**RENOMINATION OF CHARLES D. SNELLING
TO BE A MEMBER OF THE METROPOLITAN
WASHINGTON AIRPORTS AUTHORITY**

THURSDAY, MAY 24, 2007

U.S. SENATE,
COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION,
Washington, DC.

The Committee met, pursuant to notice, at 10:04 a.m. in room SR-253, Russell Senate Office Building, Hon. Daniel K. Inouye, Chairman of the Committee, presiding.

**OPENING STATEMENT OF HON. DANIEL K. INOUE,
U.S. SENATOR FROM HAWAII**

The CHAIRMAN. Today we will consider the nomination of Mr. Charles D. Snelling to be a Member of the Metropolitan Washington Airports Authority.

Mr. Snelling has come before us previously and serves on the Authority today. By all accounts, Mr. Snelling has been regarded as highly competent and effective during his tenure with the Metropolitan Washington Airports Authority.

I look forward to hearing about your experiences working on the Authority and any views you may have about how Congress can help ensure the success of the mission of the Authority.

Mr. Snelling?

Mr. SNELLING. Thank you.

The CHAIRMAN. It may please you to know that we have received no objection. It seems like everyone loves you, and they approve of you, or at least—

**STATEMENT OF HON. CHARLES DARWIN SNELLING, RENOMI-
NATED TO BE A MEMBER OF THE METROPOLITAN WASH-
INGTON AIRPORTS AUTHORITY**

Mr. SNELLING. It does please me to know that, Mr. Chairman. And I thank you very much for that warm and fine invitation. It's—I'm coming here often enough so I'm beginning to feel comfortable.

[Laughter.]

Mr. SNELLING. I am Charles Snelling, the President's nominee to a second term as Member of the Metropolitan Washington Airports Authority Board of Directors. I am delighted to appear before you again.

I was here last September, in 2006, in a hearing on my nomination to this same position. Although the Committee reported my

nomination unanimously, the Senate did not act on its report, and the President nominated me again in January.

The President appoints three directors of the Airports Authority, and the three of us are proud to be amongst the most active members of this 13-member board. We each chair a Committee that meets monthly. For 2 years, I served as Chairman of the Finance Committee, and I've recently been named Chairman of the new Planning and Construction Committee.

As I have advised this Committee before, my prior experience on the board at Lehigh Valley Hospital, a billion-dollar charity, has proved most helpful training for my service to the Airports Authority.

Mr. Chairman, as most Senators use our airports, I think it's useful to mention briefly the major issues which are pressing on us:

First, as you may be aware, the Airports Authority is about to assume the responsibility for the construction of the Metrorail extension that will connect the entire region with Dulles Airport, a project we will finance, in large part, with tolls from the Dulles Toll Road. We have been engaged in difficult negotiations over the price of the rail project, but have managed to agree on a contract that sets the price within the Federal Transit Administration efficiency standards. It now appears that we will soon be engaged in rail construction at the same time as airport construction. We relish the challenge.

On the aviation side, our efforts are both to attract new services and to make sure our facilities are ready to handle the continuing growth. At Dulles, as you know, we're building an underground people mover, and the project is on schedule, and the trains should start running in 2009.

We will continue to build out our master plan with an extension to the existing midfield terminals and the ultimate construction of parallel midfield terminals. Those new midfield terminals are still off in the future, but I'm confident that they will be built sooner than anyone might expect.

At Reagan National, we're scrambling to build additional parking capacity to accommodate passenger growth caused by flights added over the last several years. As you may know, our garages are often full on Tuesdays, Wednesdays, and Thursdays.

Traffic has been growing steadily at Reagan National, at 18.5 million for the last 12 months, up 2.4 percent over the same period last year. At Dulles, there was a little decline for the same 12-month period, reflecting the sudden demise of Independence Air. But Dulles has, in fact, fully recovered. The month of March 2007 showed a 13.7-percent growth over March in 2006. Our anticipation is that the number of Dulles passengers will continue to grow smartly. Total passengers for the 12-month period were 23.6 million.

More interesting than the numbers are the new services being introduced at Dulles. Thus far in 2007, we have new daily services to Beijing, Rome, Huntsville, and additional flights to Seoul and London. As the year goes on, we will have new service to Madrid, Panama City, Doha, Dublin, Rio de Janeiro, and Oklahoma City. Flights to Addis Ababa will double to four per week. Washington's air service is matching its significance as a world-class capital city.

Mr. Chairman, it's just over 20 years since Congress agreed to turn over Dulles and National, the Metropolitan Washington Airports, to the independent Metropolitan Washington Airports Authority. In my opinion, this has proved to be a most wise and beneficial decision. I look forward to continuing the Authority's excellent record as we face the future, dealing with the ever-changing aviation world.

