Mr. DREIER, from the Committee on Rules, submitted the following

R E P O R T

[To accompany H. Res. 1100]

The Committee on Rules, having had under consideration House Resolution 1100, by a nonrecord vote, reports the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for the consideration of H.R. 6406, to modify temporarily certain rates of duty and make other technical amendments to the trade laws, to extend certain trade preference programs, and for other purposes, under a closed rule. The rule provides one hour of debate in the House equally divided and controlled by the chairman and ranking minority member of the Committee on Ways and Means. The rule waives all points of order against consideration of the bill. The rule provides one motion to recommit.

The rule provides that, in the engrossment of the House amendment to the Senate amendment to the bill (H.R. 6111) to amend the Internal Revenue Code of 1986 to provide that the Tax Court may review claims for equitable innocent spouse relief and to suspend the running on the period of limitations while such claims are pending, the Clerk shall:

(a) add the text of H.R. 6406, as passed by the House, as new matter at the end of such engrossment;

(b) assign appropriate designations to provisions within the engrossment; and

(c) conform provisions for short titles within the engrossment.

EXPLANATION OF WAIVERS

The Committee is not aware of any points of order against consideration of the bill. The waiver of all points of order against consideration of the bill is prophylactic in nature.
