What's New

Changes to Table 4. Beginning April 1, 2011, the maximum per diem rate will change for certain locations in California, Mississippi, New York, Pennsylvania, Texas, and Virginia.

Introduction

This publication is for employers who pay a per diem allowance to employees for business travel away from home within the continental United States (CONUS) (the 48 contiguous states), on or after October 1, 2009, and before January 1, 2012. It gives the maximum per diem rate you can use without treating part of the per diem allowance as wages for tax purposes. For a detailed discussion on the tax treatment of a per diem allowance, see chapter 11 of Publication 535, Business Expenses, or Revenue Procedure 2010-39, 2010-42 I.R.B. 459, which can be found on the Internet at www.irs.gov/irb/2010-42_irb/ar13.html.

Per diem rates on the Internet. You will find links to per diem rates at www.gsa.gov/perdiem, including links to:

- CONUS per diem rates;
- Per diem rates for areas outside the continental United States (OCONUS), such as Alaska, Hawaii, Puerto Rico, and U.S. possessions; and
- Foreign per diem rates.

Publication 1542 revisions. Publication 1542 is available only on the Internet at IRS.gov. Print copies can no longer be ordered.

During the year, as changes to the federal per diem rates (updates) are announced by the General Services Administration (GSA), we will incorporate the changes into Publication 1542. An article on IRS.gov will alert you to which locations have updated rates. To reach these articles, go to www.irs.gov/formspubs and click on "Changes to Current Tax Products," under *Important Changes*. You will find the new rates in [Table 4](#).

We will also incorporate mid-year changes to the high-low rates into Publication 1542. You will be alerted to these changes by a similar article on IRS.gov and can find the changes in [Table 2](#) of the revised publication.

The annual changes, both federal per diem and high-low rates, will be incorporated into the publication as soon as possible after being announced by GSA and the IRS. The annual issue of the publication should be available each year in mid- to late-October.

How To Use Per Diem Rate Tables

This section contains information about the per diem rate substantiation methods available and the choice of rates you must make for the last 3 months of the year.

The Two Substantiation Methods

The tables in this publication reflect the high-low substantiation method and the regular federal per diem rate method.

High-low method. Tables 1 and 2 in this publication list the localities that are treated under the high-low substantiation method as high-cost localities for all or part of the year. [Table 1](#) lists the localities that are eligible for \$258 (\$65 meals and incidental expenses (M&IE)) per diem, effective October 1, 2009. For travel on or after October 1, 2009, all other localities within CONUS are eligible for \$163 (\$52 M&IE) per diem under the high-low method.

[Table 2](#) lists the localities that are eligible for \$233 (\$65 M&IE) per diem, effective October 1, 2010. For travel on or after October 1, 2010, the per diem for all other localities decreases to \$160 (\$52 M&IE).

Regular federal per diem rate method. Tables 3 and 4 give the regular federal per diem rates published by the General Services Administration (GSA). Both tables include the separate rate for meals and incidental expenses (M&IE) for each locality. The rates listed in [Table 3](#) are effective October 1, 2009; those in [Table 4](#) are effective October 1, 2010. The standard rate for all locations within CONUS not specifically listed in Table 3 is \$116 (\$70 for lodging and \$46 for M&IE). For Table 4, this rate is \$123 (\$77 for lodging and \$46 for M&IE).

Transition Rules

The transition period covers the last 3 months of the calendar year, from the time that new rates are effective (generally October 1) through December 31. During this period, you generally may change to the new rates or finish out the year with the rates you had been using.

High-low method. If you use the high-low substantiation method for an employee, when new rates become effective (generally October 1) you can either continue with the rates you used for the first part of the year or change to the new rates. However, you must continue using the high-low method for that employee for the rest of the calendar year (through December 31). Also, you must use the same rates for all employees reimbursed under the high-low method during that calendar year.

For example, Employee A travels extensively during March and April of 2011, and you determine A's travel allowance (reimbursement) using the high-low method (Table 2). Employee A does not travel again until November 2011. For A's November trip and any others during the remainder of 2011, you may continue using the same set of rates (Table 2) or change to the new rates that generally

will be effective in October. Assume that two of your other employees, B and C, are also reimbursed under the high-low method—your choice of rates must also apply to them.

For Employee A's travel on or after January 1, 2012, you must use the rates in effect for 2012, but may either continue with the high-low method or choose the regular federal per diem rate method. The choice of method stays in effect for the entire 2012 calendar year.

The new rates and localities for the high-low method are included each year in a revenue procedure that is generally published in mid- to late-September. You can find the revenue procedure in the weekly Internal Revenue Bulletin (IRB) on the Internet at www.irs.gov/irb.

