PURPOSE OF THE BILL

The purpose of H.R. 3176 is to designate the Ojito Wilderness Study Area as wilderness, to take certain lands into trust for the Pueblo of Zia, and for other purposes.

BACKGROUND AND NEED FOR LEGISLATION

The Ojito Wilderness Study Area (WSA), located in Sandoval County, New Mexico, represents an area of approximately 11,000 acres, which was recommended for wilderness designation by the Bureau of Land Management's (BLM) New Mexico State Office in 1991. The recommendation was based on its high-quality wilder-

ness values, extensive cultural resources, both archaic and several prehistoric sites, other cultural and paleontological features and the lack of resources conflicts in the area. H.R. 3176 would designate the entire Ojito WSA as wilderness, subject to valid existing rights, and would continue to permit grazing that was established before the designation.

H.R. 3176 would also transfer certain public lands (approximately 11,500 acres) located west of, and contiguous to, the main body of the Pueblo of Zia's current reservation, to trust status for the Pueblo of Zia to become part of the Pueblo's reservation. The purpose is to protect its religious and cultural sites in the area and to consolidate its land holdings. In 1978 and in 1986, the BLM transferred land to the Pueblo. H.R. 3176 would allow the Pueblo to acquire all right, title and interest (including mineral rights) to additional public land located adjacent to the reservation and the Ojito WSA. The transfer would be subject to valid existing rights and continuing right of the public to access the land for recreational, scientific, educational, paleontological and conservation uses, subject to regulations adopted by the Pueblo and approved by the Secretary of the Interior. The use of motorized vehicles off approved roads, mineral extraction, housing, gaming, and other commercial enterprises would be prohibited, and the Pueblo would be required to pay the Secretary fair market value for the lands.

COMMITTEE ACTION

H.R. 3176 was introduced on September 24, 2003, by Congressman Tom Udall (D-NM). The bill was referred to the Committee on Resources, and within the Committee to the Subcommittee on National Parks, Recreation and Public Lands. On July 20, 2003, the Subcommittee held a hearing on the bill. On September 22, 2004, the Full Resources Committee met to consider the bill. The Subcommittee was discharged from further consideration of the bill by unanimous consent. Congressman Richard Pombo (R-CA) offered and withdrew an amendment that would have directed the Secretary of the Interior to release 844 acres of land located in the Chamisa WSA determined non-suitable for wilderness by the Bureau of Land Management. Congressman Tom Udall then offered an amendment in the nature of a substitute that made the following changes to the original text: (1) removed 42 acres from the original wilderness designation, due to an existing pipeline right-of-way; (2) clarified the grazing language; (3) added a water rights provision to address valid existing water rights; (4) addressed the mineral withdraw concern raised by the Administration; and (5) ensured private landowner access within the designated wilderness area. Congressman Pombo offered an amendment to the Udall amendment to strengthened the water rights provision. Following discussion on the amendment, Congressman Pombo withdrew the amendment. The Udall amendment was agreed to by voice vote. The bill, as amended, was ordered favorably reported to the Full Committee by voice vote.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Re-

sources' oversight findings and recommendations are reflected in the body of this report.

CONSTITUTIONAL AUTHORITY STATEMENT

Article I, section 8 of the Constitution of the United States grants Congress the authority to enact this bill.

COMPLIANCE WITH HOUSE RULE XIII

1. Cost of Legislation. Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, credit authority, or an increase or decrease in revenues or tax expenditures. According to the Congressional Budget Office, enactment of H.R. 3176 would increase both offsetting receipts and direct spending, but it estimates "that the net change in direct spending would be negligible."

3. General Performance Goals and Objectives. This bill does not authorize funding and therefore, clause 3(c)(4) of rule XIII of the Rules of the House of Representatives does not apply.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for this bill from the Director of the Congressional Budget Office:

H.R. 3176—Ojito Wilderness Act

CBO estimates that implementing H.R. 3176 would have no significant impact on the federal budget. The bill would increase both offsetting receipts and direct spending, but we estimate that the net change in direct spending would be negligible. Enacting H.R. 3176 would not affect revenues.

H.R. 3176 would designate 11,183 acres of land in New Mexico as the Ojito Wilderness and would authorize the Secretary of the Interior, under certain circumstances, to expand that wilderness to include 118 additional acres of land. The bill would direct the Secretary to take into trust, on behalf of the Pueblo of Zia, about 11,500 acres of federal land. All of the affected federal land would be withdrawn from programs to develop natural resources. According to the Bureau of Land Management (BLM), that land currently generates no significant income from such programs and is not expected to do so over the next 10 years. Hence, we estimate that the proposed changes would not significantly affect offsetting receipts (a credit against direct spending). Based on information from BLM, we also estimate that any increase in federal spending for land management, which would be subject to appropriation, would not exceed \$500,000 a year.

In exchange for the Federal land to be taken into trust on behalf of the Pueblo of Zia, the Pueblo would pay to the Secretary the fair market value of that land as defined in the bill. The bill would authorize the Secretary to retain and spend amounts received from the Pueblo, without further appropriation, to acquire nonfederal property in New Mexico. Based on information from BLM, CBO estimates that the proposed transaction would increase offsetting receipts (a credit against direct spending) by up to \$500,000 in 2005. We also estimate that those receipts would be largely offset by an increase in direct spending in the same year, resulting in a negligible net change in direct spending.

H.R. 3176 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act. Enacting this bill would benefit the Pueblo and would have no significant impact on the budgets of other state, local, or tribal governments.

The CBO staff contact for this estimate is Megan Carroll. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.

COMPLIANCE WITH PUBLIC LAW 104-4

This bill contains no unfunded mandates.

PREEMPTION OF STATE, LOCAL OR TRIBAL LAW

This bill is not intended to preempt any State, local or tribal law.

CHANGES IN EXISTING LAW

If enacted, this bill would make no changes to existing law.