Thank you for considering my nomination to the board of the Metropolitan Washington Airports Authority. I'd be very happy to answer any questions you might have, sir.

[The prepared statement and biographical information of Mr. Snelling follow:]

PREPARED STATEMENT OF HON. CHARLES DARWIN SNELLING, RENOMINATED TO BE A

14. Honors and awards: (List all scholarships, fellowships, honorary degrees, honorary society memberships, military medals, and any other special recognition for outstanding service or achievements.)

1958—Chosen as one of America's Outstanding Young Men in Business in a national magazine survey.

1962—Chosen Distinguished Young Man of the Year, Allentown Junior Chamber of Commerce.

1999—Honorary Doctor of Public Service Degree, Cedar Crest College, Allentown.

15. Published writings: (List each book, article, column, or publication you have authored, individually or with others, and any speeches that you have given on topics relevant to the position for which you have been nominated. Do not attach copies of these publications unless otherwise instructed.)

I have written regular columns commenting on economic, political and social issues, published in the *Allentown Morning Call* since 1979. From 1983 to 1986, I also wrote a weekly column for the *Bethlehem Globe-Times*.

I have not made any formal speeches other than in my 2003 and 2006 confirmation hearings before this Committee. Other speeches I have delivered have been extemporaneous, and neither the text nor the notes for such remarks exist.

16. Please identify each instance in which you have testified orally or in writing before Congress in a governmental or non-governmental capacity and specify the date and subject matter of each testimony.

My 2003 and 2006 confirmation hearing before this Committee.

17. Given the current mission, major programs, and major operational objectives of the department/agency to which you have been nominated, what in your back-

ground or employment experience do you believe affirmatively qualifies you for appointment to the position for which you have been nominated, and why do you wish to serve in that position?

Extensive experience with aviation. I am a licensed pilot and hold land, single- and multi-engine, and instrument ratings, as well as a glider's license. I have been a pilot for more than 50 years and have about 6,000 hours of total time. I owned and operated my own aircraft for about 50 years. I was appointed by Governor Tom Ridge as Chairman of the Pennsylvania Aviation Advisory Committee, and I previously served as a Governor of the Lehigh-Northampton Airport Authority, which operates the Lehigh Valley International Airport. I have had extensive experience as a board member of private and public organizations, some of very substantial size.

Ronald Reagan Washington National and Washington Dulles International Airports are facilities of the greatest importance to our Capital and our Nation. I believe I can continue to make a contribution to these Airports' well being.

18. What do you believe are your responsibilities, if confirmed, to ensure that the department/agency has proper management and accounting controls, and what experience to you have in managing a large organization?

My responsibilities as a Member of the Board of the Metropolitan Washington Airports Authority is to work with my fellow board members to clearly enunciate policy, objectively monitor outcome data in terms of how successful we are in achieving our goals, monitor and evaluate the performance of our chief executive officer and his staff, and to be vigilant in supervising and insisting on the highest level of honesty and integrity throughout the organization.

MWAA has an Audit Committee, on which I serve, which meets regularly and is very active. We have a national outside auditor. As Chairman of the Finance Committee I have had intimate knowledge of and every opportunity to oversee MWAA's integrity.

19. What do you believe to be the top three challenges facing the department/agency, and why?

(1) Financial management that ensures the Authority's ability to provide facilities needed by air travelers at a price which air travelers can afford; (2) protecting Washington's airports from adverse effects of the financial turmoil in the airline industry; and (3) successful undertaking and completion of the rail line from Washington to Dulles via Tysons Corner.

B. POTENTIAL CONFLICTS OF INTEREST

1. Describe all financial arrangements, deferred compensation agreements, and other continuing dealings with business associates, clients, or customers. Please include information related to retirement accounts: Not applicable.

2. Do you have any commitments or agreements, formal or informal, to maintain employment, affiliation or practice with any business, association or other organization during your appointment? No.

3. Indicate any investments, obligations, liabilities, or other relationships which could involve potential conflicts of interest in the position to which you have been nominated.

All my investments, obligations, liabilities and other relationships have been reviewed at the Office of Government Ethics (OGE) and at the Airports Authority. We all agree that none presents a risk of conflict of interest. A copy of my OGE Form 450 has been provided to the Committee.

4. Describe any business relationship, dealing, or financial transaction which you have had during the last 10 years, whether for yourself, on behalf of a client, or acting as an agent, that could in any way constitute or result in a possible conflict of interest in the position to which you have been nominated: I cannot identify any.

