,500,000 for the design and site acquisition of a combined law enforcement facility in Saint Petersburg, Florida.

The conferees also agree to provide \$276,400,000 as an advance appropriation, not available until October 1, 2001, for four courthouse construction projects.

REPAIRS AND ALTERATIONS

The conferees agree to provide \$671,193,000 as proposed by the Senate instead of \$490,592,000 as proposed by the House. This level fully funds the request with the following exceptions: no funds are provided for the chlorofluorocarbon program, the energy program is funded at \$5,000,000, and the glass fragment retention program is funded at \$5,000,000.

BUILDING OPERATIONS

The conferees agree to provide \$1,624,771,000 as proposed by the Senate instead of \$1,580,909,000 as proposed by the House. Within this limitation level, the conferees have included \$500,000 to conduct a site selection analysis for a replacement facility for the National Center for Environmental Prediction of the National Oceanic and Atmospheric Administration, currently located in Camp Springs, Maryland. The delineated area shall be in the Washington, D.C. Metropolitan area and include the consideration of appropriate educational institutions qualified to be project partners. A report on the findings of the study shall be provided to the conferees within 120 days of the enactment of this Act.

POLICY AND OPERATIONS

The conferees agree to provide \$123,920,000 instead of \$123,420,000 as proposed by the Senate and \$115,434,000 as proposed by the House.