Federal per diem rate method. New CONUS per diem rates become effective on October 1 of each year and remain in effect through September 30 of the following year. Employees being reimbursed under the per diem rate method during the first 9 months of a year (January 1–September 30) must continue under the same method through the end of that calendar year (December 31). However, for travel by these employees from October 1 through December 31, you can choose to continue using the same per diem rates or use the new rates. Your choice applies to all employees reimbursed under the per diem rate method during that calendar year. Just as for the high-low method, you must continue using the same method for an employee for the entire calendar year.

For example, Employees P and Q attend an industry conference in February 2011, and you reimburse their

expenses using the per diem rate method (Table 4). Employee P attends other conferences in July (reimbursed using Table 4) and December 2011, while Employee Q's only other travel occurs in October 2011. When determining Q's travel allowance for the October travel, you must decide whether to continue with the old (Table 4) rates or adopt the new ones effective October 1, 2011. Your choice of rates will also apply to Employee P's December travel. Both employees must continue being reimbursed under the per diem rate method for travel through December 31, 2011. You can choose a new method for either or both employees; this choice will become effective on January 1, 2012.

The new federal CONUS per diem rates are published each year, generally early in September, on the Internet. Go to www.gsa.gov/perdiem.

Per diem rates for localities listed in Table 4 may change at any time during the rest of 2010 or 2011. To be sure you have the most current rate, check IRS.gov for an updated Publication 1542, the other Internet website listed earlier under Per diem rates on the Internet, or call the IRS at 1-800-829-1040.

¹**Transition rule.** In lieu of the updated GSA rates that will be effective October 1, 2010, taxpayers may continue to use the CONUS rates in effect for the first 9 months of 2010 (Table 3) for expenses of all CONUS travel away from home that are paid or incurred during calendar year 2010. A taxpayer must consistently use either these rates or the updated rates for the period of October 1, 2010, through December 31, 2010. See [Transition Rules](#) under *How To Use Per Diem Rate Tables* for an example.

²Unless otherwise specified, the per diem locality is defined as “all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries.”

³Per diem localities with county definitions shall include “all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties (unless otherwise listed separately).”

⁴When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the two rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.

Note: Recognizing that all locations are not incorporated cities, the term “city limits” has been used as a general phrase to denote the commonly recognized local boundaries of the location cited.

Table 4. **Maximum Federal Per Diem Rates (Effective October 1, 2010 – September 30, 2011)¹**

Note: The standard rate of \$123 (\$77 for lodging and \$46 for M&IE) applies to all locations within the continental United States (CONUS) not specifically listed below or encompassed by the boundary definition of a listed point. However, the standard CONUS rate applies to all locations within CONUS, including those defined below, for certain relocation allowances. (See parts 302-2, 302-4, and 302-5 of 41 CFR.)

¹**Transition rule.** In lieu of the updated GSA rates that will be effective October 1, 2011, taxpayers may continue to use the CONUS rates in effect for the first 9 months of 2011 (Table 4) for expenses of all CONUS travel away from home that are paid or incurred during calendar year 2011. A taxpayer must consistently use either these rates or the updated rates for the period of October 1, 2011, through December 31, 2011. See [Transition Rules](#) under *How To Use Per Diem Rate Tables* for an example.

²Unless otherwise specified, the per diem locality is defined as “all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries.”

³Per diem localities with county definitions shall include “all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties (unless otherwise listed separately).”

⁴When a military installation or Government-related facility (whether or not specifically named) is located partially within more than one city or county boundary, the applicable per diem rate for the entire installation or facility is the higher of the two rates which apply to the cities and/or counties, even though part(s) of such activities may be located outside the defined per diem locality.

Note: Recognizing that all locations are not incorporated cities, the term “city limits” has been used as a general phrase to denote the commonly recognized local boundaries of the location cited.

How To Get Tax Help

You can get help with unresolved tax issues, order free publications and forms, ask tax questions, and get information from the IRS in several ways. By selecting the method that is best for you, you will have quick and easy access to tax help.