5. Describe any activity during the past 10 years in which you have engaged for the purpose of directly or indirectly influencing the passage, defeat, or modification of any legislation or affecting the administration and execution of law or public policy.

I have never been paid as an advocate of public policy or legislation, nor have I ever been a lobbyist. However, I have in my regular newspaper column on politics and economics made public pronouncements on all manner of policy issues.

6. Explain how you will resolve any potential conflict of interest, including any that may be disclosed by your responses to the above items.

I would address any potential conflict of interest in accordance with the Airports Authority "Code of Ethical Responsibilities for Members of the Board of Directors", which generally provides for full disclosure and recusal for apparent conflicts.

C. LEGAL MATTERS

1. Have you ever been disciplined or cited for a breach of ethics by, or been the subject of a complaint to any court, administrative agency, professional association, disciplinary committee, or other professional group? No.

2. Have you ever been investigated, arrested, charged, or held by any Federal, state, or other law enforcement authority for violation of any Federal, state, county, or municipal law, regulation, or ordinance, other than for a minor traffic offense? If so, please explain.

I have never been arrested, charged or held by any Federal, state or other law enforcement authority for violation of any Federal, state, county or municipal law, regulation or ordinance other than for minor traffic offenses. I have no knowledge that I have ever been investigated.

3. Have you or any business of which you are or were an officer ever been involved as a party in an administrative agency proceeding or civil litigation? No.

4. Have you ever been convicted (including pleas of guilty or *nolo contendere*) of any criminal violation other than a minor traffic offense? No.

5. Have you ever been accused, formally or informally, of sexual harassment or discrimination on the basis of sex, race, religion, or any other basis? No.

6. Please advise the Committee of any additional information, favorable or unfavorable, which you feel should be disclosed in connection with your nomination.

I have very substantial experience as a board member, board chairman and manager. I have fully participated in the board deliberations and decisions at MWAA. I have a near perfect attendance record of board and committee meetings. I have chaired the Finance Committee, a key MWAA committee. I now chair the Planning and Construction Committee and I sit on other committees of substantial import, as, for example, the Compensation Committee.

D. RELATIONSHIP WITH COMMITTEE

1. Will you ensure that your board/commission complies with deadlines for information set by Congressional committees?

To the extent it is within my power as one of thirteen Directors.

2. Will you ensure that your board/commission does whatever it can to protect Congressional witnesses and whistle blowers from reprisal for their testimony and disclosures?

To my knowledge, this has not been an issue at the Airports Authority, but I would want to make sure that such witnesses and whistle blowers did not suffer reprisals.

3. Will you cooperate in providing the Committee with requested witnesses, including technical experts and career employees, with firsthand knowledge of matters of interest to the Committee? Certainly.

4. Are you willing to appear and testify before any duly constituted committee of the Congress on such occasions as you may be reasonably requested to do so?

I have always been willing to appear and testify on such occasions, and will remain so.

The CHAIRMAN. I thank you very much, Mr. Snelling.

I presume that the lovely lady, back of you, is your wife?

Mr. SNELLING. That is—of 56 years—Adriane Snelling.

The CHAIRMAN. Sixty-six years?

Mr. SNELLING. Fifty-six.

The CHAIRMAN. Fifty-six? I'm 1 year ahead of you.

[Laughter.]

Mr. SNELLING. Well, it gets better every year.

The CHAIRMAN. Mr. Snelling, if you don't mind, we'll have a short recess. Senator Specter wishes to be here to say a few words—kind words about you, but he's caught up in traffic at this moment.

Mr. SNELLING. I certainly understand, and I think it's very nice of the Senator to come.

The CHAIRMAN. With that thought, we'll have a short recess.

Mr. SNELLING. Thank you, sir.

[Recess.]

The CHAIRMAN. Will the hearing please come to order.
The Committee is most pleased to welcome the gentleman from Pennsylvania, Senator Specter.

**STATEMENT OF HON. ARLEN SPECTER,
U.S. SENATOR FROM PENNSYLVANIA**

Senator SPECTER. Thank you very much, Mr. Chairman. It's always a great pleasure to appear before you, Mr. Chairman—Senator Inouye. I've enormously enjoyed our long association and friendship together in the U.S. Senate. Of course, compared to you, I'm a newcomer. I've only been here 27 years, which doesn't measure up too well to your 38—37, 39—

The CHAIRMAN. Forty-nine.

Senator SPECTER. Forty-nine? Just one digit off, Mr. Chairman. I have the honor today, Mr. Chairman, to introduce to the Committee Mr. Charles Snelling for reappointment to the Board of Directors of the Metropolitan Washington Airports Authority. I've known Mr. Snelling for more than two decades, and can personally attest to his integrity, his ability, and his public service.

Of direct relevance to serving on the Metropolitan Washington Airports Authority is his extensive experience in the field of aviation. He is a licensed pilot. He has served on the board of directors for the Authority since 2003, when he was originally nominated by President Bush and confirmed by the Senate. He was appointed, in 2000, by Pennsylvania's Governor Tom Ridge, to be a member and chair of the Pennsylvania Advisory Committee. He had served as the—on the board of directors of the Lehigh-Northampton Airport Authority, which operates the Lehigh Valley International Airport.

He has a very extensive record in the business community. He is President and Director of the Snelling Company and Western Lehigh Valley Corporation, a trustee of the Northeast Pennsylvania Management Trust, and a director of the Wiley Technologies, former president of the City Council of Allentown, served as trustee on the Lehigh Valley Hospital Health Network, 5 years in that capacity.

And I would ask unanimous consent to insert a formal statement into the record.

The CHAIRMAN. Without objection, so ordered.

[The prepared statement of Senator Specter follows:]

PREPARED STATEMENT OF HON. ARLEN SPECTER, U.S. SENATOR FROM PENNSYLVANIA

Mr. Chairman, I am pleased to introduce to the Committee Mr. Charles D. Snelling as a nominee for reappointment to the Board of Directors of the Metropolitan Washington Airports Authority. Mr. Snelling has exemplary aviation, business and leadership qualifications that I believe make him a nominee worthy of confirmation.

Mr. Snelling is a licensed pilot with extensive experience in the field of aviation. He has served aptly on the Board of Directors for the Metropolitan Washington Airports Authority since 2003, when he was originally nominated by President Bush and confirmed by the U.S. Senate. Additionally, Mr. Snelling was appointed in 2000 by Pennsylvania Governor Tom Ridge to be a member and Chair of the Pennsylvania Aviation Advisory Committee, on which he served until 2003. Prior to this service, Mr. Snelling served on the Board of Governors of the Lehigh-Northampton Airport Authority, which operates the Lehigh Valley International Airport.

Mr. Snelling's business experience includes founding Cryo-Therm, Inc., an applied thermodynamics company that pioneered a number of energy conversion systems and processes that were utilized by both military and industry and resulted in Mr.

Snelling holding over 20 issued patents. Mr. Snelling has also achieved remarkable success in the field of private venture capital, real estate development and agriculture. He is founder and director of a family of venture funds that is widely regarded as leading start-up venture investors.

In addition to his aviation and business achievements, Mr. Snelling is also a leading political and civic figure. In 1976, he was appointed by President Ford to the President's Commission on Personnel Interchange and in 1990 he was appointed to serve on the U.S. Small Business Administration's National Advisory Committee. He has also served as President of the City Council of Allentown (PA), Chairman of the Republican Finance Committee of Pennsylvania and delegate to the Republican National Convention. Presently, he serves on the Pennsylvania Republican State Committee. Mr. Snelling's civic experience includes service as a Life Trustee of Cedar Crest College in Allentown, PA; a trustee of the Foundation for the Advancement of Monetary Education; and past president of the Pennsylvania Society, to name a few.

Mr. Chairman, the Nation's air transportation system is a vital asset that must be properly managed to ensure its safety and efficiency. Our nation's airports, including those managed by the Metropolitan Washington Airports Authority, will face enormous challenges meeting projected increases in congestion and passenger demand in the near future. Mr. Snelling has the experience and leadership qualities to help meet these challenges, and I support his nomination and prompt confirmation by the U.S. Senate.

Senator SPECTER. He appeared before this Committee last year, and was reported out to the floor. And it is always hard to see what happens there, but there was a hold, and we don't know exactly why. This is something that I have communicated to the Chairman about before. And it's my hope that we'll be able to move his nomination through the Committee, and move it through the floor, so that he can take his position on this Authority, where I think he can perform very, very valuable public service.

I thank the Chair for scheduling this hearing. I would have been here earlier, but we are struggling to get a quorum in the Judiciary Committee, where, as the Chairman knows, I am ranking member. We had judges to report out, so that that occupied me at 10 o'clock. But I came over as soon as we had finished the judicial business.

Thank you, Mr. Chairman.

The CHAIRMAN. The Committee is always pleased to have the gentleman from Pennsylvania here. Your words are always valued, and your recommendation will be carried out.

If you'll just wait a few seconds, the record will show that no one has voiced an objection to the nomination of Mr. Snelling. And so, without objection, the nomination is approved, and it will be reported to the Senate forthwith.

Thank you very much. The hearing is adjourned.

[Whereupon, at 10:31 a.m., the hearing was adjourned.]