Contacting your Taxpayer Advocate. The Taxpayer Advocate Service (TAS) is an independent organization within the IRS. We help taxpayers who are experiencing economic harm, such as not being able to provide necessities like housing, transportation, or food; taxpayers who are seeking help in resolving tax problems with the IRS; and those who believe that an IRS system or procedure is not working as it should. Here are seven things every taxpayer should know about TAS:

- The Taxpayer Advocate Service is your voice at the IRS.
- Our service is free, confidential, and tailored to meet your needs.
- You may be eligible for our help if you have tried to resolve your tax problem through normal IRS channels and have gotten nowhere, or you believe an IRS procedure just isn't working as it should.
- We help taxpayers whose problems are causing financial difficulty or significant cost, including the cost of professional representation. This includes businesses as well as individuals.
- Our employees know the IRS and how to navigate it. If you qualify for our help, we'll assign your case to an advocate who will listen to your problem, help you understand what needs to be done to resolve it, and stay with you every step of the way until your problem is resolved.
- We have at least one local taxpayer advocate in every state, the District of Columbia, and Puerto Rico. You can call your local advocate, whose number is in your phone book, in Publication 1546, Taxpayer Advocate Service—Your Voice at the IRS, and on our website at www.irs.gov/advocate. You can also call our toll-free line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.
- You can learn about your rights and responsibilities as a taxpayer by visiting our online tax toolkit at www.taxtoolkit.irs.gov. You can get updates on hot tax topics by visiting our YouTube channel at www.youtube.com/tasnta and our Facebook page at www.facebook.com/YourVoiceAtIRS, or by following our tweets at www.twitter.com/YouVoiceatIRS.

Low Income Taxpayer Clinics (LITCs). The Low Income Taxpayer Clinic program serves individuals who have a problem with the IRS and whose income is below a certain level. LITCs are independent from the IRS. Most LITCs can provide representation before the IRS or in court on audits, tax collection disputes, and other issues

for free or a small fee. If an individual's native language is not English, some clinics can provide multilingual information about taxpayer rights and responsibilities. For more information, see Publication 4134, Low Income Taxpayer Clinic List. This publication is available at IRS.gov, by calling 1-800-TAX-FORM (1-800-829-3676), or at your local IRS office.

Free tax services. Publication 910, IRS Guide to Free Tax Services, is your guide to IRS services and resources. Learn about free tax information from the IRS, including publications, services, and education and assistance programs. The publication also has an index of over 100 TeleTax topics (recorded tax information) you can listen to on the telephone. The majority of the information and services listed in this publication are available to you free of charge. If there is a fee associated with a resource or service, it is listed in the publication.

Accessible versions of IRS published products are available on request in a variety of alternative formats for people with disabilities.

Free help with your return. Free help in preparing your return is available nationwide from IRS-trained volunteers. The Volunteer Income Tax Assistance (VITA) program is designed to help low-income taxpayers and the Tax Counseling for the Elderly (TCE) program is designed to assist taxpayers age 60 and older with their tax returns. Many VITA sites offer free electronic filing and all volunteers will let you know about credits and deductions you may be entitled to claim. To find the nearest VITA or TCE site, call 1-800-829-1040.

As part of the TCE program, AARP offers the Tax-Aide counseling program. To find the nearest AARP Tax-Aide site, call 1-888-227-7669 or visit AARP's website at www.aarp.org/money/taxaide.

For more information on these programs, go to IRS.gov and enter keyword "VITA" in the upper right-hand corner.

Evaluating the quality of our telephone services. To ensure IRS representatives give accurate, courteous, and professional answers, we use several methods to evaluate the quality of our telephone services. One method is for a second IRS representative to listen in on or record random telephone calls. Another is to ask some callers to complete a short survey at the end of the call.

Walk-in. Many products and services are available on a walk-in basis.

- *Products.* You can walk in to many post offices, libraries, and IRS offices to pick up certain forms, instructions, and publications. Some IRS offices, libraries, grocery stores, copy centers, city and county government offices, credit unions, and office supply stores have a collection of products available to print from a CD or photocopy from reproducible proofs. Also, some IRS offices and libraries have the Internal Revenue Code, regulations, Internal Revenue Bulletins, and Cumulative Bulletins available for research purposes.
- *Services.* You can walk in to your local Taxpayer Assistance Center every business day for personal, face-to-face tax help. An employee can explain IRS letters, request adjustments to your tax account, or help you set up a payment plan. If you need to resolve a tax problem, have questions about how the tax law applies to your individual tax return, or you are more comfortable talking with someone in person, visit your local Taxpayer Assistance Center where you can spread out your records and talk with an IRS representative face-to-face. No appointment is necessary—just walk in. If you prefer, you can call your local Center and leave a message requesting an appointment to resolve a tax account issue. A representative will call you back within 2 business days to schedule an in-person appointment at your convenience. If you have an ongoing, complex tax account problem or a special need, such as a disability, an appointment can be requested. All other issues will be handled without an appointment. To find the number of your local office, go to www.irs.gov/localcontacts or look in the phone book under *United States Government, Internal Revenue Service*.
